TOLERANCE

I think no thrush has ever changed its song
Because a sinner passed beneath its bough.
It sang for saints but yesterday, and now
It sings for one whose heart is stained with wrong.
Dear Lord, I ask: "Do nature's gifts belong
Alone to those who chant some pious vow,
Or do You, in Your providence endow
All men with love, the weak ones and the strong"

Can he be wholly evil's partisan
Who, on his way to some base rendezvous,
Pauses to hear the lark, or give a hand
To help a little child? Is such a man
Really corrupt and bad? Or is it true
That God will see and, seeing, understand?

Just wondering — How anyone who truly believes in God and in His teachings, can be intolerant or unkind. Surely a minister of the gospel should be kind and should "judge not." That is why many of us were shocked at a funeral recently when the officiating minister told the bereaved family and friends that the deceased had not been a "good" man; the only reason he gave for the statement was tha' the man had not attended church. . took several of us "sinners" a long time to convince the seven-year-old daughter of the deceased that her daddy HAD been good and had gone to Heaven. It is not for me to criticize the minister—any more than it is for him to say the man had not been a good man—but I do criticize him, just the same, I have never claimed to be very good and am certainly no student of theology, but everyone is entitled to his own opinion; mine is that true religion is not "puffed-up" or holier-than-thou. One had only to look at the faces of the family and the friends and the neighbors of this man who had died, to know that he had been loved and respected. Neighbors spoke of his unfailing kindness. Many charities were richer for his many anonymous donations. Several years ago, I wrote about a little sick boy whose parents were in need of a great many things. After the story appeared in this column, the "sinner" was the very first one to ask for the boy's address. Later, I learned that he had sent food and money to the little boy's family. I hope that minister is sleeping well these nights, after breaking the heart of a little girl.

Also just wondering—if Dr. John N. Wolfe still likes cats. Now there's a cat-fancier from 'way back, and a nice guy, too . . . How many people drive out into the country at dusk, to watch the "lightning bugs" (fire flies, to you city folks) and listen to the whippoorwills . . . Wi at ever happened to Mrs. Rattie Mann who was a correspondent from Korea, Ky., to a Louisville paper. Her columns were to be published in book form by a large eastern publisher, the last I heard. That is one book I must have . . . How many shopping days 'til Christmas.

From somewhere: The world started to smash about the time it abandoned the hand-cranked ice-cream-freezer, the finest device ever invented for teaching youth that hard work has its reward . . . Nothing damages a car more than attempting to trade it in . . . Mealtime is when youngsters sit down to continue eating . . . The lady who wanted to show off her son's scientific knowledge to members of her bridge club, called the youngster in and asked: "Bobby, what does it mean when steam comes out of the spout of the kettle?" "It means," said Bobby, "that you are going to open one of Daddy's letters" . . . It's amazing the heights a man can attain by remaining on the level.

GOD GIVE US MEN!

By Dr. T. S. Simms, 287 Welch-av

God give us men, twice born men. Not necessarily great men, but true, honest men, men whom God can trust.

God give us men with clean hands, and pure hearts, not full hands, but clean empty hands. Sometimes our hands are too full to receive what God has to give us.

As men, may we do the things worthwhile in life; seek the more abundant life, the larger, or Christ-life.

As men may we lift our horizon higher, in order that we may get a larger vision of Christ. Visions fit us for service.

As men let us search spiritual wealth. It is worth the struggle for it has Eternal value, Eternal life!

God give us men with vision, faith and courage, whose task should be to go win and witness for Christ and by so doing will aim to be soul savers for Christ.

God give us men, determined, brave and strong, who stand for right and dare to do no wrong. Whole-hearted men, unselfish, fearless, bold, whose life for truth outweighs the greed for gold.

Devoted men who think and pray and plan, how best to serve and help their fellowmen.

The Gadabout

By Priscilla LaRue Dicke
GA. 1651

Romantic Bermuda is the setting for an ideal vacation and one of our South Siders is enjoying this dreamspot right now. Ruth Swisher, 582 Siebert-st, is the lucky girl who took advantage of her vacation to the fullest degree by including a cruise to the well-known islands. Before returning home she plans to spend a few days in Maryland also. Ruth's sister, Eileen DiFranco, will soon be in the United States again, for which all her Columbus friends are rejoicing. The DiFranco family starts the homeward journey on July 21, reluctantly leaving their Italian villa with its swimming pool, but oh so happy to be in the USA once more.

Don Ball, 37 E. Jenkinson-av, has a pleasant summer scheduled this year for he has a "double-header" vacation. Right now, he and the rest of his family are motoring along the East coast and on his return home he will go to Camp Indianola for a week. Mr. and Mrs. Forest Ball, with their three offspring left Columbus on July 5 to tour the Atlantic coast and to visit such historic shrines as Mt. Vernon, etc. They will be home within a week.

Two young ladies share July as a birthday month, so we hope Firecracker Day was extra special for Nancy Sides, 1386 S. Fifth-st, and that July 12 will be nicely remembered for Twila McCain, 1371 S. Fourth-st.

The Barton family, 341 E. Innis-av, is enjoying a Florida vacation this year. Wilma took time out to send . . Gadabout a pretty picture card, for which we're very pleased.

Mr. and Mrs. C. Welde and granddaughter, Pamela, 77 E. Markison-av, again had a pleasant time on their repeat trip to Virginia Beach this year. In addition to the time spent at the well-known resort, they spent some time in North Carolina where they witnessed a jet show and festival. The trio was gone for a week.

Andrea Frey, 1627 S. Third-st, has had an out-of-state visitor as her guest recently, Priscilla Nation of Moundsville, W. Va.

Eighteen little Bluebirds from Stewart Avenue School had the time of their young lives June 30 when they boarded a train for Springfield, O., and had a picnic lunch in Snyder park. The trip had been anticipated for months as the girls saved their money for the fare. Leaders of the group are Mrs. Elmer Haynes and Mrs. George Ramey. One of the mothers, Mrs. Dale Baum, helped to supervise the girls on the trip. The adventuresome lassies were Maridale and Patricia Ventola, Sharon Ramey, Vivian and Virginia Morrison, Carol and Sharon Hahn, Diane Sauer, Linda Green, Pamela Haynes, Gloria and Kathleen Tracey, Terri Shadewald, Bonita Brunello, Susie MacDonald and Carol Baum.

Visiting relatives and friends in Kentucky this week are Jack and Jewell Castle, with their two children, Jackie and Bobby. The Castle residence is at 1723 S. Fourth-st.

We have two items concerning music and we'll pass them on to you. One is about a piano that can be had free, the other about the band concert this coming Sunday. For full details about the piano, phone GA. 6589 (or HI 4-6589, if the call is made this week-end). The band concert at Schiller Park this Sunday is under the direction of Tom Crawshaw and is one concert in which Ye Gadabout will be a participant rather than a spectator.

Mr. and Mrs. Fred Keyes, 274 Jenkins-av, are making last minute preparations for their trip to Denver, Col., scheduled for July 18. The Keyes will be visiting their daughter and son-in-law, Patty and Lt. James Baugh.

The Far West has sent a clarion call to other members of our community, too, so at this time four South Siders have their "iron charlot" headed toward the Pacific Ocean. The vacationers are Helen and Joe Hodges, their niece, Patty Trigg, and Marie Wright. The foursome plans to visit friends en route to California and will be gone for several weeks. They left Columbus on June 30.

Master Billy Warner is anxiously awaiting the 12th of the month to roll around, for then he gets to cut his birthday cake with the added candle on it.

Our sympathy goes at this time to the Felice family, 212 E. Jenkins-av, at the unexpected loss of Mr. Felice's mother. Another death that saddened us was that of Roy Roese, who was so well-known in radio and television. He was "Horace Witherspoon" in Pleasant Valley, "Uncle Ben" of "Uncle Ben and the Hired Hands" and "Uncle Ray" on G. E. Jamboree. We'll miss him!

A new little girl is part of the Thompson household since June 23. The missy will answer to the name of Vicki Lynn. Mommy and daddy are Geneva and Clint Thompson, South High students of a few years back.

Lt. and Mrs. George Miller of Parsons-av, celebrated a 15th wedding anniversary on the fourth of July, for which we extend belated congratulations. Rita Miller and two school friends are among the girls enjoying camp life at St. Rita's these days. The other two young ladies are Edna Buchmann and Rosemary Ebelberger.

Helen and Clem Fisher, 1711 S. Third-st, spent the Independence Day holiday in Ft. Wayne, Ind.

Devotees of the square dance are cordially invited to attend the weekly dances held at Smith's Dance Pavilion every Saturday. The Buckeye Five furnish the music and one of the instrumentalists is South Sider Denny Speakmon. Price of admission is 75c and dancing lasts from 8 to 12. Round dancing is also part of the evening's offering.

One of the yummiest vacations we've heard of this year is the one that two Southwood-av residents are enjoying. Edna Morrison and Leona Rhost planned to fly to the Hawaiian Islands for two weeks. On their return we hope they give us some highlights of the trip to pass on.

We're so happy to have Dale and Glenna Edwards and daughter, Beth, back in our part of the community again. We missed 'em! Right now, however, they're vacationing in Michigan. We hope the weather is cooperating to give them an enjoyable time.

Mae and Virgie Dean celebrated an anniversary on June 29, and Virgie celebrated a birthday as well.

The Di Gioia family of 3216 Parsons-av, is among the vacationers enjoying the sports and diversions offered at Lake Erie this time of the year. Fishing is the major attraction, for the Cobourn family, of 769 E. Mithoff-st, and the finny sport has lured them to Vermont. The members of the vacationing Cobourn family are Mr. and Mrs. Cobourn and their fun-loughing son, Walter. Upon his return to camp, Walter will ship out to the Philippines.

Visitors to Columbus over the Fourth were Mr. and Mrs. George Cunningham, former Columbusites and now "Down Easters."

Guess we've checked off most of the items, although we kept a few to start next week's colyum. Till then, a pleasant day and keep up the good work of letting us know your plans. We appreciate it immensely. Till next time.

10 New Fiction, Several Non-Fiction Books Added To Shelves In Past Week

Ten new fiction books were added to the shelves of the local Branch Library last week. Donald Chidsey, whose popular "Panama Passage" of a few years back will doubtless be remembered, has moved his locale to the Hawaiian Islands of the 1820's where lived Ann, the young widow of one of America's first Christian missionaries. The intriguing title of this new romance is "Lord of the Isles." The picturesque Indian city of Calcutta is the setting for the timely novel, "The City and the Wave" by Jon Godden. The racial, political, and economic ills of the country are present in this highly symbolic novel.

Again of other lands and times is the absorbing biographical novel of Louis XI of France, "The Spider King," by Lawrence Schoonover.

The ever-popular family story serves as the theme for the two novels, "The Moment of the Rose" by Lucy Kennedy, and "Many are the Travelers" by William B. Meloney. Four mysteries and one western story for the fans are as follows: "No Love Lost" by Margery Allingham "I'll Kill You Next," by Adam Knight Lariar, "Death Likes It Hot" by Edgar Vidal, and "Tears for the Bride" by Robert Martin.

The lone western by E. E. Halleran as "Winter Ambush."

For those interested in Civil Service examinations the library has recently received several practice test books published by the Pergande Publishing Co. New titles added last week were: "Accounting Clerk, Stenographer-typist, Storekeeper," and "U. S. Clerk."

In the fine arts and useful arts category is a beautiful and instructive new book on landscape painting, "Carson's Guide to Landscape Painting." If you have been longing for ideas on building modern furniture, the Arco Handi-Book, "Build Your Own Modern Furniture" should fill the bill.

Last, but by no means least, is a book by Dr. Barney Kotz, "How to Be a Better Parent." Dr Kotz is clinical and child psychologist at the University of Southern California. "How to Be a Successful Emcee", by LeRoy Stabl, covers meetings and situations of all kinds.

One hundred one children came to the first Hilltop Library Hour last Wednesday morning Miss Patty Gibson entertained the youngsters royally with stories and singing games. They all loved it.

Next Wednesday at the same hour, ten o'clock, the second story hour will be under the guidance of guest story teller, Mrs. Ed Hakola, 136 S. Richardson-av. All children are cordially invited.

SERVICES AT LANCASTER

MR. ADVERTISER:

This is what we said twenty years ago

BUILDING BUSINESS

Newspaper advertising is news — and it is also profitable. Newspaper advertising sets the successful merchants in any community apart from those who are following antiquated and more costly methods of attracting customers. Moreover, newspaper advertising is the least expensive method of building business for the average merchant. America's largest advertisers are more exacting of the return of their advertising dollars than the smallest merchant, who can ill afford to be wasteful. One does not see the postcard, dodger or handbill stuffed in thir mail boxes or under their doors every week from outstanding national advertisers. Yet, there is hardly a week passes that their familiar names do not greet you and sell you through the columns of the newspapers. If advertising will build up the biggest business concerns in the world, why wouldn't it help the smaller concerns to prosper in proportion. There's something for every merchant to ponder over.

AND IT IS STILL NEWS TODAY

McFADYEN'S ACRES

Ranch sites, conventional sites, 100 ft. frontage and over. Some wooded. $75 down, $15 mo. Before buying any lot always ask these questions—

1. Have you provided a park for my children to play in so they may be safe from the streets?
2. Are the parks and roads dedicated for the public use? You may save a little now but OH! those assessments that come later.
3. Are there any foul smelling factories within 2 miles of the location?

If you get a yes answer to all the above questions then ask to see the plat. If it is signed by the planning commission, county engineer and county commissioners then it is true. If the plat is not signed then go to 4418 Alum Creek Dr. and see the sign there. It is always wise to call O. W. Dunn if you want to buy or sell. DI. 2498 or FA. 9063.

Heating Home At Baseboard Not New Idea

Although the first patents for baseboard heating systems were issued as early as 1900, it is only in the last 10 years that this type of heating has met with wide popular acceptance, says the Plumbing and Heating Industries Bureau.

Today nearly 50 manufacturers are making various types of baseboards which are being installed in a wide variety of structures ranging from home and apartments to motels, commercial buildings, schools, churches, and many other buildings.

Baseboards are being used extensively, the bureau points out, in the modernization of buildings. Old-style radiation is being replaced by the attractive inconspicuous heat distributors.

The earliest application of the baseboard heating principle was in railroad cars, the bureau explains. Finned-tubes were used for heating railroad coaches in 1926.

In 1941 and 1942, studies at the University of Illinois indicated the high degree of comfort provided by heat distributors installed just above the floor level. Cast iron and finned-tube baseboards were offered almost simultaneously in 1945 and 1946 for domestic heating.

The three types of baseboard currently offered are made of cast iron, finned-tube, and pressed steel. The majority of the 50 manufacturers now making baseboards are selling some variation of the finned-tube style.

Five manufacturers are making two types of cast iron baseboard—the radiant type and the convection type. The latter is equipped with fins to increase the heat output. The former has a high output of radiant heat, somewhere around 85 per cent. Finned tube baseboard is made of steel pipe with steel fins, copper tube with aluminum fins, and copper tubing with copper fins. The finned-tubes are concealed behind an attractive sheet metal enclosure. While the heat from the finned-tubes is largely convection heat, some radiant heat is provided by the metal enclosure. Some finned-tube baseboards are equipped with dampers to control the heat output.

The various types of finned tube baseboards available today differ in the heat output. By varying the size of the tube, the size of the fin, the fin spacing, and the height of the enclosure, manufacturers can obtain a variation in heat output.

In order to assure the public of the utmost efficiency from heating baseboards, this product is rated for heat output under standards developed by the Baseboard and Finned Tube Technical Committee of the Institute of Boiler and Radiator Manufacturers. This Committee has also prepared an Installation Guide as a further means of assuring the installation of baseboards in the most economical and efficient manner.

SOUTH SIDE Y SOFTBALL NEWS

Corpus Christi Girls Blast 25-7 Win Over Washington-av EUB

In the South Side YMCA Girl's Softball League last Monday, Corpus Christi prepared for it's meeting with League Leader Southwood C. of C. next Monday by blasting out a 25-7 victory over Washington Avenue EUB.

Leading the attack for Corpus Christi was C. Greisenbrock, who belted a home run and three singles. Tight hurling by Caroll Spiers also helped the winner's cause. Miss Rife and Miss Joiner sparked the Washington Avenue EUB attack.

Scoring nine runs in a big third inning, St Paul E&R went on to defeat Oakwood Methodist 18-11. Sparking the attack for St. Paul were Norma Jury, Marilyn Metzger, Carolyn Tope, and Marlene Swisher, who belted a home run. Leading the Oakwood attack were Janet Loomis, Jean Robins and Doris Grate.

Southwood C. of C. continued unbeaten by defeating St. Leo in a very well played game, 7-4. Home runs played an important part in the scoring as Jo Ann and Betsy Bonnette homered for Southwood and Joyce Miller belted one for St. Leo.

In a game played on Thursday, Southwood continued its home-run slugging by downing Oakwood Methodist 30-1. Two home runs were hit by Jo Ann Bonnette, Betsy Monnette, and Margie Frey. J Robbins, D. Long, and Doris Grate sparked Oakwood Methodist.

In the Junior League Wednesday, St. Leo downed Ohio Avenue EUB 21-0. Eberts was the big gun for St. Leo, giving up two hits and helping his own cause by cracking out hits himself. Brown and Moore were the only Ohioans able to hit safely against Eberts.

Oakwood Methodist upset Central Community 16-7. Sparking Oakwood's attack were Baker, Fritz and Johnny Justus. Dave Stephens, Billy Wolfe, and Poppy were the big guns for Central Community.

In a nip and tuck battle Emmanuel Lutheran outscored St. Paul E&R 15-14. Fighting to remain in contention for first-round honors, both teams seemed a little jittery with the result that both teams played rather loosely.

Emmanuel Lutheran won the game in the last inning when Wetherington walked, Gramlich doubled, and Bob Bateman singled home the tying and winning runs. Jim and Keaney Marshall sparked St. Paul's attack.

Washington Avenue EUB defeated South Methodist 13-8. Jerry Cook, Kaser and Jacobs were the sparkplugs in Washington's victory. Riffle, with three blows, led the South Methodist attack.

St. John's E&R squeezed out a 10-9 victory over Southwood C. of C. Don Fischer and Brixner led St. John's attack with two hits each. Hoptry sparked Southwood, smacking out three hits.

In the Intermediate League games Thursday, Gates-Fourth Methodist defeated Thurman Methodist 16-12. Four walks by Jack McNash, three doubles by Jerry Fee, and three singles by Dave Hussey were the important blows for Gates Fourth. Marty Pehrson and Durchi were the sparkplugs for Thurman Methodist.

Behind the three hit pitching of Friebis, South Methodist handed St. John's E&R its first loss of the season, 12-2. Leading the attack for South Methodist with three hits each were Dick Hickman, Kessler, and Jack McKittrick. One of Kessler's belts was a home run. Collecting the only hits for St. John's were Atherton, Port, and Custer.

Importance Of Orientation Of House To Land Is Stressed

Although orientation of a house upon a plot of ground is frequently overlooked in home building, it is of utmost importance according to leading architects and builders. They advise planning the site and the building to fit together in closest possible harmony.

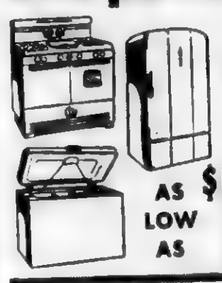
Orientation is explained as making the most of the view, of the sun throughout the day, and of the prevailing breeze. Privacy can also be obtained by properly locating a house.

Home building experience shows it is best to have the living room face south, southeast or east. Many families also find it desirable to have the living room face away from the street with its noise and dirt.

In this respect, odd-shoped lots can often be used to good advantage. A garden or terrace is placed at the side or rear of the house and the living room situated with a view in that direction.

A variation of this style is a U-shaped house with the living room opening on a terrace between the wings. This frequently is desirable on narrow lots in crowded suburban areas.

The kitchen should not face west, because in that direction it gathers heat from the hot afternoon sun. Some architects prefer to place the kitchen on the north side of the house where normal kitchen heat will help absorb cold winter winds.



Bedrooms, used largely at night, ordinarily can face any direction. However, one common objection to a bedroom which has an eastward window is that morning sun enters the room at an unwelcome hour of the day.

Architectural styles in general must also be considered in planning harmony between house and ground. For example, a house designed for a level lot might not take advantage of certain charming features which can be devised for a hillside lot. Or an architectural treatment ideal for a corner lot can lose its appeal when placed between two other houses.

Marion-Twp. Sidelights

By Joel Snyder
GA. 6886

The Citizens Association meeting last Thursday, may well turn out to be red letter event for Marion Township. It was at that meeting that the members voted their support of a resolution requesting the county commissioners to make a preliminary survey of the possibilities of the establishment of separate water and sewage systems to service the southern portion of Marion Township and northern Hamilton Township areas.

The following day, in the offices of the county commissioners, the resolution was received without reservations. The resolution had been presented in the prope. form and the proponents had utilized the proper procedure. It appears that the move was a welcome one, and one that could very possibly be duplicated throughout Franklin County, if successful, this new proposal will unleash new opportunities for new residences and new industry in Marion and Hamilton Townships. It will mean that the townships will once and for all escape the bonds created by their dependence upon the city of Columbus for sewage and water services.

In addition to the promotion of a well-balanced growth of these townships, the establishment of a separate water and sewage system would render a profound service to the individual consumers. Fire hydrants would reduce insurance rates and increase property value. Approved sewage would eliminate the unsanitary measures which have reduced real estate values and in some cases become a public nuisance.

The president of the Citizens' Association, John Nippert, explained to the members that the vote of support to this proposal will not contradict former support given the Columbus Metropolitan Area Study Council, since the proposed water and sewage systems can easily be adapted to existing plans for future systems proposed by the Regional Planning Commission. Nippert has insisted that the Association remain consistent in advocating any progressive action or support.

The profound effect a feasible water and sewage system will produce cannot be discarded lightly. The proposed services will raise the existing and future living standards to new heights. So many beneficial factors are involved, no attempt will be made at this time to explore them.

In a future column we will try to point up some of the more remote advantages produced by the installation of water and sewage systems in the areas not now serviced by the city of Columbus. The eyes of Franklin County are upon us, have no doubt about that.

Southwood Church of Christ won first round honors last week, outscoring St. Paul Evangelical and Reformed, 28-11. Betsy Bonnett continued her terrific slugging for Southwood by belting a homer and four singles. M. Swisher of St. Paul Evangelical and Reformed had a big night, hitting a homer and three singles.

Emmanuel Lutheran played two games last week, downing St. Paul E&R Wednesday in a second round game 14-5. Geraid Hill was the big gun for Emmanuel, tossing a one-hitter while belting a single, two doubles, and a triple. Kleinline got the only hit for St. Paul. In the first round game played Thursday, Emmanuel Lutheran downed Washington Avenue EUB 32-8. Bobby Bateman sparked Emmanuel by hitting a double, triple and home run, Jacobs smacked out three hits for Emmanuel Lutheran.

In a practice game Southwood C. of C outscored Central Community 12-7. Dicke hit for the circuit for Southwood and Stephens for Central Community.

In the Intermediate League Thursday, South Methodist nosed out Gates-Fourth 3-2 in a real pitchers' battle between Friebis of South Methodist, who tossed a five hitter, and Don Gwynn, who gave up only six hits. Carl Wishon and Proctor each banged out hits for South Methodist. Wishon's second hit, a double, drove in the tieing and winning runs. Tommy Trumbull, Dave Hussey and Bob Telfer sparked on the defense for Gates-Fourth.

Wolfe was the big gun for St. John's E&R as he struck out 13 St. Leo hitters and gave up only six to lead St. John to a 4-1 victory over St. Leo. A home run and double by Smitty were the important blows for St. John E&R. Jerry Golden, with two hits, sparked St. Leo.

Changes Affect The South Side

The South Side is among those localities which figure in the drastic revision of the master plan for expressways costing $18,000,000 above the present estimated costs. The revisions were recommended Thursday, July 8, by Alden E. Stilson, consulting engineer.

The purpose of Stilson's plan is to place Broad and High within 20 to 25 minutes travel from any town or community in Franklin County. He maintains that if this can be done, Columbus will reverse its present tendency to lose business.

In the new plan, Route 33, coming in from Lancaster, would move over the Livingston-av extension to meet the Fourth-st and Fulton-st interchange. It then would proceed north in a tunnel under Fourth-st to Naghten-st.

Stilson said he had no definite plan for development of the Livingston-av extension, but said it was obvious that traffic would sometime demand the improvement of Livingston-av by widening or the location of an expressway in its general vicinity to bring Rt. 33 traffic through Columbus.

EARN A BROILER

All teen-agers in the city have a chance to win one of two electric broilers to give as gifts to their parents in the disc jockey poster contest now underway at Sunshine Recreation Center. The contest will be judged on July 24 by Dorothy Jones, supervisor for the city recreation department.

Contestants must draw a caricature of WCOL Disc Jockey Bob Wery, who emcees and spins platters for the Saturday night dances at Sunshine.

South Siders passing the examination were Edgar E. Drake, 987 Seymour-av, Richard A. Kocher, 1280 Linwood-av, and Dean A. Kuhn, 390 E. Whittier-st.

Patricia D. Linn, 2260 Edingtonrd, was among 11 Franklin County women who passed a separate dental hygiene examination, the board announced.

Marion Township Alumni Council Meets At Y Park

The Marion Township Alumni Council of the South Side Branch at the South Side Y-Park, Tuesday evening, July 13. The meeting YMCA held their monthly meeting followed a pot-luck supper. Plans were made for the fall basketball program, a report on the recent broom sale was given, and the council expressed thanks to all those in the township who supported this program by purchasing brooms.

The contest will be judged July 31 at Sunshine Recreation Center. Any teen-ager in the city may enter the contest. Bob will be back on the program at Sunshine this Saturday night from 8-10 p. m. He is back from spending two weeks' vacation in North Carolina. The Teen-Dance Date, held every Saturday evening from 8-10 p. m. at Sunshine Recreation Center, is through the courtesy of Radio Station WCOL and the city recreation department. The time on the air is sponsored by Pepsi Cola and Don Dee Potato Chip Co.

Newspaper You Hold In Your Hands Might Be Worth $44 To Your Family

How much do you think this copy of the South Side Leader is worth? Although you might put a price of five or 10 cents on it, it might surprise you to know that it may be worth up to $44!

It's a rare newspaper that can claim such value, but it's entirely true. Up to now, the Leader has only had one winner in the "Confederate" currency contest. This means that the jackpot for this week has swelled to a phenomonal sum of $44!

In addition to the $5 jackpot insignia there are five $1 insignia to be found by some lucky readers. These insignia may be exchanged at the Leader office for "Confederate" currency which in turn may be redeemed in merchandise at any of the business establishments advertising in this issue. Check the box on this page for all additional details and then start seaching the advertisements in this paper for the insignia. You may be the lucky winner of a $44 jackpot!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $44 in "Confederate" currency which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

Kids Prepare To Enter City's Lantern Parade

Schiller Recreation Center kids are preparing for participation in the annual Lantern Parade to be held on a city-wide basis at Central High School on July 22 at 7:30 p.m.

Girls and boys are constructing lanterns with a storybook theme in the daily arts and crafts classes. Lanterns of various sizes and shapes are being made and plans include a small float to be made cooperatively by the boys and girls.

This event combines a handicraft project and an exhibition which will be both fascinating and beautiful. Parents of the children as well as friends are invited to see the lantern parade at Central High School. Any boys and girls who are interested in making a lantern for the parade are invited to join the arts and crafts classes every afternoon at 2 o'clock at Schiller.

Outdoors Square Dance At Schiller Set Tomorrow Nite

In the cool, cool, cool of the evening on Friday there is going to be square dancing out of doors at Schiller Park. The dance will be held on the bandstand near the pond from 7:30 until 10 p. m. Russell Boring will call the dances and will provide instructions for beginners.

Some familiar dances as well as a few new ones are on the program for the evening. The dance is sponsored by the Columbus recreation department and there will be no admission charge.

Butler Named New Superintendent Of Streets-Cleaning

South Sider Heinie G. Butler, 63, of 1196 Geers-av, was named assistant street cleaning superintendent last week by Mayor Sensenbrenner.

A veteran of Democratic political circles, Butler was an unsuccessful candidate for sheriff in 1948 and for sheriffff in 1948 and for county commissioner in 1952. In his new post, Butler will succeed Fay H. Spargur, recently promoted to head the city's street cleaning, garbage and refuse division.

Columbus Federation Of Musicians To Present Two Summer Park Concerts On Sunday, July 18

A high point in the summer band concert series will be reached Sunday, July 18, when the Columbus Federation of Musicians will present two concerts.

At Whetstone Park, which adjoins the Park of Roses, the Columbus Municipal Band will play a concert starting at 5 p. m. The band will be under the baton of Joseph F. Masdea. For soloist, Masdea will have Teresa Montavon who has performed for the band on many occasions. This band, composed entirely of members of the Columbus Federation of Musicians, was recently designated as the Columbus Municipal Band and it is expected, that eventually the City of Columbus will assume full sponsorship.

At 8 p. m. in Schiller Park, a fully-instrumented dance band will play a concert following the precedent established last season and in response to numerous requests from listeners. It is to be expected that the program will embrace all the latest releases of popular numbers from scores arranged by its leader, Ray Roop. Roop has had great success in the dance field, having led the band at the Seneca Hotel for several seasons past.

These concerts are the result of funds provided by the City of Columbus through its Recreation Department augmented by those furnished by the Columbus Federation of Musicians through a grant from the Music Performance Trust Fund of the Recording and Film Industries.

The program at the Park of Roses will include: march, "Hail America," by Richards; selections from the "Free Lance," by Sousa; grand selection from "La Traviata" by Verdi; novelty, "Two Guitars" by Horlick; vocal, "Only a Rose" by Friml and "Serenate Rimpiano" by Toselli, sung by Teresa Montavon; march, "Salute to Masdea," by Stansell; and overture, "La Forza del Destino," by Verdi.

Following intermission, symphonic march, "Honor to Art," by Sbraccia; selection "Martha," by von Flotow; American sketch "Down South," by Myddleton vocal, "Moonlight and Roses," by Lemare, sung by Teresa Montavon, march, "Municipal Band," by Masdea; overture, "Light Cavalry," by Suppe; march, "Stars and Stripes Forever," by Sousa; and "The Star Spangled Banner."

Bill Hart, advertising manager of the Big Bear Stores, made the check presentation. Mrs. Charles Ream, 760 Chesterfield-rd, member of Wing 48 of Nightingale Cottage, participated in the award ceremony. Wings 48 and 65 sponsor the tourney, which will continue through Sunday and is for the benefit of Cottage children.

DOES IT THE QUICK WAY

Mrs. Albert Grooms, 132 Brehl-av, had advertised a solid week in a downtown paper with no results before she placed the following ad in this newspaper last week.

WALNUT VENEER Waterfall dining rm. suite, good cond. RA. 2279.

This week Mrs. Grooms called to let us know how happy she was with the results she got from the ad she gave us. She had numerous answers and sold the dining room suite on the second call!

You'll find that it's only good business to use a classified ad in this newspaper when you want to buy or sell. To place one of these wonder-working ads, which will be read by 32,000 families, simply call HI. 4-9262 or RA. 1125.

Marion Township Will Get Ballot On Annexation Issue

City Council Ordinance Calls For November Vote

A Columbus city council ordinance was filed with the board of elections Tuesday calling for a decision on the annexation issue by voters in the unincorporated areas of Marion, Clinton, and Sharon Townships on the November ballot. City council approved the enabling legislation on Monday night.

Several city councilmen predicted that similar measures affecting unincoporated portions of Franklin, Mifflin and Truro Townships would be passed before the council vacation, which starts Aug. 1.

Referred to as "city petitions," the enabling legislation was prepared by City Attorney Chalmers P. Wylie. At the instruction of city council, he is also preparing city petitions for the latter three townships.

An incorporation move in Marion Township was thrown out by the prosecutor's office last week, thereby paving the way for the latest city action in the epic struggle between the pro-incorporation and pro-annexation forces. The incorporation petition was ruled faulty on several counts.

Right now, before you forget it, write down the new telephone number of the South Side Leader. It's a number you'll be referring to frequently the year-round, for advertising, want-ads, and news stories. **The new number is HI. 4-9262.**

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

This week the merchants of the South Side have cooperated in bringing you many more vacation specials and ideas that will help make your leisure time more enjoyable. Elsewhere in this issue you will find a complete page of useful hints for you and yours, to aid you in having a good summer.

Miller Jones shoe store on Parsons-av is having a huge shoe sale that should please anyone who is interested in buying good shoes at economy prices.

B. F. Goodrich is offering free gifts with the purchase of any major appliance. This is one offer that we should all pay attention to, because not only does B. F. Goodrich handle quality merchandise but the gifts that are offered are of first quality and serviceable—items for any home.

Barbara Lee Restaurant now carries a complete line of picnic supplies, salads and delicatessen treats to delight the heart of any picnic goer.

Laff's Bakery proudly announces a special cake that is advertised on the vacation page this week. The cake would take care of any dessert problem that might arise on a big family picnic. This cake can be decorated to meet any occasion. Stop in and see how Laff's Bakery can solve your "end of the meal problems".

Once again the telephone ad is carried. This page can be cut out of the paper and saved for future use. What with the phone numbers changing, the old numbers that you knew so well will have to be memorized again. This saves the bothersome problem of looking up your favorite numbers. All you have to do is tack this ad up where it will be handy.

Come on now, what is wrong with your eyes? If you can read this, you surely can find the Confederate Jackpot! It is not hidden in any way and it will be placed in an ad in such a way that it will be possible for you not only to see it, but to see it at a glance. Watch those ads! It could mean savings in your pocket as shown by the advertising merchants in the Leader and could mean quite a fistful of loot in confederate money, which is just as good now in the stores advertising in the Leader as it was back in the days of the "blue and the gray."

In addition, not only will the jackpot be available but there are five one dollar awards scattered throughout the papers.

Now that the bell has rung, just remember one thing: drive safe and live safe and you won't be out.

"BRAVE" BOYS—Pictured above are members of the Southeast Lions Club-sponsored Little League team, the Indians, who play at Lincoln Park. The Lions Club furnishes them with morale-boosting rooting in addition to shirts and caps. Left to right in the front row are Bill Turner, Keith Burton, Ray Ross, Mike Allison, and Dick Stickel, in the back row are Albert Ferrell, Mike Mentier, Jim Reaves, Melvin Standifer, and Bill Steward. The Little League movement has gained national fame.

OLDTIMERS — The Green Lantern softball team plays in the Southview Old Timer's League each Tuesday evening. Front row, left to right are R. L. Hartlep, Ray Riedel and Bob Reedy; second row, Bernard Stull, Jim Ralph, Russ Barey, Ben Gretsky, Vic Pyle, and Bob Heise; and third row, Paul Phillips, Manager Bill Saul, Loren Reall, Ansel Reel, Nick Lane, Jos. The Gadabout

By Priscilla LaRue Dicke
GA. 1651

A grand little old lady rates the premiere spot in today's writings, because she herself is so faithful in remembering everyone else's natal days. "Aunt Lizzie" Ripley, 1287 S. High-st, was 89 years young yesterday and our "mostest and bestest" wishes for her.

The newest member of the Buchan family just missed sharing his mother's birthday by two days. The seven pound 7 ounce boy put in his appearance at Grant Hospital on July 8 and his mommy had celebrated her birthday just two days previously. The proud grandparents are Mr. and Mrs. I. Fraggiotti of Moler-rd.

Willa and Lu Davis should be in their new home state of California by now as they left Columbus on July 3. They planned to do some sight-seeing on the way, so their westward journey was to be a leisurely one. For their many friends we will give their address and suggest that it would be nice to send a card. Mail will reach them at 6647 N. Golden West-av, Arcadia, Cal.

Two families of the community are spending vacations in northerly directions. Johnny and Mary Leist, with kiddies, Jon and Pamela, are enjoying Lake Erie at Toledo, while Clarence and Betty Zielke, with Butch and Linda are soaking up sunshine wates at Indian Lake.

Lots of birthdays this time of year, with three of them occurring in one family. To the Hamptons, Donna, Jerri and Patti an extra special greeting, and may we greet you annually for years to come.

Essie Buller is another birthdayite, as is Edna Albrecht.

Pretty post card folders were a colorful part of Ye Gadabout's mail this past week, and so we will send distant thanks to Patty Trigg, who found the bridges in San Francisco very interesting; Edna Momson and Leona Rhost who air-mailed a color letter from Hawaii, and Lona Riskin, who "postcarded" from the Continental Divide that she was enjoying the western part of the country.

This past Monday was an important day for Billy Warner for he became a year older on that day.

Mike Butterworth was a surprised gentleman on June 26 when the Butterworth family and the Day family gave him a surprise birthday picnic at the Day cottage on the Big Walnut. Mike, a resident of 1142½ S. High-st, expected to go riding to the Ohio River, a trip which didn't materialize, needless to say.

These humid July days aren't ones of joy for Janice Weaver, 1718 S. Third-st. A hot, itchy cast is a constant reminder that a broken arm isn't much fun.

Ann and Bob Eberts, 268 Southwood-av, are enjoying the visit with their new granddaughter in Ames, Iowa. Mr. and Mrs. Eberts, with their daughter, Loretta, drove to the Corn State, and Loretta plans to stay an extra week, flying home by TWA. The new little one, Patty, is the daughter of Bob and Louise Eberts.

An emergency appendectomy was an unscheduled summertime happening for Danny Driscoll this year. The young lad was due home yesterday from Children's Hospital. For those who's like to send a card, the address is 506 E. Morrill-av.

We really got a big chuckle out of this incident. See if you do. One of our hot days found a grandma and grandpops taking a grandchild out to dine. The meal was duly ordered. Grandma gasped and said, "Dad, I'll have to go home right away." When they left the restaurant she told him she'd forgotten to put her teeth in! Oh yes, they finally ate out, but dad always asks if she has all her choppers when they leave home now.

Mr. and Mrs. Eugene Parsons of Ohio-av receive belated anniversary greetings, as of July 3.

If Marilyn Louise McDonald, recently passed from sixth to seventh grade, has worried about her missing promotion certificate, we'd like to assure her it's safe. The tomboy found it on the street and brought it home. Marilyn can have it by calling for it. Call us first and it will be waiting for you, Miss McDonald.

South Methodist Church, Morrill and Sixth, is trying something new this year. They are holding Daily Vacation Bible School in mid-summer. It will start next Monday, July 19, from 9 a. m. until noon and continue to July 30. Children from four to 15 are cordially invited to attend. Mabel Trigg will be superintendent.

Their recent camping trip is still fresh in the minds of four young girls and they're still beaming with memories of the good times they had. The four, who were gone from July 4 to 10, are Sandra Rife, Ann Pritt, Dorothy Mae Bluhm and Audrey Heiser. They were representatives from Washington-av EUB and attended Camp Otterbein.

Mrs. G. C. Martin of Portsmouth was a visitor in the home of Mr. and Mrs. Lee Timmons, 1218½ S. High-st, recently.

The first of the week brought a birthday to young Master Danny Dale Trainer, 479 E. Jenkins-av. He is the son of Mr. and Mrs. Norman Trainer.

Three generations of Kneppers journeyed to Florida last week-end so should be at their destination by now, Mr. and Mrs. Gordon Knepper and daughter, Paula, together with Mr. and Mrs. Ernest Knepper, were heading for Daytona Beach, where the elder Kneppers have a home.

The home of Mrs. Oscar Lorbach was the scene of a reunion recently when Mrs. Lorbach's brothers journeyed from distant places to get together. James S. Manley, 80 years old, came from Ponora, Ia., while John Manley, 79, had a shorter trip from Beachley, W. Va. The two men visited the 1770 S. 18th address for two weeks.

Nine young members of South Methodist Church combined work and pleasure last week with fine results. The youngsters met in the morning and started the task of painting chairs in the kindergarten and primary classes, returning after lunch to complete the task. The rest of the afternoon they spent in games and play. The youngsters were George and Mary Heery, Jean Straub, Barbara Adkinson, Lois Riffle, Peggy Moore, Kenneth Summers, Roger Johnson and Roger Reynolds.

Belated birthday salutations to a father and daughter combination, who share the same birthdate. The two are Pamela Sue and Aldo Passante of 334 E. Welch-av. 'Twill be appropriate to also wish belated greetings to Ray Schneider III, of Hermosa Beach, Calif., from this folks here in Columbus. The year-old son had a birthday July 10, and his grandparents of 1402 Parsons-av, only wish they could have been there with them.

We know that lots of folks will be interested in knowing that Mr. and Mrs. Stanley Dodds are home for a while, after touring the South-west for three years. With them is their daughter, Mary Hauvermole and her three children, Thomas, Susan and Mary Ann, of Tucson, Ariz. Mary is anxious to hear from all her old friends and the number to call is HI. 4-0936. Her mom and dad really had a fine time visiting the West Coast and Old Mexico and exploring the Southwest. The family home is at 202 E. Jenkins-av. Bob Dodds spends his vacation in less spectacular fashion, for he is due to have an operation in Grant Hospital right about now.

One phone call brought oodles of news, so we'll just see how concisely we can pass it on to you. Two June birthdavites were Paul Quincel and Beverly Higgins. Beverly, a recent South High grad, rated a trip to Florida as a graduation gift, with Barbara Biddle. While there, the girls visited with friends and relatives.

Marion and Helen Ely, formerly of Columbus, now Californians, visited Columbus for one day only, just recently. Helen's father is critically ill in Detroit, Mich., and the Elys didn't want to leave him for very long. Marion will return home while Helen plans to stay with her father awhile.

Tommy Wilson can boast of being a year older as of July 1. Tommy's grandfather is ill at the present and visiting the Columbus Wilsons to be able to see his hospitalized brother, is Joe O'Callaghan of Lodi, O. Bobby Wilson is in Mt. Vernon, as a guest of Rose Carter.

June 28 will be an anniversary in years to come for Helen Marie Keaton and Leslie Walters. Helen's home is at 1609 S. Eighth-st while Leslie is stationed at Lockbourne Air Base. The young couple spent their honeymoon in Florida. Also along on the trip were Mr. and Mrs. Neal Short and daughter, Susie.

Pazing all descendants of Louis and Elizabeth Horror! There will be a reunion at Maple Shades on Aug. 1, starting at noon. Bring a basket lunch and service and join the fun. For fuller details phone Mary Eichel, HI 4-0489.

Crippled Kids To Enjoy Summer Camp Through Aid Of Easter Seal Sales

More than 1,000 crippled children will know the joy and excitement of camping this summer, according to Walter B. Underwood, executive director of the Ohio Society for Crippled Children. Underwood stated that at least eight camps will be open for 10-day to four-week periods to children whose limiting conditions prevent their going to camps for physically normal youngsters.

Nearly 200 boys and girls are expected to be enrolled during the four-week session of two periods, Aug. 1-29, conducted by the Ohio Society itself at Camp Pittenger in Seneca County. Affiliated units of the Society and other interested local organizations will sponsor children, financing maintenance at camp for the most part when parents are unable to afford it through Easter Seal funds. The children will enjoy a program of activities as nearly as possible like that at regular camps, including water sports, games, crafts, hikes, and the traditional evening council ring.

Hello:
Something new has been added this week — that is, our new phone numbers. Isn't it hard not to dial the old familiar way? Our new number is Hickory 4-4031. Remember to call it whenever you need flowers for any occasion. We love our flowers and enjoy designing fresh, lovely arrangements which will bring pleasure.

Best wishes for a speedy and complete recovery to C. C. Davidson, Mildred Lutz and Mrs. David George. Our congratulations to Mr. and Mrs. Paul Zang and Mr. and Mrs. Olen Poff, both of whom have new baby daughters.
The majority of our work this past week has been for funerals. We are always sorry when one of our friends and customers has lost a loved one. We know that a beautiful floral offering at this time brings comfort to the aching heart of the bereaved, and will extend the sympathy it is so hard to express in words.
We, therefore, try to make your floral pieces as fresh and tastefully designed as possible. We grow many of our own flowers, and make sure that those we buy are the freshest available. Funeral Vases are from $4.00 up in price. Baskets range upward from $6.00. Sprays are priced according to the size needed. Call us the next time you need flowers.

MOLDING MINDS

Through good books the sages of the ages may speak to the children of this age. Good books are antidotes for juvenile delinquency and for adult delinquency. Good books increase our joys, soften our sorrows, ennoble our friendships, enlarge our ideals, refine our ambitions, guide our energies, feed our souls.
They are companions in loneliness, friends in trouble, tools for work and guides in wayfaring. The church and the church library offer you books that will keep your boys from being crooks.
Books help mold minds.

Those sun-drenched days, balmy evenings, the exhilarating sports, the lounging, dancing, new faces, new places. That's vacation for you! Pack up. Take off.

It's Later Than You Think! Labor Day Is Only Few Weeks Away!

Here's Suggestions From Returning Vacationers

Once again, we're right in the middle of vacation-time and the old question arises, "Where to go?" Perhaps these South Siders who have already made the most of their "two weeks with pay" can help you settle the problem to the satisfaction of the whole family. At any rate here are their timely tips.

Mr. and Mrs. Dennis J. Carroll, 792 Jaeger-av, have visited new York state and traveled through the Adirondacks every summer for the last ten years and highly recommend it as an ideal vacation trip. The Carrols visit their daughters in this locality each summer and marvel again and again at the beautiful scenery. A new throughway has been opened this year from Rochester to Albany for the speed and convenience of travelers.

Mrs. T. W. Daniels, 596 Southwood-av, has this to tell readers. "My husband and I and our dog, 'Cindy,' took a trip to the Shenandoah Valley last summer. We enjoyed the drive and the beautiful scenery very much. We visited the Shenandoah and the Luray Caverns and thought they were just wonderful. You know, in the Bible, it tells about darkness you can see and when they turned out the lights in the Shenandoah Caverns I was sure that was the place it meant!"

Mr. and Mrs. Lawrence Norwood, 874 Wager-st, traveled to Cincinnati and Chicago last July. Mrs. Norwood had this to say about the trip, "I enjoyed it very much. I love big cities like Chicago and especially the subway. It goes so much faster than anything we have.

Mr. and Mrs. C. W. Acker, 1477 S. High-st, enjoyed a three-week vacation in Florida this past June where they visited Cassadaga and Daytona Beach. Mrs. Acker stated, "Anyone who is thinking about taking the trip might like to know that the driving is wonderful and the weather couldn't be better. We only had one hot day."

Orville F. Canter, 1991 Linwood-av, seems to be of a different opinion about the time of year to visit Florida. His wife, two daughters, and mother accompanied him on a two-week vacation in January. They found that the fishing was very good at that time and that the scenery was "just like in the movies." Canter is spending his summer vacation on a short fishing trip to Michigan.

Mrs. Michael Farr, 761 Gilbert-av, recently returned from a few days in Canada and suggests it as a quiet and beauteous spot in which to spend one's vacation. Mrs. Farr visited relatives in Kichener and was very pleased at the temperate weather which accompanied her stay.

No matter what spot **Mr. and Mrs. Alfred A. Barrick, 441 Reinhard-av,** choose for their vacation, they usually manage to sandwich in a few days in their favorite town of Cleveland. They enjoy staying in a hotel in the center of the city just off busy Euclid-av and admire the beautiful Euclid Beach Park. Mrs. Barrick has only the highest praise for the Cleveland stores and finds time to shop on each one of her visits there.

Mr. and Mrs. Donald N. Adams, 822 Mohawk-av, made a short visit to Marion, Ill., last October to visit her parents. Marion is just slightly south of St. Louis and the trip offers some beautiful scenery which can be seen for miles across the flat prairie land.

Mr. and Mrs. John Galvin, 306 E. Gates-st, are sure that other vacationers would enjoy Indian Lake as much as they did last summer when they rented a cabin there. Mrs. Galvin states, "The part of the lake where we were was so quiet and beautiful and our cabin was just lovely."

Annual Steelton Merchant South Side Y Boys' Camp Plans Are Announced

Plans for the Steelton Merchants-South Side YMCA Annual Boy's Camp are underway. William Hoermle and William Findley, camp committee co-chairmen, announced the dates for camp this season will be Aug. 9 through the 13th. Thirty-six boys will attend the camp which is held at the South Side Y Park.

Campers have been chosen from the sixth grade classes of local schools in the district served by the Steelton Merchants Association. All expenses are paid by the Steelton Merchants and the program is supervised by the South Side YMCA Staff. Activities will include crafts, nature study, swimming, fishing, athletics, and special campfire programs.

FATAL TINT

With reference to "guilt by association," on this basis, when you come right down to it, anybody who associates with human beings is guilty of a multitude of things. —The Bristol (Va.) Herald-Courier.

Marion-Twp. Sidelights

(Continued from Page 1)

High-st. The newly-married couple is now at home at 3427 S. High-st.

Plans are being made for the week-end of July 23 when the Junior Choir of South High Church will have its outing at the Smith cottage in Hocking County. The church folk are invited down for a basket dinner on Sunday, July 25, and evening vespers services will be conducted by the youth.

Carolyn Chapman, Judy Downing, Shirley and Betty Farrell are spending this week at Camp Otterbein in Westerville, Ohio.

That's it, this week.

'Tis expectation makes a blessing dear:

Heaven were not heaven if we knew what it were.—Suckling.

TOO GOOD

Blinks: "You say he has a wonderful wife?"

Jinks: "Has he? Say, she lets him have two hooks in the closet, two drawers in his chiffonier, all for himself."

NONE

A Hollywood actress has been publicized because she was too modest to wear a bathing suit in a film. This proves, we suppose, that there is no length to which a movie actress will not carry modesty in order to get her picture in the papers.—St. Louis Post-Dispatch.

Fayette Beauty Shop Marks Third Anniversary This Week

The Fayette Beauty shop is celebrating its third anniversary this week with many specials. After having been in business for three years at this location, Mrs. Mildred Stewart, owner and operator of the salon at 1328 S. Fourth-st, is inviting everyone to drop in and see the changes that have been made.

Mrs. Stewart, who is married and resides at 1876 S. Sixth-st, is a graduate of East High School and has attended Bliss Business School. She has also studied dermatology at Ohio State University.

Awarded a plaque of merit for permanent waving and coiffure design by the Rayette Beauty Culture Educational Institute, Mrs. Stewart also has won a loving cup by Rilling as a professional cold wave award. She is a member of the Hair Fashion Guild of America, was appointed to serve on the board to select the hair style of the month, and is a member of the Hairdressers Guild of Ohio.

Fay-Arnold Cosmetic Company, with offices and laboratories in Dayton, is also owned by Mrs. Stewart. Fay-Arnold Co. is the maker of a corrective line of cosmetics. Mrs. Stewart is the founder and originator of the company, with the formulas being developed by her to meet specialized needs.

Formerly the owner and operator of another shop on Livingston-av, she has completely renovated the three-year-old Fourth-st Shop, including a patio in the rear that is ideal for waiting or relaxing while having your hair dry.

Elmer, a pet parakeet, is kept in the shop to amuse customers and a beautiful new aquarium has been provided by Trout's Aquarium to help while away the time also.

Four employees are present at all times for your convenience with certified skill in all phases of beauty work. The employes are Jerry Scholz, hair stylist, Charlotte Spencer, hair stylist, Delores Barnes, permanent-waving, and Annette Cody, shampoos and manicures.

Mrs. Stewart has a son who lives on Champion-av and is also a grandmother of two young ladies and one young gentleman.

When asked what her objective was is celebrating her anniversary, Mrs. Stewart answered, "To have both old and new customers stop in and see the changes and to give a couple of specials to show everyone just how we can beautify her hair.

The motto of the Fayette Beauty Shop is, "If your hair isn't becoming to you—you should be coming to us." The proving of that motto will be greatly rewarding for the women of the South Side.

Refreshments will be served both Friday and Saturday of this week, and, as Mrs. Stewart says, "drop in and let us become acquainted."

A good Samaritan provided this writer with a very welcome cold drink of 7-Up when it was so-o-o hot Monday. Doug Troup, distributor of 7-Up on the South Side, is a very congenial fellow and is doing a fine job of advertising his product. Doug's phone number is KI. 3777 for dealers who want some 7-Up on hand.

If this column seems a little mixed up this week, it is just because this writer is expecting his wife to have a baby and to tell you the truth I don't seem to be able to get things to coagulate in my grey matter. Do any of you fathers have a good answer for me?

Once again the "Confederate" money jackpot went begging. This just can't go on. Something has to happen! If anyone reads this column from week to week, he can take advantage of an occasional hint slipped into the column. Watch your ads. The money is here, the stamp is in one of the papers, and it's located in an advertisement so you just can't miss it! It is not hidden in any way and all you have to do is watch your ads. Even if you don't find the "Confederate" seal, you will at least save many a dollar by buying at the stores that advertise in the Leader.

Quoting Hancock Cleaners advertisement in our paper last week: "A pedestrian is someone who forgot where he parked his car." We'd like to add: A pedestrian is one who follows the safety directions while walking downtown, or otherwise he is a corpus delecti. Which will you be? Walk safely, drive safely—to live.

Marion-Twp. Sidelights

By Joel Snyder
HI. 4-6836

A tip to county health and building inspectors; New construction in certain areas of Marion Township will probably undergo constant surveillance by the Citizens Association. Seemingly lax enforcement at times is the reason.

Ads are appearing in the papers, for the new development in the Alum Creek Drive-Refugee-rd area. Attitude of Alumcrest owner McDowell has become a grave concern to Citizen Association directors. Liberal regulations extended to purchasers has caused considerable anxiety among the more optimistic township boosters.

Threats of additional undesirable housing areas (we're not necessarily referring to Alumcrest) compel leaders to wonder what's to be done. While they are not against the less expensive dwellings, they feel Marion Township has its' share and insist that a balance of low and high cost housing is essential to the preservation of orderly growth of the township. Low-cost housing has frequently produced problems for the fire department and the board of education.

Any more than a proportionate share of these dwellings, becomes a liability to the remainder of the township. The flood of school children they provide without the support of their tax dollars create hardships which are difficult to reconcile. In complete sympathy with those requiring low cost housing, however, leaders will no doubt be in constant search of a solution.

In all sincerity, they are not looking down their noses at any future owners of low cost dwellings. The township boosters know that the type of home a man can afford does not reflect his character. In the past however, it has been virtually impossible to arouse an interest in community progress in certain areas. If these residents would represent themselves as being interested, the concern would not be so great.

The Citizens Association is trying to make the organization a representative group. Members are invited from every nook and cranny of the township. Occasionally the complaint is heard that the Association stands fast in its opinions, and it would be useless to advocate an opposing viewpoint. Nothing could be further from the truth. Metings are open discussions and are held at the high school where there is room for everyone. Any complaints similar to the one just mentioned are more than likely to come from someone who does not attend. It seems if they were really interested, they would come and exoress their opinions. They would find a very receptive audience.

Citywide Lantern Festival Will Be Held This Evening At Central High

LAST LANTERN QUEENS in the city of Columbus were these four young ladies, who were selected at the last edition of the citywide Lantern Festival, which was held in 1952 at Central High School. Discontinued in 1953, the festival has been revived by popular request and will be held from 7:30 to 9:30 p. m. Thursday, July 22, at Central High.

The citywide Lantern Festival will take place on the Central High School athletic field 7:30—9:30 tonight. More than 700 children from the city playgrounds are expected to participate in the event with their own hand-made lanterns.

All playground leaders must accompany their children and meet at their playground signs, which will be set up in the north and south practice fields in Central High Stadium. Ten or more children are expected from each of the playgrounds throughout the city. Each child is urged to bring his parents and friends for playground officials promise a very spectacular affair.

One of the most attractive events on the playground program is the lantern parade, combining an interesting handcraft project and an exhibition which may be made genuinely beautiful.

It is desirable for each playground taking part in the parade to have one large float typical of the playground to lead the ground in the parade. Floats may be constructed on scooters, coaster wagons, pushmobiles and bicycles, with decorations made of pennants, bunting, crepe paper, flowers, and lanterns.

Lanterns may be made from boxes and cartons which are strong substantially constructed and wide enough to clear the flame or light by three or four inches. They may include round or square hat boxes, oatmeal or candy boxes, coffee or square tea cans. Sides in fancy shapes may be sawed from thin board with coping saw or cut from cardboard. A nice effect can be achieved by punching holes in the box or tin in a design or cutting out portions of the original container and covering with crepe paper, or figured silk.

SOUTHWARD MIGRATION...

Movement Of Advertising Firm To South Side Part Of Recent Trend

The South Side with its fine, huge homes, is going through a change started a decade ago when many downtown business firms began seeking additional office space. Now a leading advertising agency joins the move to the South.

When we drive along S. High-st these days, there's a change becoming more and more apparent, and it all started way back when President Tom Jefferson set aside that area in land grants, and some of our most illustrious families . . . the Deshlers, Wagners, Krumms, and Gruens began establishing their gracious homes along S. High.

Then Henry Ford cranked up his horseless carriage and started Columbus and the world clattering over the cobblestones. Whole new horizons opened up, and the big estates of the South Side found themselves rapidly being engulfed in the expanding city.

As the city grew, the automobile that had speeded its growth, grew with it; until our streets and roads became jammed with the mechanical offspring of Henry Ford's motor buggy.

And so the revolution . . . Parking became a topic of discussion . . . and a man who found a parking space downtown was a hero among friends and neighbors. Business firms began to cast their eyes about for space where their employees and customers could park, and where they could work free from the roar of engines and the blare of horns.

At first the move was eastward . . . along E. Broad-st and into the huge homes that make that street one of the most imposing in this part of the country.

Then, as more and more firms began seeing the advantages of an out-of-downtown location, the move started into the historic South Side.

Insurance companies and lodges began moving into the spacious homes that once housed some of our leading families. Typical of such a move was made recently by Wheeler-Kight & Gainey, Inc., one of the midwest's oldest advertising agencies.

Oddly enough their move was a direct result of the traffic situation, for they had been located at 74 E. Long-st, one of the buildings now coming down under the wreckers to make way for Columbus' new off-street parking garage. Wheeler-Kight & Gainey took over the Krumm mansion at 975 S. High-st, which had been in the Krumm family for generations.

Sam Krumm, who sold the house to the advertising firm, had lived in the house for years, and had been raised there as a child. He is chief metalurgist at Buckeye Steel Castings Company. His brother, Alex W. Krumm, Jr., is vice president of the Ohio National Bank.

Krumm is nostalgic when he recalls the history of his home, which was built by his father Alex W. Krumm in 1886. The senior Krumm was Columbus' city solicitor and the senior partner of the old law firm of Krumm, Krumm & Krumm.

He still remembers the days when the house next door to his on the south was the August Wagner home, and the Gruens lived next door to the north.

When they decided the great old house with its cool, high ceilings and spacious drawing rooms was too much for them, the Krumms looked about for just the right new tenant. "When Wheeler came down to see our home, I thought here was just the right new owner," says Mrs. Krumm. Mrs. Krumm has long been a well-known compiler of text books and poetess, and did her work at home. She at once urged Wheeler to make her music room, where she herself had done so much writing, his personal office.

The whole home and location seemed to fill the bill, and besides the wreckers were getting itchy hands, so Tom Wheeler set to work to make the already comfortable home into just as comfortable a suite of offices.

The art department and art director's office are in the old parlor. Production department and copy director's office are in the area formerly used as the huge dining room. Mr. Wheeler's office and a large suite of offices for the firm's vice-president, James E. Hoover, and its account executives are in the music room and a completely remodeled rear wing.

Wheeler's office is in period furniture and general treatment, even to a large marble fireplace and interior shutters. The color scheme is blue. Here again, photo montage has been put to work as an effective wall decoration depicting the entire graphic arts process from agency to publication.

Hoover's office and others in the suite are paneled from floor to ceiling in mahogany, with carpeting and furnishings complementing the color scheme.

Both executive offices overlook a former family pride, a beautiful formal rose garden, which Krumm spent years in developing. Thousands of blooms adorn the yard and garden.

Library and mechanical duplicating area are located at the rear of the first floor. Storage of agency records and filing systems for clients' art, printing plates and supplies are in large room vaults in the basement, while a conference room and motion picture projection room are located on the second floor. In addition, several thousand square feet of the second floor have been set aside to handle future expansion.

WKG was founded nearly a quarter-century ago, and offers a complete advertising agency function well-known through Ohio and surrounding states. Its services now include complete advertising and merchandising counseling and production in such fields as art and layout, copywriting, research, publications, direct mail, radio and television, and employee and organizational publications. The group serves clients in a wide variety of fields. Among these are electronics, machine tools, heating, air conditioners, home appliances, foods, insurance, industrial lumber, prefabricated homes, shoes chemicals and ceramic supplies and equipment, and building supplies.

Many of the firms represented by Wheeler-Kight & Gainey are the world leaders in their fields. Many, however, were small when they began their association with the Wheeler organization. "We feel that the most important function of an agency is to offer the type of counseling that leads to this healthy and sound growth of our clients, and we feel a great deal of pride in the part we have played in aiding their growth throughout the years," Mr. Wheeler said.

CONVERSION—The huge music room of the old Krumm mansion at 975 S. High-st has been converted into a beautiful and practical office for Agency President Tom L. Wheeler, Jr., above. While some remodeling was done on the room, such as the modern lighting fixture, Wheeler left the room much as it had been for nearly three-quarters of a century, even restoring the inside shutters for added effect.

The Gadabout

By Priscilla LaRue Dicke
GA. 1651

Priscilla La Rue Dicke
HI. 4-1651

Once again vacations seem to be the main activity listed in our notes, and the unanimous report in each instance is a hearty "had a wonderful time."

One of our telephone friends called us last week and reported on a trip through the Southland. Mrs. David Hamilton, 1522 Wager-st, and her son, Dave, and his fiancee, Julia Oesterhage, both of Ottawa, O., left Columbus on July 6. Before their July 13 return date the trio had visited Buena Vista, Virginia, Elizabeth City, N. C., Nag's Head, N. C. (more of that in a minute), Kitty Hawk, N.C., the Lost Colony, N.C., Roanoke and the Luray Caverns, Virginia. Swimming and fishing occupied their time in some of the "relaxing" moments.

The Nag's Head mentioned previously has an unusual (if gory) explanation. Seems that pirates made this area their headquarters and one of their favorite tricks in luring victims into their grasp was to walk a horse up and down the sandbar, said horse having a lantern around its neck. The folks who were looking for a way into the harbor would be deceived into thinking the nag was also a ship and that the area was safe to sail into. By the time they'd discovered their error and were grounded, the pirates would be swarming all over the place, plundering and killing!

The Hamiltons also saw a pageant depicting "The Lost Colony" and found it an interesting bit of Americana. (The first white child, Virginia Dare, was born at this place; remember?) The pageant was further enhanced because it was portrayed on the actual site of the event.

Some recent July birthdays were those of Bea Ball and Michael Toth. Mrs. Ball had a "firecracker" birthday while Master Toth had his celebrating day on the 12th of the month. Michael was eight years old and is a resident of 1224 S. Fourth-st.

It's always a pleasure to report on good athletic showings of our younger generation, so we'll offer congratulations to George Siebert of Parsons-av, who came in second in the recent bike races held at Franklin Park.

The exchange of residents between Michigan and Ohio is an accepted thing in the summer time and this year is no exception. Now enjoying vacation facilities in the Wolverine state are Mr. and Mrs. Joseph Haley and sons of Frebis-av and Mr. and Mrs. Virgie Dean, with Bob and Jill, all of 33 E. Jenkins-av. The Wycoff family also were spending their vacation in Michigan, but the sudden death of Jo's father in Columbus cut short their stay.

Visiting in Ohio from Michigan are Imogene and Sandy Brown, who will be here for a little while. Imogene is staying with her parents, Mr. and Mrs. J. V. Wilson, 1395 S. Sixth-st.

Imagine having 318 descendants, all living! A man in our midst can lay claim to just such an accomplishment and we think it is extremely newsworthy. J. B. Cordle, 69 Derring-rd, IS the gentleman, and we want to wish him a happy birthday when July 25 rolls around. He will be 96 years old! The family tree goes thusly: 11 children, 62 grandchildren, 186 great-grandchildren, and 59 great-great-grandchildren. There will be an open house at the home of Mrs. Charles Pfost, where Mr. Cordle resides. Mrs. Pfost is the youngest of his 11 children. The service men are scattered all over the world in such places as Alaska, Germany and Korea. The oldest great-great-grandchild is 17½ years old and is Buck Hannon Bryant, a graduate of Galena High School. The youngest member of the family is a two-week old boy. Numbered among the clan are a captain, stationed in Washington, D.C., and a school teacher of Livingston School.

Mrs. Pfost did tell us some further news, so we'll include the items right here. The day after her great-grandfather's birthday will be a natal day for Fern Enyart, who becomes a full-fledged teenager of 13.

Mrs. Ida Moore, 3302 Lewis-rd, is now recuperating at home after an operation performed in White Cross Hospital. Mrs. Moore has company in the convalescing department, for her granddaughter, Rebecca Moore, is also home after a stay in Mercy Hospital. She too lives on Lewis-rd.

Our most special wishes go to Mr. and Mrs. O. G. Samson, 1661 S. Fourth-st, who celebrate a golden wedding anniversary this month.

Another parakeet has turned up missing and we hope the owners have found their pretty bird before you read this. "Mickey", the cobalt-blue parakeet of Virginia and Paul Junk, 343 Jenkins-av, is the missing feathered friend. If you have any information about it, will you please call HI. 4-6760? There is a reward for its return.

Birthdays that are rapidly approaching include those of S. A. Dicke, Mohawk-st, and Carl Weber, Groveport-pk. Mr. Dicke's natal day is July 27 and that of Mr. Weber, July 29.

Mr. and Mrs. Otto Oberkoss, 60 E. Jenkins-av, have had as their recent guests the sister and niece of Mrs. Oberkoss. The visitors were Mrs. Marie Meyerberg of Brooklyn, N.Y., Mr. and Mrs. George Gordon and their three children, Thomas, Marie and Katharine, of East Meadow, Long Island. A few weeks ago they entertained California relatives, when Margaret Smith and daughter, Karen, visited them.

If you have a get-well card that's handy, a good person to send it to would be Milt Bonnette, a resident of 1640 S. Third-st. Milt is now in Mt. Carmel Hospital after undergoing surgery.

While Frances and Sally Paulus are enjoying the sights and entertainment of Chicago, Nancy Paulus is having an equally good time playing with her little cousins here in Columbus. Who says vacations have to be in far-away places, eh, Nancy?

A new resident on our street is the tiny daughter of Mr. and Mrs. James Key, 1420 S. Sixth-st. Welcome to the neighborhood, little girl.

Another welcome should be extended to the Bricker family, 499 Stanley-av. Mr. and Mrs. John Bricker have lived in our part of the city only a short time, and we hope their neighbors show them that true "Southside" hospitality. The Brickers are parents of three children.

One more birthday and we'll be through. Paul Klein is the gentleman, and to him go our usual natal day greetings. Guess that does it for this week, so till next edition, this has been—

During the week of July 19 to 23, Karns will have four Little League games; two intermediate softball games; two senior softball games, and a dual track meet at Tuttle Field.

Thursday evening the annual lantern parade will be held at Central High and Karns hopes to have a number of lanterns in this exhibition.

Deshler

Monday, July 12, the traveling zoo visited Deshler playground. Nearly 40 children crowded around the wagon to see all the monkeys and other small animals.

Tuesday evening, July 13, first movies were shown on the playground. Fifty-six children were there to view the four short comedies and national park reels. From now on there will be movies for children every Tuesday night. The next series will be July 20, at 6:30 p.m. in the kindergarten room.

Last Friday afternoon Schiller Park children visited Deshler with a hand-puppet show.

In the arts and crafts program this week at Deshler, drawing, paper sculpture and gimp work were featured. Some of the children have started working on lanterns for the city-wide lantern parade, which is to be held July 22. The special craft of the week has been hand-puppets made from papier-mache.

The city recreation department is offering free swimming lessons for a two-week period, July 19 to Aug. 2. The one-hour lessons are given at 1 and 2 o'clock, at Maryland Swimming Pool. The lessons are for all ages of children and registration forms may be secured at Deshler playground. Several children have already signed up for the free lessons.

Pick-up sticks, checkers and Chinese checkers games were really popular this week at the playground, with tournaments and contests, and ribbons for the winners.

The following children attended the West sectional track meet at West High School last Thursday: Jay Fleshman, George Runicks, Jude Fleshman, Andriana Lamb, Sharon Boquist, Charles Kochenderfer, Jimmy Westlake and Jack Kettler. St. Leo Girls Steamroll Win Of 14-4 Over Oakwood Methodist

In the South Side YMCA Girls' Softball League last Monday, St. Leo defeated Oakwood Methodist 14-4. Three-hit pitching by Donna Kirchner, plus the slugging of Miss Krinesky, who hit two singles and a triple, and Miss Buckman's single and triple sparked St. Leo's victory. Macklin's triple was the big blow for Oakwood Methodist.

Corpus Christi handed Southwood Church of Christ its first defeat in three years of league play when Pat Holland and C. Greisenbrock hit back-to-back home runs in the sixth inning to break a 3-3 deadlock and give Corpus Christi a 7-5 victory. Georgean Gray led Kirchner, plus the slugging of Miss Southwood's attack with three hits in a real thriller that was nip and tuck all the way.

St. Paul Evangelical and Reformed downed Washington Avenue EUB 17-12. D. Fritz, M. Swisher, and Carolyn Tope were the big guns in the St. Paul attack. Wagner banged out three hits to spark Washington Avenue.

In the Junior League games Wednesday, Don Wishon of South Methodist set a new league record for strikeouts by whiffing 18 St. John E&R batters, giving two hits but still settling for a 5-5 tie. Ten bases on balls and two timely hits by Lupfer and Ballenger hurt Wishon's cause. B. Franz paced South Methodist's attack with three hits.

Home runs by Baber, Hill, and Bateman paced Emmanuel Lutheran to an 18-7 victory over Washington Avenue EUB. Gregory, with two hits, and Quincel, who belted a homer, sparked Washington Avenue.

St. Leo took the measure of St. Paul Evangelical and Reformed 15-7. Home runs by Murname and Francisco and some nifty fielding by Dempsey sparked St. Leo. Lyle homered for St. Paul.

Southwood Church of Christ won last Monday when it defeated Oakwood Methodist 19-14. Two home runs by Dicke, two triples by Stinson, and thre singles by Hugoniot were the big blows for Southwood. Bill and Bob Secrest paced Oakwood with three hits. On Wednesday, Southwood downed Ohio Avenue 16-5. Hoptry, Bayes, and Mowbray homered for Southwood. Rounds and Badger sparked Ohio Avenue.

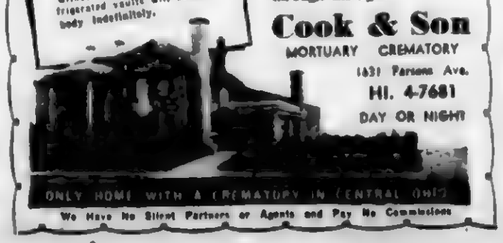
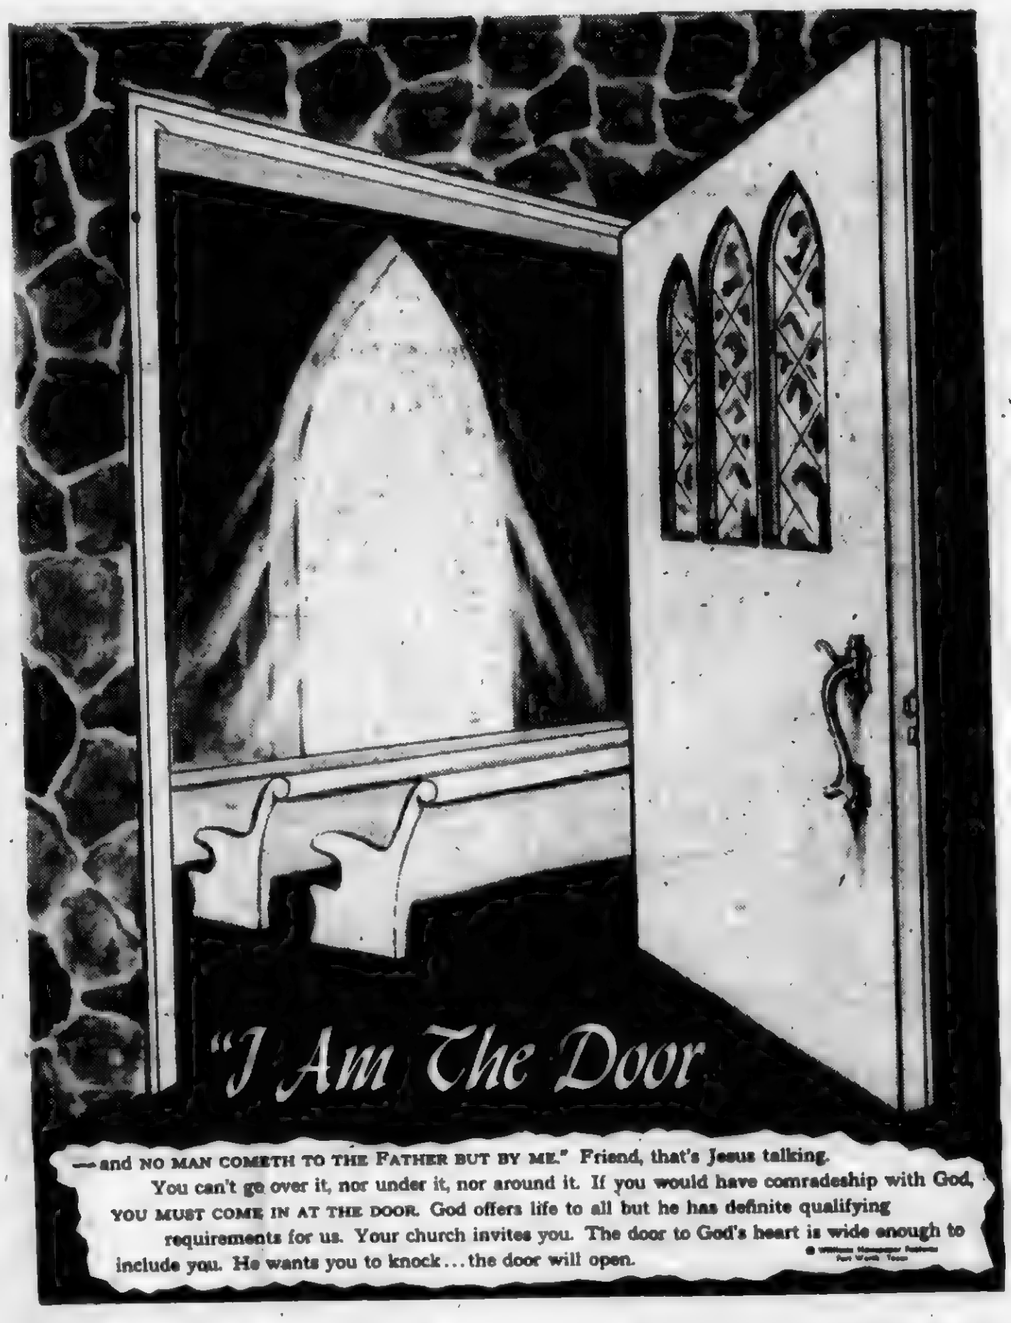
Hello:

We are really having "weather" this month, aren't we? We were caught in the bad storm last Wednesday while we were at Mt. Aire Swimming Pool on our afternoon "off", and it wasn't pleasant. It's frightening when winds are so strong that trees are blown down in front of your car.

This also seems to be the month of babies — especially boys . . . Mr. and Mrs. Bill Lewis have a husky new son . . . also Carrie and Bill Hoermle, Jr. . . . Dr. and Mrs. Ray Leupp . . . Mr. and Mrs. Langenfeld . . . but Mr. and Mrs. William Mathias, also Mr. and Mrs. George Spang are cuddling their brand new baby daughters.



Birthday greetings to Mrs. Elizabeth Kochis and little Priscilla Brandley . . . our very best in get well wishes to Mrs. Nina Turvey, Eleanore Deible, Mrs. Delores Bostwick, Audrey Milburne, Mrs. Mary Mako, Mrs Nadine Wagner, Mrs. Helen Deri, Mrs. Naomi Bohn, Milt Bonnett and Kathryn Deible.



Our Cash and Carry Special this month is one dozen lovely Giads for only $1.50. We grow these ourselves, and they come in a variety of beautiful colors. Brighten up your home with a lovely bouquet . . . carry them to an ill friend and they make a perfect hostess gift.

'Dick' Returns 'Home' To Find Just What He Always Wanted

"Way back in 1947, Richard "Dick" Ellis, born and raised on the South Side, decided to forsake his native city for a job with an oil company in Cincinnati. Life on the "Rhine" looked rosy to him and Mrs. Ellis, the former Kate Augustine, also a life-long resident of the South Side.

"Dick" Ellis

As a matter of fact, they did alright in the Queen City. However, as time went by, they began to long for the companionship of their old friends and when "Dick" was offered the proprietorship of the Marathon station at 1044 S. High-st, he was sure Lady Luck was on his side.

During the past few days "Dick" has not only been busy rearranging his new business and putting it in ship-shape, but he's had to stop his work many times to greet many of his old cronies who had heard of his return.

"It's been like 'old home week'," is the way he describes it.

Mr. and Mrs. Ellis and daughter, Ruth Louise, nine, who will enter the fifth grade at St. Leo school in September, are presently making their home with Mrs. Ellis mother, Mrs. Ruth Augustine, 197 Barthman.

In addition to the customary duties associated with filling station work, he expects to operate a recharging and rental battery service, do general tune-up, as well as give complete brake service.

When "Dick" is not absorbed too much by his filling station duties, he expects to spend at least a part of his time in trying to hook a few big ones in nearby waters.

Assisting Mr. Ellis will be Billy Williams, who has been connected with the station for about two years and is well known for his mechanical ability.

Former School Teacher Dies July 14 In India

A former Columbus school teacher was buried in Sulpanpur, India, among the people with whom she had been living for the past 40 years.

Miss Iva K. Beach's life as a Faith Missionary began in 1914, when she decided to follow her sister, Dora Beach, to the illiterate country of India. Three years before she arrived there, her sister had built a small school in Sulpanpur for the Indian children.

As Faith Missionaries, the two sisters, built and operated the school, and nursed the children and families of Sulpanpar. Money was donated to them from all denominations of religion in the United States. Clothes and grain were also sent from the States, and were given to the families of Sulpanpur.

On Wednesday, July 14, the missionary work of Eva Beach came to an end. She died among the people she loved and wanted to help.

While living in Columbus, she was a member of the Livingston-Third Methodist Church and a teacher at the Beck Street elementary school.

She is survived also by two other sisters, Mrs. Elizabeth Leonard of Columbus and Miss Caroline Beach of California.

The boys and adult leaders will travel by bus to Cleveland, where they will see the Indians play Philadelphia in an afternoon game.

Tickets to the ball game are donated through the courtesy of the Cleveland Indians Ball Club. A fee will be charged to cover transportation cost and supper at the Cleveland YMCA after the ball game.

Full information and registration blanks may be obtained by contacting the South Side Branch YMCA, 884 S. Third-st, HI. 4-2151. Deadline for registering for the excursion is Aug. 2.

tion for trailers was a direct result of a letter to the county zoning board, from the zoning committee of the Citizens Association. The zoning committee, at the time under the chairmanship of John Nippert, suggested in the letter that trailers be given a more specific classification than the label "commercial." The proposed classification will encourage wiser locations for trailers, and will be welcomed in Marion Township especially.

Boyer Buccilla, the manager of the Marion Township Junior Police baseball team dropped in the other evening to plug his fine 13 to 15-year-olds entered in the South Side Intermediate Knot Hole League. In defeating the Southeast Indians 17-10 at Lincoln Park, July 13, the Junior Police retained their unbeaten record. Rodney Buccilla, played a great game as pitcher, and is, by the way, a fine swimmer. Captain of the junior swimming team at Crystal, he is the only high diver in that age group.

Constable Elwood Webb is the Athletic Director of the team and attends all the games faithfully, providing transportation when necessary. Manager Buccilla, who just recently spent three weeks in the hospital, and who is currently recuperating at home, wants to thank all the sponsors who have supplied the caps and jerseys for the boys.

The boys, in turn, I think, should be thankful for having such an interested manager as Buccilla.

The Fred Meusers are on vacation and last week end took a jaunt to Massillon to visit friends . . . Mr. and Mrs. Ben Weisberg and Joyce returned home last Tuesday from a vacation in Florida . . . Mrs. Charles Edwards and Kit and Jill are back from their trip to New York City, where they had hotel accomodations at Times Square.

The Booster club is making a township project of collecting the old telephone books, the proceeds going to support the band at Marion-Franklin. If you want to help the students in the collection or have several books you want to contribute, call Lawrence Long, FA. 6608.

Richard Smith is feeling better, after a bout with food poisoning, but the road to recovery is a slow process.

The report on the feasability of the separte sewer and water system for Marion and Hamilton Townships should arrive in about two weeks.

See you next week.

Several South Side Women Named 'Colonels' In Big Polio Campaign

Several women from Columbus' South Side and surrounding townships are among those who will serve as colonels in directing volunteers in the Polio Emergency Hour on Thursday, Aug. 26, from 7 to 8 p.m.

They are Mrs. Roy Russell, 969 Champion-av, Ev. 1948; Mrs. Paul Kays, 1195 S. Champion-av, HI. 4-3321; Mrs. Donald Ryan, 816 S. 17th-st, HI. 3-1332; Mrs. August Huesse, 95 E. Deshler-av, HI. 4-7771; Mrs. Lewis Eakin, Hayes-rd, Lockbourne, FR. 7-5591; Mrs. E. W. Slyh, 130 Lakeview-blvd, HI. 4-3083; and Mrs. Ralph R. Keckley, 98 Alcott-rd, HI. 4-8118. In the event volunteers are unable to contact one of the above-mentioned, it is suggested they call the district chairman, Mrs. William Tidwell, 710 S. Ohio-av, EV. 7528, or the Franklin County Polio Chapter office at CA. 4-2183.

This marks the second time in the 16-year history of the National Foundation for Infantile Paralysis that it has been necessary to have an emergency campaign for polio funds during August.

The Franklin County Polio Chapter, along with hundreds of other local and county chapters of the National Foundation for Infantile Paralysis, finds itself facing the heaviest polio season of the year with no money in its treasury because of having spent in the first six months of 1954 a total of $53,853.14 for the care and treatment of 14 new and 180 old polio cases. The National Foundation is now unable to assist local chapters fully because it, too, is without sufficient funds for the entire year.

Mothers, fathers, teen-agers, youth groups—any individuals interested in giving just one hour on Thursday, Aug. 26, to help fight polio are urged to call the "colonel" nearest their homes to volunteer their services.

David M. Kennedy, U. S. Treasury official: "It will be absolutely necessary for the debt limit to be increased before Congress adjourns."

FREBIS HURLS 21-0 NO-HIT SOFTBALL

Sullivant Gardens streaked to a 21-0 victory over Glenwood in a City Recreation League softball tilt at Sullivant Monday night, with Pitcher Bob Frebis compiling a dazzling no-hitter. Frebis struck out five and walked two of the bewildered Glenwood players. Meanwhile, the flashing Sullivant boys collected 19 hits off Pitcher Slate.

The win places Sullivant in a strong position for the crown in the city league with a 5-0 record and a 13-3 overall record, including practice games. The city diadem will be decided next Monday at 6 p.m. when Sullivant meets Karns at 6 p.m. at Sullivant Gardens.

COLUMBUS FAMILIES . . .
PEOPLE WHO RIDE BUSES . . .
JUDGE LOCAL BUS SERVICE ON THE BASIS OF PERSONAL EXPERIENCE

What do the people who ride the buses think of our drivers, services and fares?

These questions, and many others pertaining to our operations and mass transportation problems in Columbus, have now been positively and fairly answered, thanks to an unbiased, scientific fact-finding survey just completed. It represents the largest sampling ever taken in Columbus by the nationally known research organization.

Thirty trained interviewers, calling only in homes of bus riders (none of them in any way connected with the Columbus Transit Company) report that —

91 per cent of these bus riders think CTC drivers give courteous, helpful service.

79 per cent feel CTC gives the best service possible under the present traffic, parking, street and weather conditions.

67 per cent say the 4 tickets for 50c, or 15c cash bus fares, are not excessive.

64 per cent believe service is satisfactory, based on their own personal experience.

We are grateful for the vote of confidance of the bus riders participating in this city-wide survey, and appreciate the frank and constructive comments. A number of the fine suggestions received already have been put into effect in connection with our continuing program of service improvement for Columbus.

Scioto Trail Principal Resigns; Maurice Lowks Named As His Successor

The Marion local board of education last Wednesday accepted the resignation of Joseph E. Milligan, 200 East Park-st, Grove City, as teacher and principal in the Marion Local Schools. Milligan, who had been principal of the Scioto Trail School, 2951 S. High-st, for many years, resigned to enter private business. He had been in the Marion Local Schools since 1932 and prior to that had taught in Jackson and Franklin Townships.

Named as sucessor to Milligan as principal of Scioto Trail was Maurice E. Lowks, 190 Hamilton-rd, Columbus. Lowks came to Marion Local District last year as a teacher in the Clarfield School, after having taught previously in Canton, O., and Williamsport, O. He also served three years as a pilot with the U. S. Army. He is married and has three daughters.

Triple-Trouble For Autoist Injured In Crash

A head-on crash Saturday spelled triple trouble for Jerry L. Nace, 24, of Lockbourne. Besides suffering minor injuries, it was disclosed by police that Nace would be charged with driving while intoxicated and failure to register a motor vehicle with the state.

Injured in the second of the two cars which crashed on Rt 33, five miles north of Lancaster, were the driver, Harry Spurgeon, 42, of 1683 Kossuth-av; his wife, Julia Spurgeon, 42, their daughter, Judith Ann, 14, and Mrs. Spurgeon's sister, Louisa Mendonca, 362 Seibert-st. Nace and Mrs. Spurgeon were admitted to Lancaster-Fairfield Hospital. The others were treated for cuts and bruises. One in each car escaped injury.

Red Bird Stadium To Hold 'Doctors Hospital Night'

"Doctors Hospital Night" will be observed at the Columbus-Minneapolis night baseball game Thursday, July 22 — the game being sponsored by the Guilds of Doctors Hospital as a benefit for the Dennison-av institution. Members of all guilds affiliated with the hospital are selling tickets for the game, under the direction of Mrs Samuel T. Hawkins, 1505 Melrose-av. Proceeds will be used for the development of the outpatient clinic of Doctors Hospital.

Storm Lashes South Side; Causes Extensive Damage

Temperatures dropped 25 degrees from the sweltering peak they had reached earlier in the day when a storm of near-hurricane proportions hit the city Wednesday night, July 14, causing extensive damage in many areas throughout the city, including the South Side.

In addition to sending limbs and trees crashing down onto streets and residences, the 50-mile-an-hour winds played havoc with utility wires throughout this area.

Several people were trapped in a car perilled by a live wire in the 800 block of Wilson-av. No injuries were reported.

At Eighth-st and Woodrow-av a falling tree pulled down "hot" wires. Emergency crews were on duty until it was removed.

2 Traffic Mishaps Involve South Side Kids On Saturday

Police reported two traffic accidents Saturday involving South Side youngsters.

David Climer, 4, 391 W. Mithoff-st, was treated for a bruised forehead at Children's Hospital after being struck by a taxicab when he ran across the street in front of his home.

Emory Kuhn, 39, 1338 E. 26th-st, driver of the cab, was not held, according to police.

Chobby Betts, 651 E. Livingston-av, was also treated and released at Children's Hospital after the 12-year-old ran his bicycle into the moving auto of William Mannis, 69, N. Powell-av, in Wager-st, north of Livingston-av, police said. Mannis was not held.

Local Men Train With 989th Engr. Reserve Bn.

The 989th Engineering Batallion, a local Army Reserve Unit stationed at Fort Hoyes, is taking its annual 15-day period of unit training at Camp Pickett, Va., from July 25 through Aug. 8.

Among members of the unit from the South Side attending this camp are the following:

Lt. Col. William H. Kremer, commanding officer, 126 Wilson-av; Capt. Walter A. Shott, Jr., 138 E. Whittier-st; SFC Charles L. Meyer, 439 Hanford-st; Sgt. Robert E. Meyer, 291 E. Gates-st; Sgt. Frederick J. Schneemilch, 916 S. High-st; and Sgt. Donn E. Todd, 1217 S. High-st.

UNHURT IN TURTLE WRECK

Frank Kirby, 50, of 193 Hanford-st, walked away from his overturned car Saturday afternoon — without a scratch. Sheriff's Sgt. James Richardson reported that Kirby had been heading west on Groveport-pk when he failed to make a curve and his auto went out of control. Striking a curb, the car bounced over a ditch, flipped forward and landed upside down. Madison Twp. emergency squadmen found Kirby shaken but unhurt.

CITIZENS ASSOCIATION GIVES NOD TO SEWER-WATER PLAN

SUPER SOUTHSIDE HIGHWAY — Above is a frustrating scene which won't be repeated after sometime next year. Newest section of four-lane highway on US Route 23 will start here at Williams-rd, 7 miles south of Columbus city limit and extend south 12.26 miles to South Bloomfield. Southbound traffic will travel on new concrete pavement and existing road will be used for northbound lanes. Job is scheduled for completion in 1955.

Seen As Boon To Development Of Southern Marion Township

The Citizens Association is taking a definite stand in favor of promoting the proposed water and sewage system which would service the southern portion of Marion Township as well as the northern parts of Hamilton Township. Seen as a boon to proper development, the proposed system is being supported in Marion Township by the Herculean efforts of the association directors.

It would do your heart good to witness a meeting of these directors, such as the one that was held last Thursday evening. To observe about a dozen responsible men and women exhausting their leisure time in an earnest discussion of township problems puts one right with the world again.

It makes you feel good for this reason: quite frequently the problems under discussion are problems to only a few residents. There may be no person present which is directly affected by the solution or by the failure to discover an answer to the topic in question. The unwritten law of the association seems to be that the township is only as proud as its least exulted area. The association is continually trying to reveal the community pride inherent in each resident.

This salve for the soul was neatly administered at the meeting Thursday night. The water and sewage problem is largely one to be met by the residents in the southern portion of the township. Ironically, the Citizens Association is composed mainly of individuals already having the benefit of Columbus water and sewage service. Efforts to interest southern residents in the association have not been tremendously successful. The difficulty in recruiting new members from the southern areas has also resulted in difficulty when endeavoring to represent the southern areas on the Board of Directors.

Announcement of the appointment of Rev. William A. Roberts as a trustee in the organization to fill the vacancy left by Ed Findley who has moved out of the township, is another step in the right direction. Rev. Roberts, of the Hope Evangelical United Brethren Church, lives on Collingwood, which is only a couple of blocks from the border. Another board member, Richard Smith, lives right on Williams-rd, the southernmost road in the township.

One or two other board members reside a little below the Mason-Dixon line in Marion Township, but generally speaking the northerners are in the majority.

But, bless their hearts, they're making the water and sewage prospect loom pretty big on the southern horizon.

The question of whether or not their efforts will be appreciated has not concerned the board. They apparently get their kicks out of just knowing that they're being of service to the township as a whole, and that is all that matters.

At one point in the meeting, board members heralded the heroic efforts of owners of some very modest dwellings located in the southern areas. Members pointed with pride to the fact that in some cases the owners had started with little or nothing in the way of money or materials, and gradually built, with their own hands, tools, and grim determination, some very neat and respectable residences.

In one particular area, the subdivision has been blighted with extremely poor roads, and there may be some efforts on the part of the Association to correct the situation. So, all in all, you see, the men and women on the board are a bunch of good guys. About the only thing they get out of all the time they spend in working on township problems is an occasional chance to put off mowing the grass or darning a few socks until they have the time.

Marion-Twp. Sidelights

By Joel Snyder

This and that around Scioto Trial: The Richard Smiths entertained 18 young people and adults representing the Youth Choir at their cottage for a long week-end. There were 40 from the South High Church for picnic dinner and supper on Sunday. The young people spent a busy week-end hiking and swimming.

Of course every outing has to have a casualty and Judy Casto was the unlucky person on this trip. She was going to show her skill as a wood chopper when she hit her finger and cut the side of it. Mrs. Smith sent her into the Circleville Hospital where she could get a tetanus shot and proper care. It was found not to be a serious cut and Judy continued to have an enjoyable week-end.

Mr. and Mrs. Cy Donahue and Mr. and Mrs. John Pabst helped as chaperons.

COMMITTEES have all been named and are hard at work on the annual Fish Fry at South High Church scheduled to be Aug. 20 this year. Mrs. James Harvey of Williams-rd has a right to be a very proud grandmother. The three children of James, Jr., took top honors in a baby contest in California. One was chosen princess, one for health, and one for beauty.

NEWS ELSEWHERE: Bob and Betty (nee Lupfer) Kaiser had their third daughter last week. Congratulations on the new arrival. Citizen Association intimates will be interested in knowing that Dr. Andrew Imhoff will resume active duty as chairman of the health committee right after Aug. 1. A grand guy we're sure glad to see him return after a long absence caused when his work with the Dept. of Health took him out of town.

Only other item is the news of a tremendously important Citizen Association meeting, to be held Aug. 12. There will be more details later, but plan now to attend — and we aren't just foolin'—

See you next week.

Harry Osborn Suffers Fatal Heart Attack

Just as the Sunday School superintendent at St. Paul's Lutheran Church, Stewart-av and Bruck-st, was to convene his classes Sunday morning, he collapsed. A police ambulance took Harry W. Osborn, Sr., 65, of 306 E. Stewart-av, to Mercy Hospital, where he was pronounced dead of a heart attack.

He had attended the church's early worship service at 8 a. m. and suffered the attack at 9:20 a.m.

A clerk and inspector at Columbus General Depot since 1942, Mr. Osborn was a former treasurer of the Central Ohio District Brotherhood Association and a member of the Columbus Foremen's Club. He was a veteran of World War II.

Surviving are his wife, Ethel; a son, Harry, Jr., and a daughter, Mrs. Mary Evans, both of Columbus; a grandson and two granddaughters.

Funeral services were held at 2 p.m. Wednesday in St. Paul's Church.

Burial was made in Obetz Cemetery by the O. R. Woodyard Funeral Home.

High School Senior Receives Second Award For Her Poetry

Ruth Perry, 88 Collingwood-rd, who will be a senior at Marion-Franklin High School next year recently received a second honor in the poetry-writing field. Her poem, "Good-Bye," chosen from thousands of teen-age poems submitted from all over our country, will appear in a little volume called "Love Poems" soon to be published by the American Poetry Society.

Ruth's poem, written when she was a member of one of Ellen Boyer's 10A English classes at South, before Ruth transferred, first appeared in the Ohio volume of "Young America Sings," published by the National High School Poetry Association of Los Angeles last spring. Ruth was recent May Queen and is prominent in Student Council and other activities at Marion-FFranklin.

There is a maturity of point of view shown in the youth author's acceptance of the boy-girl quarrel as "one of those things," as she seems to toss the experience carelessly aside, as teen-agers should. Ruth's poem follows:

GOOD-BYE

As we stood there arm in arm
In that spring-winter wind.
The misty air moistening my lips.
My puzzling mind had no harmony,
I saw your eyes
As you turned toward the window's beam of light.
The love and devotion so true and pure
Seemed to fade as we disagreed.
As we were parting, you questioned me,
"Why did it have to be this way?"
A guest of wind, a sprinkle of rain.
A kiss on the cheek, and then we knew —
It was Good-Bye!

VALUABLE WALLPAPER?

Close Scrutiny Of Today's Leader Ads May Bring You Jackpot Of $64

Here's what we've all been waiting for! The $64 question this week is actually worth 64 "Confederate" dollars. However, it's a very difficult question to answer—"What are South Siders doing with the "Confederate" insignia they find in their copies of the South Side Leader?"

One answer might be that they're papering their walls with them, or perhaps they're saving them in order to make unusual designs on Christmas cards. Who knows?

Actually there is no prize for answering the above question, as it would probably prove a problem for even the learned Mr. Einstein. However, that $64 is no joke and it can be yours if you are the lucky reader to find the $5 jackpot insignia in your copy of the Leader.

In addition, there are five $1 insignia which five lucky readers may redeem for one "Confederate" dollar of purchasing power which can be used at any of the business establishments advertising in this issue.

Maybe this is your lucky day. Look through the advertisements in this paper for one of the six insignia. If you should find one simply follow the rules in the box on this page. There's nothing to lose, and so much to gain!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $64 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

First on the agenda, A PROUD FATHER WELCOMES A SON. Yes, now I hope that my feet will be back on the ground again, as my wife gave birth to a six pound nine ounce boy, Born at 1:46 a. m. Monday at Mt. Carmel Hospital. Our boy will travel under the name of John Childs Sharp and we hope to a future that will please not only us, but also himself in later years. Mother, son, and father resting nicely, although father does feel a little peaked.

This is the first time that I have had a real chance to eat out since coming to Columbus and I think that I have found a wonderful place to eat food that not only tempts the palate but is wonderfully easy on the pocketbook. This gourmet's delight is located at 2551 Parsons-av and is known as Johnson's Restaurant. Stop in and try their delicious appetizing meals and say the Bell Ringer sent you.

DID YOU KNOW? Ronson's Barbert Shop at Parsons and Thurman is celebrating its 26th year in business this week. Free cigars will be passed out by Joe Ronson just for having people stop in and say hello Joe has recently added air conditioning and with three barbers waiting to clip you (whoops I mean cut your hair) you can now relax in cool invigorating atmosphere while being sheared.

Watch this paper and this column for further announcements of the big surprise that is coming to the South Side. The merchants of this area are banding together to bring to the shoppers a wonderful array of bargains that will be carried in the issue of the 19th of August. This will not only be a savings sale, but there will be a way provided by some of the merchants for you to win some money.

NOW IS THE TIME: For all good detectives to come to the rescue of their pocketbooks. In this issue, located somewhere in one of the ads, are six seals that could greatly swell even the thinnest of wallets. Sixty-four dollars are on the loose, just waiting for someone to pick them up. All you have to do is to find the seals and bring them to the Leader office. Five of the seals will be worth $1 in Confederate currency that can be spent in any store advertising in this issue of the Leader and one of the seals is worth $64.

Glee Club members earn their way to camp by attending weekly rehearsals at the South Side YMCA during school months. Under the direction of Dr. A. H. Heinz, they have performed before many Columbus groups during their past season.

Shop Brothers Will Mark Proud Moment This Week-End With Grand Opening Of Drive-In

Charles "Chuck" Shop
General Manager

Nines Shop
Mgr. at Mound-st

Frank Shop
Mgr. at Harmon-av

This week-end marks a proud moment in the lives of the three Shop brothers who are staging a grand-opening of their newest drive-in restaurant, located at 626 Harmon-av.

The brothers, "Chuck" Frankie, and Nines have been successfully operating their restaurant at 1192 W. Mound-st, for some time and now they are expanding. Who knows but what it might be the start of a much larger chain of similar drive-ins? At least that is the ambition of the boys who practically started on a "shoe string."

"We attribute any success that we may have had to giving the people good, high quality food at reasonable prices," Charles Shop, general manager of the food firm, commented.

Menu Features

"Chuck," the eldest of the brothers is general manager of the operation. Frankie will be the manager of the "new baby" on Harmon-av, and Nines, the youngest is manager of the original Shops' Drive-In on W. Mound.

As an opening feature on their extensive menu, Shops' will offer their new Jumbo-burger for 45 cents, chicken-in-the-basket for 98 cents and a hamburg and milkshake for only 35 cents.

The grand-opening will be held from 5 p. m. Friday until midnight Saturday. Novelties will be distributed. A free hamburg will be given to anyone who presents the advertisement of the opening that appears on another page in this

PARAKEET RECOVERED THROUGH LEADER WANT-AD

It's a sad thing to lose a pet. When Mrs. Paul Junk, 343 Jenkins-av, lost her pet parakeet, she advertised for its return in all the daily papers, but to no avail. After having tried every other means of advertising, Mrs. Junk picked up her phone, dialed HI. 4-9262, and placed this ad to run only once in the South Side Leader.

Blue parakeet, vicinity of 343 Jenkins-av, reward. HI. 4-6769.

Results? Mrs. Junk's pet was returned to her the same day the ad appeared. For the best results, try the Leader first!

PRUDENTLY constructed is the new home of the Prudential Insurance Co. Scioto office, at 1734 Livingston-av. The building, which was valued at $40,000 in its building permit, is being rushed to completion by Barry Buildings, Inc. The modern-appearing structure is one of concrete block construction. The Gadabout

By Priscilla LaRue Dicke
GA. 1631

Everyone must be out of town on vacation, for our phone didn't ring much last week. Maybe next week will find the wanderers once more safely at home and eager to tell of their adventures.

Mr. and Mrs. Ralph Ross and their three cute children made a five day trip in the Southland, heading for Tennessee and neighboring states, this past week-end. Their home address is 746 Thurman-av.

Visitors to Columbus last week were Herman and Margaret Nader of Washington, D.C. The four Nader offspring accompanied their parents. Visiting time was divided between Herman and Margaret's parents, who are Mr. and Mrs. Nader of Wilson-av and Mrs. Elma Young of Studer-av.

A surprise birthday party marked the newly acquired 11th year of Sharon Natrop, 610 S. Lovelle-st, on the 14th of the month. Attending were Nancy Holland, Susan Hensel, Barbara Hofmann, Rose Ann Higgins, Linda Wallace, Virginia Sopher and Carol Ann Baum.

Mr. and Mrs. N. C. Oelgoetz of Southwood-av and Mr. and Mrs. Ed Kavanaugh spent their vacation at Lake Erie this year. Week-end visitors of Mr. and Mrs. Oelgoetz at the Lake Erie vacation spot were Mr. and Mrs. Kunkler and daughter, Peggy Sue.

A Black and a White have early August birthdays and both are children. "Black" has the first name of Barbara, while "White" answers to Larry. Larry's big day is the fifth and Barbara's the day after.

The silver wedding anniversary of a very good friend shouldn't pass unnoticed, so belated wishes of happiness to Grace McCaffrey of Frebis-av. Naturally the wishes extend to the other half of the duo, Buss McCaffrey.

It surely seems good to have the Itskins back from their three week vacation trip, which took them to the West Coast. While there, they visited Willa and Lu Davis, so recently of Columbus.

Any youngster, age eight to 17, who is an avid follower of the "Phantom Rider" has an invitation to join the newly-formed "Phantom Rider Fan Club." The group plans to engage in such projects as collecting comic books for Children's Hospital. For complete information, call Beverly Ramey, HI. 3-3472.

Visitors to the Wolverine State earlier in the month include Mrs. Blackburn, Mrs. Peterfish and Mr. and Mrs. Paul Davis. The foursome visited Mrs. Peterfish's son and family, Mr. and Mrs. Paul Peterfish.

THOUGHT FOR A BUSINESSMAN

There was once a true story of a little old man who lived up in the mountains with very little source of income and poor living circumstances.

As the story goes the old gentleman was an enterprising man and he scraped enough ingredients together to make a few hamburgers, hot dogs and snacks. He set up a little stand on the roadside and practically flagged down tourists to get them to buy his wares.

He put up a lot of road signs, and in his uneducated manner advertised in everyway possible.

His business thrived and grew to fairly great proportions. At least he saved up enough to send his son to college to prepare him to carry on the thriving business.

The son came home from college prepared to take over the business and in a very discouraging manner said "Dad there is no use carrying on, there's no business. Business is in a bad depression."

So the father, believing his son, didn't bother to put up any more signs, dropped all of his advertising and business fell down to nothing.

When the father reached the bottom, because he believed his son, he said "That's right son, There is no business.

Digested Text Of Election-Enabling Marion Twp. Annexation Ordinance

EDITOR'S NOTE: For the benefit of South Side residents, the following summation of the major portions of the ordinance paving the way for voting this fall on annexation in Marion Township is presented. Only the "whereas's" and other legalistic phrases have been deleted from the ordinance passed on July 12 by city council and approved the same day by Mayor Sensenbrenner.

According to the ordiance, it's purpose is to assure the inhabitants of Columbus an orderly program and area of expansion, and, at the same time, give Marion Township residents the chance to use the services of the city.

It points out that annexation is necessary to accomplish these objectives and that the proper method is by balloting next fall, and that an "emergency exists in that it is necessary to annex said territory as soon as possible for the immediate preservation of the public peace, property, health, and safety."

The following property would be involved in the annexation:

All of the following described portion of Marion Township, Franklin County.

The GRIM REAPER

Do you believe in God, the church, heaven, hell? Are you ready to die? If God should say, "this day thy soul shall be required of thee," how would it be with you? Great preparation must be made if the harvest is abundant. Are YOUR treasures stored in heaven or in your barn? When the GRIM REAPER comes to AVENGE, will you be ready? Or are you one who scoffs the church, derides God, and laughs at death? If so the unspeakable bottomless pit awaits you. The GRIM REAPER will not come to AVENGE, but rather to REVENGE. There may be time yet — COME TO CHURCH.

AT THE

PLAYGROUNDS

DESHLER PARK

Deshler Playground had to postpone the regular Tuesday evening movies this week because the electricity went off during the storm, but movies will be held as usual every Tuesday from now on at 6:30 p.m.

Three children — Jay Fleshman, Virginia Fleshman and Mike Smith —have been taking advantage of the free swimming lessons held at Maryland pool for the two-week period.

For arts and crafts this week the children at Deshler have been painting, drawing, making things from paper, and have started working on hand puppets made from sawdust and wheat paste. The biggest project has been getting the lanterns made for the city-wide Lantern Parade held at Central High School this week. About 20 lanterns and a small float to lead our playground have been finished so far this week. The lanterns are made from cardboard boxes or cartons, lined with crepe paper, and have decorations painted on the outside.

The children who had completed their physical fitness tests received their AAU certificate awards this week. There have been some pretty active volleyball games in the evenings this week, with more older children coming to the playground.

Later this week: The lantern parade was very beautiful this year and quite exciting for all the children, as well as for the parents who came to watch it. Jimmy Westlake led Deshler Playground in the parade with a small float reading "Deshler Danday Designs."

The following children carried lanterns from our playground: Jack Kettler, Susanne Westlake, Jay Fleshman, Karen Fleshman, Virginia Fleshman, Ricky Berry, Barbara Scherer, Andriana Lamb, Sharen Held, Rose Ann Miller, Bob Schwab, Richard Schwab, Sheryle Green, Carol McCosky, Ned Rick, Carol Deibel, Mike Smith, Hank Machtel, Patty Carney and Tommy Griner. Deshler won second place in the "best workmanship" category.

Playground assistants for the week have been Barbara Scherer, Jack Kettler, Jay Fleshman and Roseanne Miller. Each child who has served as a playground assistant will be treated to a free movie at the Palace Theater, Aug. 7, by the Columbus recreation department. Also the parents serving on the playground advisory council are invited to the free movie, entitled "Richard and the Crusaders."

The Little League tournament is well under way at Deshler. The Yankees are still in first place and have increased their lead by downing the Indians 28-3 last week. In other games, the Braves blanked the Pirates, 13-0, behind the no-hit pitching of Jerry Spires, Jr. He also fanned 13 boys.

The team standings are as follows:

The two top teams at Deshler will play in the city finals Aug. 9-13.

Softball games at Deshler were postponed because of rain last week. Tournaments are to be held the first week of August.

KARNS PARK

During the week of July 19 to 24 there were three Little League games, two senior softball games, and one intermediate softball game. Thursday evening the children, from Karns participated in the annual lantern parade at Central High School.

In Little League games, the Wildcats beat the Tigers 24-5; the Lions beat the Tigers, 10-4; the Wildcats beat the Polar Bears, 10-1. This puts the Wildcats in first place with three wins and one loss, followed by the Lions and Tigers with 2-2 records.

Last place is occupied by the Polar Bears with a 1-3 record.

The intermediate softball team lost to Sunshine Park, 16-8. This makes their record one win and two losses, with two more to play.

The senior team has won four straight against Southview, Livingston, Schiller and Glenwood. They have Sunshine and Sullivant Gardens yet to play.

Thursday evening, July 29, at 5:30, the South Side Junior Olympics will be held at South High School. The Karns and Schiller teams expect to be up there among the leaders, but latest reports indicate that Lincoln Park has been in secret preparation for weeks in hopes of pulling an upset over the two other strong South Side teams. Southeast Lions and Deshler also plan to enter strong teams.

LINCOLN PARK

The Junior Boys' softball team won over Palsgrove last week, 18-0, but lost to Livingston, 7-5.

The Junior Girls' softball team won over Palsgrove, 7-0, but lost to Sunshine, 27-9.

Schiller Park was host to Lincoln Park's Girls' Intermediate team Tuesday, July 20. Lincoln was leading 5-3 in the bottom of the third inning when the storm broke loose and ended the game. Elona Sabo had a homerun for two times at bat and Darlene Standiford had a single and double for two times at bat. This game has been rescheduled for Tuesday, July 27.

The Lincoln Intermediate boys' softball team continued on its way toward the title of the Southwest Sectional Softball League by defeating Sunshine's team 8-7. A win this week over Sullivant Gardens will guarantee the title for Lincoln Park. Big George Devlin contributed strongly to the hitting attack by collecting a single and a homerun in four times at bat.

The past week at Lincoln Park was climaxed by the Lantern Festival Thursday evening. James Massey and Richey Fink won first place for having the oddest lanterns. They had twin robots which were painted grotesquely. Other children who made lanterns were Laura Hamler, "Pink Wedding"; Jan Hamler, "Shadow Dancers"; Helen Fink, a house; Jim McGee and Jane McGee, a dog show; Thomas Large, an aquarium; Beverley Edwards, red schoolhouse, and Daryl Sowers, bird cage. Roger and Eugene Harper led the Lincoln Park section of the parade, pulling a wagon entitled "Salute to Abe." The wagon held a log and axe in memory of Abraham Lincoln's log-cutting days.

The next big playground event will be the all-playground pageant to be held at Central High School on Aug. 19, 1954. The children began working for this special occasion on Monday.

Also, the children are beginning to learn new rope jumping stunts for a contest which will be held later.

Better late than never! Here are the winners from the sectional play day which was held at Lincoln Park:

Three legged race—first, Jack Kettle and John Westlake; second, Ted Redmon and Mike Blake; third, Eugene Harper and Jerry Dennison.

Sore toe race—first, Karen Boquist; 2nd, Eugene Harper; third, Jack Kettler, Janet Hamler and Mike Blake.

Paul Revere race—first, Mike Blake, Richard Fink and Billy Fink; second, Danny Marcas, Eugene Harper and Mike O'Brian; third, Jerry Dennisen, Jack Roberts and Tommy Rettemmer.

Wheelbarrow race—first, Jerry Dennisen and Jack Roberts; second, Eugene Harper and Marland Johnston; third, Mike Blake and James aMssey.

Fifty-yard race (boys') — first, Jack Roberts; second, Eugene Harper; third, Jerry Dennisen.

Fifty-yard (girls') — first, Karen Boquist; second, Helen Fink; and third, Janet Hamler.

One hundred-yard race (boys')—first, Jack Roberts; second, Eugene Harper; third, Sonny Bobo and Jack Kelter.

One hundred yard-dash (girls')—first, Karen Boquist; second, Helen Fink; and third, Janet Hamler.

German Evangelist Is New Pastor Of Church Of Christ

The E. Gates-st congregation of the Church of Christ announces that Fred L. Casmir has taken over the work at this church. Rev. Casmir is a native of Berlin, Germany, and has been working as a missionary in Heppenheim, Germany for the last four years.

He spent two years in the U. S. previously when he studied from 1948-1950 in David Lipscomb College, Nashville, Tenn. His wife came as a missionary nurse for the Churches of Christ to Germany and they were married in Frankfurt in 1951.

Rev. Casmir, who served as an officer's cadet in the German Air Force during World War II against the Russians, was converted by missionaries of the Churches of Christ whom he met in Frankfurt after the war. At the present time he is planning to work with the E. Gates-st Church of Christ for about five years, and will be working towards his Ph. D degree in the field of Speech at Ohio State University at the same time. After finishing his work here, Rev. Casmir and his family plan to return to Germany for more mission-work.

How's that for a neat exchange? You pay $75 — you get back $100! That's what happens when you invest in United States Savings Bonds. In less than ten years, they'll pay $4 for every $3 you put in — more if held longer. The Payroll Savings Plan is the easy way to roll up a nestegg of Savings Bonds, steadily earning extra dollars for you. Your employer will set aside whatever you want saved for you each payday. Then it's automatic — the money never goes through your hands. Saving is simpler than you think—on the Payroll Savings Plan.

South Methodist Bible School Arranges Closing Program

The Daily Vacation Bible School of South Methodist Church will close Friday evening, July 30, with a program and exhibit of handwork at 7:30 in the recreation room of the church.

The school, director of which was Mrs. Mabel Trigg, has been well attended by a group of more than 75 pupils, teachers and workers of three departments.

The Christian Way has been the theme of the school. A special event was the "Imaginary Trip Through China", with Rev. Charles S. Nichols as guide, showing items from China and dressing as Chinese.

Religious and nature films from the Columbus Public Library were shown and treats served by Mrs. Earl Yockey.

The kindergarten department was under the supervision of Mrs Dora Dayton, assisted by Mrs. Melba Cox, Beth Edwards and Louise Masters.

The primary department was under the supervision of Rosalie Lemmon, assisted by Beverly Darst, Lois Riffle and Barbara Nicholson.

The junior department was directed by Mrs. Walter Peters, assisted by Mrs. Harley Hicks, Jerome Richardson and Eddie Straub.

Mrs. Helen Hedges was teacher of a painting class and Mrs. Frank Workman served as pianist and secretary. Diane Denney, Patty Bryant and Nancy Rothwell of the intermediate department were workers the second week.

Admiral DeWitt C. Ramsey, president, Aircraft Industries Association: "The greatest long-range manpower problem of the aircraft industry is the acute shortage of qualified engineers and scientists."

A THANKLESS TASK

Job Of Emptying City's Garbage Cans, Cleaning Streets An Unglamorous One

By Charles W. Barrell

Editor's Note: Barrell is clerk of the Columbus division of street cleaning, garbage and refuse collection and disposal. It deals with not a very pretty subject with one that should be of interest to all of us not only for its wealth of information but for the humorous manner in which it is told. We believe that if you will pay attention to the author's advice, you will help your community to become a better place in which to live.

* * *

I represent the Division of Street Cleaning, Garbage and Refuse Collection and Disposal.

Unlike the police and fire departments, which you all hope you will never have any dealings with, or other city divisions which you contact maybe once or twice a year, this division is dealing with you daily, in the front of your home, in the allays, and over the streets you travel. All in all it is a thankless job, and criticism for a job not done, is about all the publicity we ever receive.

Many of the questions asked us by students of civic government seem to deal with personnel, rather than the mechanical side of our activities. Our questioners usually start off by asking why more pressure is not brought to bear on the public who make the refuse to cooperate with us. That's rather a hard question to answer.

I am afraid that a great many people right here in Columbus would permit garbage and refuse to build up to the level of their windows unless compelled by laws to do otherwise.

The next question usually contains the query, how about the men who actually do the work on our streets and in our alleys.

Well, YOU get up some morning, it's steaming hot, you go to an air-conditioned office for the day, but these days do not stop our garbage men, the public demands regular service, regardless of weather conditions.

These men must also tolerate abuse, cuts from broken glass, scratches from old wire fences, and nails through their shoes, caused by stepping on old crates thrown out by careless people. Dog bites, jagged containers, garbage cans with bottoms out, and numerous other aggravations try the patience.

There are various methods of disposal such as the reduction method—fermenting, distilling, removal of grease and finally winding up with commercial fertilizer. At one time Columbus used this method. The feeding method, consists of cooking and feeding directly to hogs. The land-fill method—burying both garbage and rubbish together—claims the most economy. Columbus favors the incineration method, but we also have a land-fill project in the course of development, burying rubbish only.

Franklin County uses the land-fill method, almost exclusively, handling both garbage and rubbish. The refuse is dumped into a trench, then packed down very close and tight with a heavy bull-dozer, then covered with the dirt which had been removed. Incineration is used generally in our larger cities, as sufficient rubbish, or burnables are collected to consume the garbage.

Some day I believe that we will have to conserve everything that will replenish the soil in the form of mulch. This will include all garbage, which we now destroy. Civilization depending upon six inches of top soil, the constant increase in population, the erosion of soil, and poor farming methods, will eventually compel us to do this.

Because of our present method of disposal in Columbus we encourage the wrapping of garbage for the purpose of assisting in burning together with other burnable refuse. Wrapping not only is more sanitary from your point of view, but lengthens the life of your container. All garbage and burnable material is handled mechanically after being dumped into the storage pit from the trucks.

This division from its inception has depended upon appropriations by city council from the general fund for its operation. Never in its history has any money been earmarked from taxes for this particular work, except the year 1944 when a direct garbage tax was imposed.

Our street cleaning division at present is operated on the basis of direct taxation, collected from assessments on main thoroughfares and downtown streets, together with a portion of the gasoline tax. Other non-assessed streets are cleaned when schedules are completed or when funds are available. Each year we clean more than 18,000 curb-miles of streets using mechanical sweepers, flushers and hand patrol.

In past winters we have usually hauled about 7000 loads of snow and dirt from our streets. In other years our consumption of rock salt and calcium chloride, together with sand and cinders, was only a token, compared with big snow of the winter of 1950-1951.

In 1934 street cleaning assessments were removed from all residential streets which took away from this department about two-thirds of its revenue. Since that time working schedules have been altered at various times to conform to the funds available for labor and outlay for new equipment. This schedule for cleaning is made up annually, however, it necessitates support from the general fund on occasion.

At present we are using five mechanical sweepers and five flushers day and night during non-freezing weather, four to six street crews during the day and about the same number at night, including the market cleaning crews. We have four white-wings continuously on High-st during the day from Livingston-av to Union Station.

More than 7000 dead animals are removed from the streets with one pickup truck traveling about 19,000 miles to do the job. The animals are mostly dogs, but quite a few cats and once included 20 turkeys after a wreck. Also removed have been rabbits, squirrels, a monkey, a bear, several possums, coons, skunks, two goats and 100 chickens at one time, and a truckload of fish.

During the past two years, we have collected approximately 50,000 tons of garbage, averaging 219 pounds per person, and meaning about six million collections by us per year. The total loads per year run about 20,000.

For collection purposes, the city is divided into 27 zones or districts. One truck is assigned to each district. This schedule was set up about 10 years ago. The amount of refuse and garbage collected by each truck is fairly equitable and so arranged that each crew can cover its entire route in five days during ordinary months.

Our peak loads are months of July, August and September, when fresh fruits, vegetables and wet garbage increase the tonnage and also complicate the disposal.

Each truck in each territory averages about 15 loads per week or one time over, with a driver and two ground men. The shortest route is 61 miles, the longest 231, with the general average being 154 miles per route for the five days, or one time over.

Under the new work schedule of 40 hours per week and paid holidays, we forgot to put the public on 40 hours as is evidenced by the fact that more garbage is made on Saturday and Sunday than any other days.

Rubbish, such as ashes, cans, etc., are collected once each month, excepting during snow and hard freezing weather when most crews are assigned to snow and ice control and removal. Rubbish could be handled in just half the time with half the effort if everyone would conform to the ordinance governing this phase.

You would be surprised to know how ineffective can be the most conscientious effort on the part of a crew to find that after they have gone through an alley and cleaned up everything in sight to find maybe a dozen complaints phoned into the office from just one square, complaining of misses. This can be accounted for by the rubbish being put out after the crew had gone through.

We are at present experiencing some difficulty in finding suitable dumping ground within reasonable driving time of various sections of the city. It would be fine if everyone kept their cans, bottles, and ashes separated from all burnables which we could use to help dispose of garbage, leaving all non-burnables for the dumps. If this were done, there would be no dump fires, no complaints of people living in the neighborhood of the dumps.

Now here is where you can help: The Columbus general code defines rubbish as all household waste matter such as paper, straw, excelsior, rags, bottles, wearing apparel, corn husks and cobs, tin cans, food containers, grass trimmings, etc. This does not include waste materials accumulated in construction remodeling or repairing of buildings. This must be taken care of by the builder himself.

The code provides that all rubbish be placed in a suitable container, to be water-tight, capacity not to exceed 50 gallons, and not of sufficient weight that cannot be moved by one man. Receptacle shall be placed within suitable location, readily accessable to collectors, or 25 feet of dwelling.

Further, the code requires that ashes and other rubbish shall be separated from garbage, other bulky articles must be broken up and bundled. Receptacle to be kept within the lot line or a place convenient for collection.

Not so difficult to conform to the above rules, do you think?

Mrs. Heiser Suggests Surprise Ingredient For Salad Dressing

Mrs. Marcella Heiser, 386 Hinman-av, offers some easy-to-follow hints on making tossed salad, making it appear and taste tangy and appetizing, the perfect touch to a summer-time spread or a lazy day buffet. The difference is in the salad dressing to which Mrs. Heiser adds mustard.

Mrs. Heiser, a member of the New Loyal Union WCTU, has been an active member of the Washington Avenue Evangelical and United Brethren Church for the past 17 years, where she is vice-president of the Ladies Aid, director of the junior choir, member of the senior choir, organist for the Youth Temperance Council, and has been youth director for 12 years.

Two of her four children are still in school. Audrey Ann attends Barrett Junior High, while Martha Sue attends Reeb Avenue Elementary, where her mother is president of the PTA. She has two married children, Mrs. J. Vance, and Norman James Heiser, who just returned from service.

Tossed Salad

Head lettuce, tomatoes, celery, radishes, mango and cucumber.

Mix the above ingredients in proportion to the number of persons to be served. Add one teaspoon mustard to your favorite salad dressing for a pleasant tangy flavor of which your family and guests will never tire.

12th District Legion Auxiliary Will Help In Lockbourne Project

By unanimous approval, members of the Twelfth District American Legion Auxiliary attending their annual convention at Nord Est Post home on July 15, voted to support the Lockbourne Air Force Base Annual Sports Car Races by selling Souvenir Programs during the races on Aug.8.

After hearing a report from Lt. Col. Donald McCash, Lockbourne representative, concerning the need for additional comfort facilities for the airmen, and how the money was spent which was received from last year's races to furnish the day rooms with television sets, comfortable chairs, floor lamps, etc., Auxiliary members voted to support this year's project.

Mrs. C. E. Haberling, 1704 Case, district president, appointed as chairman, Mrs. Ralph Hedrick, 274 S. Monroe-av. Mrs. E. F. Dellenbach, 82 E. Dodridge-st. Mrs. W. L. Minnemeyer, 781 S. Burgess-av, Mrs. D. P. Leiter, 1112 Eyclaire and Mrs. Arthur Coleman, 1128 Hildreth, were named to serve on the committee.

During a luncheon meeting at the Maramor Restaurant on Thursday, July 22, the district was divided into four groups and each of the four members of the auxiliary committee was assigned to head one of these groups.

Each unit of the district is to provide from four to six girls to sell souvenir programs at the Sport Car Races and will credit the hours served in their community service reports for the year.

Emphasis was placed on the fact that whereas they comprise a possible 8 or 10 per cent of our community business and family life, that every effort should be made to look to the comfort and happiness of the airmen and their families.

Participating in this program is another way of expressing the appreciation of the American Legion Auxiliary for our very fine air base and its importance.

Headquarters for the auxiliary committee on the day of the races will probably be the Airmen's Service Club. Comfort and rest facilities will be provided. Bus service has been arranged between Memorial Hall and Lockbourne Air Base for auxiliary women who are to participate in this project.

Attending the luncheon, which was planned and presided over by Judge William C. Bryant, chairman of the finance committee for the Franklin County Council of the American Legion and Lisison officer between the Lockbourne Sport Car Race Committee (of which he also is a member) and the Legion and its Auxiliary, were the following:

Mrs. William C. Bryant, hostess for the occasion, Mrs. Haberling, Mrs. Hedrick, Mrs. Minnemeyer and Mrs. Leiter of the Legion Auxiliary, and representatives from Lockbourne, including Major "Rocky" Chambers, deputy project officer, and Major W. G. Johnston, who assisted in the arrangements for the auxiliary project.

TIP FOR TRAVELERS

Mr. and Mrs. Russel Hiner, 441 Catherine-av, who recently returned from a three-weeks tour of Florida with their 15-month-old daughter suggest that travelers eat three good meals a day and don't piece. Mrs. Hiner adds that parents don't worry about their children half as much if they take them with them on vacations rather than leave them at home.

GIRLS ENTERTAIN MOTHERS

The Aowakiya group of the Camp Fire Girls of St. Marys School, S Third-st, under the leadership of Mrs. Roman Eyerman and Mrs. Karl Digel, entertained their mothers with a spaghetti dinner in the school cafeteria. Marion-Twp. Sidelights

By Joel Snyder
HI. 4-6886

News in Marion Township this week is developing around three themes. The first and most imminent is the proposed water and sewage system which if carried through to a successful conclusion, will service the southern portion of Marion Township and the northern portion of Hamilton Township. Both areas, as of this time are lacking these services, and there is little hope that they will acquire them unless the proposed plan is realized.

Sensing that the establishment of a separate water and sewage system would be a boon to proper development of the areas now without these services, the Citizens Association has advocated and supported a survey being made by the county sanitary engineers, investigating the possibilities of such a project.

For added strength, the Marion Township Citizens Association has teamed up with the Hamilton Township Citizens Association on this issue and a high point in the development will be reached next Thursday when both groups hold a joint meeting at Marion-Franklin High School, open to the residents of both townships.

The meeting will be called to order promptly at 8 p. m. and Dessa T. Mitchell, Franklin County sanitary engineer, will report on the current survey made by his department. Early reports indicate that the proposed plan would be entirely feasible from the standpoint of engineering, while the obvious advantages such as increased

EYESIGHT IMPROVING

Alert South Siders Discover Five $1 Insignia; Jackpot Goes Begging

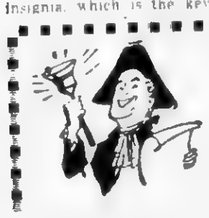
Just when we were wondering if more optometrists, optometers, opticians, and oculists weren't needed on the South Side, due to our readers' apparent inability to discern the insignia plainly printed in the Leader advertisements, FIVE people presented their papers at the Leader office pointing out the insignia they had found.

One such winner who cashed in on the $1 insignia she found was Mrs. Everett Hohensack, 684 Stewart-av. After exchanging the insignia for "Confederate" currency, Mrs. Hohensack remarked, "I've looked for one every week since the contest started. Even though I was really looking for the jackpot insignia, the $1 one came as quite a shock. My son put a little with the Confederate dollar and bought a bicycle light at Branson and Koch Hardware Co.

Other $1 winners were Frank Pelikan, Apt. B, 640 Woodrow-av; James L. Wagner, South Side YMCA, 864 S. Third-st; Mrs. W. H. Canfield, 852 Oakwood-av; and Norman Camp, 21 Mithoff-st.

Five South Siders have cashed in on their good luck but none of them discovered the valuable $5 insignia, which is the key to the jackpot which contains $69 this week.

Why don't you play treasure hunter. If there is an insignia in this copy it will be plainly visible. Take a good look through the advertisements in this paper. You might find yourself $69 richer if you do. There are also five more $1 insignia to be found this week, and these all redeemable in merchandise at any business establishment ... in this issue. Check the box at right for complete detail.



Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper take it at once to the office of the South Side Leader, 1542 Parsons-av, before Friday at 5 p. m. It will be redeemed for $1 in "Confederate" currency which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

BEST news of the week seems to be that baby fish have been, how shall we say it, maybe found in the aquarium at the Fayette Beauty Shop. Two jet black fish have produced 11 offspring and they are now on exhibition. The Fayette has provided this aquarium to give their customers something to watch while having their hair taken care of. The Fayette is also providing a special back to school permanent for children under 10 years old at the nominal fee of only $5. This is something for all of you mothers to look into.

South High's Bulldogs Will Don Their Pigskin Jerseys Aug. 18

Eugene Yontz, head coach of the South High Bulldogs disclosed this week that uniforms would be issued Aug. 18 and that practice sessions would begin Aug. 20. Definite pre-season scrimmages have not, as yet, been arranged with any schools.

Yontz stated that the team may be slightly impeded during the first part of the season because it has no returning ends and no players experienced in that position. However, he added that there is a possibility that Clarence Pointer, who excelled in basketball last season, may go out for football this season and in that event will probably be placed at end.

Yontz has nine returning letter men who figure in his plans this year. They are Wilbur Lewis, center; Kenny Webb, guard; Ed Bapoist, tackle; Dick Shirey, tackle; Jim Burton, tackle; Roland Taylor, guard; Peyton Black, halfback; Ronnie Wilkes, fullback; and Bob Hart, quarterback.

Black was rated by some as the best in the city last year, according to Coach Yontz and received honorable mention on an all-city team.

Senior Bob Hart has been on the squad for two years and Yontz declared that he has been improving steadily. This will be his first season on first-string. Yontz stated that Hart had gained great renown as a bowler in the past few years and added, "We hope he'll bowl them over on the gridiron too."

The Gadabout

A convalescent who would appreciate cards is Harry Wolfe, 519 E. Welch-av. Mr. Wolfe is recuperating nicely after his stay in St. Francis Hospital. Another South Sider who is happily returning to health is Donald Frey, 1627 S. Third-st. This young gentleman learned to the fullest about "emergency appendectomies," and in the hard way at that!

Mary Eichel was left sisterless for a few days last week when one sister was in Michigan, and the other was on her way to California. Millard and Lucille Hussey, with offsprings, were the ones who were vacationing at Plat Lake, Mich. The Husseys are residents of 679 Thurman-av. Harry and Wanna Ebert, 47 Thurman-av, left for California last week and will be gone until Aug. 31.

Another family that is currently enjoying the summer activities of Plat Lake is the Canter family. Russ and Cleo should be able to get plenty of fishing done and how that Russ loves to fish! The Canters hang their hats at 57 E. Morrill-av.

If you have a cheery card available may we ask that you send it to Julia Smith, 1708 S. Pearl-st. She is gravely ill in White Cross Hospital.

Mr. and Mrs. William Speth, 511 E. Welch-av, entertained relatives from Vincennes, Ind., last week.

Mary Ann Whalen was duly surprised last Friday when 11 of her friends gathered for a "stork shower. The women attending the social event were Nellie Kaufman, Lora Itskin, Frances Rumsey, Jane Wycoff, Dorothy Plageman, Mildred Anderson, Mary Cahill, Grace McCaffrey, Ann Nolan, Sarah Stouts and Priscilla Dicke. The shower was held in the home of Frances Rumsey, 222 Firebis-av. Frances is quite a busy gal these days, for she and Lawrence are entertaining relatives from the Empire State, Mr. and Mrs. Harrison Rumsey, from Ithaca, N. Y.

An urgent call is being sent out to all women who have worked on the polio drives in the past. There will be an emergency drive on Aug. 26. Funds are needed desperately as the needs have been extra heavy this year. If you worked on the drive last winter, contact the person you worked for, or call Mrs. Don Ryan, HI. 3-1332. She will give you all the necessary information. The drive will be a one hour one, from 7 p.m. to 8 p.m., Aug. 26.

Mr. and Mrs. Houghton and son Billy, 515 E. Welch-av, and Mr. and Mrs. Aaron Johnson Sr., 485 Llewellyn-av, took advantage of one of the recent pretty week-ends to motor to Bostoria.

Congratulations to the girls of the Southwood Church of Christ on winning the city championship again this year. That should make the convalescing coach, Milt Bonnette, recuperate just a little quicker!

Walter and Margaret Miller, 1400 S. Sixth-st, should be soaking up lots of sunshine this week, for they are vacationing at Indian Lake. Their son, Stevie, is assured of companionship on the outing as he is host to a young friend, Don Redifer.

Another surprise "stork" shower is in our notes this week, the one given by Molly Minnini and Marge Hoptry for Mrs. Carter. The two hostesses entertained in the home of Mrs. Petrasio, 1632 Parsons-av. Forty-five women were invited to the affair.

Miss Harriet Dieter, vice-principal of Barrett Junior High School, is currently enjoying the beauties of Colorado (according to Lana Itskin, that's the most beautiful state in the Union, bar none.)

Members of Trudeau Guild No. 12 really surprised Lillian Ryan when they met at her new residence and showered her with gifts for an old-fashioned "housewarming." The Ryans are now residents of 816 S. 17th-st, having moved from 459 Siebert-st. The Ryans are really proud of their first grandson, too, but wish they could see him a little oftener. The boy is the son of Don and Wilma Ryan of Washington, D.C. The other son, Jerry, is now stationed in Panama. A furlough home preceded his embarkation for the equatorial country.

The Wycoff twins, Jimmy and Judy, will arrive in their midteens when August arrives at the 14th day, so Happy Birthdays, you two "J's."

Another item in our notes is also about twins, so we'll follow the Wycoff twins' birthday with news of the Elliott twins. Isabelle and Evelyn. Their parents, Mr. and Mrs. Chas. Elliott, and a niece, Donna Jean Grandon, all of 346 Sheldon-av, left for Florida on July 31 and plan to be gone for three weeks. Donna Jean figures further in the news as she had a birthday on July 24. Since she was in camp at the time, her folks waited until July 26 to surprise her with a party.

Ailing members of the community are Mrs. G. A. Raymond, 1708 S. Third-st, and Mrs. Hagelbarger, 239 E. Thurman-av.

Proud new parents are Mr. and Mrs. Harold Hagemann. Their youngest child, a boy, will henceforth have July as a birthday month.

Tomorrow is a big day for Donald Hausen of Jaeger-st, for he makes his debut into the magic teens.

A South Side resident will be the oldest member present when the Stewart family has its reunion in Greenfield this Sunday, Aug. 8. Pat Stewart, who is nearing his 80th year, is the patriarch of the family. His home is at 242 Jenkins-av.

Recent visitors from Medford, Mass., were Mr. and Mrs. Paul Drake and their nine month old daughter, Sharon Elaine. This was the first time the Columbus relatives had seen the youngest Drake and they really enjoyed it. While here in Columbus the Drakes visited with Mrs. Anna Drake, 670 E. Gates-st.

The Wednesday afternoon Scratch League has openings for women bowlers, and anyone interested may get complete information by calling June Bethards at HI. 4-4167. The league bowls at the Parsons Recreation, 1 p.m., on Wednesdays.

Guess we're used up all our items for this week. We'll be hoping to hear from you, don't forget. Till next edition then, 'tis the Gadabout.

Mrs. K. K. Merrifield has been blind for many years . . . a recent operation caused her to regain her sight just in time to celebrate her birthday last Saturday . . . a wonderful birthday present, to be able to see her beloved family and to enjoy the beauties of nature once again.

Best wishes for an early and complete recovery to many who have been ill and hospitalized. Mr. Ford Gaulke, Myrtle Ball, Mrs. Catherine Oiler, Frank Workmaster, Dr. Ray Leupp, Ileane Scarberry, Riley Kirby and Mrs. William Daugherty.

5 Generations Represented In S. Side Family

Five generations came into the picture of a South Side family this week with the arrival of Edward Thomas Bledsoe, born to Mr. and Mrs. Jack Bledsoe, 1322 Lockbourne-rd. on Friday, July 23.

Eighty-year-old Mrs. Marv Weiner represents the first of the five present generations of the family which moved to Columbus from Corning, Ohio, some 25 years ago. Mrs. Weiner, who now resides at 408 S. Yale-av, is the mother of eight children. Among these is 54-year-old Mrs. Grace Martin, 1011 Wilson-av. mother of 36-year-old Mrs. Frances Meinert, 1322 Lockbourne-rd. who in turn is the mother of 18-year-old Mrs. Rosemarie Bledsoe, mother of the week-old child.

The baby's father, Sgt. John Bledsoe, has served in the U. S. Marines since 1947 and was in active duty in Korea. He is now with the Columbus office of the Marine Recruiting department.

Wave Of Color Hits Kitchen Appliances

Color is the big news in kitchen appliances. In a field that has been noted for its rigid adherence to gleaming white, unexpected glints of pleasant blues, silvery grays, chartreuse and gold have added newness and beauty. Some manufacturers have even gone in wholeheartedly for color. One firm has brought out washing machines in blue, soft green and fireman red. A refrigerator line has come out in five vibrant hues.

For the most part, however, color is introduced as an accent. In the refrigerator field, for instance, color has been introduced on door handles and on the decorative disks that fit behind them. The interiors of refrigerators have also proved to be fertile fields for color styling. In one gleaming model, a distinctive chartreuse is used as an interior trim color. This, it was found, harmonized with such popular kitchen colors as yellow, soft green and red. Gray is also being used as an interior trim for refrigerators.

Hungary fans leaving seats for quick snacks at some ball perks this summer will find TV sets at hot dog stands, so they won't miss a thing.

Advise Delay In Installation Of Hardwood Floors

If you are planning to build a house or have one built to specifications by a contractor, see that installation of the hardwood flooring is deferred until the proper time if possible, flooring manufacturers advise.

And when is the proper time? After all other structural work has been completed, the plumbing installed, the plastering and interior painting finished.

The purpose of this procedure is simply to protect the beauty of the hardwood. When the finish floors are laid too early in the construction stages they may be scratched or gouged by the dropping of workmen's tools or the movement of heavy equipment. The damage may be so severe that it cannot be easily remedied, even by sanding.

Covering the floor with heavy paper, as some builders do, affords a measure of protection, but the best insurance against damage is to follow the manufacturers' recommendations. The subfloor meanwhile can serve as a working surface for the various building mechanics.

Final Band Concert Slated For Sunday Evening At Schiller Park

The final summer band concert will be played at Schiller Park Sunday evening, Aug. 8, at 8 p. m. at which time the Columbus Federation of Musicians' Band will have as its conductor Ronert Hicks.

Hicks is conductor of the 37th Division Band, which recently returned from an extended tour of duty at Camp Polk, La. He will have as vocal soloist, Russell Butler, well-known local baritone and a member of the Singing Sheriffs quartet.

These concerts are free to the public and are made possible by funds furnished by the recreation department and those appropriated by the Columbus Federation of Musicians, Local 103, through a grant from the Music Performance Trust Fund.

Attendance at these concerts has increased gradually throughout the summer and plans are already under way for another series next summer with the possibility that a bandshell will have been erected in Schiller Park by that time.

Sunday's program includes March, "Ringling Bros. Grand Entry," by Sweet; "Suite for Military Band," by Anderson, including "Chaconne", "Intermezzo" and "March"; novelty, "Fiddle Faddle," by Gould; overture, "Die Felddermaus" by Strauss; vocal, "The Lost Chord" by Sullivan, and "Summertime" by Gershwin, both sung by Russell Butler.

"Promenade", by Anderson, will be followed by a march "From Tropic to Tropic," by Alexander. Intermission. March, "Band of America," by Lavalle; fantasy, "A Spanish Festival," by Dehersseman; "The Blue Tail Fly" by Grundman; vocal, "Some Enchanted Evening," by Hammerstein, and "Stout Hearted Men" by Romberg, both sung by Russell Butler; "Caribbean Fantasy" by Morrisset; march, "The Foot Lifter," by Fillmore; and "Star Spangled Banner."

THE LEADER PRESENTS

A Statement Of Policy

When we do take an EDITORIAL STAND on an issue involving the welfare of this community, we bend over backwards to present both sides of the issue in our NEWS columns—fairly, impartially and accurately.

Of course we can't give the "other side" an even break in our NEWS columns if its proponents get sore as our EDITORIAL STAND and refuse even to talk to us or submit NEWS for publication.

The Leader naturally doesn't have the large news-gathering staff a huge daily can boast. So, we're forced to rely a good bit on what is submitted to us. Charges or other allegations by the "other side" will be used and credited to their source (as long as these statements are not libelous) and fair and impartial treatment will be given to all concerned. Of course that doesn't mean we're willing to mix EDITORIAL COMMENT in the NEWS ACCOUNTS of your organization. That we refuse to do!

Incidently, as long as we are taking all you readers into our confidence, we might as well point out some of the problems involved in serving the community.

First off, our backshop is one of the fastest-growing, best-equipped and busiest in the city. It really does print everything from calling cards to a newspaper. In fact, we sometimes print as many as seven newspapers in one week, in addition to numerous phamphlets, signs, handbills, etc.

The very success of the firm means that "organization" is the keynote to the operations. We have to get "page dummies" back to the printers on a pretty tight scheduule.

It helps us help you, if you can bring or send as much of your material as possible into the office on Wednesday. Thursday, Friday, or Saturday morning for the next Thursday's paper. That'll make it possible for us to get pages "rolled" and out of the way early in the week, leaving us more time to concentrate on doing the best possible job with news that comes in later or that must be written immediately prior to publication.

We'd like to point out that this is YOUR paper, with news about YOUR doings, YOUR civic hopes, YOUR churches, YOUR clubs and organizations, YOUR schools, YOUR business firm, YOUR problems.

If YOUR (supply the proper noun) doesn't have someone specifically charged with the responsibility of getting the news of YOUR (again supply the same noun), make a motion at your next board meeting to have someone named. We're really interested in the very concrete accomplishments and activities of YOUR ———.

Then, follow through on this progressive motion by making certain that he or she either visits or calls the Leader for information as to deadlines, forms, etc., places his or her name, address and telephone number in our Registry of News Contracts, and really gets into the spirit of things.

THE CHURCH POINTS THE WAY.

Sunday Sermonette

AN UPSET WORLD

By Rev. Jacob Ashburn

An eagle stirreth up her nest, fluttereth over her young, spreadeth abroad her wings, taketh them, beareth them on her wings.—Deut. 32 11.

It is said that an eagle, in building her nest, builds it hundreds of feet up upon some mountain cliff. She fills the bottom with sharp thorns sticking up. Upon these sharp thorns is placed soft downy material, so that thorns are covered up and cannot be felt. When the little eagles hatch they rest upon this soft downy bed in comfort. In this comfortable position they would ever remain and not leave the nest while being fed by the mother eagle.

After a while the mother bird feels that it is time for them to learn to fly. It is then she comes to the nest, pulls out the soft bedding upon which the little eagles rest and they find themselves upon the sharp thorns. To escape the prick of these sharp thorns they climb to the rim of the nest. The mother eagle then comes and knocks them from the rim. Down, down they go seemingly to fall to their death upon the rocks hundreds of feet below. However before they reach the bottom the mother eagle stretches out her wings, dives down beneath and catches them before they fall to the rocks. Through this method the little eagles are taught to fly.

We are now in an upset world. Home, business, economic social, political and religious life, all are upset. Some are asking why God is allowing such. Why does God permit the things that are disturbing us? Why not a life of all ease, all plains and no hills, everything smooth and nothing rough, no crooked ways, all straight. God permits us to be disturbed to develop strength and character, that we may grow morally and spiritually.

God has disturbed this world to teach men their limitations and His strength. These times have brought men to the realization that there are problems they cannot solve, difficulties they cannot overcome, obstacles they cannot surmount and burdens they cannot bear. They need a power outside of themselves and above themselves and that power is God. To shut God out is to bring confusion and death. He has been shut out of so many places, sometimes even His Church. When He said, "Behold I stand at the door and knock," He was speaking of His church.

The world is what it is today for good or ill because of what somebody did in the past. The future depends upon what we do now. The eagle has stirred her nest and in this upset world we are being tried and tested as to whether we will allow God who is a living presence to use us in helping Him to usher in His kingdom in the earth.

SLUMBER PARTY

Job's Daughters, Bethel No. 5, are planning a slumber party for Aug. 7, at the Robins summer home. Preceding the party there will be a family pot luck and all members and their families are urged to attend.

SCHILLER PARK PICNIC

The Women's Class of the South Church of Christ will hold its annual picnic Tuesday at 5 p. m. at the shelter house in Schiller Park.

The heavens declare the glory of God, and the firmament sheweth His handiwork. — (Psalm 19, 1.)

Looking upward to the beauty and the orderly course of the myriad stars at night, how is it possible that a man could doubt there is God? And how wondrous it is that each of us, as each of the stars, is part of a loving God's creation, and of His plan.

CIO To Poll Community Residents About Compensation Law Changes

Within the next few weeks, many South Siders and other Columbusites will be asked to sign a petition to change the unemployment compensation law in Ohio. The petitions are being circulated by the Congress of Industrial Organizations (CIO) which maintains that the present law is totally inadequate to provide for human needs.

Harry E. Mayfield, president of the Columbus CIO Council, declares, "President Eisenhower, his Secretary of Labor and Under Secretary of Labor have urged the states on several occasions this year to increase unemployment benefits."

The CIO seeks to amend the present law in four basic respects:

1. Increase weekly benefit maximum to $50. (Present maximum is $30.)
2. Increase dependency allowances to $3 per dependent, not to exceed three dependents. (Present dependency allowance is $2.50 a week for no more than two children.)
3. Increase period to which workers are entitled to compensation to 39 weeks. (Present maximum is 26 weeks.)
4. Eliminate any willful and unfair appeals by employers.

Mayfield stated that the Ohio law has been getting worse instead of better. "In 1939, the first year benefits were paid under the law, the maximum weekly benefit was equal to 54.8 per cent of the weekly wage," Mayfield said. "Now the weekly maximum is equal to only 40 per cent of the average wage paid production workers in Ohio. This means that the jobless worker and his family today must take a 60 per cent cut in their standard of living."

Ronson's Barber Shop Marks Its 26th Birthday This Week

An exterior view of Ronson's Barber Shop

Joe Ronson of 1631 Wilson-av is celebrating his 26th year in the barbering business this week. His shop, located at 1208 Parsons-av has recently been air-conditioned to make his customers more comfortable while waiting to get a haircut. Although waiting is at a minimum here because Joe has two other barbers ready at all times, Walter Ballard and Cecil Wilson are the other two barbers associated with Joe and they are equally able and ready to serve you.

Joe has been located at this one spot for the past 21 years, formerly had been working for Harry Smith, just two doors south, for five years.

Born in Johnstown, Pa., Joe moved to Columbus at an early age and went to school both in Johnstown and East Columbus. Joe and his wife, Sylvia, both winter with his daughter and three grandchildren in Miami. Joe has also qualified for a barber's license in Florida and works there during the winter and can be found at the Parsons-av address each summer.

President of the Barbers' Guild of Columbus and a member of the Barbers' Union, and the Steelton Merchants' Association, Joe has always been active in civic affairs. He has been very active in recent years with the labor movement. He has one hobby which is golf and once in awhile he gets to shoot a game or two, but he won't divulge his scores.

Joe has stated that he hopes that he will be able to greet many more of his old customers and to say "hello" to any new ones that would care to stop in. One good thing about the policy of this barber shop is the fact that the conversation while you are in the barber shop is primarily up to you.

Ronson's Barber Shop makes a specialty out of children's haircuts and will also cut women's hair. Your hair can make or break you and the place to have it taken care of right is Ronson's Barber Shop, 1208 Parsons-av, declares Joe.

"Air conditioning, congenial atmosphere, and good barbering are the three things that we attribute our stay in business to and we hope to continue to be able to please the customers," says Ronson.

Drop in and say hello to a barber who has been on the South Side all of his life and is interested in community affairs.

HUSBAND ON OKINAWA

Capt. James B. Tanner, whose wife, Joan, lives at 736 Bedford-av, recently arrived on Okinawa for duty with the Ryukyus Command Headquarters. A strong U.S. outpost in the Far East, Okinawa is located off the coast of China between Formosa and the southern tip of Japan.

Capt. Tanner, son of Mr. and Mrs. Theodore S. Tanner, 44 E. Patterson, previously served with Eighth Army Headquarters in Korea. He entered the army in 1945 after graduating from the U. S. Military Academy at West Point.

TRINITY PLANS PICNIC

A congregational picnic of Trinity Lutheran Church will be held Sunday, Aug. 8, at the South Side "Y" Park. Worship at the picnic will be at 10 a. m. and a basket dinner will be eaten at noon. A program of children's games is scheduled for 1:30 p. m. and adult recreation and softball game will be at 2:30 p. m.

'Small Fry'

By J. Curtis Allen

"Now get ready, daddy, this is a shaggy dog story . . ."

Fifteen-mo.-old Clarice seems all set to pull the punch line of a hilarious gag and seems to be enjoying the effect on her audience tremendously.

She is the daughter of Mr. and Mrs. Edward Hamilton, 291 E. Mithoff-st.

MARION SIDELIGHTS—

(Continued from Page 1)

property value and decreased fire insurance rates should make the project quite acceptable to the prospective consumers. A tremendous interest is underway and a large turnout is expected.

Appreciating the fact that practically all residents of Marion Township will want to attend whether or not they have water and sewage service at the present time, the Citizens' Association has arranged to have movies shown in a large classroom for the benefit of the children.

The comedies, cartoons and action films should keep the kiddies occupied while mommie and daddie get the low-down on more important subjects. If the plan continues to run along as smoothly as it has been during the past three or four weeks, the prospects of water and sewage service loom pretty high on the southern horizon.

The second item that apparently is gathering interest is the million dollar school bond issue to be voted on this November. The bond issue, requested by the school board, would pay the way for additional schools to be built in the blossoming township. For those who are unfamiliar with the proposed bond issue, it might be well to point out that since a million bills makes quite a pile, it would be advisable to get acquainted.

It would be equally advisable to realize that the Marion Local School District is providing a highly esteemed public school system for its pupils. When you are talking about any new plan for the schools, you're walking down a dark alley by yourself. While the tax-payer is busy keeping his hand on his pocketbook, the parents are busy looking out for their youngsters.

As if this isn't enough to be concerned about, we'll possibly have another item on the ballot in November, namely, annexation. This brings us to the third item of interest this week. Rumors of new moves to incorporate are being heard, and from different quarters. While there hasn't been anything concrete to get excited about it can be reasonably assumed that the dragon isn't dead yet. Kicked around for years by various amateurs, there's still a chance that somebody will make a real game of it. We suppose that a guy has to make up his mind sometime about it, but it might be easier to leave town rather than decide what is best.

One thing for sure, there has not been enough facts presented in favor of incorporation at this time, and that's the reason the Citizens' Association has elected to oppose the move.

The Youth Fellowship is having a "Ranch Hand" party at the Hope EUB Church from 6:30 to 8 p. m. this Sunday. There will be a cowboy film promptly at 6:30 followed by an outdoor party complete with all western riggin's . . . The Boy Scouts and committeemen of 280 are going on a week-end camping trip Friday, August 6. This will be the first camping trip with new Scoutmaster John Waibel . . . Tuesday, Aug. 10, the regular monthly meeting of the brotherhood will convene at 8 p. m. at the church . . . Friday, Aug. 13, the Ladies' Aid will meet at the home of Mrs Alma Tolliver, 3600 S. Champion-av. . . . The Young Adults Class meets at the home of Mr. and Mrs Eugene Wagner, 2579 Bulen-av, on Friday, Aug. 6, to complete plans for the annual Corn Festival scheduled for Aug. 21.

John Nippert, Citizens' Association prexy, spent the first week of his vacation with his scouts at Camp Lazarus. This week he is in Florida resting up from his many activities, not the least of which is his Scout work.

Jim and Rod Cripe of Linwood-av, had a two weeks' vacation at grandma's farm near Ashland, O. . . . David White of Wilson-av, spent a week on vacation in Kentucky . . . Mr. and Mrs. Calvin Ludlum took in one week of fishing at Lake Erie . . . The Leroy Heitler family spent a two weeks' vacation with friends in Michigan . . . The Al Yoe's just returned from a vacation at Saginaw Bay in Michigan Davey and Patty reported the swimming fine and the weather wonderful. . . Mr. and Mrs. Clarence Moore of Linwood-av had two weeks of fun in Minnesota.

We'll wind up the social hour this week with a note about Mr. and Mrs. Floyd Lemmon who entertained guests from Indianapolis last week.

All band instrument pupils of Mr. Ritter of the Marion Local School District resumed rehearsal this week after a three-week vacation.

In wrapping up this week's column I'll toss off another reminder about the Citizens' Association meeting next Thursday evening, Aug. 12, at 8 p. m. That date may very well prove to be a Red Letter Day for Marion Township. You should be there.

Neubeck's Carryout And Paint Store Is For Your Convenience

Neubeck's, 216 E. Thurman-av, is two stores in one.

Neubeck's, located at 216 E. Thurman-av, is in reality two stores. The original store which Neubeck started was a carry-out with soda fountain facilities. It was originally operated by a Mr. Eggers for the past 25 years. Neubeck has been operating it for the past seven years.

The second store or service Neubeck provides is Lowe Bros. paints. Neubeck started the paint line three years ago and has been providing everyone in his immediate area with a complete line of paints and necessary painting equipment.

Being a very amicable person, Neubeck has enjoyed doing business on this corner and has stated "that I have met many fine people while in business here and I hope that I will be able to continue to serve their needs either in the paint field or with the carry out."

Frank is currently the Tailtwister of the Southeast Lions Club and is affiliated with the K of C. Always eager to participate in any civic affair and willing to cooperate with any ideas that will help the South Side—is a word portrait of Frank.

Frank was reared on Thurman-av and has been located on the South Side for 43 years. He was graduated from St. Mary's High School, is now married and resides on the South Side.

Neubeck has stated that he feels the painting problems of all South Siders can be minimized if they stop in and see just what he has to offer in the way of paints and charts to help them make a choice.

Cold drinks, picnic supplies and some luncheon supplies are handled by the carryout store and delivery service is provided. Food necessity items are carried all year around and service is of the best.

Frank didn't mention what he had done previously, but whatever it was we know that when Neubeck is around there will be fun and laughs for all. This is one store that you can go into and feel the "at ease" atmosphere. Drop in and chat with Frank and maybe while you are there you will be able to find just the right shade or style of paint that you need. If you can't drop in, have Frank deliver any party supplies that you might need. Service and cordiality are the by-words for Neubeck's Carryout and Paint Store.

PARK OF ROSES PROGRAM

"An Afternoon at the Ballet," featuring 62 of Jorg Fasting's junior students, will be presented at the Park of Roses, Acton-rd and High-st, at 3 p. m. on Sunday, Aug. 8

CONFER — Several South Side citizens were among community representatives from six Ohio areas who met on the Ohio State University campus recently with participants in the seventh annual three-week workshop on school health education. Sponsored by the university advisory committee on school and public health education, the event was directed by Florence Fogle, coordinator of school health. From left to right, facing camera, Ruth M. Palmer, teacher, North High School; Myrna Knight, student nurse, Bessie Beecham, teacher at Champion Junior High School; P. C. Bechtel, Ohio department of education. At end of table and with backs to camera, John F. Canfield, health teacher, Everett Junior High; Eliza R. Busenburg and Naomi J. Evans, school nurses, Columbus public schools; Ruth Walls, teacher, Ohio Avenue School; Alma Jagsch, principal, Ohio Avenue School. Others of the group but not shown were: Helen Dority, teacher, Linden Elementary School; Lulu G. Mitchell, president, St. Agnes Guild; Margaret E. Day, teacher, Felton Elementary School; LaVelle Wood, school of home economics, OSU. Chairman of the group was Mrs. Busenburg; its recorder, Mrs. Beecham; and its reporter, Miss Knight.

QUESTION BOX . . .

I am planning to purchase new draperies for my living and dining rooms, and large reception hall off the living room. Would it be advisable to have the draperies alike for all the rooms? The wallpaper is cream with a light yellow and white design and the woodwork is dark. The living room furniture is lipstick red with one cream plastic chair; tables and dining room furniture are mahogany. The rugs have an over-all design of variegated colors, but I am planning to get new ones in medium green. What would be a good color for the draperies? W.F.C.

Since your living room, dining room and reception hall open into each other, I advise the same color and style draperies throughout. Green, slightly darker than the rugs you intend to buy, would be a good color.

• • •

The Walls of my bedroom are bright yellow, the rug medium blue, the furniture is oak and I have Colonial lamps with blue shades. What colors would you suggest for draperies, bedspread and throw rugs? Also my living room walls are gray, the furniture is burgundy and the rug is a floral pattern on a wine background. What colors could I use for draperies and lamp shades that would brighten this room?

S.T.

For your bedroom draperies, I suggest a pattern in chartreuse and yellow on a wine background, and for the bedspread and throw rugs, chartreuse. Coral would be a good bright color for your living room draperies and for the lamp shades I suggest green.

• • •

I am redecorating my bathroom. The lower walls are ivory plastic tile with maroon trim and I would like to paint the upper walls and ceiling Wedgewood blue. What colors would you suggest for the window curtains, shower curtain, floor covering and towels?

C.P.

For the floor covering in your bathroom I suggest red; for the window curtains, red and ivory stripe; for the shower curtain, royal blue, and for the towels, royal blue and red.

AT THE

PLAYGROUNDS

Karns Playground

During the week of July 26-30, the following events occurred: Monday the senior softball team played a game with Sullivant Gardens to determine the league championship. With the lead changing hands several times, the bitterly fought contest was not decided until the final inning with the bases loaded and two outs, the Sullivant Garden batter walked forcing in the winning run.

Monday evening at Karns, the Intermediate softball team clobbered Holton Park 25-2. Friday evening the intermediate team lost a close game to the Southview senior team by a 12-9 score. On Wednesday the senior team played a return game with Livingston at Karns.

In Little League games the Lions defeated the Wildcats and Polar Bears; the Tigers defeated the Polar Bears. The final game of the season cards the Wildcats and Polar Bears on Monday, Aug. 2. The league winner, which is not determined yet, will play in the city finals in the near future.

On Thursday, July 29, at South High School, the South End Junior Olympics were held. Once more a furious battle developed between the two arch rivals, Karns and Schiller. Lincoln Park, with the famous track star, Don McCaulsky, at the helm, was a close third. Karns scored 166 points. A check on the results showed that an error by the scorer failed to place Karns' 440-yard relay team in the results of that event, whereas in reality they had won it. Schiller had 131 and Lincoln 75 points. There were 17 playgrounds in all that scored points. High-point scorers for Karns were Tom Roerhenbeck, with 15 points; Dale Rolfeld, with nine points; Jerry Mienrod, with seven points; Mike Conners, with nine and one-half; Loretta Lyons, with six and one-half; Skippy Spohn, seven points; Marilyn Schillinger, 10½ points; Jimmie McKenzie, 16 points; Joyce Metzmier seven points; Carol Scurlock, six points; and Betty Sergio, five points.

Karns was ably assisted in this meet by a contingent of runners from St. Vincent's Orphanage and St. Mary's High School. Ken Neville, St. Mary's High School coach, was instrumental in arranging the participation of these boys and girls.

The final sectional meet will be held Thursday, Aug. 5, at Linden-McKinley High School. Final city-wide meet is on Saturday afternoon at Ohio State University, Aug. 14. Preliminaries for age groups of 11 and under and 12 and 13-year-olds will be held Friday evening, Aug. 13, at Central High School.

Deshler Playground

Nearly 50 children enjoyed the free movies Tuesday evening, July 27. The four short reels were as follows: "Hen Hop", "Mittens, the Kitten", "Sons of the Plains" and "The Princess and the Dragon."

Arts and crafts this week have included papier-mache animals drawing, painting, gimp bracelets and paper sculpture. Quite a bit of work is going into a group of hand puppets; the children are making "Snow White and the Seven Dwarfs."

The Southeast Sectional Track meet was held at South High School Thursday, July 29. Six children from Deshler participated: Don McKitrick, Jay Fleshman, Jack Kettler, Rose Ann Miller, Karen and Sharen Boquist. Sharen Boquist won the 50-yard dash in the 11 and under age group. She also came in second in the 50-yard dash and fifth in the girls' high jump and softball throw in her age group.

LINCOLN PARK NEWS

The Lincoln Park intermediate girls lost to a good Schiller team 24-12. This was the first loss in three league starts for Lincoln. They have one game remaining in league play with Sullivant Gardens. A win for Lincoln would throw the race into a three-way tie. A win for Sullivant Gardens would guarantee them the championship.

League-leading Lincoln intermediate boys' softballers clinched the city recreation southwest championship last Friday by beating Sullivant Gardens 13-5. "Big George" Devlin continued on his home run spree by pounding out a terrific drive to deep left for a home run in two times at bat. Dave Spanner also had a home run in two times at bat. These home runs came back to back in the big sixth-inning rally that Lincoln put together. Don Roberts had a perfect day at the plate, collecting two doubles in two times at bat. Rance had a home run for four times up for Sullivant Gardens. A fielding gem was turned in by Bobby Williams in left field. He came into short left field, at top speed, and grabbed a line drive just off his shoe laces.

Lincoln Park came in third in the South Sectional Track Meet at South High School last Thursday. Crafty Bob Fowle guided his Karns team to first place once again, collecting 160 points, while foxy Pat McMillen maneuvered his Schiller team into second place with 131 points.

The senior and intermediate boys were in there pitching for Lincoln, but they needed help from the senior and intermediate girls as well as the junior and midget boys and girls. There was only one girl entered in both the senior and intermediate division. Any boy or girl 17 years of age or under desiring to take part in the junior Olympics at Ohio Stadium Saturday, Aug. 14, please stop in at Lincoln Park and sign up as soon as possible.

The participants for Lincoln are listed below in order of the total number of points scored:

Ron Wilkey, Sr. Div. (12 pts.), 1st, shot put, 2nd, high jump, 3rd, broad jump; Peyton Black, Sr. Div. (9 pts.), 1st, 220, and 2nd, 100; Ray Johnson, Sr. Div. (9 pts.), 3rd, high hurdles, 3rd, high jump 3rd, 440; Doris Goodwin, Jr. Div. (6 pts.), 3rd, broad jump, 3rd, high jump; Bobby Williams, Inter. Div. (6 pts), 3rd, low hurdles, 3rd, high jump; George Devlin, Inter. Div. (5 pts.), 1st, shot put; Bob Jones, Sr. Div. (5 pts.), 1st, 100-yd.; Bob Goodwin, Jr. Div. (4 pts.), 2nd, 50-yd; Smith Robinson, Jr. Div. (4 pts.), 2nd, 880-yd.; Gary Ellis, Sr. Div. (2 pts), 4th, 220-yd.; Jim Wright, Sr. Div. (2 pts.), 4th, shot put; Carol Washington, Mid. Div. (1 pt.), 5th, 50-yd.; and Shirley De Weese, Sr. Div., softball throw, 130 ft.

Lincoln took second in the 440-yd. relay and third in the 220-yd. relay.

Lincoln Park

Last week the Junior Boys' softball team tied for the championship in its league by winning two games. They defeated both Sunshine and Deshler by the score of 7-0. The season's record for this team is three wins and one loss.

The Lincoln girls' softball team is in second place with the record of two wins and one loss. Last week they defeated Glenwood 7-0.

The following boys have completed the requirements for the junior physical fitness test and will receive their certificates from the Amateur Athletic Union: Mike Stevens, Mike Rodgers, Marland Johnston, Jerry Dennison, Ronald Bobo, Richard Finch, Bob Hill and Bill Steward.

There will be a city-wide swim meet for all playgrounds on Aug. 11. If anyone is interested, see one of the playground supervisors by Aug. 9. Entries must be in by that date.

All children who have assisted on the playground this summer will be taken to the Palace Theater for a free show at 11 a.m. this Saturday. The show which they will see is entitled "King Richard and the Crusaders."

Elsie's calf, "Beulah," visited Lincoln Park at 3:30 p.m. last Monday. It goes without saying that she received a very hearty welcome from all the children.

The next two weeks will be busy ones for the children on the playground. They are preparing their scene for the annual all-playground pageant which will be held at 7:30 p.m. on Aug. 19, at Central High School.

JOINT PUBLIC MEETING TONIGHT TO DISCUSS WATER

Marion-Twp. Sidelights

By Joel Snyder
HI. 4-6886

Tonight at Marion-Franklin High School the joint meeting of the Marion and Hamilton Township Citizens Associations will take place to hear Desso T. Mitchell, Franklin County sanitary engineer, explain the current survey investigating the possibilities of establishing an independent water and sewage system for the two townships.

Early reports from the county engineer's office indicate the project is feasible from an engineering standpoint. For the past week, Citizens' Association members have been circulating throughout the township, contacting their neighbors, and advising them of the meeting.

Since the water and sewage system appears to be a good thing, and something that will help raise the standard of living for the entire township, the association has backed the promotion and is trying to encourage its acceptance.

It appears natural that proper development in the areas now without water and sewage facilities would follow the installation of the proposed system.

The Citizens' Association members who have been going from house to house to spread the word have been performing a dual role. Dues are now payable for the 1954-55 membership in the association and each worker has been trying to impress non-members with the importance of the organization. For residents unfamiliar with the association, many questions have been answered by the house-to-house canvass, which is in effect bringing the mountain to Mohammed.

It wasn't surprising that after the aims and purposes of the association were explained, a majority of listeners made a good audience for further details. A large percentage confessed having an interest in township affairs but as yet had not acted in behalf of their interest.

In pointing out the various issues coming up in the near future, such as the prospects for a water and sewage system in the southern portion of the township, the million dollar school bond issue to be voted upon in November, and the annexation question to be decided on the same ballot, the workers saw few faces in the doorway that didn't take on an expression of some kind. The listeners agreed that to vote intelligently, they ought to be informed—and that's when they got their invitation to attend the Citizens Association meetings which are held regularly the third Thursday of the month at the high school.

Tonight's meeting, being one of the more important ones of the current year, the association has arranged to have movies shown in the gymnasium for the benefit of the children of parents attending the meeting in the auditorium.

One of the most discouraging things encountered by the workers in the field were the preconceived notions the public had regarding the Citizens' Association. A few had attended during the early period of formation, when the struggle to organize produced some rather confusing, uninteresting meetings. A little over a year ago, when the association was begun, it was difficult to ascertain in what direction or how far the group was going to go. The lack of a definite plan proved too much for those who lost interest too soon.

But gradually, with the coming months, the nucleus of persistent individuals, bent on developing the group into a strong, well-organized civic association, succeeded in recruiting others of like determination, and by the end of the first year those responsible had reason to feel justly proud.

At the present time, the association boasts of as fine a group of officers and directors as you could discover anywhere, and those at the helm need and deserve the concern of all the residents.

Elsewhere in the township, other groups are doing good work, too. Monday night, at the Southside Community Center, the Home Owners Association, of the Southgate area, presented a program which bares out this fact. Mrs Mae Bibb, a captain of the United Appeals campaign to be held this October, cooperated with Arthur Wimbley, president of the Home Owners Association, to bring one of the first pre-campaign programs in the entire county to the public. By selecting an early date to present the program, the group was fortunate in getting as their speaker, Edward N. Sloan, who was 1953 county chairman.

Again this year, a volunteer worker for the United Appeal campaign, Ed Sloan is heading the professional and educational divisions, two of the many divisions in the mighty appeal for money to operate the various agencies supported by the UA.

In addition, Ralph DiSanto, the personable young assistant to the campaign director, came to supplement movies shown demonstrating the various services rendered by the United Appeals agencies. At a later date, to be announced, another program will be presented with more films pointing up the value of the work accomplished by organizations supported by funds raised through the one, united campaign.

Just before I submitted my copy for this week, I got the first reports of the fire in the school bus garage in the rear of Smith Road School. The blaze was reported at 5:27 Tuesday morning by a passer-by, and the firemen arrived quickly and quelled the blaze before any extensive damage had been done. The busses were removed immediately to save them from possible damage, and the fire was confined to one area on the west side of the garage. Cause of the fire had not been determined at the time I received the report, nor the extent of the damage officially estimated.

In closing this week, we want to wish special birthday greetings to pretty little Miss Mary Catherine Lake who was six years old Tuesday. She was the hostess at a party for 18 guests on her Big Day, in her home on Oakwood-av. We'd like to add our wishes for many more happy birthdays like the the one just passed.

An' I guess that's all for this week. See ya' . . .

NO LONGER DISCOURAGED

Jack Adams was discouraged. He had advertised his two racing bikes in two different downtown papers, but with no results. It seemed no one was interested in such unusual items as racing bikes.

As a last resort he inserted this ad in this paper:

WANT TO SELL or trade 2 racing bikes, 1 almost new, 1 with motor. 47 E. Mithoff. HI. 3-2451.

Here's the happy ending to our story:

As a result of his ad in this paper, he received 15-20 calls and, of course, sold both bikes.

If your house is overrun by puppies or you're tired of looking at the kitchen sink—you can dispose of them both with a classified ad. Try it and see! Twirling the dial to HI 4-9262 or RA. 1125 will connect you with our friendly want-ad takers.

FORTUNE AWAITS YOU

Only One $1 Insignia Found, Pot Now At $69

Leader readers passed up a small fortune last week as the $69 jackpot went begging. Perhaps they were only waiting for the really big money, though, for the jackpot this week is worth $78.

However, not all readers were so aloof or asleep at the switch. Sixteen-year-old David Fleischer, 343 Moler-st, was able to make an addition to his fishing tackle with the aid of the $1 insignia he found in his issue of the South Sde Leader.

There are five $1 insignia and one $5 jackpot insignia to be found this week. That $5 insignia, of course, is worth $78 in "Confederate" currency this week, which is redeemable at full dollar-for-dollar value at any of the business establishments advertising in the Leader this week.

This bulging jackpot might be yours if you scan the ads as David Fleischer did and, just as he did, follow the simple directions in the box at right for obtaining your "Confederate" currency.

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $78 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

The largest single promotion ever to be staged on the South Side will be held Aug. 19, 20, 21 with special items offered by quite a few of the local businessmen. The Leader will carry advertisements listing a few of the specials offered.

A contest will be held which everyone can enter. It will be a misspelled word contest. All you have to do is find the misspelled words on the contest page and then spell them right and work out a sentence. Instructions will be carried on the contest page. Money will be the prize and the other pages will show you how to spend it wisely with the stores advertising in the Leader.

South Side Bell Ringer "For Whom The Bell Tolls"

By Tom Sharp

This week the Bell Ringer is going to turn over the column to a very important subject: South Side Dollar Days. This will be of interest to all merchants and especially to you shoppers.

Many merchants on the South Side are banding together on Thursday, Friday, and Saturday, Aug. 19, 20, and 21, to provide the South Side with what we hope will be the largest promotion ever attempted on the South Side.

Dollar Days will find this paper carrying advertisements of specials that should not only create interest for the buyers, but one page will be a contest with approximately $30 in prizes. The paper will be larger and will, we hope, carry colored ink on some of the pages.

* * *

ANY MERCHANT WISHING TO ADVERTISE IN THIS SPECIAL EDITION SHOULD CONTACT THE SOUTH SIDE LEADER IMMEDIATELY. THE NUMBER TO CALL IS HI. 4-9262.

Dollar Days are expected to be quite a celebration and should provide many a dollar-savings to any one shopping on the South Side that week end. Remember the dates: August 19, 20 and 21.

The "Confederate" money will also be in the paper that week end, so, if you are lucky, you might be able to win all the money that you need to buy the items advertised in the Leader.

The contest will be of a misspelled word nature, where you have to read all the ads on the contest page and then find the misspelled words. Spell the words correctly and try to fit them into a key sentence. All entries must be turned in at the Leader office not later than Monday, Aug. 23. All entries will be judged as to neatness and whether the sentence is the correct one.

Watch the Leader not only next week, but every week!

Hello:

It's hard to believe that Fall is so rapidly approaching. Soon the children will be starting back to school, and Mother Nature will bring forth the colorful, lovely leaves of Autumn. In our gardens some of the Fall flowers are beginning to bloom — bright, beautiful Asters of lavender, purple and red — dahlias of lemon yellow, velvet red, snow white and luscious pink. The glads are still blooming profusely . . . later we will have chrysanthemums. We grow our own flowers — what better assurance can we give you that every floral piece you purchase from us will be made of the freshest flowers available?

Congratulations to Florence and Jim Lehner on their 23rd anniversary. Florence is being kept very busy this year as Worthy Matron of R. T. King Chapter O.E.S., especially so this week preparing for the annual bazaar to be held Friday at 697 S. High-st. Plan to attend and buy "a pretty and a goody" — you'll have fun.

The Gadabout

Gathered from hither, thither and yon . . . two sisters and their girl friend share August as a birthday month, so "happy birthdays" to Betty May Baughman, Joyce Bradford and Edna Anne Baughman when their natal days appear on the calendar. These important days are, respectively, the 12th, 13th and 26th.

Vacations still furnish us with news, so we'll report on one that Audrey Leonard and daughter, Alice, are taking. The two residents of 1822 Bucher-st arrived in Maryland last week and plan a nice long stay, visiting relatives.

Here are a Mr. and Mrs. who have unusual and charming first names, bracketed together because their birthdays are just past. The names are Leland and Lelia Mountjoy, who are Markison-av residents.

A new little girl is part of the Paul Jennings household, as of Aug. 1. Mother of the tyke was known as Mary Louise Davis, when she attended South High School a few years back. The Jennings' have a Morrill-av address.

Here's a chance to do good without the necessity of joining an outside organization. Twelve children in the Benjamin Franklin Hospital love to receive cards and letters from the "outside". Since their illness requires so much bed-rest, cards and letters help to occupy some of their spare time. This project is being sponsored by the Trudeau Guilds, but it is not necessary to belong to a guild to take part. Just call Mrs. Leonard, at JE. 2881, and she will furnish you with full details and a list of the names.

Mr. and Mrs. A. H. Bergner, 1787 S. Champion-av, have had their grandson as a guest just recently. The young man was Joni Bergner, son of Mr. and Mrs. John Bergner, and all three are residents of Toledo.

Get-well cards would be appropriate to send to Charles Barnhill, who at this writing was in Room 558, Mt. Carmel Hospital, and to Mr. Kirby, who is in University Hospital. Mr. Kirby is the father of Mrs. A. J. Fausnaugh.

Enjoying camp life at Round Lake are several teen-age members of the Southwood Church of Christ. These young folks are now quite in the swing of the outdoor way of life, having been at the camp for nearly a week. They are Margaret Grady, Leo Grady, David Leonard, Alice Leonard, Richie Hugonist, Robert Schwab, Marilyn Wolfe, Twyla McCain, Nancy Sides, Mary Margaret Moss, Marty Stith, Andrea Frey, Edna Ann Baughman and Barbara Canter.

Mr. and Mrs. Fred Driscoll and son, Danny, residents of 506 E. Morrill-av, should be in California very shortly. While in the coastal state, the Driscolls will be visiting Mr. and Mrs. Kell, who were Columbus visitors last year at this time.

Early August birthdays should include those of Thelma Ford, on the sixth and Jack Kinnear, the eighth.

The new little girl in the Poenisch household has a name that goes quite nicely with that of her big sister. The new arrival, born Aug. 6, is to be known as Kristin Kay, while big sister answers to Karen.

A mother-daughter birthday takes place each August in the Baum family, 612 S. Lavelle-st. Carol Ann had a surprise party on the seventh of the month. Her actual birth date was the following day. These girls and boys attended her party: Buddy and Bobby Taylor, Sharon Natrop, Jeanne Hurst, Susan Davies, Barbara Hofmann, Toni Youngman, Allen Cook and Rosemary Bauer. One little girl came from Buckeye Lake to attend the party. The young traveler was Susie Davies. Another young party guest came from outside Columbus, too, Jeanne Hurst, who is visiting her cousin, Sharon Natrop, 610 S. Lovelle-st. and comes from Cincinnati. The mother part of our Baum item should include Anna Baum, who is having her "new year" as of today.

Two branches of the Werner family are enjoying the fun to be had at Marblehead, Lake Erie, and will be celebrating two birthdays while away. They are Mr. and Mrs. Emerson Werner and Mr. and Mrs. Don Werner. Dorothy, wife of Don, will have an Aug. 13 birthday, and Betty, wife of Emerson, has one coming on the 17th. The foursome will be gone for two weeks. Younger sprouts along on the trip are Mary Lou and Bobby Emerson, children of the Don Werners, and Donny and Marilyn, children of the Emerson Werners.

Call for more women bowlers! Beginners in bowling, or those with averages under 155, are urged to call Doris Smith at HI.4-8214 and get full details about the Thursday afternoon League of the Swanettes, which has a 1 p.m. starting time. If you've never bowled in a league before, here's a fine way to begin. Nothing better than bowling to keep a nice "figger", gals.

When the Paul Mason family (of S. High-st) visited Mt. Vernon, a few weeks ago, they had an unscheduled thrill. Syngman Rhee planted a tree in the gardens of Mt. Vernon while the Masons were doing their sight-seeing in the historic shrine.

Hazel and Richard Johnson, with son, Richard, Jr., and daughter, Linda Merle, were visitors at the Stout home on Wager-st last week. The Johnsons are residents of Pittsburgh, Pa.

Another piano is available for the hauling. For full details, call Mrs. Boso, HI. 3-8447.

Sharon Riggs and Barbara Martin enjoyed a day at the Grandview Oval Raceway in Cleveland last week. They accompanied their grandmother, Mrs. R. Eichenberger, who is the owner of three horses.

We'll say goodbye now till next week. The one "bending your ear" is the—

Let's Explore Ohio

Visitors from all over the world have journeyed to Ohio to inspect Serpent Mound near Locust Grove, recognized as the largest prehistoric effigy mound built by the ancient inhabitants of the Ohio Country. Built of earth, this snake-like mound curls along a hill-top for 1,330 feet. In the 60-acre memorial park maintained by the Ohio Historical Society are excellent picnic facilities set amid scenic gorge formations. This mound seems to have served some religious purpose for the "Moundbuilders." Ohio has upwards of 10,000 mounds and fortifications built by the ancient Indians who populated all of the river valleys in the Ohio River watershed.

Survey shows there are four times as many radios in use in U. S. as TV sets; that 13¼ million radios were made last year, 7 million TVs.

Your Neighbors Present Vacation Lore For You

Although bronze leaves and frosty morning seem mighty close at hand now that we're well on our way into August, many South Siders say that this is the best time of year to take your summer vacation. And those who have just recently returned from a vacation or are soon to be on their way seem to have some pretty good reasons to back up that statement.

Mrs. Donald G. Preston, 777 Reinhard-av, "We hope to take our vacation soon, although we haven't decided where we're going. I like to travel later in the summer, along toward the end of August or September. The weather is usually a little cooler and it's much easier to get accommodations."

Mr. and Mrs. Harold T. Hill, 462 E. Innis-av, spent about 10 days in July visiting their parents in West Virginia. They report the hills are very beautiful at this time of year.

Mrs. R. C. Babcock, 1380 S. High-st, "My husband and I just returned last week from a five-week vacation in Canada at Kingston, Ontario. We went fishing in the country round about. The scenery is very nice there. The fishing is not too good, but it's a nice, small, restful place."

Mrs. E. L. Stephenson, 313 Deshler-av, "My husband and I just got back from a two-weeks vacation. The first week we rented a cabin down in the southern part of the state near Rocky Fork Lake. The next week we visited our daughter and her family near Akron. I like taking our vacation a little later in the year because you're almost sure of having nice weather and it breaks the summer before fall and winter start in."

Mrs. Henry B. Shannon, 511 E. Gates-st, "We returned from our vacation just two weeks ago. My husband and two daughters and I spent a week at Crooked Lake at Angola, Ind. We fished, swam, went boating, and ATE! We were there last year and decided to go back again this year. We usually take our vacation in August, never before that."

Frank R. Cramer, 1151 Studer-av, "We just returned Monday from a nine-day vacation down around Ashtabula. We stayed at the Shady Beach Hotel at Geneva on the Lake. I played golf quite a bit and my wife and daughter had a lot of fun swimming."

Mrs. David S. Benjamin, 28 Woodrow-av, "We spent last week in New York City. Although we were there three years ago, my husband and I made all the rounds and saw just about everything. Harlem, Greenwich Village, the Rockettes, the Palace Theater, and lots of other things."

Mrs. Ethel Lear, 146 Hinkle-av, will visit relatives in Louisa, Ky., for a week the latter part of this month. She likes to take her vacation later in the season when the weather is cooler. A cousin, Willie Damron, of the same address, will take her week's vacation sometime this month in the same town.

Mrs. Savannah Stark, 1335 Oakwood-av, "I'm looking forward to going to Florida along towards October. I've always wanted to go and now some friends have decided to go with me for about a two-week vacation. We're getting all kinds of travel folders and literature on it and we won't likely miss a thing."

Mrs. M. B. Monroe, of 974 Heyl-av, recommends that vacationers see Colorado. She spent two months in Denver last summer visiting her daughter. Mrs. Monroe tells readers, "I went by plane. I think it's really the best way on a long trip like that. Colorado is so lovely. I think I'd like to live there. There is so much to see. The Rocky Mountains and Colorado Springs. The weather is wonderful, and even if it's hot in the daytime it's plenty cool enough at night to sleep."

Dotty Lloyd, 10-year-old daughter of Mr. and Mrs. James E. Lloyd, 49 Hanford st, tells readers of the trip that her family took last August to Florida. "My mother and father and we three children and several other members of the family visited Daytona Beach and Tampa. I liked Marineland best of all. I liked watching the porpoise and turtles. I thought the weather there was wonderful but it was a little hot for my grandmother."

Thomas A. Black, 251 Hinkle-av, has been making the trip to Lake Erie at Sandusky for about the last five years. He and two friends take a tent and camp and find the fishing wonderful. Mrs. Black exclaimed, "I like to go to. The fishing up there is really good. They catch big ones!"

Mr. and Mrs. C. L. Campbell, 638 Frebis-av, visited relatives in Kentucky and West Virginia on a trip they took in the middle of last June. Mrs. Campbell lauded the beauty and the lovely views in this part of the country. She enjoys driving over the mountains because of the magnificent views they afford.

Mr. and Mrs. Ellwood N. Dawson, 123 E. Welch-av, spent a recent week end in Piketon, the home of the atomic plant, visiting his sister, Mrs. Dawson relates, "The hills are beautiful but I don't like traveling through them — especially when it rains. We saw some cars get half-way up the hillside and then slide sideways back down. It is a wonderful place for tourists though. The atomic plant there is a very interesting sight to see."

Mr. and Mrs. Paul E. Jennings, 507 E. Morrill-av, spent two weeks in June visiting friends in Portsmouth. Mrs. Jennings reports, "The roads are pretty good, they're working on them right now. The scenery, of course, is very beautiful, especially overlooking the Ohio River."

Mr. and Mrs. William Gearhart, 2379 S. Seventh-av, enjoyed the week they spent last August traveling through Washington, D. C., and the Smoky Mountains with their three children. They found the scenery very beautiful and were properly awed by the impressive monuments in Washington, especially the Lincoln Memorial. They weren't bothered at all by the high altitudes while traveling through the mountains, and the children thoroughly enjoyed the friendliness of the black bears.

Mr. and Mrs. Richard J. Barnett, 662 E. Kossuth st, visited her sister in Boston last spring and were very pleased with the trip. Tourists will find very good roads and although it was a little cool in the spring when the Barnetts visited that party of the country they are sure that the weather would be just right now.

Mr. and Mrs. Ray S. Keith, 540 E. Moler av, were accompanied by their two children to Canada and Niagara Falls in early June. They thoroughly enjoyed the trip and drove on good highways all the way. They were equally pleased with the beautiful scenery which greeted them at every turn in the road.

VACATION BUDGETING

Advance planning goes a long way toward insuring a trouble-free vacation, and a good formula to follow in outlining an extended motor trip is: "Time plus money equals distance."

In other words, once you have figured both the number of days and the number of dollars you can afford to spend on your vacation trip, you are then ready to plan how far to try to travel.

The A.A.A. suggests allowing an over-all daily total of close to $30 a day for two persons on a vacation trip, and planning on doing no more than 300 miles of driving in a day.

Cost Of Driving Question, Answers

"How much does it cost me to own and drive my car?" is a question which most of the nation's 44,000,000 passenger car owners ask themselves at one time or another. The volume of queries on this subject coming in annually to the A.A.A. and its affiliated clubs indicates that most car owners ask the question for one of several reasons, including simple curiosity.

Some ask it to determine how much they should be reimbursed for use of their automobiles on company business. Others want the information to aid them in declaring expenses on income tax returns. And each year, still others use cost of car operation estimates in working up their vacation trip budgets.

Many factors affect gas and oil consumption, tire and repair cost and fixed items such as insurance and license fees. The cost of car operation will vary, for example, with the make and model of automobile, geographical location, age of the vehicle and the owner's individual driving practices.

South Side Merchants Express Ideas Galore For Your Vacation Enjoyment

This is the last time this summer the vacation page will run in this newspaper. The merchants advertising on this page have grouped together to bring you items of interest for the whole family.

We'll start off with Johnson's Restaurant, located at 2551 Parsons-av, which serves one of the finest dinners in the South Side. Johnson's Restaurant specializes in pleasing the palate of the customer, with food to tempt any mortal. Cool, quiet and wonderfully decorated, this is the place to take the family out to dinner and save mom from cooking over a hot stove on these hot summer days.

Another service provided by a South Side merchant is to have the whole family wash laundered by the South-Hi Wee Wash It. Washed and fluffy dryed in very short order! This is a service that would make any mother feel like she has been on a vacation.

Just think: to be able to sit down and relax on those hot blue Mondays and then to be able to realize that the family wash is completed, without all that back breaking labor that is normally associated with wash Mondays. And to top it off, the work is done just like mother would do it at home. South-Hi Wee Wash It at 1602 S. High-st is open from 8 to 8 every day except Saturday when it is open from 8 to 6. Save wear and tear on the lady of the house, take the whole family wash to South-Hi Wee Wash It.

Do you have trouble reaching high corners in the house? Heil and Scheiderer Hardware of 1683 Parsons-av, is offering a special this month on a small step ladder that will help that situation.

Not only can Heil and Scheiderer supply you with a step ladder special but the firm carries a complete line of hardware and paint supplies to fill any 'dress-up' needs that should occur in the household. Vacation and picnic items are also in stock at Heil and Scheiderer Hardware and at prices that any family can afford.

Ray's Superette IGA Store at Fourth and Moler is offering picnic supplies and snack items at terrifically low prices. Stop in at Ray's Superette and check on these items. Carrying a complete line of grocery items and meats, Ray is trying to meet the demands and needs of his many customers and friends.

This is one grocery store where the accent is on cordiality and low, low prices. No matter what it is in the way of picnic or vacation eating needs, Ray tries to carry it.

Just the thing for the summer vacation, boats and motors, at cut-rate prices are being offered by the Livingston Enterprises at 1577-1583 Livingston-av. This month Livingston Enterprises are putting up for sale many motors that have been floor models and which can be had at a wonderful savings. Although there are a few of each model, you had better stop in early to see just which motor will do the job for you. Livingston Enterprises also carry a complete line of boat and motor accessories and painting needs to meet any shipbuilders dream. For boating supplies and equipment stop in and see the many and varied lines of aquatic items available.

The place to go to have your car checked and prepared for that vacation is Dave Woods Marathon Service station. Trained mechanics and wonderful service is the stock in trade provided by Dave Woods.

Marathon gas and Marathon products, along with Goodrich accessories provide the necessary items of equipment that are needed to make your vacation by car an enjoyable one. Stop in today and have that car — whether it's old or brand new—checked and prepared for car-free, care-free, worryless vacation enjoyment.

Anything in the vacation line that is needed to make it more enjoyable for young and old alike can be found at Arrigo's Hardware at 959 Frebis-av. Wading pools, grills, thermos jugs, or just plain fishing gear can be found here. Also on hand is a varied line of gift shop ideas that can be taken along on the trip to present as presents to whomever you might be visiting.

Everything from Roseville pottery to imported ceramics is available at Arrigo's. Plumbing and hardware items are included in the stock and can be had at amazing prices.

For your leisure time Les Redifer, Inc., of 1200 Parsons-av, has the buy of the year. A new Plymouth, easy terms, terrific trade-in prices, and a wonderful car! Stop in today for a demonstration. The price is right and the car is good. This is the one to see before buying a new car.

Local Hardware Has A Winner In Air Conditioner Contest

"COOL" WINNER—Shown from left to right are Clyde See, Fred L. Stauff, sales manager and manager respectively, of Amstan Supply Division, American Radiator and Standard Sanitary Corporation, 901 W. Third-av; John Larimer of 2288 Dresden-st, who is shown receiving the prize which was actually won by his wife, and Louis Arrigo, owner of Arrigo's Hardware and Plumbing of 959 Frebis-av.

Mrs. John Larimer, 2288 Dresden-st. won second place in a contest sponsored recently by Victor Air Conditioner, in which you had to name the control unit on the new air conditioner. The contest was nation-wide, with each district receiving a series of prizes. The North East district, which included Detroit, Toledo and Columbus, is one that the Larimers won second place in. The first place winner was from Detroit and the third prize winner lives in Toledo.

When Mrs. Larimer sent in her entry blank, she used the Arrigo Hardware as her dealer and as a consequence the award came through Arrigo Hardware. The prize won by Mrs. Larimer was a Victor Dehumidifier, which removes excessive moisture from the air and prevents rust, mildew, corrosion, dampness, and warping in homes, basements, and offices.

Mr. Larimer has been associated with the Armour Co. of Columbus for the past 26 years. He has two sons, one of whom is in Germany with the U.S. Army; the other is working here in Columbus.

Arrigo Hardware carries the complete line of Victor Air Conditioners and Dehumidifiers.

Rosalind Russell, star of "Wonderful Town," with her son, Lance

"Ever stood next to your youngster in church?

If you have,
then surely you've felt that surge of warm feeling spread over you . . . as I have.

Maybe it's his wide-eyed, absorbed expression . . . perhaps it's the happy feeling I get just at being in church with Lance and my husband, Fred—and knowing we've already introduced our son to God. As we attend church each week with Lance, we see his heart grow bigger with the qualities of love, friendship and tolerance. Because Faith has made *our* lives so much richer we want Lance to grow up in its wisdom."

Marion Road School To Be Auctioned On Aug. 14

The Marion Road School will be sold at public auction at 10 a.m. Saturday by the Marion Local Board of Education.

Built in 1904, the building is located on a one-acre site at 465 Marion-rd and contains four regular classrooms.

Voters have been asked to approve a $970,000 bond issue at the November election, $260,000 of it to be spent in building a new elementary school to serve pupils in the area. The new school is to be located on a seven-acre tract north of Heimandale Grove, recently purchased by the board.

Machine Transmits And Takes Phone Messages

Listening to a Play-Back of Telephone Messages

An automatic answering machine now made available throughout its territory by the Ohio Bell Telephone Company does two jobs

First it answers the telephone and gives a previously recorded message as an announcement. Then it records the calling party's message and telephone number. The 10-inch answering disc can handle about 250 messages on both sides.

The equipment was developed chiefly for the businessman who needs 24-hour telephone answering other than secretarial or answering bureaus.

CAUTION! Watch Out for CHILDREN
SEELY'S HDWE.

WHAT CAN SEELY'S HOPE TO GAIN?

Most of you who take the trouble to read this message will know by now that Seely's Hardware, at Yale and Broad, is giving away signs which read "Caution—Watch for Children."

Usually, when a merchant makes such a free offer and especially if the giveaway item is really useful and of a civic sort of nature, some people say "Well, there must be a catch to it" or "they must expect to make a mint from this sort of stunt."

Want the simple truth?

HERE'S THE SIMPLE TRUTH!

We couldn't have been on the same corner in the same building doing business with many of the same people for 59 years without learning a few things about — among other things — the value of business good will. We want YOUR good will wherever you live and wherever our delivery vehicles may pass on YOUR street, and where YOUR children may be playing.

We know that many of you who ask us for a sign to put at your particular danger spot will never make a purchase nor come into our store at any other time. WE DON'T EXPECT YOU TO!

You're welcome to the sign — get it and put it up — WE may pass it on YOUR corner or in YOUR alley and be reminded again of OUR obligation to YOU and YOUR CHILDREN.

So actually, we're helping ourselves.
With three delivery vehicles on the streets — maybe on your street — six days a week — we need the same reminder now and then that every motorist needs — Caution — Kids.

And that's what Seely's expect to gain.

GUESS WE WERE LION

How it happened, we don't know, but in a recent story in this paper introducing Southeast Lion John Hancock to the few people in the community who have not met him, we presented the wrong home address and other miscellaneous misinformation. Here are the true facts, with our apologies:

John lives at 189½ Thurman-av. His two children, Marjorie and Jack, reside in California.

AT THE

PLAYGROUNDS

KARNS PARK

The lantern parade, which was held July 22, was a great success. Karns didn't win a prize but the boys and girls had loads of fun making lanterns and parading around the Central High School football field. The lanterns were painted and had all kinds of designs on them. The children made them out of cardboard boxes.

Outstanding from Karns were Ruth Ann, Charlene and Charles Haag, Mary Roehrenbeck, Peggy O'Neil, Marilyn, Hauf, Arlene Skeen, Jane and Linda Erler Mike Brian, Ronald Wagonbrenner and Tom Rittenmier led the parade, carrying a sign for Karns.

"Beulah", who is "Elsie the Cow's" calf, made a visit to the playground Aug. 4. She is brown and white and nine months old. All the children got rings with Elsie's picture on them and all in all they enjoyed her visit very much.

Plans for the pageant are well under way. It will be Aug. 19 at 7:30 p. m. in Central High School auditorium.

The making of lanyards out of gimp and drawing pictures has been popular this past week with the children.

Saturday, Aug. 7, brought a free movie at the Palace for the playground assistants. The movie was "King Richard and the Crusaders." Children who attended the movie were Arlene Skeen, Marilyn Hauf, Mary Sue Fliercher, Charlene and Ruth Haag, Squiddie and Richard Skeen, Ronald Waggonbrenner and Mary and Tom Rittenmier.

On Wednesday, Aug. 4, the Lion Little League team won the league championship in a playoff with the Wildcat team 7-2. That evening, with the rain and all, the Senior softball team won its first game in the city tournament over King Avenue 8-4. Tuesday, Aug 3, the intermediate softball team beat Ohio Avenue in a practice game 10-8. Ohio Avenue was co-champion of the Eastern Playground League.

On Friday night a sadly undermanned Junior Olympic team managed to eke out third place with 78 points. Schiller won with 113 points. Poindexter was second with 108 points. There were 19 teams in the meet.

Saturday, Aug. 14, is the final meet at Ohio State University, starting at 12:30. Friday evening at 5:30 at Central High the qualifying trials will be held for all 11 and under and 12 and 13 year age groups.

Deshler Park

The movies were well attended this week at the playground. Nearly 60 children were here to enjoy the selections for this Tuesday. Next Tuesday there will be free movies as usual.

The children were asked to help get together some of the arts and crafts that they have done this summer to be put in the city-wide arts and crafts show. This display is held Aug. 9-14 in city hall. It is quite an extensive display and quite worthwhile to see.

Coming up soon on the playground schedule is the city-wide pageant. It is to be held at Central High School, Aug. 19, at 7 p.m. The theme this year is "Traveling in a Time Ship." Deshler has selected medieval England as the scene they wish to portray. It will include, among others, a prince, princess, and even a large dragon. Attending the RKO movie shown for helpful children on Aug. 7 were Barbara Scherer, Sharen Held., Andriana Lamb, Rita Sterzer, Jay Fleshman, Virginia Fleshman, Karen Fleshman, Carol McCosky, Jimmy McCosky, Sharen Tack, Ronald Clouse and Gerry Clouse, Mrs. George Tack and Mrs. John Westlake of the Parents Council also attended the movie with the children.

Lincoln Park

Lincoln's intermediate boys' softball team won its first game in the city-wide tournament by beating Indian Springs, 18-5. Bobby Williams was the leading hitter in the game, with two triples for two times at bat. Bob Bateman had a home run and single for three times at the plate.

Lincoln's intermediate girls' softball team had their first game in the city-wide tournament rained out. They were to play Sullivant Gardens.

The Little League picnic that is being sponsored by the Southeast Lions has been postponed. It will be held Tuesday, Aug. 17. The bus will leave Lincoln Park at 5:15 p. m. Any Little Leaguer who played in the Southeast Lions League at Lincoln Park is invited. Be sure and sign up at Lincoln Park if you want to go.

Last Saturday 25 boys and girls attended the show at the RKO Palace Theater. The show, which was enjoyed by all, was given for the children who had been playground assistants during the summer.

The junior girls' softball team was defeated by Linden Park last Friday. This defeat eliminated the team from the city-wide tournament.

Let's not forget the all-playground pageant at 7:30 p.m., Aug. 19, at Central High School. The children are working hard to make it a big success so don't let them down! Make a note to attend the pageant.

Economy Savings Robbed Of Some $1,000 By 'A Quiet Man'

Among the exciting events which took place on the South Side this week was the robbery of the Economy Savings & Loan Co., 1869 Parsons-av, Monday morning by a man described as a "note bandit".

The bandit, who posed as a customer, escaped with less than $1000, from the establishment when he presented a note to an employe, Mrs. Susan F. Williams, 33, of 140 E. Moler-st, threatening to kill her if she didn't "open up the safe" and give him all the big bills.

The threat induced Mrs. Williams to give him the money in the drawer at the counter after telling him that the money supposed to be in the safe was actually in the bank next door.

As the man fled, Mrs. Williams shouted, "I've just been held up!" George Volbers, 178 E. Schreyer-pl, acting manager of the firm, ran out the front door, pursuing the bandit who was already being chased by Charles Fraley, 15, of 2668 Alum Creek-dr, and Eugene Harper, Jr., 11, 2031 Parsons-av, who had heard Mrs. Williams scream and saw the man run from the loan office. However, the man escaped in an auto parked in a nearby alley.

Local Chiropodist To Be Delegate To Convention

Dr. Charles Greiner, South Side chiropodist, who is vice-president of the Ohio Chiropodist Association, will be one of two Ohio delegates to the national convention in Chicago, Aug. 13-14.

The National Association of Chiropodists will meet at the Drake Hotel for a two-day business and schooling session. Dr. Greiner, who is slated to be president of the Ohio foot doctors in 1956, will be accompanied by Dr. Thomas A. Crotty of Cincinnati.

Trailer Park Owner Given 'Final Warning' To Close

Mrs. Audrey Rockhold, who is listed as the owner of a 3.51-acre tract at 2317 Groveport-pk, was given what was termed as a "final warning" by Common Pleas Judge Joseph M. Harter Monday in an order requiring a trailer park located on the afore-mentioned property to stop operations in 30 days.

Judge Harter found Mrs. Rockford guilty of contempt of court in not obeying an Apr. 13 order by

SOUTH SIDE MERCHANTS TO HOLD 1st DOLLAR DAYS

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

I think I have found it. For quite a time I have been shopping for a sandwich that will match the Submarine in flavor. Luigi's Big Lou Lou comes nearest to meeting that requirement. Stop in and try one and you will want one every night. Something new in taste and something wonderful in the eating.

This week brings to light many fine specials offered by the progressive merchants of the South Side. Check this issue thoroughly for items that can save you money and also carfare by not having to go away up town to buy your daily needs.

Do you need upholstery on some of that old furniture that is lying around the house? A good place to go is Franklin Upholstery at 429 S. Fourth-st. A very low price is now being offered on a sofa and chair done in one of the new miracle fabrics. Check this special on the contest page.

Women the place to go this week-end is straight into Rosey's Department Store. Fantastic bargains are being offered on many fine items that will please any woman's heart. And to top it off the store is air conditioned so you won't have to worry about the heat. Stop in and look around.

B. F. Goodrich has a whole page of bargains that are being offered at wonderful savings, and along with that, credit can be arranged in a minimum time. Check page 12 of this issue and then stop into the Goodrich store and buy whatever you might need. Tell them the Bell Ringer sent you!

This column is open to suggestions at any time—any comments or items that you think might interest some of the people. Feel free to write in and let me know. The aim of the Bell Ringer is to promote business on the South Side and to let everyone know that the merchants that are in business in the South Side carry approximately the same articles that you can buy downtown. Look at all the carfare or time and worry saved. All this can be had just by shopping at home. Shop on the South Side and SAVE!

BECOMES SUPER-SELLER

Do you have something to sell? Take a tip from Mrs. J. A. Michel, 1136 S. Champion-av, who can count herself a "super salesman" because she knows how to go about it.

Mrs. Michel had a washer to sell—so she inserted this ad in this paper!

> DOUBLE TUB. Dexter washer. Perfect running condition. $25. 1136 S. Champion. HI. 4-7588.

Mrs. Michel sold the washer by 9 the morning the paper came out and received 25 additional calls that day. That makes 25 people who want to buy a washer. Do you have one to sell? Let them know with a classified ad. They make a super salesman out of the inexperienced. Merely call HI. 4-9262 or LA. 1125 for aid in the best message for your own "salesman."

ICE CREAM SOCIAL

An ice cream social will be held at the South Church of Christ, Woodrow and Bruck-st, Wednesday, Aug. 25, from 7 to 10 p.m. Home-made cake, ice cream, coffee and watermelon will be served. The public is invited.

CHAMPS—Pictured above are players of South Methodist Junior Church Softball team, champions of the Class "B" division of the South Side YMCA Junior Church league. Dropping five games the first round, which landed them in the "B" division, these boys then rallied to win five straight games and cop the "B" championship. Left to right, front row, George Heory, Ron Franz, Dick Guyer, Steve Williams, and Mike Crary, and back row, Don Wishon, Bob Riffle, Ron Jones, Don Bell, and Manager Paul Milligan.

Event Set For This Week-End To Bring Many 'Buys' For All

Nearly a score of progressive South Side merchants have banded together this week to bring to the general public many savings that can be enjoyed by anyone buying on the South Side this weekend.

This issue is chuck-full of special savings that can be had just for the asking. Basically, the sale is being staged with the "dollar day" motif. Since many of the merchants not having items that they can sell for a dollar, they have cooperated with the other merchants either by advertising dollar saving specials or by going along with the first annual "Dollar Day Contest."

This contest is staged jointly by the Leader and the merchants advertising on that page. Cash awards will be given to the first three people finding all of the misspelled words and arranging them into the proper sentence.

This special sale has been in the planning stage for several weeks and it is anticipated that it will be carried at least once a year, if not more often. It all depends on just how the general public responds. Merchants of the South Side feel that they can offer better bargains and interest many more people if they all cooperate in advertising specials at the same time.

This means one thing to John Q South Sider — bigger and better savings for that poor, depleted pocketbook. You might not be able to make a silk purse out of a sow's ear, but you sure can make a dollar bill feel much larger when you spend it on the South Side.

You won't have to go far this week end to complete your shopping. Just try it once and see what the merchants of the South Side can do for your pocketbook. When you go into the stores, tell the merchants that you saw their items advertised in the Leader. This not only tells the merchants that you are reading about him, but it lets him know that he can reach each and every one of you just by advertising where you can see it.

"Dollar Days" in itself is quite an old promotion, but for the younger folk who are just getting started in life, it could mean quite a lot to them in the way of dollars saved for tight budgets.

Drop in and say hello to the merchants advertising in the Leader this week. You'll not only save time, but money and still buy all of those things that you have wanted and just haven't been able to afford!

It is hoped that this promotion will show you South Siders that local, neighborhood merchants have it at prices that you can afford. "Dollar Days" could be a monthly affair if the public realizes that the place to shop is close to where it lives. If you are a South Sider, shop in the South Side and save!

County Engineer Addresses Citizens On Water and Sewer Plan; Gives It His Approval

The key-note of the joint meeting last Thursday on sewage and water was struck when Desso T. Mitchell, Franklin County sanitary engineer, asked for questions following his summary of the recent survey made by his staff, which investigated the possibilities of the establishment of a separate water and sewage system for Marion and Hamilton Townships.

Mitchell had explained that such a system was entirely possible from an engineering standpoint, and it was up to the residents to indicate that they desired further action.

"When can we begin?" was one of the first questions posed by one listener, while another member of the audience asked how long it would take to complete the project. It was immediately evident that the residents were interested in the proposal that had been endorsed by the Citizens Associations of both townships.

The meeting, held in the auditorium of Marion-Franklin High School, was open to all residents of Marion and Hamilton Townships. With the approval of those in attendance, John Nippert, MTCA president, dispensed with the usual committee reports and the minutes of the last meeting to proceed with the business at hand.

A. C. Meyers, vice-president, then introduced the first guest scheduled to speak to the group, estimated at about 450. D. J. Kunz, mayor of New Rome, and pioneer in metropolitan cooperation, briefly explained the background of the Columbus Metropolitan Area Study Council, which is currently endeavoring to solve the various mutual problems of Columbus and surrounding subdivisions within Franklin County.

The present building boom in west Franklin County, including the 30-million dollar Westinghouse plant, was largely due to the foresight of the members of the Rome Business Men's Association, according to Kunz. Sensing the great potential, the group succeeded in getting the county commissioners to OK a petition in September, 1950, to rezone the area to encourage industrial development.

Later, Franklin and Prairie Township residents formed the West Franklin County Association to study land-use problems. To help in their study, the group called in officials from the municipality of Columbus, together with officials of the federal government, the utility companies, railroads, county, and various industries.

This new group was making good progress until the annexation question came up. Then began a period of confusion and general mayhem—due largely to the absence of facts upon which to base honest convictions.

The Hilltop Business Association representative suggested that they hire someone to get the unbiased facts, and Dr. Walker of OSU was selected to do the job. His report was publicized and distributed throughout the county.

Due to the large numbers that opposed annexation, the county commissioners appointed a committee to select an advisory board to help settle the difficulties intelligently. Out of this grew what is now known as the Columbus Metropolitan Area Study Council. The early days of this council were studded with obstacles and just when it appeared that the organization was destined for a slow death, new compromises brought a turn for the better.

The group is now made up of representatives from Columbus, the Planning Commission, the townships and the villages within the metropolitan area, and all have a voice in the affairs discussed around the conference table.

Kunz injected a personal note in his talk at this time, and complimented Bill Fornof, Marion Town-

JACKPOT WORTH $86

Two Observant Readers 'Cash In' By Finding $1 Insignia In Leader

An enticing jackpot of $86 greets Leader readers this week! That's right, since no one discovered our $5 jackpot insignia this week, the pile of "Confederate" currency has now reached a grand total of $86.

Although the big money got away again this week, two observant readers cashed in $1 insignia they found upon scaning the ads in their copy of the South Side Leader.

The lucky ladies were Mrs. Harry Heintz, 874 Macon-st, and Betty Garvin, Apt. B., 645 Morrill-av, who may use their $1 "confederate" bills with the actual value of genuine United States currency in making a purchase at any of the business establishments advertising in the copy of the Leader in which they found their insignia.

Thoughts this week will no doubt be centered about the $5 insignia which carries a jackpot of $86 if it is discovered. However, five $1 insignia will also appear this week in separate copies of the Leader. Check the box at right for complete details on this fabulous contest.

Scan the ads. You'll find it pays!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $86 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

South Side Man Struck By Truck

A South Side truck driver was in critical condition in Mt. Carmel Hospital Monday afternoon following an early morning crash on Rt. 23, a mile south of the Franklin County line.

Charles Ellis, 54, 725 Markison-av, suffered a fractured skull, fractured right leg, and severe shock when his stalled semi-trailer truck was struck from the rear by another truck driven by Roy A. McKean, 30, of Decatur, Ind.

Highway Patrolman Kyle Reed said Ellis was standing beside his truck when McKean apparently failed to see warning flares posted.

Ellis' trailer, loaded with old engine blocks, then struck him after the impact, hurtling him into a nearby ditch.

SOUTHWOOD GIRLS PICNIC

The Junior Girls of Southwood Church of Christ will meet at the church at 4 p.m. Friday, Aug 19, for a picnic. Mrs. W. E. Davis is their teacher.

Lifelong Residents To Observe 50th Anniversary

Mr. and Mrs. Michael Leslein

Mr. and Mrs. Michael Leslein, 1145 Washington-av, lifelong residents of the South Side, will observe their golden wedding anniversary with a family dinner and reception at the Onized Club House from 1 to 5 p.m.

Mr. Leslein, 73, and the former Louise Elizabeth Schimpf, 67, were married in the chapel of Trinity Lutheran Church on Aug. 18, 1904, by Rev. Hein. This same pastor baptized each of their 10 children. They both came from old South Side pioneer families and, except for one year, have lived their entire lives in this community.

Before his retirement 12 years ago, Mr. Leslein had been employed as a decorator and glass worker and worked for many years at the old Kulp brickyard. They belong to Trinity Church and Mrs. Leslein is an active member of the Onized Club Auxiliary.

Among the guests who will attend the reception and open house Sunday are Rev. Shcultz, Rev. Pflueger and Rev. Kaefer.

Attending the family dinner will be their 10 children, all but three of whom are South Siders: 22 grandchildren and four great-grandchildren. Their four sons are Frank, Walter, Ralph and Clarence and their six daughters, Mrs. Otto Bort, Mrs. Frank Weisenberger, Mrs. Robert Butterfield, Mrs. Sherman Larimer, Mrs. Robert Harmer and Mrs. Roy C. Taylor.

STORK SHOWER—Mrs. Earl Carter of 328 Sheldon-av was guest of honor at a stork shower held at the home of her parents, Mr. and Mrs. Joseph Petrasio, 1632 Parsons-av, on July 31. Co-hostesses for the event were Mrs. Carmen Mininni and Amelia Ann Petrasio. The 39 guests who were present were served a buffet-style luncheon. The dining area was appropriately decorated in pink, blue and white, and corresponding colors were used for streamers and bows on a baby cradle which served as a centerpiece. Pictured left to right are Amelia Petrasio, Mrs. Joseph Petrasio, Mrs. Carl Carter and Mrs. Carmen Mininni. (Photo by Carmen)

Pizza will be one of the many attractions at this year's St. Mary annual Homecoming and Festival to take place Friday and Saturday, Aug. 20 and 21, on the school grounds, 685 Mohawk St. Mrs. Richard Hollern, armed with the rolling pin in the photo above, is showing some of the committee members how she and Mr. Hollern will make large orders of tasty pizza for the affair. Pictured, left to right, are Mrs. Edward Gutmann, Mrs. Hollern, Mr. Leroy Stein and Mrs. Fred Michael. The festival will begin both evenings at 6 p. m. At that time on Friday evening a fish dinner and a pizza dinner will be served in the school cafeteria until 9 p. m. On Saturday, pizza will be served along with barbecued hamburger and wiener sandwiches from 4 p. m. until closing time. There will also be stands of all description including candy, sugar, cake and white elephant stands. In addition, there will be special attractions for the children. Expert Says Some Weeds Aid Soil

"Some day, you may be proud of a crop of weeds in your garden," says Dr. Firman E. Bear, Rutgers University soils expert.

The reason is that certain weeds accumulate minor plant food elements, says Farm Journal. Ragweed and lamb's quarter, for instance, both help store up zinc in the soil where they grow.

To say that soil needs organic matter is not enough, says Dr. Bear. It needs a variety of organic matter. And that's where he thinks certain weeds eventually may prove to be valuable and thus achieve respectability.

TO DEDICATE PARK

Eugene M. Wolfe, 76 N. Ogden-av, is a member of the executive committee of the 37th Division Veterans Association which will dedicate a State Roadside Park to all former 37th Division (Ohio Buckeye) Veterans at 2 p. m. on Aug. 22. The park, located on Rt. 3 at Centerburg, O., will contain a plaque dedicating it to those veterans for services rendered the State of Ohio throughout all former wars.

Hoge Memorial Church Is Scene Of Populin-Minnehan Nuptials

Candlelight illuminated Hoge Memorial Presbyterian Church for the double-ring wedding ceremony uniting Miss Dianne Populin and Mr. Charles Minnehan at 7:30 p. m., Saturday, July 31. Rev. Alfred J. Wold read the service before an altar banked with a display of pompons, gladioli, roses, delphinium and mums.

The bride, daughter of Mr. and Mrs. William Populin, 3044 El Paso-dr, was given in marriage by her father. The bridegroom's parents are Mrs. Dollie Floyd, 368 S. Sixth st and Mr. Dawson Minnehan, Mound-st.

The former Miss Populin was gowned in a white ballerina-length nylon gown with blue flowers. She wore a white headband fashioned of lilies of the valley, white choker with matching earrings and white nylon gloves. Two white orchids with white satin streamers were mounted on her prayer book.

Mrs. Robert Lyons, matron of honor, wore a gray silk frock in ballerina length with pink and white accessories and a corsage of pink carnations. Mr. William McMahan served as best man.

The mother of the bride wore a beige and gray print dress with white accessories and a corsage of white roses. The mother of the bridegroom chose a frock of blue and white and wore an identical corsage.

Thirty relatives were guests at the reception held at the home of the bride's parents, following the ceremony. Serving as hostesses were Mrs. Oliver Gramlich, Mrs. Jack Clifford and Miss Susie Populin, sister of the bride.

The new Mrs. Minnehan was a June graduate of West High School and is associated with the Great American Insurance Co. Her husband, a graduate of South High School, is employed with the Kimbal Glass Co.

Following a wedding trip to Cumberland Falls and a tour of Kentucky, the couple is at home at 305 Southwood-av.

Local Girls Graduate From Mt. Carmel School

Two South Side girls were among the 36 who were graduated Sunday, Aug. 8, at the 48th annual commencement at Mt. Carmel Hospital School of Nursing at St. Joseph's Cathedral.

Commencement activities included a banquet given for the seniors by Mt. Carmel alumnae; the traditional senior picnic at Mt Carmel farm, and Holy Mass followed by breakfast and presentation of Mt Carmel pins.

Local girls who received the pins were Virginia Oeffler, 1440 Studer-av, and Lillian Singer, 784 Carpenter-st.

Localite Is President Of Lilla Phillips Club

Among the newly-named board members of the Lilla Phillips Story League as announced by Mrs. Fenton Fish, 868 Lockbourne-rd, president, is another local woman. She is Mrs. George Sriner, 1040 S. Roosevelt av.

Mrs. Fish will serve as one of the two representatives to the Columbus Federation of Story Leagues.

The Phillips League which was organized in 1926, meets the second Monday of each month at the YWCA and is a branch of the National Story League.

ROSE FESTIVAL PLANNED

The annual fall rose festival of the Central Ohio Rose Society will be held Sunday, Sept. 12, 1 to 6 p. m., in the Columbus Gallery of Fine Arts, 480 E. Broad-st. There will also be an educational program sponsored by prominent rosarians who will be on hand at all times to answer questions and give valuable advice on the growing and care of roses.

The Gadabout

The birthday party that the Wycoff twins had to celebrate their 15th birthday was a dual purpose one this year. It also marked the last Columbus social event for Gloria Ronymus for awhile. Gloria is now enrolled in St. Aloysius Academy, and won't be home for several months. The refreshments for the Aug. 14 shindig for Judy and Jim were the increasingly popular pizza.

One of the houses we've promised ourselves to visit in the very near future is the one at 389 Frebis-av. We've heard about the tableau spotlighted there, until 10 p. m. each night. If you're out riding around in the evening, why not make it a point to drive past the Barry residence and take a gander at their protest against city council? It certainly sounds like a very original idea!

On Aug. 7, Barbara Flovin, 71 E. Woodrow-av repeated wedding vows and became Mrs. George Bevins. The marriage took place in the South Methodist parsonage. George was home on leave at the time, but has since returned to his Navy base in California.

Our sympathy this week goes to Mrs. Gordon Knepper, who lost a sister in one of the recent traffic fatalities, and to the survivors of Julia Smith, formerly of 1708 S. Pearl-st.

The fall season can't be too far away, for we've received our first notice of a Trudeau Guild meeting. Guild 250 will meet Sept. 1 in the home of Mrs. John Leist, 174 E. Morrill-av. The chairman of the Guild will still be a little breathless from her second vacation trip of the summer, for she is at present visiting her daughter in Virginia. The chairman? Mrs. Larry Rumsey, and her daughter is Mrs. John Alexander.

Mrs. Henry Green has ample cause to feel a glow of pride these days, for she won a medal in a select group. This resident of 973 Seymour-av won a pearl medal in the WCTU Speech contest at the Lancaster Federation workshop, held Aug. 11 and 12. She is now eligible to compete in the diamond division and here's hoping she makes it.

Happy birthday to Bill Hoptry, even though we don't know the exact date. Lots more, Bill.

A little late, but the vacation of Bill and Ruth McGraw, 272 E. Jenkins-av was once again spent in Canada, where the fish abound so plentifully.

Jane Baldwin spent her Aug. 2 birthday in the lovely Hocking Hills this year. She officially became a teen-ager in Camp Wyandot, the Camp Fire Girls summer home. Her "bosom buddy" Kay Hussey was there to help her celebrate it.

"Our" little Sue is finally in the hospital, and we'll give you full particulars next week. "Our" Sue is Sue Turner, daughter of Carl and Marg Turner of Sheldon-av. (We've written about her before, that's why we have the possessive feeling about her.

We're always glad to give all the help we can to ambitious youngsters, so we'll pass on some news about just such a South Side lad. Bob Dean, 33 E. Jenkins-av is in the car-washing business.

Guess the McCaffrey family, of Frebis-av, had a fine time on their little jaunt to Ohio's second largest city. While in Cincy, they were on Walt Phillip's TV show, saw a ball game, and did other things that made their short stay quite enjoyable.

The folks out around Ohio av are on the gadding side this week and here's our report on them: Mr. and Mrs. George Barr, 1241 S. Ohio-av should have arrived at their Florida destination by now. The residents of 1243 S. Ohio-av are visiting friends in Iowa. They are Mr. and Mrs. Owen Myers. Bob and Louise Spohn, 1237 S. Ohio, have just returned from a highly enjoyable trip to the Atlantic Coast, that extended from Aug. 5 to Aug. 13. The highspots of their trip included a visit to Seneca Caverns, fishing in the Chesapeake Bay, swimming at Virginia Beach, visiting the Luray Caverns, crab-fishing in Lynnhaven Bay, inspecting the Natural Bridge of Virginia and driving on the Skyline Drive. Their daughter Marianne, is anxiously awaiting the "Olympics" and we wish her the best of luck in them.

Another vacationing family is the Crabtree family, 923 City Park-av, who is at present soaking up Florida sunshine.

Another bowling league desires women bowlers; the Wednesday afternoon League at the Parsons Recreation. For full details call Ann Bray at EX. 6347 or Mary Merritt, HI. 3-3148.

The Gadabout is sending out an SOS and hopes some kind folks will be interested! She's undertaken the job of getting monthly entertainment for Benjamin Franklin Hospital, and the only stipulation is that the entertainers be over 16 years. Any group whatsoever is welcome to come and perform for the patients, for they prefer "live" entertainment above all others. Won't you let us know of all such groups? We'll be exceedingly happy to hear about them, believe me. (And don't forget, the same phone number gets us when you have an item to report!) Till next week then, 'tis — The Gadabout.

GLEANER CLASS TO PICNIC

The Gleaner Class of Oakwood Methodist Church will hold a picnic supper at the home of Mrs. O. B. Daniel, 542 Miller-av, Thursday, Aug. 26, at 6 p.m.

Flovin-Bivens Nuptial Vows Spoken Aug. 7

Mr. and Mrs. Oscar L. Flovin, 71 Woodrow-av, announce the marriage of their daughter, Barbara Lee, to Mr. George E. Bivens, son of Mr. and Mrs. Ralph Bivens, 1457 S. Wall-st.

The wedding was solemnized Saturday, Aug. 7, by Rev. Walter Peters of the South Methodist Church on Morrill-av. Mr. Bivens is home on leave from the U.S. Navy stationed in California.

Mr. and Mrs. Bivens are residing at 71 Woodrow-av.

BOOSTS TB TAX LEVY

Jeweler J. Richard Argo, 4312 Riverside-dr, has been named chairman of a Citizens' Committee for Renewal of the TB Tax Levy, according to Dr. Robert Kropp, chairman of the board of trustees at Benjamin Franklin Hospital. The levy which will appear on Nov. 2 ballots will be for .65 mills, and will be a renewal of a similar levy approved in 1950 by voters of Franklin County.

Golden Wedding bells were pealing this past week — fiftieth anniversary celebrations on Sunday for Mr. and Mrs. H. J. Kimling, and on Monday for Mr. and Mrs. Charles Leslein. Congratulations to these couples, and anniversary greetings also to Mary and Al Passanti, Russ and Rosemary Owen, and the Dale Rowells. The Rowells were separated for this anniversary, as Dale is in service abroad.

On our "Please Get Well Soon" list we find Albert Hawse, Mrs. John Juhaus, Mrs. Betty Blower and Mrs. Emma Morrison. Mrs. Morrison was hospitalized while visiting her son in Lansing, Michigan. Also on our list is Mary Shephard, Betty Dean, Pat Blakeman and Mr. Carmeans.

Flowers brighten and cheer the sick room and do wonders for the morale of the shut-in. Our delivery makes twice-a-day trips to all the hospitals, also goes all over greater Columbus. A call before noon will guarantee delivery of your flower order the same day.

That 'Ole Stork' has been flapping his wings round here and has dropped several precious bundles — boy babies to the John Stubbins, the Charles Swinks and the Dean Hemmerlys — and a sweet little girl to Mary Louise and Bill Sayre.

Very special birthday greetings to our good neighbor and our little Tommy's very dear friend, Mrs. Edna Thaxton.

Those desiring transportation are asked to meet at the post home at 7:30 p. m. The annual motorcycle event will be held on Sept. 12.

Three Causes Given For Stucco Cracks

There are three common causes of stucco cracks. They may develop if the house settles. Improper mixing or application of the stucco is another cause. Or cracks may appear if there is any movement of the lath or other base to which the stucco has been applied.

Metal lath, instead of wood, should always be used in stucco work. If moisture penetrates to wood lath it will expand and something will have to give. Usually it's the stucco.

Dining Set Designs More Varied Now

The new dining tables and chairs, offered in a greater variety of designs and materials, usually are adaptable to more than one purpose. Removed from the dining room, a chair will fit in nicely as an occasional piece in the living room, while a dining table also may perform double duty as a room divider.

Some tables have tops that raise to dining height or lower for cocktail use. There is a trend toward over-sized tables that back up sofas for room division, and also more numerous are oval tops which give the dining group a sense of intimacy.

Designers also have produced interesting and highly functional dining storage units, equally suitable to the environment of a combined living-dining area or a room used only for dining. Providing maximum storage space, these pieces can be found in all the popular veneers and in the whole range of furniture styles from 18th Century to casual modern and ranch designs.

Dr. Oscar A. Benson, president National Lutheran Council: "The churches of the West have kindled confidence in the hearts of those who wait behind Iron Curtains for the dawn of freedom."

SQUARE DANCE AT Y-PARK TO FEATURE STEP INSTRUCTIONS

The sixth of the summer square dance series held at Y-Park will be held tomorrow night, Friday, from 7:30 to 10:30 p. m. in the large open shelter at Y-Park.

Folk dances, fox trots, polkas, and schottische strains will ring out from the Y-Park Combo. Jim Wagner from the South Side Y will call out the square dances.

Square dancing has become quite popular the past six years and the Y-Park dances afford a wonderful opportunity for the young people of the South Side to receive instructions prior to the dance and thus participate in the dances with considerable confidence.

The summer square dances are sponsored by the South Side Branch YMCA Young People's Inter-Church Council. Young and old alike are invited to participate in this wholesome recreation held in the cool rural setting

In Passing

IF I WERE YOU

It's easy to say the quick, sharp word
That will injure through and through
The friend you have always held so dear—
But I wouldn't, if I were you.

It's easy to spread an idle tale
That perhaps may not be true,
And give it wings like thistledown,
But I wouldn't, if I were you.

The word once spoken, if harsh and unkind,
You must ever bid adieu—
Though you may speak them if you will—
But I wouldn't, if I were you.

Miss Florence Stone of Indianapolis recently published a volume of poems, titled "Rose That Opens." One of the poems in this delightful book is about my favorite shut-in, and is as follows:

For those of us who run the busy route
In search of pleasure, fame or silver loot,
It is a thrill (a thrill we can't ignore)
To find a friend like her at our door!

In solitude, in quietness, she lives
A worthier life, by far, for she gives
Us things on which to build; for which to yearn!
She shows the way—we can but meekly learn!

A message from her is a melody
Played on her heartstrings — for her heart can see
Much plainer than the eye; can keenly sense
The kindred hearts—their meaning; their intents!

If you would like to know what the state of Ohio, the American Legion and the faculty of the Home are doing for the war orphans of the state, take a drive over to Xenia. Go out Home Avenue and turn in through the big gates of the Ohio Soldiers' and Sailors' Orphans' Home. The grounds are beautiful; everywhere you will see happy youngsters, and courteous, friendly matrons, teachers, nurses and other employees. We stopped at the chapel first. The obliging caretaker proudly showed us the new organ, new seats, floor and lighting fixtures which had been donated by several patriotic organizations. There are magnificent school buildings, an auditorium, and new cottages in which the children live. We were told there are still a few children of World War One veterans at the School, but most of them are World War Two orphans, with perhaps a few Korean War orphans. Our informant was not too sure about that. About 1915, an article appeared in an Ohio newspaper which said that after the children of Civil and Spanish-American War veterans had been graduated from the O. S. & S. O. Home, it would be made into a home for crippled children!

Mail — From Newark: "Wasn't that a sweet tribute to the Dionne quintuplets in this morning's Ohio State Journal (Aug. 10)? If you are permitted to reprint from other papers you could pass along these lines from the editorial: 'Once again the Dionne quintuplets have captured the eyes of the world, but this time the mist of sadness instead of the light of joy is reflected' " . . . From Columbus: "For the first time since the roaring twenties, I am in style, thanx to Dior" . . . From a Mom in Cincinnati whose only son recently left for the Air Force: "Bob left Monday. He wouldn't let us go to the station with him. I guess he was afraid I'd cry all over and embarrass him. I had made me promise that he wouldn't see me cry, and by golly, I made it! Who knows when we are right or wrong—maybe now he will think I didn't care enough to cry over him. How much worse those millions of moms felt when there was a war on, when their sons left!" . . . From the mother of a rancher in Healdsburg, Calif.: "My son never married. Guess he has his hands full with his old lady and his cows. When I hear him rounding up a bunch of recalcitrant heifers (he starts easy by saying 'Now girls, be reasonable!') I never knew there were so many names for uncooperative females. Guess he thinks I am out of earshot, but crafty old me, I never miss a thing."

AT THE PLAYGROUNDS

Karns Park

The Karns Lions Little League Park winners lost out Monday to the Goodale Green Team 9-8. Bob Sherwood for the Lions pitched good ball, but too many errors was the team's downfall. Highlight of the game was the home run, with bases loaded, by Don Jagerski of the Karns team.

The Karns senior softball team continued its success in city tournament play by downing Whetstone, North End champion, by 6-2. Superb pitching and fielding performances enabled the Karns team to defeat the topnotch North End team.

Qualifying trials in the Junior Olympics were held for 11 and under and 12 and 13-year-old age groups Friday night. Eight boys or girls in each event were qualified for finals, which were to be held Saturday. Rain, however, caused the postponement of the meet so that the girls will now run their events on Tuesday evening at 5:30 and the boys on Friday evening at 5:30. Qualifiers for the finals for Karns were Jerry Mienrod and Jeff Moorehead, in the 11 and under boys' 50-yard dash and high jump; Arlene Skeen and Patty Leitch in the 11 and under high jump, Dale Roffeld, Tom Rochrenbeck and Bobby Major in the 50-yard dash for 12 and 13-year-old boys. Tom Rochrenbeck and Bob Major in the broad jump, Richard Skeen, Robert Meinrod, Jim Roberts, and Bob Major in the high jump. Both the girls' and boys' relay teams qualified for the finals in 12 and 13 age group.

The senior softball team was to play Spring Street, East End champs, at Karns on Tuesday, Aug. 17.

The Karns arts and crafts group has been concentrating mainly on the pageant, which is being put on Thursday evening, Aug. 19, at Central High. They also have been doing some painting and making hand puppets. Shelia Farcus, Georgia Sheely, Ruth Ann and Charles Haag, Ryn Tetit, Terri Rettenmeyer, and Linda Earler made some very nice puppets.

Participants in the pageant, Marilyn Hauf, Arlene Skeen, Lyn Tetit, Susie Gugliomoto, Mary Rettenmeyer, Mary Roehrenbeck, Peggy O'Neil, Ruth Ann Haag, Charles Haag, and Charlene Haag.

Richard Skeen and Howard Roffeld will hold the "Heavenly Gates" in the pageant.

Deshler Playground

This is the last week on the playground at Deshler. During the summer 284 children have registered at the playground. The playground will close Friday, Aug. 20.

The biggest thing of the week will be the pageant to be presented at Central High School Thursday, at 7:30. Nine children are participating in the Deshler skit. Roseann Miller, Joann Dreihaler, Diana Mumma, Teddy Redman, Jay Fleshman, Virginia Fleshman, George Clause, Philip Pullman, and Ronnie Clause.

Last Friday the Junior Olympic finals were held and the following children from our playground qualified for the city wide track meet: Sharen Boquist, Karen Boquist, Dan McKitrick, and Sally Lewis. Sharen and Karen Boquist came in first in the 50 yard dash and Sally Lewis came in eighth in the softball throw. Dan McKitrick came in second in the boys' softball throw. Sharen Boquist also placed in the high jump for girls 11 and under.

Deshler had two teams in the city-wide Little League playoffs. They were the Braves and the Warriors. Both teams were eliminated, the Braves by the American Legion Tigers and the Warriors were defeated by the Southeast Lions. The final Little League standings for the Deshler League are as follows:

	W	L	Pct.
Braves	5	1	.833
Warriors	4	1	.800
Yankees	4	2	.666
Tigers	2	3	.400
Indians	1	4	.200
Pirates	0	5	.000

Lincoln Park

Lincoln's team was put out of the city recreation tournament by a strong team from Sullivant Gardens. The score was 28-2. Lincoln started out quickly with Jo Ann Moselli, the lead-off hitter, crashing out a triple and then scoring on the next play. Lincoln scored once again in the first inning, but Sullivant Gardens put on the brakes for Lincoln and then pulled steadily away to a one sided victory.

The Southeast Lions presented the players and managers of the Southeast Lions Little League, that played at Lincoln Park, with a fine picnic on Wednesday, Aug. 11. The boys were transported to and from Y Park by bus. Players, managers and Lions Club members had a fine time together.

Lincoln didn't have a chance against the powerful team put together by the combined efforts of the Crystal and Grandview Swimming Pools. Lincoln did top the two playgrounds that scored in the meet by collecting four points. Jim Hoptry and Dick Kitchen scored the points for Lincoln. Lincoln's other participants: Paulette Rosenauer, Sharon Coppaccani, Barbara Nicholson, Millie Lowe, Diane Moselli, Carol Paul, Nancy Willis, Dick Abbott and Paul Humphrey.

Winners of the various age groups in the tennis tourney were as follows: boys 13 and under (singles), Ralph Hughes; girls 13 and under (singles), Darlene Holt; boys 14 and 15 (singles), Bill Eberts (doubles), Bill Eberts and Gordon Scholz; girls 14 and 15 (singles), Sue Mayer, (doubles) Sue Mayer and Sally Mayor, boys 16 and 17 (singles), Dick Meier, (doubles) Dick Meier and Charles Kessler; and girls 16 and 17 (singles), Shirley De Weese, (doubles) Shirley De Weese and Shirley Masses.

There was a rather unique match in the girls' 14 and 15 year old singles finals, with the Mayer twins playing against one another. Sue finally edged Sally 6-4 and 6-4. They combined in the doubles and were unbeatable as a team. The above winners will take part in the city regional tournament.

The Rams and St. Stephens won two games each last week in the Little League tournament. St. Stephens defeated Westgate 1-0 behind the no-hit pitching of Bob Duckworth. Rodney Buccilla pitched a two-hitter and struck out 16 Tuttle Tigers to defeat them 12-0. Buccilla helped his own cause with a pair of three baggers, a double and a single. He had able support from Smith and Carroll, who collected home runs and Duckworth who had three hits.

The Lincoln Rams defeated the Fairmoor Indians 18-2 behind the no-hit pitching of Cliff Carr and Eugene Harper. The big guns at the plate were Ward Seeger, who had two home runs, and Gary Roberts, who hit one home run. The Rams later defeated the Deshler Warriors 8-7. Cliff Carr of the winners struck out 13 Warriors in five innings. Eugene Harper had a pair of doubles and a single for three at-bats; Mike Blake had two doubles out of three appearances; and Gary Roberts went two for two.

The Lincoln Junior Boys continue to win in the softball tournament by defeating Southview in a pitchers' battle 22-17. Gary Roberts and Eugene Marczika each had two hits, and Mike Ardner scored four times on four walks and a single.

The following girls and boys have qualified for the finals of the Junior Olympics track meet: Doris Goodwin, Bob Goodwin, Eugene Harper, Jack Roberts, Bob Duckworth, Cliff Carr, Richard Finch, Jim Wilson, Mike Ardner, Rodney Buccilla, Jim Kusan, and Joseph Western.

Marion-Twp. Sidelights

(Continued from Page 1)

ship trustee, for his part in the Study Council. He said Bill handles himself and the problems he represents with extreme dexterity.

Kunz also emphasized that he wanted to say a few words in favor of the Marion Township Citizens Association, which in his opinion is going about the various problems in the right way, by getting all the facts possible together before reaching any decision. A pat on the back never hurt anybody, so we can tell Mayor Kunz that his kind words regarding our association were deeply appreciated, considering his vast past experience in civic affairs.

Following Mayor Kunz' talk, Larry Hatfielsted, chairman of the joint sewage and water committee, which is made up of interested residents from Marion and Hamilton Townships, introduced the principal speaker for the occasion.

Desso T. Mitchell had been requested by the county commissioners to do a preliminary survey of the possibilities of the establishment of a separate water and sewage system for the areas in Marion Township not now serviced by the city of Columbus, and for the northern portion of Hamilton Township. Mitchell and his staff had completed their survey and were ready to reveal their findings. As it turned out, Mitchell is not only an excellent county engineer, but an accomplished speaker as well.

Mitchell explained that since the area involved was topographically situated so as to provide natural drainage, it was not only feasible but a part of the Planning Commission's plan, to have the sewage drain south through the two townships. As far as water is concerned, he said, there is plenty available in Hamilton Township—more than 30 million gallons per day can be supplied and enough for both townships with plenty to spare. Since the water would be relatively hard, his subsequent plan included a softening process within the water treatment plant which would provide water about equal in quality to that provided by Columbus.

Cost of the project was roughly estimated to be about 7 million dollars, Mitchell said. This could be financed by revenue bonds which would be retired in 30 years, according to the preliminary investigation. Mitchell hastened to explain that only those using the service would pay, and the cost to the users would include the service as well as the installation of the system, with efficiently operated water works and sewage treatment plants.

The exact cost, including the lateral and trunk lines right to the owner's property, would be between $38.75 and $46.25 per year per home. This figure represents the total cost of both sewage and water service. Broken down into separate costs, the sanitary sewers would amount to from $21.25 to $25.00 per year, while the water mains would run between $17.50 to $21.25 per year. The cost of these services compare favorably with those provided by Columbus and may even be consumed more reasonably, the listeners were told.

The boundaries affixed by Mitchell in his study were approximate, and could be moved either way to a small degree. On the north, the system would reach the C&O railroad, while extending south to Rathmell-rd, located midway in Hamilton Township. From Alum Creek-dr, to the east, the system would include Parsons-av and parts of High-st, on the opposite boundary. The area within these boundary lines could expect a building boom, Mitchell indicated, and properly values would go up. It was even suggested that developers might be interested in promoting a housing project here and there if the water and sewage were available.

Success of the project, providing the residents indicate they desire the additional services, said Mitchell, depends upon convincing the bonding companies that the investment is a sound proposition. The next step, now that the residents have expressed their wish, is to plan for the distribution of petitions to be signed by the prospective users. It was decided that this assignment would be given to the joint sewage and water committee. A meeting of this committee is expected to be called within the next few days.

In answering the question posed by the listener who wanted to know how long such a project would take, Mitchell estimated that if he was to start on the project immediately, the minimum time required for completion would give the users on the tail end of the lines services in no less than one and a half years. Consumers nearer the sewage and water plants, however, could expect the facilities as soon as the trunk lines were installed adjoining their property.

Mitchell pointed out that the sewage treatment plant, which would be located somewhere in the vicinity of Reese, need not be objectionable. Odors emitted from treatment plants are from overloading, not from efficiently functioning systems, as planned for the area, he said.

LOVE FOR AN UNSEEN SAVIOR

By Rev. O. G. McClure

The Apostle Peter made the following statement: "Whom having not seen, ye love; in whom, though now ye see him not, yet believing, ye rejoice with joy unspeakable and full of glory."

Although we have not seen our Saviour, we can love him. But before we can love him, we must have a personal knowledge of him. Knowledge is the basis of true love.

We may know our Redeemer by a personal experience through his promises and grace. We may know him by the teachings of the Holy Spirit. We may know him by the testimony of his friends. We may know him by the declarations of the Bible. We may know him by divine revelation.

His invisibility does not affect our knowledge of him. His invisibility does not affect our obligations to him. His invisibility does not affect our relations to him. His invisibility does not lessen our responsibilities in following him. Neither does it lessen our obligation in obeying his gospel.

On one occasion our Saviour said: "He that hath my commandments, and keepeth them, he it is that loveth me: and he that loveth me shall be loved of my Father, and I will love him, and will manifest myself to him."

The secret then in being able to love our unseen Saviour is found in our knowing him and keeping his commandments. This is the channel through which our Saviour will manifest himself to us.

things that NEVER CHANGE

It will take you only about thirty seconds to read these lines. Yet in that short half minute, the map of the world will change.

Somewhere in the world, a long-quiet volcano will erupt with a roar that sends tons of molten lava streaming down the mountainside to alter the face of that mountain and the lives of the villagers at its base. As you read this sentence, a tiny, pink line of coral is emerging in the Pacific to start a new island which, God willing, will never become another Guadalcanal. An earthquake shakes part of Japan; a new skyscraper foundation is begun in an American city; a giant glacier changes its course in Labrador:—all as you read this page.

So it's apparent that the only *constant* thing about this old earth of ours is its *inconstancy*. Nothing is permanent except the moral truths of the Creator who fashioned this changing world in which we live.

God's truths are rockfast. No matter how the world changes, God's truths will always exist for man in an otherwise impermanent world. From the pulpit or altar of your church, these truths and values become self-evident to all. And perhaps that is why, in these days of stress, more men than ever are turning for assurance to God and his churches for truths that have never changed . . . and never, never will.

For I am the Lord, I change not.—Mal. 3:6.

South Loses Its Colorful Cage Mentor

George "Pug" Hood

South Sider George R. "Pug" Hood, greatly respected among those who follow the cage squad, and one of Ohio's most colorful high school basketball coaches, announced his resignation from the coaching and teaching profession Tuesday, and his intention of becoming a partner in the Athletic Specialty Co. of Columbus.

Hood, who has been a prominent member of the South coaching staff for the past 10 years, enjoyed one of his most successful seasons with the South cagers last year as they put up a prime battle before bowing to Hamilton Public in the championship game at the State Class A tournament at Cleveland.

Proving they have the stuff champions are made of, the team finished second in the City League, winning the district and Toledo Regional.

Hood, with his wife and two sons, Pete, 15, and Tim, 13, makes his home at 510 W. Sixth-av. However he is a native of Hamilton, O., and started his brilliant athletic career with the high school cage squad there. During the years that followed he became well-known as one of Ohio's foremost basketball stars through the skill and athletic prowess he showed at Ohio University where he was graduated in 1938.

He began his 15-year-long coaching career at Pickerington in Fairfield County, followed by posts at Jackson and Grandview and terminating after 10 years at South which include three City League championships and several outstanding seasons.

Paul Ebert, who graduated with honors last June from Ohio State is an outstanding name in local basketball history. One of Hood's most illustrious proteges, he may well credit a great deal of his early high school fame and stardom at Ohio State University to the coaching of the high school cage mentor.

A popular figure among his fellow coaches as well as his players, Hood was also highly regarded in state circles.

He has spent the past seven summers as a harness racing official and has had a busy season this summer serving as presiding judge at the Hilliards Raceway as well as at fairs at Mt. Vernon, Croton and Canfield. He is serving in the same capacity at the Franklin County Fair which opened at Hilliards yesterday.

STRIPPED OF 'WHEREAS'S'

Here Is Ordinance Paving Way For Vote This Fall On Annexation Of Franklin Township

According to the ordinance, its purpose is to assure the inhabitants of Columbus an orderly program and area of expansion, and at the same time, give Franklin Township residents the chance to use the services of the city.

It declares that annexation is necessary to accomplish these objectives "for the immediate preservation of the public peace, property, health, and safety" and that the proper method is by balloting next fall.

The following area would be involved in the annexation:

This ordinance is declared an emergency measure and shall take effect and be in force from and after its passage and approval by the mayor.

COUNTY TO MAIL TAX BILLS

Tax bills were mailed Saturday, preparatory to the opening Monday of real estate tax books for the last half of 1953, Newton Thatcher, county treasurer, said.

Many taxpayers will call for their bills at Thatcher's office. The county treasurer estimated $9,500,000 will be paid by Sept. 27, when the books will close.

WORTH HIS SALT

Hot Summer Hint: Although perspiration may cause a salt deficiency, most people in normal work get enough salt in their food to make it up. Those who work extraordinarily hard in high temperatures may find it advisable to take salt tablets. But people with heart disease, kidney trouble or high blood pressure should take the precaution of having medical advice before increasing their salt intake too much.

REMOVING DRIP STAINS

Drip stains, found under window sills and door frames, can be removed by scrubbing with a cleaning solution composed of one cup of trisodiumphosphate in a pail of hot water. Then rinse off the solution with plenty of hot water.

Franklin County Agricultural Society Suggests You Bring Family For Whole Day To The Fair

FIRST DAY FAIR ACTIVITIES ran the gamut from grooming to building. In the photo at left, Ed Parker looks on as his daughter, Sharon, 9, grooms what they hope is a prize-winning Hampshire. Left, below, girls of the Hilliards 4-H Club prepare their sewing skills exhibit. Left to right are Mrs. Vernon Tharp of Hilliards, adviser to the club; Sharon DeWolfe, president; Janet Weber, secretary; and Doris Snook, home demonstration agent. Below right is a scene representative of animal-human cooperation. The horse, Lieutenant Dean, and Sandy the goat apparently take a real interest as Barbara Frank, center, and Jane Reese, left, lay plans for capturing ribbons. The girls are students at Hamilton School. A distinct and visible effort has been made this year to enlarge the Junior Fair portion of the Franklin County Fair. An exhibits building for youths is being sought for next year.

(Hilltop Record Photo)

The Franklin County Agricultural Society extends a big hearty welcome to all to visit the 1954 Fair at Hilliards which started yesterday and extends through Saturday Aug. 21, with day and night attractions for everyone.

Wednesday will lead off with the judging of Junior Fair Livestock. Band music during the fair will be provided by various high school bands with a big high school band contest to be the feature attraction Saturday morning. The bands, together with livestock, junior fair floats and farm machinery will make up the big colorful parade Saturday afternoon — Youth Day.

The harness racing program will get under way this afternoon, with night harness racing being staged Thursday, Friday and Saturday nights. Some of the best horses and most prominent drivers of the horse racing sport will be at the fair for your enjoyment.

A big Western Horse Show, conducted by the Western Exhibitors Association, will be the feature attraction in front of the grandstand Wednesday afternoon and evening. No charge will be made for seats in the grandstand for this horse show, so come early and select a choice seat fair officers advise.

Entries as of the beginning of this week point to the largest livestock show ever held with three breeds of dairy cattle, Ayrshires, Jerseys and Guernseys holding their district show at the 1954 Franklin County Fair. Officials of the Junior Fair report they have more exhibitors for the fair than ever before.

A family ticket for man, wife, all children under 12, and car permitting admission to the fair all week can be purchased at the office or at the gates for $3. Pound and square dancing will be held every night sponsored by Hilliards Post 614, American Legion. Friday's program will feature a tractor pulling contest, open to all, to begin at 12 noon. It is to be supervised by the Franklin County Farm Machinery Dealers Association.

The Activities Tent will permit Fair Visitors to see and watch the various Junior Fair activities, such as King and Queen selection, 4-H Style Revue, 4-H demonstrations, safety speaking contest, and 4-H recreation and rural arts contest.

There are plenty of good eating stands on the fairgrounds which means fair visitors can enjoy the whole day and evening at the fair. For real enjoyment and wholesome fun don't miss the 1954 Franklin County Fair (Editor's note: No kidding, you'll have barrels of fun and the exhibits are truly educational.)

Your Branch Library

Among the many new books, both fiction and non-fiction recently received by your local Branch Library are the following fascinating titles—fascinating, at least, to those who have formed the gratifying library habit.

"Children Are Artists," by Daniel M. Mendelowitz, suggests the proper attitude which parents and teachers should take toward children's art work in order to stimulate artistic expression.

"How to Plant Your Home Garden" by Henry B. Aul, is a complete guide to home landscaping. There is information on what to plant, how and where to plant around the house.

"Don't Cry for Me," by Mary F. Rosborough, is a memorable story of young love, courage and adventure laid in the pine lands and rivers, the hunter's paradise that is Northern Florida.

"Doctor at the Crossroads," by Elizabeth Seifert, is another of her Doctor stories. It is a vivid, warm, exciting and deeply human story of a young country doctor and his young and charming wife.

"In His Hands," by Edwin Balmer, is the story of a young doctor who falls deeply in love with a girl he knows is suffering from a dread disease. He knows they will have only a few years of happiness but there is always hope that medical science will find a cure aided by the power of prayer in which he is a firm believer.

"La Cucina," by Rose L. Sorce, is a complete Italian cook-book, full of the secrets that make Italian home cooking so simple and satisfying.

"The Royal Box", by Keyes, Lady Laura Whitford, the high born but impoverished widow made no secret of her deep-rooted dislike for Americans, though she never explains the reason for it. She openly favors an attractive French cavalry officer for her lovely browbreaten daughter. A party was arranged for the theatre and by the end of the evening a murder was committed. By morning, the inspector had discovered the murderer and goaded the perpetrator of the crime to a confession of guilt.

"Beyond the Hungry Country," by Stinetorf. More at home in black Africa, where she was born under a trailside bush, than in America where she must go for her education, Laura Woodbury is a creature of two widely divergent cultures, and under guidance of her "Aunt Bessie" back home who called her "a little heathern" because she saw "black" more readily than "white," created a pattern rich with adventure, humor, and varied personalities.

"The Offshore Light," by Frankau. There were no reporters, no dignitaries, no farewells. The chartered plane took off unobserved. One of the world's leading statesmen was being spirited away, into retreat in the south of France. You will find a delightful story which is well worth reading. You will want to know why this celebrity in official seclusion is being watched and feared.

"Private Interests," by Balchin, is a story of a British factory being torn apart by its own private industrial revolution. Walter Lang, the managing director, sees himself as an artist who will shape the business to his own will and to his own satisfaction.

"Thieves' Hole" by Howarth. The Sunday Times, London, says, "a first-rate thriller with a good story, real characters and distinguished writing." A thriller of distinction. Thieves Hole is a mysterious cave in the sea cliffs.

"Houdini on Magic," by Houdini, is a fascinating book which reveals one of the most ingenious and colorful personalities of recent times. It tells far more than any biographer could. It is an interesting document for students of magic.

"The Betrayers" by Chatterton, is a tense and dramatic behind the scene story of a Washington witch-hunt. A young nucleur physicist was the object to be destroyed by Senator Floyd Glavis, headline hunter and rabble-rouser extraordinary.

"More Power to You", by Schneider, is the story of how man learned to master the elements and make them work for him. Now you can understand engines without being an engineer. There are many simple simplements to do and several working models to build out of simple things found around any home. These experiments and models help to clarify the basic principles of power and they are great fun as well.

DON'T SHAKE PAINT

For best results in painting, do not shake the can to mix the pigment with the liquids. Pour off the liquid content into a clean container, then stir the pigment in the can with a wide flat paddle working from the bottom up. Add the liquid again, stirring while you do it.

CONVEYOR ON DISPLAY

Riverlake Belt Conveyor Lines, Inc., will display its new working model of the proposed ore and coal conveyor between Lake Erie and the Ohio River just inside the Main Gate at the Ohio State Fair in Columbus, Aug. 27-Sept. 3.

For More Fun In A Boat

Use Common Sense Afloat

Follow the eight simple rules shown here for more safety and fun afloat this season, says the Outboard Boating Club of America, national organization of outboard boat and motor owners. Boating is the safest of outdoor sports, says OBC, if you'll use common sense and courtesy.

I can do all things through Christ which strengtheneth me. —Philippians 4, 13.

In the boldness of his youth, in the confidence of his maturity, a man may believe that, through sheer will power and hard work, he can accomplish almost anything. Material security, perhaps, but it is unfulfilling and fleeting. Peace of mind and soul—greatest of all things—come only through the Holy Spirit.

A Scot was playing golf with his wife when the thought struck him: "Is this yer' birthday? Well then, I think I'll give ye' the hole.

POLIO HOUR SET

Several thousand Franklin County polio emergency volunteers are waiting to go into action next Thursday, Aug. 26 at 7 p. m. when there will be a Polio Emergency Hour throughout the county. At that time, every home in Franklin County will be visited by a volunteer asking for a contribution to the fight against polio. The volunteers hope to raise enough money during the hour from 7 to 8 p. m. to replenish the treasury of the Franklin County Polio Chapter.

To be preprred for war is one of the most effectual means of preserving peace.—George Washington.

Travel And Vacation Should Be A 'Family' Joy And Experience

A travel feature prepared by Russell H. Campbell general manager of the Columbus Automobile Club, in cooperation with the American Automobile Association.

Travel is intended to be a family experience. The whole family going together, doing the same things and getting fun out of them. It can be, and should be, the sort of activity that ties mother and dad and the youngsters into a happy, understanding group.

We were talking the other day about family trips, when someone brought forth an attractive little magazine called "The Fisherman" and introduced not one, but two, articles appearing in the same issue touching on this matter. The common interest of these families was, to be sure, fishing, which in these days has come to be a major attraction of the open road.

One of them, covering the opportunities of charter boats available at salt water fishing ports along our coast line, recounts how the novice aboard has landed a Wahoo, "one of the big top prizes to be taken from the gulf stream grab bag." The novice was the author's 13-year-old daughter.

The other feature is directed to the right point with its title, "Why Be a Fishing Widow?" The author, Marion Rubinstein, brings up the question of children, as well as wives, passing along his advice from the head of the psychology department of the University of Miami:

"I always advise parents of an only child to take that child to a beach where he or she will meet children of the opposite sex when the child is only a year old. Later, I counsel them to take their only child to a playground for the sooner the child learns to socialize, the sooner he or she will become a well adjusted person."

And from a doctor, this advice: "The female child should be taken in hand by the father and deliberately taught to be a fisherman or a golfer. Sincerely, these are the two great classes of sports widows."

And finally, from a minister: "Common hobbies, like fishing, can add much to the stability and strength of a marriage, provided those hobbies are in themselves wholesome and recreative."

That seemed to make a world of sense. It doesn't necessarily have to be fishing. There are countless other interests, hobbies and avocations to be followed along the travel lanes of our land—and very few in which any member of the family, regardless of age or sex, need be excluded.

More and more families these days hold pre-trip planning sessions, when they unfold maps and touring literature and chart a course that includes their common interests. The result of such a conference more often than not will be a successful vacation for all. Why not try it around your house and see how it works for you.

ST. LEO'S CHAMPS—Pictured above is the St. Leo Church softball team, champions of the South Side YMCA Junior Church Softball League with a record of 13 wins and one loss. Left to right, front row, Paul Bauman, Pat Murnane, Dick Schneider, Tim Reis and J. Bauman; and back row, Bob Jacobs, John Wachinger, Jack Francisco, Ted Sekinger, William Eberts, John Moskus and Jim Dempsey. Missing from the picture is Manager Charles Kaiser.

St. Leo's Rides To Championship Of Y's Class A

Scoring two runs in the second inning on four walks and an error and five runs in the fifth that was highlighted by Francisco's base loaded double, St. Leo's edged Emmanuel Lutheran 7-6 to win the Class "A" Championship in the South Side YMCA Junior Softball league.

Emmanuel Lutheran scored three runs in the first on four hits, 1 run in the second and two runs in a seventh inning rally that fell short with the tieing and winning runs left stranded on second and third. Tim Hepner, with three hingles, paced Emmanuel Lutheran. Moskus and Eberts collected two hits each for St. Leo's.

In the Class "B" division, Southwood C of C defeated St. John's E&R 7-4. A double and home run by Dicke and three hits by Bayes sparked Southwood's attack. Evans cracked out three hits for St. John.

In the Intermediate League Thursday, South Methodist eliminated St Leo's from the second round by backing up Friebis' three-hit pitching with flawless support and a 10-hit attack to sink St. Leo's, 8-1. Dick Hickman with three hits — one being a homer — Jack McKittrick with three hits and Lehner with two were the big guns for South Methodist. Heinz, Demko, and Kessler were the only St. Leo boys able to solve Friebis' slants for singles.

In the shriek of slim jets and the roar of bulky bombers, the 1954 National Aircraft Show over Labor Day week-end of September 4, 5 and 6 at Dayton, birthplace of aviation, will draw 300,000 motorists.

Starting each morning at 11 o'clock, the program of events in the air and on the ground by the four armed services—Air Force, Navy, Marines and Army—will present the newest planes and the most recent operational developments in one gigantic "report to the nation."

Typical of the air events, along with traditional Thompson, Bendix, Allison, General Electric and Sohio trophy flights, will be the top Air Force close-formation fighter team, the Thunderbirds, pictured above.

The big Dayton Municipal Airport, with its thousands of spectator seats and free auto-parking, is located at Vandalia, where U. S. 40 crosses U. S. 25.

What You Can Do About The Weather

There's nothing much you can do about hot weather except talk about it (remember Mark Twain's crack?). But there are quite a few things you can do about yourself which if they won't air-condition you 24 hours a hot day, will help you to be a little less hot.

First of all, take it as easy as you can. Relax whenever and wherever possible. Don't worry about either the heat or the humidity — don't even talk about it! Get plenty of sleep.

Eat sensibly. Salads and fruit are O.K., but they're not enough to keep you going. You still need proteins, carbohydrates and fats for energy and for strength to get through the uncomfortable days.

Eat an extra hearty breakfast in the cool of the day, go light on lunch. Cold foods are not cooling (except psychologically), because it's not the food but the calories they contain that raises body temperatures. So don't pass up hot dishes.

Drink plenty of water — 12 to 15 glasses a day — cool but not necessarily icy; iced drinks actually interfere with the body's temperature controls. Alchoholic drinks, no matter how cold you make them, just make you hotter.

Wear light, loose, porous, light-colored clothing; avoid exertion in the sun. Be glad if you perspire (or even sweat!), for that's the body's way of refrigeration through evaporation.

AAA Tells You How To Stretch Travel Dollars

As a suggestion on vacation trips, the A.A.A. offers the following tips on stretching your travel dollar:

1. Drive during the early part of the day, so that you can stop in the late afternoon in plenty of time to find the type of accommodation you want at the price you can afford to pay.

2. Visit travel attractions that offer you something worthwhile for your money, avoiding "tourist traps."

3. If possible, plan your vacation for the spring or autumn, avoiding peak travel seasons when roads and overnight accommodations are crowded and prices at their highest.

4. Consult your local travel counselor for practical advice and guidance on getting the most from your time and money.

Above all, there is the reminder that trying to cover too much distance with too little time and money takes the pleasure out of the vacation trip. Add up your vacation time and money. If you don't foresee enough days or sufficient funds to make the trip you planned on, shorten your objectives to derive the most from your vacation.

AAA OFFERS SERVICE CARD

A new service signal card is available to all members of the Columbus Automobile Club, which should be used in case of emergency road service, according to Russell H. Campbell, general manager of the Columbus Automobile Club. On the back of this signal card is the mileage from Columbus to 200 cities.

This service signal card will be placed under the windshield wiper when a member has called for emergency road service, stated Campbell. This will aid AAA garages to locate the member's car in the quickest possible time.

WARMTH FOR COOLTH

Add Hot Summer Hints: Baths and showers with lukewarm instead of breath-taking ice-cold water not only are easier to endure but they're also more cooling. In the middle of the day, try soaking your hands and forearms in cool water for several minutes, also splashing your temples and face. Just letting cool water run over your wrists will help a lot.

'WHAT, NEVER?'

'Motion Sickness' Is Problem On Increase In Modern World

(Editor's note: The following is presented in the interests of better community health by your Christmas seal agency. Pamphlets on a variety of health subjects may be obtained free by phoning or writing the Columbus Tuberculosis Society, 303 Oak-st, Columbus.

"What, never?" . . . Well, hardly ever."

Even the Captain of Gilbert and Sullivan's "Pinafore" occasionally suffered the pangs of sea-sickness. You don't die of this horrible malady. You only wish you would.

The fact is that modern science, instead of controlling sea-sickness, has caused it to become more widespread. More and more ways of traveling have been invented, and more and more people are going places. It is now known that it isn't only sea travel which brings on that awful feeling in the pit of the stomach. Planes, trains, and cars can also be villains.

The Tuberculosis Society of Columbus and Franklin County points out that "motion-sickness" would be a more suitable name for it than "sea-sickness."

In wartime experiments, thousands of military personnel suffered in the cause of science by being jounced in swings, spun in tilting chairs, flown through turbulent air, and bounced about in small boats on rough water. One result of their sacrifice has been a precise definition of the signs of motion-sickness: drowsiness, pallor, cold sweating, salivation and swallowing, nausea and vomiting — appearing in that order.

Among other things learned was the fact that motion-sickness is not "just your imagination." It's always caused by motion, even in the classic case of the old lady who got sick before the ship left the dock. Boats do move while tied up. Inexperienced travelers were found to be more susceptible, but really rough travel will make nine out of 10 persons sick.

The Tuberculosis Society suggests that motion-sickness is a problem for the doctor and pharmacologist, as well as for the engineer. Shock absorbers, gyros, and other devices to stabilize the equilibrium of vehicles aren't enough.

Some types of motion are almost impossible to abolish mechanically.

In recent years drug compounds have been found to protect the passenger with some success, providing him with an internal "stabilizer." Physicians today can prescribe several remedies almost as effective as the sailor's favorite — "go sit under a tree."

TIPS ON SAFETY AFLOAT

Safety statisticians, who don't like to rock boats or toss wet blankets, nevertheless point out to summer pleasure seekers that about 1,200 people a year are drowned in accidents involving rowboats, motor-driven boats, canoes and other small craft.

Carelessness, recklessness, sudden storms, high winds and dangerous water conditions are mostly to blame, although 10 per cent of drownings are caused by unseaworthy boats or motors coming out.

Inability to swim contributes to many fatalities; good swimmers, too, have been drowned because they wore heavy boots or clothing.

DETAILS OF CAR COSTS

The most recent breakdown of car costs is based on a national average of cost figures issued this year by Runzheimer. Following are cost figures for a car in the $2,000 price class, postwar models, driven up to 18,000 miles a year:

Variable Costs	Avg. Per Mile
Gasoline and Oil	2.23 cents
Maintenance	.74
Tires	.51
Total	3.48 cents

"Wow! I've hooked a big one!"

USE PROPER PRIMER

Porous surfaces, such as wood, plaster and wallboard, must be sealed with the proper primer as specified in each case. Otherwise the finish "strikes in" unevenly and does not give the best results.

TIP ON FAUCET WASHERS

Leather washers should not be used for hot water faucets and valves. They don't stand up long under the high temperature. Fiber washers should be used.

Hershberger Will Become Swim Coach At Detroit

Richard L. "Dick" Hershberger former West High, Capital University, and Ohio State student will assume his new position as head swimming coach and teacher of American history at Allen Park High School near Detroit this fall. Hershberger was graduated from West in June 1948, where he won seven letters, three each in football and swimming and one in golf.

Graduated from OSU with a bachelor of science degree in education at the June commencement, he received his commission as a second lieutenant in the U. S. Army reserve at the same time. Hershberger will continue as athletic director and counselor at Grand River Academy in Austinburg, O., until starting the new post. Recently married to Miss Ella Lee Hunt of Franklin, Ky., Dick and his new wife will make their home in Allen Park, Mich.

FOR YOUNG WORKERS

The Ohio Department of Industrial Relations is offering a free 16 page booklet entitled "A Teenager's Guide in Employment" which presents the state and federal child labor laws briefly and simply. It is so arranged that the youth can quickly find what applies to him and avoid reading the rest.

The booklet is available upon request to the Department of Industrial Relations, 221 State Office Bldg., Columbus. Also copies will be distributed to school boards and superintendents' offices for redistribution to students.

Marion-Twp. Sidelights

By Joel Snyder
HI. 4-6986

There may be a logical reason for so much confusion and inefficiency in the county, according to a recent bulletin published by Citizens Research, Inc. The Marion Township Citizens Association received several copies of the bulletin, which suggests there may be "too much government" within Franklin County.

To justify the stand, the report states that in Franklin County there are 85 (yes, we said 85) separate local governments—one county, 27 school districts, four cities, 18 townships, 21 villages, one park district, 12 sanitary sewer districts and one housing authority. In addition, Franklin County is part of a large conservancy district. All of these agencies serving the public elect or appoint their own officers, levy taxes, and borrow money. Each spends money, constructs and maintains buildings or other improvements, hires employees and executes a number of government functions.

That's efficiency?

At the outset, the report points out, school districts should be excluded from merger with other subdivisions. While a reduction from the original 85 separate governments seems advisable, schools should be kept out of politics. Separation of schools from other units is wise and it works well.

It seems students of government all over the nation have for years been seeking the key to consolidation of government subdivisions to partake of the accompanying advantages. In most cases, however, leaders have been met with the natural reluctance of residents and industries of pleasant, prosperous suburbs to take on the expense and troubles of big "downtown" governments. Besides this, the political opposition cannot be discounted.

A reduction in the number of jobs created by the separate systems has a proportionate result on the vote-getting effects. With the public at large and many of the public servants against such changes, is it any wonder we don't have the consolidation of local districts and the efficiency provided by a reduction in the number of authorities?

It goes without saying that we are speaking of, unifying small subdivision governments, not large, already sufficient, governing bodies. The fact that governments can get too big and cumbersome is one that is especially noticeable to this writer. There is, nevertheless, a point, midway between the too small and the too big that we, as a township, for instance, could take advantage of.

One of the means of consolidating government is to arrange for voluntary agreements between the separate units for various services, as provided by law. This is being done right now, in Franklin County in several instances. Poor relief is administered effectively by the county welfare department for the county and the city of Columbus by this method. Likewise, Columbus furnishes water and fire protection for certain suburban

YEAR'S LAST HUNGARIAN PICNIC SET

The Hungarian Verhovay Lodge will hold the last Hungarian picnic of this year at Heimandale Grove on Groveport Pike Sunday, Aug. 29.

The picnic will start at 1 p. m. and admission will be free to members and friends.

Refreshments and Hungarian foods will be served, such as "goulash," Hungarian cabbage rolls, and sandwiches.

Free dancing to "Pete Coachmon's" Hungarian Gipsy orchestra.

Only One Correct Winner In First Annual Dollar Day Misspelled Word Contest

"DON'T BE AS FOOLISH AS THE CHICKEN. THE PREMIER PLACE TO COMPLETE YOUR SHOPPING IS IN THE SOUTH SIDE." This was the sentence that you were supposed to find. Only one entry came in with all the corrected misspelled words and it was sent in by Mrs. George McGrew, 219 E. Whittier-st. Mrs. McGrew correctly spelled all of the misspelled words and placed them in the proper sentence structure as defined by our judges.

Second place prize was won by Mrs. Charles Ginstead, 135 E. Whittier-st. Mrs. Grinstead missed one work, but her sentence structure was nearest correct, according to our judges. The third-place winner, Ruth Reeves, 389 E. Welch-av, also missed only one word but her sentence structure was slightly altered from what it should have been.

Many other entries were submitted but were either too far off on the sentence structure or they did not have all of the words. Still others submitted were very decorative, such as the one shown above, but they still missed too many words or just didn't have them used correctly.

The contest drew almost 100 entries, which goes to show that if you try you might have a chance in winning some valuable prize money in future contests.

It is anticipated that another one will run in the near future so everyone should be on the lookout for it and try to "outguess" our proofreaders.

Several mistakes were found in the contest that were actually not meant to be there but if you had them in your entry they did not detract from the correctness of it in any way as our judges disregarded any words that were errors on our part.

CROP INSURANCE

All-risk crop insurance protection is again available to Franklin county wheat growers, according to Albert C. Koehler, agent. This insurance protects a farmer's investment against all unavoidable causes of loss, such as winterkill, excessive rainfall, flood, insect infestation and plant diseases, which may destroy his crops. The protection is offered to eligible Franklin county producers at a low cost.

South Methodist Takes 2nd Round South Y Honors

South Methodist won the South Side Y Softball second-round honors last Thursday by coming from behind to score two runs in the last of the seventh inning, giving the Methodists a 5-4 victory over St. John's E & R.

Held to two hits by Foxy Wolfe for six innings, South Methodist's Jack McKitrick started the ball rolling by singling after two were out in the seventh. Jim Bope tripled to tie the score and then scored the winning run on a wild pitch. Dick Hickman homered for South Methodist in the fifth inning.

St. John's jumped into a three-run lead in the first and added another in the sixth. Tim Brodkorb paced St. John's with two hits. St. John's collected five hits off of Bob Friebis while South Methodist made their four hits off of Foxy Wolfe.

South's New Coach To Whip Bulldog Prospects Into Shape

John "Red" Colmery will be spending the next couple of weeks helping to whip a great many "Bull dog" prospects into shape for the gridiron as well as toning up several returning cagers for the basketball floor.

The 26-year-old redhead, a former Central athlete, is taking over the duties of George "Pug" Hood, who has resigned from his post as head basketball coach at South in order to enter business.

Colmery began his athletic career as a letterman in football and basketball at Central followed by a year at Capital University. His education was interupted, however, by greetings from Uncle Sam. He resumed his studies at Ohio State University following his discharge from the army and obtained his BA degree in 1950.

That same year he embarked on his coaching career at Rossford, a Class B school near Toledo. While the Rossford cagers earned records of 11-7, 13-7, and 7-11, Colmery earned his MA degree at Bowling Green University.

Colmery then moved back to Columbus to coach at Indianola Junior High for one year prior to his transfer to South. The Indianola quintet won three and lost eight last year. Colmery resides at 3464 Gerbert-rd with his wife, Maxine, and their three daughters.

AT LAST—Longtime residents of the Schiller Park area told us that the scene of work above, stopped this week at the lake in the park, was a rare one. In fact, one man told us that it had been at least 18 years since the city had cleaned out the park. Workers and dredges made quite a haul at the lake we were told. (South Side Leader photo)

DOWNTOWN TRAP

INGENUITY—Miss Margaret Lyons of 452 Innis-av, designed the above picture as her contribution to the first annual dollar day contest. We are sorry to announce that it did not win, but we do feel that Miss Lyons deserves some credit for depicting a situation that is actually a reality. Some of the older people would do will to take notice of what can happen downtown and realize that the merchants of the South Side are trying to beat this situation and offer good buys without the high prices, crowds, parking problems, and loss of time involved in downtown shopping.

MEMBERS of the Franklin County Historical Society's German Folk Festival are, left to right, seated: Charles Hale and Frank Heinlein, historic vehicles; S. L. Cullman, festival coordinator; Fred Krouto, South Side Lions Club. Standing, left to right, are Gilbert F. Dodds, research director, Franklin County Historical Society; George B. Tobey, Jr., Columbus Division of Parks and Forestry; Leonard S. Fauver, YMCA, Boys Division, and Gottfried Rudolph, Germania Singer Society. The entire committee will meet Friday at the Columbus Maennerchor Hall, 966 S. High-st, to discuss the program of the festival which will be held in Schiller Park, Oct. 2.

36 Youths From Schiller Rec. Center Take Part In Columbus' 1954 Pageant

Thirty-six boys and girls from Schiller Recreation Center participated in the annual pageant held at Central High School on Aug. 19.

The theme of the event, titled "Out of This World," centered around the invention of a time machine which could take its occupants into any period of time—past, present, or future. Volunteers for a trip in the machine were Judy Mason, Mary Dempsey, Charlene Reis, Mary Margaret Yocum, and Roy Constable. They wore gold, silver and black futuristic space helmets which they made.

Boys and girls who dressed in costumes representing the US various European countries, and others wearing space helmets gave the volunteers a send-off. The group included Eddie Diellbeck, Richard Skeen, Ronald Skeen, Robert Skeen, Casimir Dziadceki, Bills Rieger, Wayne Rutherford, Terry Romine, Merle Gilpin, Judy Duemmel, Paulette Fix, Phyllis Steven-Mary Kay Schneider' Bob Schneider, Mickey Michaels, Roy Andrews, and Christina Thompson.

Jupiter was one of the places visited on the trip and a scene of the planet included a replica of Jupiter itself, the king of the gods played by Richard Rutherford, and the 12 moons of Jupiter.

The moons were represented by 12 pretty girls dressed in sparkling yellow and silver, and white and gold ballerina costumes. The "moon-maids" were Erika Reinke, Helma Reinke, Mary Margaret Yocum, Linda Wood, Mary Dempsey, Elizabeth Schneider, Eileen Schneider, Donna Trout, Sue Skeen, Patty Skeen, Barbara Skeen, and Judy Duemmel.

All the boys and girls in these groups helped to make their own and each others' costumes and props for the pageant.

South Side Youth Victim Of Polio

A South Side boy was among six additional cases of polio in Franklin County reported Tuesday by Sid R. Phillips, chairman of the Franklin County Chapter of the National Foundation for Infantile Paralysis.

The local lad is Kenneth Goodwin, four, son of Mr. and Mrs. Russell Goodwin, 425 E. Gates-st. He is in Children's Hospital.

The six new cases make a total of 66 cases to date.

Laymen's Fall Conference of Columbus YMCA To Discuss Function Of Its Staff

In addition to stressing the values to the neighborhoods, the Laymen's Fall Conference of the Columbus YMCA this year will have as its theme "The Columbus YMCA and how it functions through boards, councils, committees and staffs." The conference will acquaint the hundreds of lay persons serving on the boards and committees of the YMCA with the various departments and groups of the organization and how they function interdependently.

The conference will be an all-day affair on Saturday, Sept. 18, at the South Side Y Park, and will include these topics pertaining to the basic theme:

Relationship to area, national and international bodies; local autonomy—privilege and responsibility; metropolitan organization and structure; Relationships — general and branch boards, boards and committees, committees and councils, branch and citywide committees, and lay boards, committees, councils and professional staff; how policy is fixed and administered; and responsibility of boards and committees—advisory and financial.

W. E. Ferguson, chairman, program committee, listed the following program highlights:

At 1:30 p.m., registration; 2 p.m., opening session in shelter house.

The fellowship banquet at 6 p. m. will have as its toastmaster Ed. P. Becker, chairman, South Side branch committee of management. The address will be by Dr. J. Gordon Howard, president, Otterbein College and chairman of the Ohio-West Virginia area council of YMCA's.

YOUR UNITED APPEALS CAPTAINS

Mrs. Lois Batteiger Has Gained Name For Willingness To Assist

BY JOEL SNYDER

Mrs. Lois Batteiger, a captain in the Marion Township United Appeals campaign this year, is not one to sit idly by when help is needed to accomplish a worthwhile task. The UA drive and the various agencies supported by the campaign constitute such a task to Mrs. Batteiger.

Viewing the activities connected with the annual fund raising campaign as a community project and not "as something going on every place else except here," Lois has accepted the responsibility of being associated as a leader in the 1954-55 campaign.

One of eight captains who will be responsible for the success of the drive this year in Marion Township, she is recruiting others at the present time to assist in the house to house solicitation, scheduled for the month of October. Frankly admitting that she "just likes to help," she is aware that her work before and during the campaign will require quite a bit of time and work.

The old adage that embraces the idea that if you want to get a big job done you should get a busy person to do it, certainly applies to Mrs. Batteiger. Although she is a relatively new resident in Marion Township, having moved here from Columbus only a few months ago, she has been elected vice-president of the PTA of Smithrd School, where her son, Ricky, 10, is a fifth grader. Last year, in Columbus, she served in the same capacity, as a captain, in the UA campaign. She was also active in PTA work while residing at her former address. Regarding PTA, Mrs. Batteiger is looking forward to their September meeting, when a portion of their program will be devoted to the work being done by the agencies supported by the United Appeals campaign. A fine speaker has been secured and will be announced at a later date.

Besides Ricky, Mrs. Batteiger has a four-year-old daughter, Christy. Frank, her husband, is an electrician. The Batteigers reside in their own home at 1166 Woodrow-av.

The United Appeals of Franklin County makes one campaign each year to support 58 local, national and defense-related health and welfare services. Thousands of peo-

SOUTH HIGH BAND ASKED TO REPORT

Old and new members of the South High School marching band are asked to report to South High School at 7:30 a. m. daily for the week commencing Aug. 30.

Uniforms will be issued that week and basic week will be laid out. Instruments need not be brought until Tuesday. Flag-swingers and drum majorettes are also urged to attend these rehearsals.

South Siders Have Chance To Win $96 Jackpot Contest

Though others may toil from dawn to dusk for fame and fortune, South Siders are apt to find it on their doorstep any Thursday morning.

Although such a statement may sound like myth or magic it is the absolute truth, for one particular copy of this week's South Side Leader is worth the magnificent sum of $96 worth of "Confederate" currency . . . and it may be the copy you scooped up from your doorstep this morning. And the "Confederate" money will buy the same amount of merchandise at cooperating merchants as 1954 greenbacks!

To be absolutely certain, you might take time out right now to glance through the advertisements for the $5 jackpot insignia or the $1 insignia similar to those shown in the box at right.

You might be asking yourself, "So what if I do find this insignia? What good is Confederate money? Don't these people know the Civil War is over?"

That's where the really exciting advantages to this unusual contest lies. Although "Confederate" currency is just so much paper to the rest of the world, South Side proprietors are happy to honor our particular brand at the value of good United States cash on any purchase.

If you should find a $1 insignia it may be redeemed for one "Confederate" dollar by following the instructions in the box at right. However, the $5 insignia may be redeemed for the complete $96 jackpot.

Take a good look at the advertisements right now, it may mean fame and fortune for you!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.), it will be redeemed for $96 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

2 South Side Girls Hurt In Automobile Mishaps

Two South Side girls were injured in separate accidents last week-end, according to police.

Friday night, Aug. 20, Georgena Miller, 18, of 1380 Parsons-av was treated for minor injuries and released from St. Francis Hospital together with a friend, Dolly June Brumfield, 18, of the Chapman Trailer Court, after their car was involved in a collision with a truck at Frank-rd and High-st.

The following day Joan Hennis, seven, of 975 Siebert-st, suffered a fractured leg after she was struck by a car while running across Whittier-st. She was reported to be in fair condition at Children's Hospital.

Team members included Phyllis Wheeler, Betty Wheeler, Carol Young, Susan Krautner, Kathe Koldendt, Sara Folkendt, Sharon Fee, Sandy Fee, Sharon Romine, Jean Flovin, Lois Miller, Phyllis Schoenholtz, Katharine Scholtes and Kathe Essig.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

Dollar Days went over fairly well this past week, but several things came up that we hope to improve the next time such a community affair is arranged.

One merchant especially decided not to go along with the other merchants and then carried promotion in one of the downtown papers based on the same idea. Next time it is hoped that all of the merchants will see fit to cooperate and provide the South Side buyers with items of interest to all.

The bell rings first for Les Redifer's Plymouth Agency. Have you tried the new Plymouth? It is a wonderful car at a tremendously low price. The best in service is offered by Redifer's and buys in not only the new Plymouth and DeSoto, but also very good used cars can be had at any time.

A new owner but an old business, the Ayre Restaurant has some new owners now—Gregory and Schwarz. Both men have made decidedly good changes in the looks of the building and type of service. For a good place to eat, try the Ayre Restaurant, just across from the Leader office on Parsons-av.

Innis-Fourth Furniture Store is a new advertiser with us this week and if you should chance by it'll pay you to drop in and look around. Just about anything in the furniture line is available, plus many good buys in china, decorative glassware, and many other items too numerous to mention. But "dew drop in" and tell the owner that you are there on the advice of the South Side Bell Ringer.

TOOT YOUR OWN HORN!

You may be the top man in your trade or profession, but only your best friends will know, if you don't advertise.

J. W. Walker of 439 Josephine-av, moved to Columbus about a year ago, and was completely unknown here for his fine brand of general carpentry. Then he placed the following ad in the want-ad columns of this newspaper:

CARPENTER WORK
Building and Remodeling
ANY SIZE JOB
All Work Guaranteed
FREE ESTIMATES
JACK WALKER — JO. 1658

Jack is so pleased with his steady stream of customers that he has signed to advertise for a full year, thereby earning a substantial rate reduction. His advice is pretty much like this: Don't wait for new customers to stumble into your business. Invite them with an economical, dependable want-ad that is read by 32,000 family people each week.

You won't go wrong by calling HI. 4-9262 or RA. 1125 this very moment with your sales or service message!

John O. Dunlap, 914 Studer-av, who has traveled extensively throughout the United States, Canada, Cuba, Mexico and Africa, will sail from New York Sept. 16 on the S.S. Ryndam for a 40 day tour of Europe.

He will visit 11 countries, including England, Holland, Belgium, Luxembourg, Germany, Switzerland, Liechtenstein, Austria, Italy, Monte Carlo, French Riviera and France, and will return on Oct. 28 aboard the S.S. Maasdam.

WHITACRE FLOWERS
HI. 4-4031 158 SOUTHWOOD

The Gadabout

By Priscilla LaRue Dicke
HI. 4-1081

An attractive post card informs us that Paul and Loretta Jones and their neighbors, Robert and "Vi" Veitch, are having a wonderful time touring the northwestern part of the country. They stayed a couple of days in the Black Hills, saw Yellowstone, were in San Francisco, visited Yosemite and Sequoia National Parks, and are spending the remainder of their month's vacation in and around Los Angeles. Their only complaint is that the days are too short! Oakwood-av is the home addresses for both couples.

The family of May Siebert asked that thanks be extended to all the kind friends and neighbors who were so thoughtful during the long illness of the former Sixth-st resident. Mrs. Siebert was buried on her 79th birthday, Aug. 23.

Two birthdays that are celebrated in the waning days of August are those of Jimmy Rothwell and Carolyn Wiggins. Their festive days are the 25th and 30th, respectively.

The Bible School of the Southwood Church of Christ has scheduled its annual picnic for this Sunday at the "C" Park. While thinking of this church, may we make a note that Rev. Davis preaches as well "left-handed;" as he does when employing both hands. (You see, the good Reverend has his right hand in a cast, as the aftermath of a baseball accident.)

Helen Fisher, 1711 S. Third-st, has had a house guest from Fort Wayne, Ind., recently, and the young gentleman has had a fine time sampling the recreations offered by our fair city. He is Master Tommy Gallan.

Mr. and Mrs. A. C. Meyers and Kurt, 1763 S. Champion-av, are motoring to Washington, D.C., and points of interest along the way. They plan to return by the northern route with their goal as Cleveland, where they will visit relatives.

'Twouldn't be cricket to divulge what year was being celebrated, but we would like to wish Daisy Coun a belated birthday greeting, as of Aug. 18.

We think the Girl Scouts and Campfire Girls are to be commended for the fine job they're doing in helping the United Appeals prepare for the annual drive. We don't have a list of the units that are engaged in this work, but we think they all deserve a pat on the back. Two Girl Scout troops thus engaged are part of the Heyl neighborhood group, Numbers 165 and 410.

The past week-end found Bill and Nellie Kaufman, with daughter, Janice, in the neighboring state of West Virginia. The residents of 715 E. Jenkins were visiting relatives in Wheeling.

Since they were South Side residents for so many years and knew so many folks, we know that the Columbus friends of Ralph and Blanche Becker will be saddened to hear that Ralph lost his father, Aug. 19. The Beckers now live in Pennsylvania. For those wishing to send condolence cards, their address is 203 Spring Ave., Hanover, Pa.

A big event coming up for Susan Jane Wycoff is the attendance on Captain Davey Jones' program. It rated a new pair of shoes. Susie hangs her hat at 1216 S. High-st.

A former South Side minister had four Columbus visitors last Sunday. He is Rev. Stocke, and the traveling Buckeyes were Leola Nicholson, Eleanor Jones, Bob Dean and Charles Sampson. Rev. Stocke is currently serving a church in the Hoosier State.

Anniversary greetings are extended to Bob and Charlotte Dunham, who reached their first year of wedded bliss on Aug. 23. They celebrated the day in Pennsylvania, as they were visiting Charlotte's folks. This summer found them serving as counsellors in the Licking County Health Camp. Upon their return they will be quite busy moving to Marysville where both will be part of the public school system.

We just can't let August slip past without wishing Bessie Bradford a happy birthday. This important day will be an event of Aug. 29.

West Virginia seems to be the beckoning state in this week's edition, for two couples are enjoying the hill country to the southeast of us. Cliff and Corinne Dillon 1214 S. High-st, are visiting relatives in the "Snake" state as well as the "Dominion" state of Virginia. (If I've "dis"-remembered the correct nicknames of those two states, please forgive me. Mr. and Mrs. Dave Hamilton are enjoying the near-South brand of hospitality. A post card from Mrs. H. tells us that she's eating all the goodies and putting on pounds she could do without! (Don't we all?) The post card was mailed from Bluefield and Mrs. Hamilton stated that the second section of their little vacation is to be spent in Hinton.

It will make ye Gadabout very happy if the readers will put Sue Turner on their permanent "remembrance" list for the next six months or so. This young lady has a triple curvature of the spine and will spend most of her time in a cast at White Cross Hospital while this condition is being corrected, one curvature at a time. Her room number is 405. She's just a young teen-ager and time hangs heavy for her. Cards from friends and neighbors will let her know that she isn't being forgotten. Thanks!

Another young miss who is hospitalized is Patsy Oyer of Hopkins-rd daughter of Mr. and Mrs. Bill Oyer. Cards will make her stay in Children's Hospital a little more enjoyable, too.

Jerri Ross had a chance to give some southerners a bit of "northern" hospitality in the weeks just past. In two successive weeks the Ross family acted as hosts to Floridans and to relatives from Tennessee. The Ross home address is 746 Thurman-av.

Bill and Ina Warner, with their young sprout, Billy, enjoyed a vacation trip which took them to Washington, D. C. The Warners are residents of 836 S. Wager-st.

Guess we've just about covered all the news items, so here's for more "digging" next week. It'll be a big help if you'll remember to call us at the number listed above. Till next week, then . . .

United Appeals Captain—

ple last year in Marion Township alone, received direct benefit of one or more of the various agencies constituting the United Appeals.

While the nationally known organizations such as the American Cancer Society, the United Cerebral Palsy Association, the Mental Health Association and the American Red Cross appear prominently in the news all the time, many other welfare agencies receiving funds contributed through the UA are figuring just as conspicuously in the lives of persons all over the county.

In checking the statistics, for instance, it would be interesting to talk to each of the 55 individuals in Marion Township who received the benefit of service of the Columbus Hearing Society last year. To those people the Hearing Society means much more than just a name. To them, the Columbus Hearing Society represents an agency that responded to their search for assistance with their hearing problems.

The Columbus Hearing Society is one of the many organizations comprising the Community Chest of Franklin County, each one supported by the funds raised by the efforts of volunteers like Mrs. Lois Batteiger.

Garden Rites Unite Donna Carter And John R. Hayes

— J. CURTIS ALLEN PHOTO

MRS. JOHN R. HAYES

The garden at the home of the bride's parents was the scene Saturday, Aug. 21, of the summer wedding of Miss Donna Lee Carter, daughter of Mr. and Mrs. Russel L. Carter, 7830 Smoky Row-rd, Worthington, formerly of the Hilltop, to Mr. John Richard Hayes son of Mr. Myron B. Hayes, 1692 E. Whittier-st.

The bridal party approached the wedding circle through a closed center aisle formed with white wrought iron yard markers which were adorned with satin tied clusters of dainty summer flowers. The double-ring ceremony was performed by Rev. C. T. Langholz before a double trellis in which huckleberry leaves, woodwardia and summer gladioli were entwined.

Filmy nylon tulle over satin fashioned her waltz-length bridal gown. A brief jacket covered a strapless fitted draped bodice while the sleeves tapered gracefully to points over her wrists. The bouffant skirt, worn over an old-fashioned hoop, featured an apron of handkerchief points which, like the jacket, was frosted with sprigs of lily of the valley.

Her double tiered fingertip veil of imported French illusion fell from an open crown of lace and tulle, with tufted edges caught with tiny seed pearls and sequins. She carried a traditional nosegay of lily of the valley, stephanotis and white orchids.

Miss Ann Manus, maid of honor, wore a waltz length gown of mint green crystallite, fashioned with a portrait neckline and very full hand-stitched circular skirt. Her open crown hairbraid picture hat was in a matching shade, as was the garden basket she carried which contained a variety of summer flowers.

Miss Carolyn Emig of Gahanna was bridesmaid. Her gown was identical in styling to that of the maid of honor, in a soft maize with matching picture hat and garden basket which contained similar flowers. The attendants wore a single strand of seed pearls.

Mr. Bruce McGinnis of Pittsburgh was best man and the ushers were Mr. William Boyd of Coshocton, Mr. Louis Cunningham and Mr. John Welch of Elmira, N. Y.

For her daughter's wedding, Mrs. Carter chose a champagne lace dress, moss green velvet hat and neckline corsage of moss green orchids. Mrs. Albert Dickerson, sister of the bridegroom, wore an iridescent dark green over blue nylon tulle gown. Her accessories were white and she wore a corsage of white phaleonopsis orchids.

A reception was held in the Carters' garden immediately following the ceremony. Hostesses were Mrs. Ralph Welch of Elmira, N.Y., aunt of the bride, Miss Ada George and Miss Mary Lou Wolske.

The bride is a graduate of Ohio State University, College of Education, and a member of Alpha Delta Pi sorority. Mr. Hayeswas a graduate of Linden McKinley High School and is a senior at Capital University.

For the wedding trip to Williamsburg, Va., and New York, the bride changed to a slate blue shantung sheath dress with a matching short jacket. Her accessories were of black velvet and pinned to her jacket was an orchid from her bridal bouquet.

After Sept. 1, Mr. Hayes and his bride will reside at 4041 E. Main-st, Apt. 4.

Marion Sidelights—

areas. In another example, the joint staffs of county and city planning commissions are doing an overall job of planning by agreement between the two separate systems.

Apparently cooperation in these cases is operating effectively and is producing services and results that are being achieved cheaper and better than by individual contract.

The Citizens Research, Inc., bulletin emphasizes that a detailed study might well reveal other opportunities for gains by consolidation in other areas of government.

By law, we have the power to CREATE new districts of any desirable size or area to plan improvements and render services for all the subdivisions within their boundaries. Among these are health, parks, sanitary sewer, water, fire protection, conservancy, hospital, libraries and children's homes, etc. In most cases such districts can be created by court action on petitions of electors or of government bodies of subdivisions.

This is the portion of the law Marion Township is utilizing in taking advantage of the opportunity of establishing a separate water and sewage system, for its own residents as well as those of Hamilton Township.

It's a safe bet that the Columbus Metropolitan Area Study Council, of which our own Bill Fornof is a member, will check into the possibilities of additional cooperation between the various divisions of government in Franklin County. To many persons, these possibilities offered by law are an avenue to retaining the township type of government and gaining the desired advantages associated heretofore only with relatively large metropolitan communities.

The chance of eating our cake and having it too seems a bit of all right—if it can be swung! We all like the idea of being close to our local government, and Township Hall isn't very far from anybody's house.

Julie Suares, chairman of the Citizens For Annexation, a group represented by residents throughout Franklin County, has promised that he can provide a speaker to vent the group's views regarding annexation at one of the meetings of the MTCA. Remaining unbiased, the Citizens Association will no doubt give them the opportunity at a meeting possibly as soon as next month.

Judge Harter has promised Dr. A. H. Imhoff, association chairman of the health committee, that the Rockhold trailer case will be settled soon, with no extensions this time. Everyone has the feeling that "they've had it," when it comes to any more chances.

This columnist was requested to remind all residents of their need to join the Citizens' Association at their earliest opportunity. If you were a member last year and as yet haven't signed up for 1954-55, get on the ball. Membership cards have been printed and are being given for your signature on the membership list.

Keep in mind that when the Association is representing you and your neighbor, they need your support.

Got a card from the Richard Smiths, who are vacationing in Crescent City, Fla., with Mrs. Smith's parents, Mr. and Mrs. Louis McQuiniff. They're sleeping swell in the wonderful weather, and although they're miles away, they inform us that they are thinking of us back home.

The Richard Zapp family visited Mammoth Cave while on tour on their vacation . . . Two girls from the township, Marcia Hahn and Patty Lupfer by name, represented St. John's Evangelical and Reformed Church at the senior high conference camp at Dunkirk, N. Y., Aug. 16-28. The church's new minister, Rev. Arthur Detwiler, scheduled to assume his duties Sept. 1, is serving as the camp's recreational director and that is giving the girls from his church a wonderful opportunity of getting acquainted with their new minister.

Another Mammoth Cave group was the E. Wilbur Koetz family, who took in the sights the early part of this week . . . The Floyd Lemmons are vacationing in Oklahoma . . . Mrs. Bea Rollins of Studer-av returned to St. Ann's Hospital to have a spring operation redone. Seems it didn't heal properly . . . Mrs. Mary Christ is in Mt. Carmel Hospital, very seriously ill, with a brain operation.

Our sympathy to the family of Mrs. Emma Mock of Llewelyn-av, who died last week. Mrs. Mock will be missed by all who knew her. As one of the hardest and most faithful workers of the St. John's Evangelical and Reformed Church, many friends will recall how, in previous years, Mrs. Mock would hostess the various athletic teams of the church, at her home, to a chicken dinner with all they could eat. Her lemon pie was something they always looked forward to.

Tonight is the March of Dimes door-to-door solicitation. If you are missed for some reason, donations will be accepted at the fire engine house, or can be given to any of the constables. They are not asking for as much as last year, but any contribution will be cheerfully received. The number of cases already this year is up considerably over last year.

See ya' . . .

ALWAYS NATTY—Mayor Sensenbrenner doesn't appear too perturbed over the fact that he has just caught an egg, which burst all over his hands and shirt, in the above picture snapped at the municipal employes picnic last Saturday at Westgate Park. One of the high lights of the picnic, attended by some 1600 employees and their families, was the egg-throwing contest among department heads of the city government. (Hilltop Record photo)

Wife (to husband inquiring what she thought of his speech): "You didn't make the most of your opportunities."

Husband: "What opportunities?"

Wife: "Why, the opportunities to stop."

Hooper (above), who has been serving the Ohio State Council as state scribe, was elected state junior councilor for the 1955 term. FIGHTING ENGINEER

Lt. Yeager Known As Heavy Football Threat

Lt. John Yeager, son of Mr. and Mrs. Cyril L. Yeager, 161 E. Welcome is becoming known among his outfit and football fans of Hanau, Germany, not only as a combat veteran enlisted non-com, officer and instructor, but also as a great coach and a heavy threat as part of a very formidable forward wall on the 37th Engineers Group Pioneer team.

No stranger to the gridiron, as one may well guess from his description, Lt. Yeager first became acquainted with the 100-yard green as a student and athlete at South High School.

Although he joined forces with Uncle Sam close upon the heels of his high school days, football was not forgotten. When he completed two years on the Pacific isle of Guam he also had two seasons of play under his belt and the honor of being named to the all-Guam team in 1948.

After many additional months spent in not-so-friendly strife in frozen Chosen, Inchon, Wonson, Iwon and Hungnam followed by his subsequent return to the states, Yeager was commissioned in May of 1952. During that time he got in a season of play with the Ft. Ord Warriors, and in the fall of 1953 joined forces with the Ft. Belvoir Engineers.

Last year, when he coached and played with the 37th at Hanau he set some sort of precedent with the feat of having played in every corner of the world.

Hanau Pioneer rooters, which include his wife and son, John, Jr., are hoping that Lt. Yeager will be able to lead the 37th this year to break its own 1953 record of seven wins, four losses, and one tie. Many of the old South High rooters who know him are hoping so too.

SPARE MOMENTS afford a South Side Columbus Wac and her friend an opportunity to buy sun hats in Italy. Cpl. Mabel V. Chenault, daughter of Mr. and Mrs. James Armstrong, 297 E. Sycamore-st, is fitted by a Florentine merchant as Pfc. Rita F. Gale of Framingham, Mass., awaits her turn. Both Wacs are stationed at Camp Darby, Leghorn, Italy. (U.S. Army Photo)

Christ's Return Is Hope Of The World

One of the Basic Baha'i Beliefs

To us, as Baha'is, Christ's Return means the reappearance in human form of those spiritual qualities and power that made Jesus the Christ, or Savior, for His Day.

For the Day in which we are living you'll find these same divine qualities and saving power exemplified in the life and teachings of Baha'u'llah, Founder of the Baha'i Faith. His Coming a hundred years ago was foretold in the Bible by Jesus and the Prophets.

Through Baha'u'llah, Christ has returned to bring those universal principles of spiritual and social truth needed for the unification of peoples and the creation of a new world order of universal peace.

Tomorrow IN THE MAKING

Quiet, please . . .

This is genius at work!

This is tomorrow in the making!

What will come from the interior of this test tube, bubbling quietly over the flame of the Bunsen burner? Will it be a cure for cancer? A new plastic? Or will it be a new killer—silent, odorless, colorless—that can destroy life in all that it touches.

In these breath-taking days of new scientific discoveries, the ancient truth of one of the greatest of religious sayings becomes sharper day by day.

"Where there is no vision, the people perish. . . ."

Today our greatest scientists admit that vision must accompany the results of their work if the world is not to be consumed in the fires of its own advancement. That is why you will find the churches of America working to lengthen the vision and sharpen the focus that must belong to everyone that advances toward the new horizon of our tomorrow. The achievement of America must be matched by a morality that comes from hearts touched with the wisdom of God.

We shall not fear the test tube—if in back of it are the scientists, the churches and the people working toward a common cause.

And the cause is our tomorrow in the making—a brighter tomorrow for all. . . .

. . . *Be not afraid, only believe.* Mark 5:36

Schiller Pups Win Crown By Besting Livingston Team

The Schiller Senior Girls, the Pups, won the championship in the city recreation tournament last week by beating Livingston 16-9.

The Pups lost only one game all summer and that was a forfeit to Livingston early in the season because of lack of players. The Pups moved into the finals of the tournament after beating the Goodale Senior Girls by the score of 16-6 on Aug. 12.

Shirley Metzger fired her fast ball and pitched excellent ball all season. Shirley was chosen as the most valuable player.

Other members of the team included Lee Chancey, Catcher; Jane Talbot, 1st base; Ann Matthews, 2nd base; Mary Alice Hillis, 3rd base; Judy Young, shortstop (although she was unable to play in the final game because of a fractured wrist); and Fielders Phyllis Myers, Pat Bond, Elizabeth Howard, and Sandy Mohr.

AT THE
PLAYGROUNDS

LINCOLN PARK

Winners from Lincoln Park's tennis tournament advanced to the city recreation sectional tournament at Schiller. The following players from Lincoln Park advanced from the sectional tournament to city finals: Ralph Hughes, Bill Eberts, Gordon Scholz, Dick Meer, Charles Kessler, Darlene Holt, Sue Mayer, Sally Mayer, Shirley DeWeese and Shirley Massey.

The city recreation tennis finals will be held at Whitstone Park from Monday, August 23, to Friday, Aug. 26.

Lincoln Park will close its summertime activities Friday, Aug. 27. Thanks to the boys, girls, and parents that helped to make the program at the park a success this summer!

The Lincoln Junior Boys continued to win in the softball tournament by defeating Everett 9 to 7. Richie Finck, and Ronald Bobo each had two hits for Lincoln.

The Lincoln Rams and the Lincoln St. Stephens team both went down to defeat last week in the City Little League play-off.

Winners of the various age groups in the horseshoe tournament were as follows: boys, 13 and under, Mike Blake; boys 14 and 15, Chester Dennison; boys 16 and 17, Bob White. The girls' winners have not been decided yet.

Karns Playground

By virtue of the victory over Spring Street Playground, 12-3 at Karns Tuesday, Aug. 17, the Karns Senior softball players ended a successful season by capturing the city championship in the playground league. Heavy hitting and brilliant fielding featured the convincing victory turned in by the Karns boys.

The younger children had an interesting week of arts and crafts. Besides making bookmarks, the children made dolls out of crepe paper and sticks, and had an opportunity to draw and paint pictures. Of all the games, checkers seems to be the favorite followed, by London Bridge.

The climax of the many weeks of hard work came Thursday night at Central High School. The children had been working all this time on the annual pageant.

Charles "Squiddie" Hoag was the gate keeper. He opened the "gates of heaven" with a big golden key. The angels — who were Arlene Skeen, Marilyn Hauf, Susie Gugliomoto, Ruth Ann Hogg, Lyn Tiedt, Charlene Hoag, Mary Rittenmier and Peggy O'Neil, walked through the heavenly gates and sang a song about angels. They then walked back through the gates. Richard Skeen and Howard Raffeld held the "gates of heaven."

The playgrounds close on Friday, Aug. 27, for the end of the summer.

With a record high point total of 145 and one-third, Karns captured the Central Ohio Junior Olympics for the third straight year. In second place was Poindexter of the East Side with 135 points. Third was Schiller with 83 points. Next was Lincoln with 78½ points.

Outstanding for Poindexter was John Foster with firsts in the high hurdles and 220 yard dash and second in the broad jump and 100 yard dash. Foster was former city and Central District high hurdle champion in high school. Doing an outstanding job for Schiller was Doris Guthiel with three first places and a tie for first. These were the broad jump, shotput, 50 yard hurdles and a tie for first in the high jump. Big gun for Lincoln Park was Peyton Black, South High track star, with a first in the 100 yard dash and second in the 220.

Tops for Karns in the girls' division was Marilyn Schilling with firsts in the 50 yard dash and the 75 yard dash. She also was a member of the two winning relay teams of 200 and 300 yards. Jesse Turnipseed scored 14 and one-third points in the senior girls' division.

In the boys' division, a number of new records were made by Karns boys. Jeff Moorehead set a record of 6.9 in the 50 yard dash for boys 11-years-old. Bob Major (who is only about four feet six inches himself) set a new record in the high jump, for boys 12 and 13 of four feet, eight inches. He also broke the broad jump record by jumping 16 feet three inches but was overshadowed by his teammate Tom Rhorenbeck, who jumped 16 feet, 10 inches at the age of 13 years. Bobby Major was just 12-years-old on July 30.

Mike Connors set a record in the 14 and 15-year-old 440 by running it in 63.9 seconds. Gary LaMotta also of Karns set a record of 10.9 in the 100 yard dash for 14 and 15 boys.

Deshler Playground

Deshler's closing date was changed from Aug. 20 to Aug. 27.

The pageant at Central High was a spectacular event. Fifty-six playgrounds put together short dances, songs and parades to follow a theme of "Out of This World."

Children from Deshler who participated in the pageant were Teddy Redman, Prince; Jo Ann Durthaler, Princess; Gerry Clause King; Virginia Fleshman, Queen, Jay Fleshman, Ronnie Clause, Philip Palma, in the Dragon; Roseann Miller, Diana Mumma, in the Dragon Dance.

The girls' city-wide track meet was held at the Ohio State University stadium, Aug. 17. The girls from Deshler who were able to attend after passing the eliminations were Sally Lewis and Sharen and Karen Boquist. Karen won a third place ribbon for the 50-yard dash. Sharen won a second-place medal for a softball throw of 106½ feet. Sharen also won a ribbon for fifth in running high jump, a ribbon for fifth in running broad jump, and a ribbon for fifth in broad jump.

HAPPY EYES

A smile, a laugh—both play their part
And better are than sighs
But what reflects the joyous heart?
A pair of happy eyes.
A laugh may bellow from a joke
Or at another's hurt;
A smile may dire intentions cloak
Or just denote a flirt.
But happy eyes have naught to hide
They're not turned off and on;
They come from joyousness inside
That stays when laughs are gone.

Trivia
From THE EDITOR'S DESK

STRAWS IN THE WIND: One of the slickest medium-size industrial buildings on the city outskirts will be the new Fruehauf Trailer Co., now going up under the guiding genius of the Collins Construction Co., Kansas City, Kas. We know that it will be the factory branch sales and service headquarters of Central Ohio, but we haven't been able to find out many of the details concerning size of staff and economic impact on the neighborhood. That's why we are writing this week and should be able to come up with the answers soon.

One of the morning treats I customarily enjoy will either have to be dispensed with or I'll have to get up earlier. Bob Geis, station director at WRFD, releases to us that the popular "Farm Sale Time," previously heard at 7:35 each morning, has been rescheduled for 6:45 a. m. to allow expansion of the show to a full 15 minutes. C. M. Hess, known as "Pop" to listeners, is the emcee.

JEALOUSY IN ACTION: Esther Weakley, author of our weekly column "In Passing" wrote a card to the boss man thanking him for the kind mention of her in his column. Heck, I think she's pretty nice, too. And I still can't figure how she can pack so much inspiration and good feeling into one column!

BARKING DOGS DON'T BITE, the old saying goes, but they sure annoy. We heard several complaints of the problem in the 1600 block of S. High-st, but we're afraid to investigate further. Maybe the offending canines don't know or appreciate the old saying. The same general neighborhood apparently is in the grips of a bird and pigeon invasion. "Washing the car is a waste of time," one outraged resident declared. How about it? Are we going to let the area go to the dogs while the birds feather thir nests?

TO THE POINT: We'll have to credit the late H. G. Wells with the following 10-word definition of democracy—one worthy of memory by everyone:

"Everyone has the best chance of being his best self."

This is democracy—the exact opposite of most of the world's isms.

PLUG FOR THIRD R

Readin' and writin' are O.K., but don't let the kids duck 'rithmetic if they hope to become scientists and researchers in industry. Statistics show that only 1.4 per cent of high school youths take solid geometry, only 1.6 per cent learn trigonometry and only one-half of one per cent of college students take algebra. Means that good jobs may go begging in the future, industry sources warn.

Remember: fuses are safety valves. Burned-out fuses indicate a short circuit or overload. Check wiring and appliances. Replace blown fuses with new, approved fuses of proper capacity. Never bridge fuses with coins or other metal.

Marion-Twp. Sidelights

By John Nippert

EDITOR'S NOTE: Jim Snyder is on vacation and has turned over the Sports presidency of the Marion Township Citizens Association to the weekly guest columnist.

We, of the Marion Township Citizens Association, are proud of the fact that at the monthly meeting of the board of directors there were 13 of the 15 members present. At this meeting a change of committee chairmen was approved. Mrs. Ada Smith is now chairman of the program committee and Vice President Al Mevers assumes the chairmanship of the public affairs committee. Mrs. Smith announces the appointment of Mrs. Elmer Eichner and Rev. William A. Roberts to her committee.

Leroy Hettler and Chester Davis are now co-chairmen of the membership committee.

Active committees meet a problem that is common to all organizations. People do not like to attend meetings that last longer than two hours. With a planned program, the number of questions that can be brought up from the floor when the meeting is held to two hours is limited. We feel that we are handling this to the best possible advantage through the operation of the committees, and we would urge anyone in the township, who has matters that he would like for the association to consider to contact any of the officers, who in turn will see that the proper committee chairman is notified.

In this manner, many problems can be taken care of completely by committees. Those matters that should be taken up by the entire membership are first carefully studied by committees and pertinent facts can be presented to the entire membership for its consideration.

The joint Marion-Hamilton Township Sewer and Water Committee announces that they are to have a meeting of the solicitors at the Marion-Franklin High School on Sept. 8, at 8 p. m., and that they hope to start petitions for the sewer and water plan Sept. 15. At the Sept. 8 meeting Desso Mitchell, county sanitary engineer, will be present to assist the committee in the start of their work on petitions.

Captains of this project for Marion Township are as follows: Sam Skunza, Refugee pk. to Koebel rd. from Lockbourne rd. to the N&W railroad; Joe Zigler, Koebel-rd. to Watkins rd. south to the township line. Rev. W. A. Roberts, east of Parsons-av. to the C&O railroad south to the township line. Richard Smith, Williams-rd. north to South gate-at to Parsons-av. All of these captains would be glad to have volunteers to help with the petitions.

We are also advised that there will be a brochure available on this proposed water and sewer system and this is to be ready by Sept. 13.

The program committee announces that the next regular meeting to be held Thursday, Sept. 9, at 8 p. m. at the high schoool will present the pros and cons of annexation. The speakers have not yet been definitely decided upon, but those who are to present the side for annexation are to be selected by the organization "Citizens for Annexation". Those speaking against annexation will be selected from a list recommended by people active in various phases of the township form of government.

At the October meeting of the Marion Township Citizens Association, the bond issue and operating levy for the Marion local schools will be discussed by a representative of the school board.

The issues of schools and annexation which will both be on the ballot in November, deserve the thoughtful consideration of every resident of the township. No matter what your views on these questions we would urge you to attend both these meetings.

Who is eligible for membership in the Citizens Association? The organization's constitution says "residents, property owners, and representatives of business and industry." The efforts of all these groups are needed to build our community.

South Side Bell Ringer

"I or Whom The Bell Tolls"

By Tom Sharp

September is already here, with school starting once again. Quite a few of the merchants of the South Side are displaying many needed items for school children. Once again, we'll harp on the old theme "If you live on the South Side you should shop on the South Side."

MR. ADVERTISER:

Let's dedicate this column to you. What do you get for your dollar? A peach, a squeeze, a holler? A peach of an advertising idea, a squeeze to fit your idea into your budget and also time to meet the newspaper deadline. And then a holler because your idea didn't pan out as you wanted it to.

Here's what you could get for that dollar. A customer, a sale and another dollar. This can come about by having your advertising budget laid out in advance and prepared with items that are currently in the public eye.

This is a service that we can provide for you. All you have to do is contact the Leader advertising salesman and let him help you plan, not only your budget, but to try to find the ideas that will pay off for you.

In this day and age the idea is to conserve on time and effort wasted. This can be a reality if you will only let our advertising sales personnel assist you in planning your monthly advertisements.

Did you know that to attract the public eye nowadays you have to have a little P. T. Barnum in you? Yes, what the public is watching are things that they need at prices they can afford. Attract those eyes by astounding everyone, including yourself, with bargains that can't be denied by either the housewife or the breadwinner of the family.

Have you ever seen a man who had an eye for the future? Say one that stretched from September to Christmas? Plan now for the future; see that your stock is on hand to meet the needs of the public. Advertise now what is needed, not only today but every day.

To get the most for your advertising dollar, it is the opinion of this writer that you should be both consistent and conservative. Consistent in that you advertise every week. And conservative only in the point of just what your business will allow. Too small a space will only spend dollars and not let them multiply. As the old saying goes, "you have to spend money to make money."

Your advertising dollar can only be spent one way. Where it will get returns for you. Advertising need not be an expense. With the proper thought and the right items, you can realize a profit.

Information is readily available at the Leader office in answer to any question that you should care to ask concerning small advertising. If it isn't here, we can find it.

If your business is on the South Side, spend your advertising dollar on the South Side. The South Side Leader is your community newspaper. It has the best interest of the South Side at heart.

Rev. Detwiler Is New Pastor Here

On Sept. 1 the Rev. Arthur R. Detwiler will move with his family to Columbus to begin work as the new pastor of St. John's Evangelical and Reformed Church. For the past several months the pulpit of St. John's has been filled by Rev. Ward Hartman, who has served as interim pastor since the departure of Rev. A. E. Klick earlier in the year.

Rev. Detwiler will assume active charge at once. He will be publicly installed into office Sept. 12, at 2:30 p.m. with the Rev. H. H. Jung, president of the Southwest Ohio F&R Synod officiating. A reception will follow the installation service.

Rev. Detwiler was born in Phoenixville, Pa., and completed his early schooling in that city. He received his AB degree from Catawba College in 1942 and his BD degree from the Seminary, Lancaster, Pa., in 1945. His previous charges were First Church of Asheboro, N. Boys' Club Shuts Out My Mary's Inn, 4-0, In 4-Inning Battle

Gary Jewell pitched a no-hitter for the Boys' Club over the My Mary's Inn nine on the Thirty Club Little League last Wednesday, but the no-hitter lost some of its luster as the game went only four innings because of darkness.

The club won the 9-0 tilt with a 10-hit barrage on the My Mary's Inn pitcher, Whalen. The assault was led by three Boys' Club batsmen—Loring with two for two, Bill Weaver with two for two, and Orville Parsons with two for two.

Eddie Parks contributed one hit in one official trip to the plate. Gary Jewell, winning pitcher, got one in three trips. David Osborne had a one for three record, and Dennis Gallucci, belted one for three to round out the Boys' Club attack.

The Boys' Club now carrys a six and one record in the Thirty-Club Little League with only two more games to play. Complete league standings are as follows:

	W	L
Boys' Club	7	1
Fairmoors	6	2
Reebs & Crystal	3	5
30-Club	3	5
My Mary's Inn	2	6
Tuttle	0	8

Boys' Clubbers have only to play the Tuttle Nine and the Thirty Club team to complete its schedule. The club tied the first round championship with Fairmoors and lead the second round with two contests remaining. The club must play the Fairmoor nine to determine the first round winners. If they win the Fairmoor tilt another game will not be necessary to determine the champion. However, if they lose, they must play the Fairmoor nine again to determine the league champion.

St. John's Intermediates Capture South 'Y' League

St. John's Evangelical and Reformed Intermediate Boys softball team trounced a jittery South Methodist team 9-4 to win the play-off of the South Side YMCA Intermediate Boys Church Softball League.

Dick Wolff of the victors gave up but three hits while his teammates got to South Methodist's Bob Fritz for 11 hits.

St. John's opened the game with three doubles and a home run to surge ahead four runs in the first half of the first inning.

Dick Wolff, Alva Port and Paul Wright had three hits each for four times at bat for the St. John E&R nine, while the losers' Jack McKitrick slammed two for four.

Alva Port and Dick Wolff rapped home runs for the winners while Jack McKitrick of South Methodist chalked up the longest circuit clout of the season.

SPECIAL COPY DEADLINE SET

Marion Local Plans 'Berry' As School Name

The Marion Township local board of education will name one of the two contemplated schools to be built from funds provided by the fall bond issue of $970,000 in honor of County Superintendent George C. Berry, it was announced last week. Berry himself will probably be the major speaker at the dedication. The proposed junior high school building on the site of the present Marion-Franklin High School will be named the George C. Berry Junior High School.

The second an elementary building near Groveport Pike back of Hemandale Grove, will be called the Hemandale Elementary.

Honored by the Marion board as "The man who has been superintendent of the Franklin County schools since 1924," Berry took over a job 30 years ago that included 26 school districts, among them the present Bexley, Upper Arlington systems and other suburban and exempted village districts.

The districts have decreased to 20 with some additions and subtractions but the total enrollment has gone up tremendously. A native of Franklin County, Superintendent Berry taught earlier at Groveport High School and was superintendent there for one year before taking the county post.

Local Man To Get BA Degree With Distinction

South Side James Charles Butler will be honored by receiving his bachelor of arts degree from Ohio State University both cum laude and with distinction in history.

Butler, who makes his home at 851 Studer-av., will graduate in a class of 693 students in the summer quarter commencement at the university Friday morning, Aug. 27.

KEEP YOUR HOME FIRE SAFE

Often the fires started at night when the family was asleep. Smoke and deadly gases killed the children—and sometimes the parents—before the fire could warn them. Only by eliminating the causes of home fires could this be prevented.

Jackpot Of $102 Awaits The Person Who Finds The Confederate Insignia

FINAL MOONLIGHT SERENADE TO BE HELD FRIDAY NIGHT

The 10th and final Moonlight Serenade Dance will be held this Friday, Sept. 3, from 8:30 until 11:30 p.m. in the new shelterhouse at Westgate Park. These dances, held throughout the summer, are being sponsored by the West High School H-Y and Y-Teens with the cooperation of the Hilltop Community Council. Music will be furnished by Bill Grim and his orchestra, and there will be a 50-cent admission fee.

The entertainment committee is composed of Bill Grimm, orchestra leader, Judy Swartz and Diane Patton of the Y-Teens.

LEADER CARRIER EARNS NEW BIKE—David Santo, South Side Leader carrier in Marion Township, is shown with the new lightweight bicycle he purchased with money he earned and saved on his paper route. With a beaming face and a handsome smile, David is seen sporting around the neighborhood proudly displaying his new bike, making all the other boys in the block jealous. He keeps the three-speed vehicle immaculate, and waxed to protect it against the weather. David's 90 customers are pleased with his prompt and courteous service, and they like his friendly personality. A 12-year-old eighth grade student at Marion-Franklin, David likes his paper route and intends to keep it for a long time. He carries in the Marion Park addition, and lives at 1731 Oakwood-av. (Photo and story by Joel Snyder)

What would you do with $100 if someone gave it to you?

You might say that it's very unlikely that anyone should do such a thing. However, it might very well happen to you.

The South Side Leader "Confederate" $5 insignia jackpot is worth exactly $102 this week to the lucky person who scans the ads of his copy of the Leader and discovers the insignia.

These insignia are really not difficult to find—four South Siders proved that this week, for they each found a $1 insignia in their copies of the Leader. The observant readers are Frank J. Wolz, 698 Kossuth-st., Norma Ault, 634 S. High-st., Mrs. Ted Schultz, 398 Forest-st. and Mr. Neuherry, 733 S. Sixth-st.

The four lucky persons followed the directions in the box shown here and each received a "Confederate" dollar in exchange for their insignia. They in turn, may use this dollar in making a purchase at any South Side business establishment advertising in the issue of the Leader in which they found the insignia.

You might easily be the winner of this week's $102 jackpot if you take a moment to look at the ads in the copy of the Leader that you are now reading. That $5 insignia, plainly printed in some copy of the Leader this week, may be waiting for you as our "luck star."

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av. (before Friday at 5 p.m.). Phantom Rider Club Members Appear On Wendy Barrie Show Of Aug. 20

The Phantom Rider June Bloebeck, the president of the Phantom Rider Club, Beverly Ramey, the secretary, Danny Thoma, social chairman, and Mrs. Mary O'Harra, club counsellor, made an appearance on the Wendy Barrie TV show on Friday, Aug. 20.

The Phantom Rider was interviewed by Miss Barrie. He gave one of the most important rules of the club, which is, "Be a square shooter in everything you do whether it be work or play."

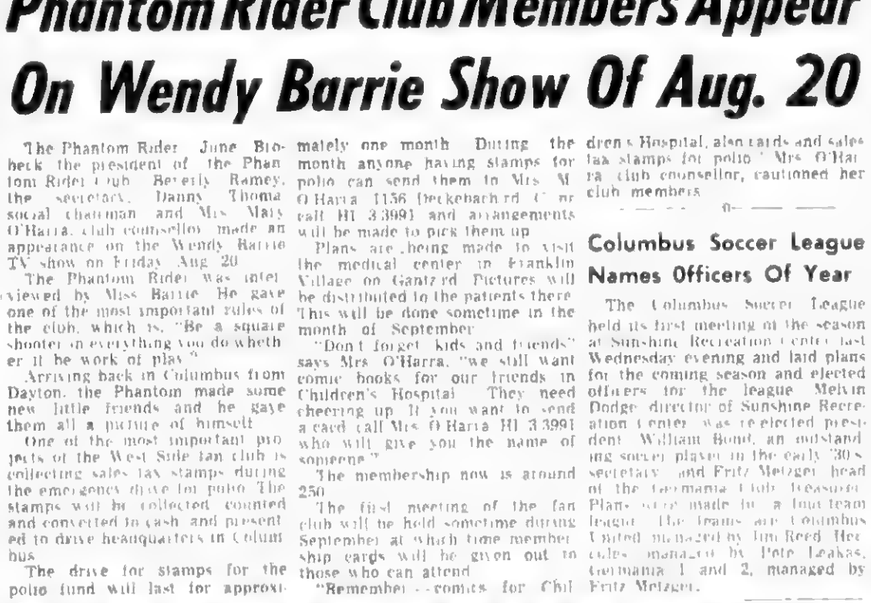
Arriving back in Columbus from Dayton, the Phantom made some new little friends and he gave them all a picture of himself.

One of the most important projects of the West Side fan club is collecting sales tax stamps during the emergency drive for polio. The stamps will be collected, counted and converted to cash and presented to drive headquarters in Columbus.

The drive for stamps for the polio fund will last for approximately one month. During the month anyone having stamps for polio can send them to Mrs. M. O'Harra, 1136 Breckenridge Dr., or call HI 3-3991 and arrangements will be made to pick them up.

Plans are being made to visit the medical center in Franklin Village on Ganz-ard Pictures will be distributed to the patients there. This will be done sometime in the month of September.

"Don't forget kids and friends," says Mrs. O'Harra, "we still want comic books for our friends in Children's Hospital. They need cheering up. If you want to send a card call Mrs. O'Harra, HI 3-3991 who will give you the name of someone."



The membership now is around 250.

The first meeting of the fan club will be held sometime during September at which time membership cards will be given out to those who can attend.

"Remember—comics for Children's Hospital, also cards and sales tax stamps for polio," Mrs. O'Harra, club counsellor, cautioned her club members.

Columbus Soccer League Names Officers Of Year

The Columbus Soccer League held its first meeting of the season at Sunshine Recreation Center last Wednesday evening and laid plans for the coming season and elected officers for the league. Melvin Dodge, director of Sunshine Recreation Center, was re-elected president. William Bond, an outstanding soccer player in the early '30's, secretary, and Fritz Metzger, head of the Germania Club, treasurer. Plans were made for a four-team league. The teams are Columbus United, managed by Jim Reed; Hercules, managed by Pete Leakas; Germania 1 and 2, managed by Fritz Metzger.

CHURCH BOWLING LEAGUE TO OPEN—Pictured above are the following officers of the South Side Branch YMCA Church Bowling League who will guide the 30th season of play at Parsons Recreation Alleys beginning on Thursday night, Sept. 2. Left to right are R. Bohl, vice-president; Howard Pfeifer, treasurer; Herman Hofer, secretary, and C. L. Nolte, president. Ten teams make up the league and the first week's schedule pits the following teams: Latter Day Saints and Corpus Christi on alleys 1 and 2; Emmanuel Lutheran and St. Paul E&R on 3 and 4; St. John's E&R and Ohio Avenue EUB on 5 and 6; Gates-Fourth Methodist and St. Paul Lutheran on 7 and 8; and Grace Lutheran and Christ Lutheran on 9 and 10.

South Sider Wins $15,000 WLW Contest

A South Side woman, wife of a Jai-Lai waiter and mother of five children is richer in worldly goods by more than $15,000 after winning WLW radio's "Rush for Riches" contest Sunday night in Cincinnati.

Mrs. James T. Clevenger, 242 E. Sycamore-st., whose husband babysat Sunday so his wife could journey to the Queen City, won a "sudden death" playoff of the contest from nine other contestants when she identified a famous mystery person as Bob Hope after the second clue.

She was one of 10 finalists who had identified John Hull, an early American silversmith, in the first part of the contest.

Mrs. Clevenger won among other items a mink coat worth $8250, a refrigerator, television set, gas range and a Packard automobile.

Amazingly enough, this is the second automobile she has acquired as a prize within a week. Last week she was awarded a Chevrolet for her participation in a contest in which an Oldsmobile was the top prize.

The registered letter telling her she was a finalist carried a number ending in nine; her railroad ticket to Cincinnati began and ended with ninth; she went to Ninth and Elm Sts. in Cincinnati; competed with nine unsuccessful contestants and won on Aug. 29.

COULD HAVE SOLD DOZEN!

Mrs. Hugh Fletcher wasn't familiar with the "want-ad way" of selling things and she was a little doubtful when she placed the following ad in the classified columns of this newspaper last week:

BABY BED, complete, in good condition. RA 3792.

The telephone call started pouring in first thing Thursday and she is confident she could have sold at least a dozen.

Unlike Aesop's Fables, where the point of the story generally is some human foible, we invite you to "cash in" by observing the moral in this reallife story. "It pays to advertise the want-ad way." Your telephone call to HI 4-9262 or RA 1126 will place your sales message in the busy hands of 32,000 local families.

MEET YOUR UA CAPTAIN

Miss Buechner, Teacher At Fornof, Gives Her Time Freely

By Joel Snyder

Unlike the captain we wrote about last week who had just recently moved into Marion Township, Miss Evalyn Buechner has lived in the township practically all of her life. Her beautiful brick home at 2665 S. High-st. is not far from her original residence of a few years ago, also on S. High-st.

Evalyn Buechner

Evalyn Buechner is well known and respected by her neighbors throughout the township. A teacher at the Fornof Elementary School, she is very fond of her chosen profession and her entire teaching career has been spent in Marion Township. After she received her degree at Capital University, she was employed at Scioto Trail School and later on transferred to Fornof. In her available spare time she spends many hours on the campus at Ohio State, doing graduate work, specializing in education.

As one of the captains in the township conducting the United Appeals fund raising drive scheduled for this October, Miss Buechner is lavish in her praise of the job the various organizations supported by the campaign are doing. She contends the fine work being done every day by these agencies is too often overlooked or taken for granted by the average person.

As might be expected, of all the agencies which benefit from the funds raised through the one, united campaign, Miss Buechner is especially partial to the agencies that foster the various youth movements such as the Boy Scouts, Girl Scouts, and the YMCA. By her own words, Miss Buechner declares that there is nothing too good for the

The Gadabout

By Priscilla LaRue Dicke
HI. 4-1051

The vacation trip taken by Clara Dover and her son, Jerry Lee, certainly sounded busy and exciting as she described it to Ye Gadabout, and I imagine you will agree when you read about it. From Aug. 15 to 22 their schedule of activities in New York City included nine television shows, trips to West Point and to Hyde Park, seeing the Music Hall, Statue of Liberty, the Wall Street stock exchange, taking a ferry boat ride, attending a Giants' ball game a trip around Manhattan, a view from the top of the Empire State Building, attending the stage show, "Anniversary Waltz," and a surrey ride in Central Park. As you can guess, every minute was accounted for! The tired but happy vacationers are residents of 512 Jackson st.

Mr. and Mrs. James Kinser and sons, Jimmy and Billy Jo 1421 20th av, and Mrs. Jessie Kinser and daughter, Mary, 1858 Wager st, spent a pleasant week visiting relatives in Meadville, Pa., and sightseeing at Pymatuning Lake.

Still another call for lady bowlers, this one from the Swan Wednesday Afternoon League. A whole team is needed and if there is such a group available, call Lou Brown at the Swan, of Louise Brown at HI. 4-6496.

While we're thinking of the Brown family, we'll wish two members of the family a hearty happy birthday. Bonnie Lou has cause for celebration this Saturday, Sept. 4, and her dad, the aforementioned Lou, adds a year on the 18th of the month.

Our sympathy goes at this time to Mrs. Grace Fausnaugh, who recently lost her father.

We received a fuller report on the vacation trip of Larry and Frances Rumsey, Frebis-av, so we shall pass it along. In addition to visiting their daughter in Virginia, they "took in" all the points of interest possible in Maryland, the Gettysburg Battlefield and other historic places in Pennsylvania finished their touring in Ithica, N. Y., where they visited relatives.

Congratulations are in order for S. A. Dicke and Francis Bish, whose wedding anniversary is years to come will be in September.

Get-well cards are appropriate for Mrs. Alma Wernz, 832 5th-st., who was hospitalized in Mt. Carmel Hospital after being hit by a motorcycle, and for Sandra Boswell, 484 E. Moler-st., who recently had an appendectomy.

A newcomer on the Columbus scene is Patricia Jean Hale, daughter of Mr. and Mrs. Dick Hale. She will have an Aug. 21 birthday in the years to come.

Tsk, tsk. 'Tis our sad duty to report a young lad going to the dogs! It's really not as bad as it seems, however, for it's just our way of saying that Michael Holliday will celebrate his ninth birthday by attending the dog races near London, Ohio. Michael will be getting his Sept. 3 birthday card at 2089 Lockbourne rd.

Mrs. Carl Kredel, 1542 S. 4th-st., has just returned from a trip to the northwest, where she visited in Tacoma and Seattle, Washington. While in Tocoma she visited a nephew who is stationed at Fort Lewis. Other stops on her trip were in Northern California, Yellowstone Park, and the Bad Lands of South Dakota. She and her sister drove over 6500 miles while on the trip without one incident to mar the experience.

Home in time to get ready for the school bell is Nancy Hastilow, 1230 S. 22nd-st. She spent an enjoyable five-week period with her aunt and uncle, Mr. and Mrs. Herb Grauman of Canton, Ohio. Nancy is a second year student at Roosevelt Junior High School.

Ben and Kate Williams, of the Southwood Market, are once again conducting business as usual at their Southwood and Sixth-at store, but are still remembering their vacation with pleasure. Ben got plenty of fishing done on their Michigan and Canadian jaunt.

All the workers on the recent emergency polio drive deserve a pat on the back for assisting in this worthwhile project, but we know they won't mind if we single out one group for special mention. The group is composed of 26 teen-age girls that Mrs. Art Bushman asked to help last Thursday. The girls concluded the evening with a social get-together at Mrs. Bushman's home. The twenty-six girls were as follows: Greta Moore, Judy Rees, Jeanette Heinmiller, Wilma Voss, Rosemarie Driscoll, Joanne Avig none, Sue Edwards, Martha Rader, Mardelle Osborn, Twila McCain, Judy Reis, Rita Lewis, Rita Duckworth, Leona Sauer, Rita Hanf, Mary Margaret Thiel, Kay Wolford, Mary Egger, Pat Secrist, Norma Theado, Shirley McCaffrey, Judy and Marilyn Krimski, Dianna Beard, Shirley Bushman and Priscilla Ann Dicke. Martha Rader had a very special reason to spur her on to greater efforts, for a cousin of hers was stricken with polio just a few days before the drive was held. Her cousin is hospitalized in University Hospital. Mrs. Bushman asked that the contributors and workers be thanked for the splendid cooperation given. We're sure that the colonel of the South Side, Mrs. Ryan, would wish that this sentiment be extended to include the entire area, so we'll do just that.

"Sweet sixteen" is now the age that Doug Leonard, 515 Forest-st, will have to admit to, since his Aug. 25 birthday.

Mt. Carmel Hospital has certainly had its share of our South Side residents. Mrs. John Tope is in room 743, at this writing and a former South Sider was a recent guest there. Pauline LaVine, formerly a S. Third-st. resident and quite active in local organizations, is now recuperating at her home, 1126 Buten-av. She is well known for her PTA and Eastern Star activities.

The folks around Hanford and Parsons-av are glad to have "Mary" back on the job at the First National Cleaners after a nice little vacation trip that took her and son, Jerry, over 1500 miles. The two covered the country from Tennessee to Michigan and visited relatives and friends along the way.

Don't know the date, but we know that John Leist, 174 E. Morrill-av, had an August birthday, so belated greetings, John.

Oct. 1 seems rather far away but it will be here before we know it, so we'll start telling you about the annual Trudeau Guild Dance to be held at Valley Dale on that date. The participating Guilds are sponsoring the dance, and Chuck Selby's orchestra will play for it. It lasts from 10 p.m. to 2 a.m. and the cost is $4 a couple. Tickets may be obtained from members or at the door. We'll be reminding you of this often, as the "Trudeaus" are a pet of ours, as you must have guessed by now.

Mrs. Donahoe, 1407 S. Sixth-st. was hostess to a visiting son and daughter-in-law last week. The couple are Michigan residents and had spent their vacation in California. The Columbus stop was one of the last ones on their return trip home.

Bill and Marge Hopfry, with sons, Bob and Jim, should be enjoying their Canada fishing trip by now. They plan to be home by "school-time."

False teeth give rise to some amusing incidents and here's our latest in that category. A gentleman lost his lower dentures a year ago and sadly decided they were permanently lost. Imagine his delighted surprise when he recently cleaned his basement and found them, gently smiling at him from underneath the basement steps. No names of course, but the initials are Paul Baughman.

Seems like that completes our task for this week, and we'll be seeing you at the state fair. Bring along the corn pads, Mom, for we'll be needing them. Till the next edition, then, this has been

Maxwell-Borror Nuptials Read In Richmond

Mr. and Mrs. John Maxwell 1021 Bulen-av, announce the marriage of their daughter, Evelyn Irene, to Mr. Lawrence Allen Borror, son of Mr. and Mrs. Guy Borror, 755 Siebert-st.

The double-ring ceremony was read on Friday, Aug. 13, at the altar of Trinity Methodist Church in Richmond, Ind., with Rev. Orlinger officiating.

Their only attendants were Mr. and Mrs. Jack Hilt.

The bride is a graduate of South High School and is associated with Battelle Institute. Her husband also is a graduate of South High School and is associated with F. M. Peart, building contractor.

The couple is at home at 59 S. Wilson-av, Apt. C.

HUSBAND IN KOREA

Cpl. Robert L. Neville, husband of Ruth Neville, 1431 S. Third-st, is now serving in Korea with the 7th Infantry Division.

Neville is a squad leader in Headquarters Company of the 32d Infantry Regiment's 3d Battalion. He entered the army in January, 1952.

The Women's Guild of the Wilson Avenue Evangelical and Reformed Church will hold its regular luncheon meeting today at the church. Annabelle Holton will present the program and discussion period and the luncheon chairman is Mrs. Martha Johnson.

Poetry Corner

WITH YOU
By Charles W. Widmaier.

With you, my life is filled with bliss,
Contentment and happy peace.
Each moment of each hour, each day,
My joys dear, never cease.

Each morning when I leave home,
To earn our daily bread.
I know that I will com back to
The sweetheart that I wed.

I know that you'll be waiting,
Welcoming me with open arms.
And kiss me while I hold you
And caress your loving charms.

As time goes on, we'll grow older,
Still my skies will all be blue.
For I will find my happiness,
As long as I can be with you.

Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. —(Galatians 6, 7.)

Let us rejoice in the positive promise that righteous living and thinking will bring a wondrous reward of day by day happiness here on earth—while knowing well that grief and misery are the sure result—though it may be long in coming—of sinful ways.

Woman worker in an Eastern electrical plant turns out mirrors so tiny that it takes six to cover the head of a pin; used in laboratory research. In her spare time she does fine sewing!

DON'T GET YOUR *Signals* MIXED !

Remember the first stop lights? Sure you do! Remember how everyone wondered how those three little lights on an iron pole would be able to control the great, noisy surges of traffic that rolled by busy city corners and quiet country crossroads.

But they did. Red, yellow, green. One, two, three . . .

All that you had to remember was this:—"Don't get your signals mixed!"

Very few of us get our signals mixed on stop lights these days. They are too much a part of our daily life. Yet our lives are mixed up over so many other important things—things a stop light can't solve.

But your church can—if you give it a chance. For thousands of years there have been churches to help people keep their minds clear, their faith strong, their signals straight.

You *know* what to do at a crossroad. The traffic signal helps you.

But do you know what to do at some of the other crossroads—the crossroads of your life?

Your church will help you there, if you will give it the chance and attend its services that are held for you.

Don't get your signals mixed. Let the church help you keep them straight.

Thy word is a lamp unto my feet, and a light unto my path.

young people, especially in these critical times. She is backing up her sentiments again this year, as she did last year, by giving of her time to a cause which will contribute to the betterment of today's youth.

As an example of the good work being done, which she holds in such high regard, Miss Buechner pointed to an occasion only a few days ago, in which she played a part. She, along with many other teachers and principals, was called upon not long ago to submit the names of worthy boys in their schools who they felt were deserving of a chance to spend a week at camp under the sponsorship of the South Side YMCA and the Steelton Merchants.

This year, as in previous years, the lucky boys were sent to enjoy camp life that they would have missed otherwise, and to partake of the Y programming, and guidance provided by the Y staffed camp at Y Park for one week. Expenses and supplies for he week. Expenses and supplies for the week were donated in a generous gesture by the Steelton Merchants' Association.

The Hi-Y, Jr. Hi-Y, Gra-Y, Tri-Hi-Y and, Jr. Tri-Hi-Y are all programs with which Miss Buechner is familiar, being school organizations affiliated with the world-wide "Y" program. The training and counselling received through these well-known groups contribute immeasurably to the character of the students who choose to take a part in the many activities within the assorted programs.

One of the agencies almost entirely supported by the Community Chest is the South Side Community Center, located in Marion Township. This recreation center is a part of the South Side YMCA program and is patronized by hundreds of children and adults in the Southgate addition each year.

It is difficult to record the exact number of persons directly receiving service from a group work agency such as the Community Center in Marion Township. Statistics compiled must necessarily be limited to specific activities in which formal registration of participants is made. Last year, according to the actual records, 2,928 persons utilized the facilities provided by the South Side Community Center, which were a part of the regularly scheduled and supervised programs.

The Community Center is located at the junction of Parsons-av. and Groveport-pk., on property owned by the Buckeye Steel Casting Co. Besides the land turned over to the recreation center, Buckeye Steel also provides other such material contributions as equipment and supplies, from time to time.

A recent survey indicated that 310 persons in Marion Township were served directly by the South Side YMCA during the past year. These were in addition to the individuals in Marion Township taking advantage of the various programs sponsored by the Central YMCA and the YWCA. Of the numerous persons served in 1953 by the South Side Settlement, 158 were residents of Marion Township.

Twenty-seven people in Marion Township directly benefited from the facilities offered by the Lincoln Park Day Nursery and the South Side Day Nursery. St. Stephens Community House served 60 Marion Township residents last year. All of these agencies are a part of the Community Chest, which receives funds from the campaign to begin soon, known as the United Appeals.

Aware of these, and many other services rendered by other agencies, and made possible by the United Appeals, Miss Evalyn Buechner is hoping that Marion Township will do its part to put the campaign over and achieve the established goal.

Alteration Shop Owner And First Assistant Have Much Experience

Through the door of this shop pass the greatly pleased customers of the Alteration Shop, 220 Thurman-av.

Mrs. Sara A. Cropper has been in tailoring for 16 years, specializing in both men's and women's garments. She has operated the store pictured above for the past four years. Her assistant, Mrs. Wanda Riffle, has 20 years experience in this field.

Great pride is taken in the care and patience exercised in the handling of customers' clothes. The two ladies also indicate a genuine desire to be courteous and do satisfactory work with each and every job—no matter how small or large.

Expert mending of any size damage at prices to meet all budgets is the by-word of the Alteration Shop, which is located at 220 Thurman-av.

Mrs. Cropper has been a South Side resident for five and one-half years and Mrs. Riffle has been a South Sider 19 years. Services consist of alterations on men's women's and children's garments, garment repair work, help with stubborn zippers, and zipper replacement.

They also offer valet cleaning service with each garment checked for minor repairs. Service includes such things as cuff tacking, lining and buttons. Zippers are lubricated for extended wear and all this extra service is included in the firm's very reasonable prices.

"If it can be done, we can do it," says Sara. "We also rebind blankets and quilts."

Mrs. Cropper discloses that she has many satisfied customers who have been with her as long as she has been in business. Her friends and customers come not only from the South Side but as far away as Arlington, Bexley, Clintonville and towns outside of Columbus as far south as Circleville and Washington Courthouse and north as far as Marion.

Kiwanis Clubs, Air Force To Fete 10,000 Kids

PLAN FOR KIDS DAY—Left to right are Bill Coulthard, president of the West Franklin County Kiwanis Club; W. L. Bennell of the Hilltop Kiwanis Club; Col. Herbert A. McDaniel, Jr., commander of Lockbourne Air Force Base; Paul Noblitt, of the West Franklin County Kiwanis Club and chairman of the boys and girls committee. They are shown in a lounge at Lockbourne AFB on last Tuesday planning for the local observance of National Kids Day. All Kiwanis Clubs in the 8th district are cooperating in the event, which will be staged for some 10,000 kids on Sept. 18 at Lockbourne AFB.

By nightfall of Sept. 18, some 10,000 Columbus kids should be awfully tired, but pretty doggone happy.

At least that's the way it is planned by the individual clubs of the eight Kiwanis International District which are taking part in the planning and joint sponsorship with the Air Force of National Kids Day on that day at Lockbourne Air Force Base.

Clubs taking an active role include the Hilltop, North, Linden, West Franklin County, Eastern, Downtown, Northwest, and Circleville Kiwanis Clubs. The affair will be under the general chairmanship of Carl Arend.

Scheduled for 0 a. m. to 3 p. m. and open to all children "1-85", the event will feature several special attractions plus an emphasis on gaining transportation for underprivileged kids. Other children may be brought by their parents, who will be welcome to enjoy the day.

One of the children will be named base commander for the day. He will be selected on the basis of a postcard submitted by him (or her) to the ba. commander by not later than 12 midnight of Sept. 16. The postcard will contain the name of the child, address, plus an original name for an airplane. A staff car will be at the convenience of the lucky "base commander" for the entire day.

Kids will also have a chance to register for a pony, which will be given away complete with a saddle, bit, and blanket at 3 p. m. Other program items include the extinguishing of a plane fire, a parachute landing of a B-47, a military parade, and several bands. The Air Force will "adopt" the kids for the day.

Local Costumer Succumbs Wednesday At His Home

Lucius (Bert) Engle, 83, associated with his son, N. Jim Engle, in the Kampmann Costume Works, 266 S. High-st, died Wednesday night at his home, 1061 City Park-av.

The younger Engle took over the business from Karl Kampmann in 1919 and the father had been associated with him since 1921.

Mr. Engle had been active in the store until the amputation of his leg several years ago and was well known to the many persons whose business brought them to the costume works. The firm is widely known for outfitting pageants, circuses and side shows.

Trivia

From THE EDITOR'S DESK

By Gaivy Gordon

STRAWS IN THE WIND: Today's column on the subject of school news will be clipped out by parents, discussed at PTA meetings, brought to the attention of school principals, coaches and teachers, and read avidly by students of our community's elementary and high schools. (At least that's what I hope).

In keeping with the basic idea of this column—direct behind-the-scenes communication between editor and reader—I'll let you in on something. I started to draft a letter the other day to school principals, journalism teachers, and the city school board, but on second thought I realized the matter at hand is so vital to YOUR interests that I'd do better just to toss it in the column.

THE BASIC IDEA behind my intense desire to let you in on how we feel about school news is so that we may all cooperate to make the local school news in this newspaper second to none in the nation. Ambitious sounding isn't it? But it can be done with the cooperation of all concerned.

BREVITY will be the keynote. Many people seem to feel that the importance of an organization is determined by how much space is given to a news happening. For those suffering under this misapprehension, I would like to point out the fine job of condensation and "capsulating" of news done by our weekly national news magazines such as Time and Newsweek. Wordiness is to be avoided unless there has been prior mutual agreement with this office concerning a special feature or special treatment of a news story.

May I recommend most heartily any of R. Flesch, readability expert, to your individual publicity chairmen in the case of PTA's and to those charged with the responsibility of school publicity writing and coordination?

GENERALLY SPEAKING, any pictures this newspaper will take of school activities will have to be scheduled on Thursday afternoon or Friday, with arrangements at least three or four days in advance. Bonafide emergencies—and we will have to be the judge—a different schedule can be arranged. For the most part, too, it will be impossible for us to furnish a photographer at any time except on the 8-5 work-day.

May I suggest that each organization in the school set-up—clubs, PTA, teachers' organizations, etc.—attempt to find one member of its group who is an excellent photographer. Then, it would be possible to submit picture prints (along with the negative, please) for publication that otherwise we would not be able to handle. Then again bear in mind that many groups would like not only to see their pictures in print, but would like to buy extras. So why not attempt to hire a photographer through the yellow pages of the phone directory to kill two birds with one stone. All we ask is that photos of outside photographers be submitted on 5x7 paper.

In all cases, our own photographic equipment and editorial staffs will be judges of whether a picture can be used. Pictures cannot be returned unless a self-addressed, stamped envelope is included.

IDEALLY, all copy we receive should be double-spaced and typewritten. However, those who write exceedingly legible or print may

AN OPEN LETTER

To All Citizens Of Marion And Of Hamilton Township

Dear Citizen:

A large part of the population in Marion and Hamilton Townships will have an opportunity to do themselves and their community a good turn during the next few days.

Leaders in both townships will contact all residents personally, to receive their signitures on a petition requesting the Board of County Commissioners to establish a separate water and sewage system for certain portions of the townships not now provided with those facilities by the City of Columbus.

This proposed system, has the approval of and has been endorsed by the Marion and Hamilton Township Citizens Associations, the trustees of both townships, the council of Obetz and the Board of County Commissioners. It will not only offer the residents within the involved area tremendous benefits, but will be the biggest single factor ever contributed to the future prosperous development of the two townships, if the residents accept the opportunity presented by their neighbors who are bringing the petition to their doors. All residents of both townships are anticipating the support of the petition signers in this valuable proposal which will result in the orderly growth of a well balanced community.

The prospective consumers of the new water and sewage system will realize many profits by lending their support in signing the petition. As soon as the system is installed, there will be an automatic increase in property values. For the average home the increase in loan value is expected to be from $2,000 to $5,000. Home owners throughout the area are hopeful that full support be given for this reason alone.

However, aside from the convenience offered by the new facilities, residents in the area will reap many other rewards. With the newly available water lines fire hydrants will be installed and an automatic decrease in fire insurance rates will be put into effect. Along with the substantially lower insurance rates, residents will have the assurance of added fire protection, as the efficiency of the fire fighters will be multiplied.

In addition to the advantages rendered the individual users of the new system, there are other advantages which can be shared by all residents throughout the townships. The installation will open the area to new developments upon completion, and with the additional tax monies carried in with the expected influx of new businesses and new industries, the tax burden on the home owner should be lessened proportionately.

New businesses will provide new shopping conveniences for the entire family.

When the residents sign the petition, they will be adding stature to their community and prestige for themselves. A well equipped, well balanced community are assets of unlimited value to each and every individual residing in the area.

Petition signers can be proud that they are behind the biggest contribution ever made to their township.

Sincerely,
The Joint Marion-Hamilton Sewer and Water Committee.

Lucky Reader Of The Leader Will Win Jackpot Worth Total Of $111 This Week

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

This week the column is turned over to some very progressive members of our community. I would like to recommend each and every one of them as being very civic-minded — especially about this problem of safety for our school children.

The first enterprising store to join in our crusade against death by careless drivers is the B. F. Goodrich Co., located at 1942 Parsons-av. The Goodrich store is not only interested in saving lives of our children but suggests several ideas for the prevention of accidents on the road.

Next comes the Southeast Lions Club. This organization is always interested in the prevention of needless accidental injuries to children and has at all times cooperated in community-sponsored affairs.

On the list of service stations that have cooperated in this safety campaign is Reichert's Service Station at 831 Frebis-av. Specializing in service that satisfies, Reichert's has expressed a real desire to satisfy all customers in any and all needs for automobile service.

High-Frank Garage, owned and operated by Paul Shoaf at 2228 S. High-st, offers guaranteed work on the alignment of wheels and complete axle, frames and wheel service.

For body work or new tops on any car, the place to go is Martin's Paint, Body and Top Co., 827 Parsons-av. Paint jobs to fit any specifications at prices that meet with the pocketbook is the firm's boast. Complete mechanical service is now offered by this organization. The offer includes all of their other services and provides complete car renovation at low prices.

Loretta's Pure Oil Service at 1188 Parsons-av specializes in Pure Oil products, plus many other features, including tire repair, car washing and motor tune-up.

Innis Fourth Garage specializes in rejuvenating your car to keep it in tip-top running order. Body work, brake work, generator work—just about any kind of automobile service can be taken care of by this efficient organization.

Evans Gulf Service, located at 440 Marion-rd, is owned by a man with an unusual name, "Iolo." It's pronounced "Yolo", and, like his name, his service is also exceptional. It includes service with a smile and service that satisfies.

Bill's Service Station handles Sohio products and provides road service at all times for customers. Courteous treatment is tendered to each and every customer. Bill's is located at the corner of Mithoff and Jaeger and the number to call for road service is HI. 4-0342.

Wellman's Sohio Service, located at 1141 Parsons-av, also specializes in road service and his number is HI. 4-0221. Wellman is open from 7 a.m. till 12 midnight with service that satisfies.

All the merchants participating in this safety page are not only thoughtful but enterprising and it is hoped that from time to time, people will mention their thanks for the participation in this worthy project.

Les Redifer, Inc., has the new '54 Plymouth at a tremendously low price. For safe driving, check this special. A new six-passenger club sedan with loads of safety features found only in a Plymouth.

The Bell has Tolled for the week and remember, "Give the kids a Brake." Let them live till another day.

Four Of Confederate Money Insignia Missed Last Week

A South Sider cashed in once again for a share in our "Confederate" money — unfortunately it was not for the big jackpot, which, incidentally, is stacked with "Confederate" bills amounting to $111 this week.

Last week's lucky lady was Mrs. Mildred Davis, 1983½ Parsons-av who discovered a $1 insignia in her copy of the South Side Leader.

We're sorry to say that no one discovered any of the four other $1 insignia or the big $5 insignia which carried and still is carrying an enormous jackpot sum.

We'd like to see you win that $111 this week. Listen carefully, here's all you have to do.

Scan the ads. A replica of either of the insignia shown here may be printed on one of the ads in the paper you are now reading. Should you find either the $1 or $5 insignia follow the simple directions given in the box to exchange it for "Confederate" bills which, in turn, may be redeemed at any of the local business establishments advertising in this copy of the Leader.

That's all there is to it, and think what you could buy with that $111! It's worth giving a try!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $111 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

EDITOR'S NOTE: Columnist Joel Snyder is still enjoying his well-earned vacation. Today's personal notes were gathered by Mrs. Richard Stahl of Scioto Trail.

Mr. and Mrs. Richard Smith and Patty have returned from a 15-day trip to Crescent City, Fla., where they visited Mr. and Mrs. Louis McQuiniff, long-time residents of Home Acres Addition. Patty had her 12th birthday on Aug. 21 while with her grandparents, and spent the day visiting historical places of interest in St. Augustine. She then had a birthday picnic dinner at Flagler Beach and spent some time riding the waves in the ocean. A wonderful 10 days were spent just resting and swimming.

Mr. and Mrs. Chris Stewart entertained the WSWS and Men's Class at their home on Thursday evening.

Girl Scouts from Troop 113 served as hostesses at the Girl Scout booth at the Ohio State Fair Sunday evening. Mrs. R. L. Kelley supervised Linda Gaffin, Jane Reese, Rita McGrew and Lois Sulphen. On Monday Mrs. Smith helped with Carol Scheiderer, Diana Slyh, Jerilyn Miller and Patty Smith.

The Junior Choir of South High Church is starting practice again this week. Old members and interested youth 12 years and older are urged to become a part of this most useful part of the church program. Barbara Pabst is the director for the group.

South 'Y' Church Council To Hold Annual Conference

"Building Through Christ" has been chosen as the theme for the annual fall conference of the South Side Branch YMCA Young People's Inter-Church Council to be held Sunday afternoon and evening, Sept. 19, from 1:30 to 9 p.m.

Conference discussions are to be based on the topic, "How Can We Improve the Program of Our Youth Fellowship in the Church?". All young people and youth workers, whether associated with the council or not, are invited to attend and participate in this annual inspirational conference.

A panel discussion, with Rev. Rudy Thomas of Central Community Church as moderator, will be used to stimulate thoughts along the lines of the three sub-topics to be presented in smaller discussion groups. The sub-discussion groups will present the three topics: "Through Social Activities", "Through Service Projects", and "Through Worship Experiences."

The afternoon and evening program will be rounded out with recreation, a fellowship pot-luck dinner together, an evening vesper program, and a closing consecration service.

The fall conference is sponsored by the South Side Branch YMCA through its Young People's Inter-Church Council and the South Side Ministerial Association.

Hello:

A custom pleasing to every wife is that of sending a bouquet of flowers in celebration of wedding anniversaries . . . sometimes this is done by sending a rose for every year of marriage. But any lovely flower lets her know that the sender remembers and treasures the years of a happy married life. Flowers play a big role on the wedding day and should be a part of every anniversary.

Our best wishes to Mr. and Mrs. Dick Ullman who have just had an anniversary, Mr. and Mrs. Robert Eberts who celebrated their 25th and Mr. and Mrs. Harry Bohn their 30th on Saturday. Congratulations to the new Mr. and Mrs. Earl Lang who were married Saturday, September 4th.

Happy Birthday to Mrs. Dicker, Virginia Morral and Mrs. Dorothy Cohen . . . friends are congratulating Mr. and Mrs. Francis Yontz, whose two little daughters now have a very welcome baby brother. Best wishes for a speedy recovery to Paul Boucher, Paul Veigh and Lester Decker, and Mrs. Frances Cragg.

A birthday greeting is a cheery way to commence, so we'll wish one to Ruth McGraw who became a year older on the seventh of the new month. Ruth is a resident of 252 E. Jenkins-av.

The former schoolmates of Marcia Honesworth will want to remember her with get-well cards, we're sure, for she is a polio patient at Children's Hospital. She formerly lived on Markison-av, but now receives her mail at 2006 Zollinger-rd. Like all hospitalized folks, she eagerly looks forward to the arrival of the mailman. Her friends will be happy to know that she is spending less time daily in the respirator.

Visiting friends and relatives is the interesting task of Ernie Stiebritz, who is on the "mainland" for a two months' vacation from the Penan a Canal Zone.

Our sympathy goes to Doc McClain and his wife, who recently lost their little boy.

Frank and Helen Gusa used the latter part of August to enjoy the pleasures offered by Lake Erie at this time of the year.

The Frey family of 1627 S. Third-st, have had lots of things happening to them and I'm sure they won't mind if we take a peek at their private lives. First, Mrs. Frey simulated Humpty-Dumpty and took a big fall. We're happy to report no broken bones, however, just a new way of ambulating! Mr. and Mrs. Mara Frey of S. High-st, are the parents of a boy born Aug. 30. Gene Frey spent several days in Moundsville, W. Va. Andrea Frey entertained several of her friends with a wiener roast last Saturday, as a farewell to the summer vacation.

The members of the St. John's Evangelical and Reformed Church are to be congratulated on acquiring the dynamic Rev. Detwiler as their minister. We have heard of the wonderful work Rev. Detwiler accomplished while in Lenoir, N.C., so his welcome to Columbus' South Side is a warm one.

A new little son is the addition in the Vernon Zwilling family of S. Pearl-st.

We hope the readers have lots of get-well cards on hand, for they can be put to very good use this week. First, there's Bob Trout, a South Sider for years, who is currently in the C&O Hospital, Room 325, in Huntington, W. Va. Bob is seriously ill and cards will help his morale greatly. His Columbus address is 1315 Parsons-av. Two women in the Lincoln Park district also are ailing and cards will help them considerable at this time. Mrs. Hougland was recently discharged from the hospital, and we hope she's mending nicely. The mailman delivers her mail at 664 Morrill-av, Apt. E. The other lady is a member of Courage, Inc., and has much need to call on her courage. She is Mary Starr, 693 E. Welch-av, Apt. H. She too was recently discharged from the hospital and will be going back again in October.

Columbus friends of Willa and Lu Davis will want to know the new address of the former Buckeyes, we're sure, so we'll pass it along. It's 6261 N. Golden-West, Temple City, Calif. We got a hearty chuckle from a recent epistle from the talented Willa, when she reported on an earthquake. The next few lines are "quotes" from the letter., "We heard on the radio the other evening that we had had an earthquake that morning. But the closest we heard or felt to an earthquake was the ol' alarm clock ringing and rocking on the night stand at 7 a. m."

We hope that Mabel Tope is feeling better again after making the acquaintance of the old pleurisy bug. Tain't fun, is it Mabel?

Mr. and Mrs. Timmons, 1218½ S. High-st, entertained company from Wellston, last week. The three visitors were Mr. and Mrs. Ira Lockard, and their daughter, Irene. Mrs. Lockard and Mrs. Timmons are sisters.

Isabelle and Evelyn Elliott, 346 Sheldon-av, attended the Twin Convention in Chicago last week-end. The twins were gone from Sept. 3 to 7. This trip followed closely the Florida jaunt taken by the Elliott family. While in Florida Mrs. Elliott visited a couple who lived in the South Side for years. She's happy to report that she found Mr. and Mrs. Harvey Throckmorton well and happy in the Christian Home in Omando, Fla. The Throckmortons would enjoy hearing from former Columbus friends.

Tomorrow is happy birthday time for Mrs. Caddie Reames, 673 E. Welch-av, Apt. L. Mrs. Reames will be one year nearer the octogenarian status on Sept. 10, for she will become 79 years young. A sister of Mrs. Reames should receive belated wishes for her late August birthday and the 81st year she attained. Mrs. C. F. Clark is the lady who received our plaudits, and her address is 63" E. Gates-st.

Mr. and Mrs. Al Greene, 639 S. Pearl-st, spent the Labor Day holiday visiting relatives in Warsaw, Ind.

One last item and we'll get this long overdue string of words to the Leader office. It's an incident that happened at the recent State Fair. Maxine Crary attended the agricultural display with several members of her family. The family decided to split up and do their sight-seeing separately, planning to meet at home-going time at the 11th-av gate. Came the exodus time and Maxine hiked to the gate, where she waited and waited. Finally she decided to report a "lost" family to the Ohio State Patrol. Imagine her surprise when they told her, "Lady, they're not lost. You're the one who is lost. You were at the 17th-av gate and your family has been looking for YOU."

Guess that finishes this week's stint, so till next time then, 'tis the

Asked if he could summarize the great lessons of history in a single volume, famed historian Charles A. Beard replied that he could do it in four sentences—1. Whom the gods would destroy, they first make mad with power. 2. The mills of the gods grind slowly but exceedingly fine. 3. The bee fertilizes the flower it robs. 4. When it is dark enough you can see the stars.

Benfield Homecoming

Rev. Richard L. Felton is the main guest speaker at the annual homecoming services at Benfield Avenue Church of Christ, Sunday, Sept. 12. He is an associate secretary of the Ohio Christian Missionary Society, with Cleveland headquarters, and a former pastor at Benfield, where he was affectionately known as "Dick" Felton. In his present work he gives attention to state evangelism, to summer youth and adult camp work and to supervision of religious work for the disciples in the famous Piketon area of Ohio.

For the homecoming all former pastors and members and friends of Benfield Church are invited "home" again. Following the forenoon services there will be the homecoming fellowship dinner at 12:30 p.m. and the 2:30 homecoming variety program of greetings, reminiscences, introductions, main address, much singing and special numbers of music and good fellowship. Donald Wolfe will lead the singing of the afternoon. There will be some exhibits of church work there and there in the church, upstairs and downstairs. Visitors will be interested in viewing the progress of the construction work on the new church annex.

The morning sermon will be by the pastor, Dana S. MacDonald. The Sunday school superintendent, Rex L. Townsend, will be looking for a Sunday school that passes the 150 mark at 9:30 as a "starter" for the day. In the past the annual homecoming has been considered a real rally day for members of church and Sunday school.

Polio Victim Looks For Means Of Helping Self

Ruby Crawford, 380 W. Cherry-st, is an outstanding example of the grit and determination of victims of polio. Mrs. Crawford, mother of a seven-year-old boy, decided last week that she would have to pitch in to help pay some of the bills that have mounted as a result of the dread affliction, as a result of which she underwent a hip operation last spring.

Utilizing her 12 years of secretarial work, Mrs. Crawford has opened a small home secretarial service, offering phone and correspondence work from her private telephone listing. Her number is CA. 1-1406.

'Be An Angel' Sept. 20

On Monday, Sept. 20, the play of "Be An Angel and Sprout a Wing" will be heard for the second year.

South Side Mrs. Stuart Jones, 263 Thurman-av, has been appointed as chairman of Wing Day, while Mrs. Forest Lanfear, 278 Thurman-av, is serving as chairman of the patron committee.

Approximately 1300 women, all members of the Wings of Nightingale Cottage, will descend upon the people of Franklin County to ask their help in making their second "Wing Day" a bigger success than last year, when they realized more than $10,000. Headquarters for "Wing Day" will be Trinity Church at Broad and Third-sts.

In 1953 the cost per patient at Nightingale Cottage was approximately $6.61 per day. No one is ever denied admission due to inability to pay. In 1953 47 per cent of the days were provided free. During the year the Wings contributed 25 per cent of the operating budget to the Cottage. A total of 80 children were cared for during the year.

Base Point

We count on the weather vane to give us the wind's direction. No matter which way the vane turns, the four points of the compass remain permanent. Those four points are anchored fast and true.

Yet they stand fast only because of one other feature of the weather vane that's easy to overlook. That is the *base point*, the spot where the weather vane is fastened to the structure that supports it. If that point gives way, the whole apparatus will tumble in the first strong wind that blows its way.

We have our own compass points to guide us in the political and social storms which swirl about us so often these days. We call these points "principles"—the principles established in church. To strengthen those principles so that nothing will shake them loose, we look to the church for a base point that will guarantee our solidarity in any crisis. And we find what we seek in the strength of God, the rock of ages for generations past, and generations yet unborn.

That strength is our strength if we will but make our churches the spiritual base point of our lives.

For thou hast been a strength to the poor, a strength to the needy in his distress, a refuge from the storm. . .

Trivia—

submit their copy in such form. The double-space rule still applies.

DEADLINE ALL IMPORTANT: We are a Thursday newspaper, but the bulk of our pages are "locked up" early Monday morning. Therefore, to be on the sure side, observe the rule that copy arriving by Saturday noon will be given first consideration when "makeup space" begins to get tight. Copy arriving at this office later than Monday noon has only the slimmest chance of getting into the paper. "Exclusives" or "scoops" also have a much better chance of getting into the paper than twice-told tales.

TELEPHONE NEWS should be confined only to the most important, last-minute events.

IN SERVING THE COMMMUNITY, we are fortunate in being able to provide more space (within rigidly defined limits) than the dailies to purely local school news. For this reason, we feel that it will be lassitude and lack of diligence on the part of school news contributors if your school does not receive its fair share of news coverage.

LOVE THY EDITOR, or, at least act like you do! Based on my own career in public relations—including a stint immediately before this job as civilian public relations coordinator for the Army Reserve in Ohio—I can tell you authoritively that the quickest way to close an editor's mind to the virtues of your organization is to complain! Grousing or griping by you or an ill-advised, unauthorize member of your group can be disastrous. If you, Mr. or Mrs. President and or Publicity Chairman feel you haven't had an even shake, come on in and we'll talk it over. No editor is obligated to carry one word of material you submit, but chances are he'll be more than willing to meet you halfway, I know that I will.

PATIENCE, PLEASE: It may take two or three weeks for you and me to set up the excellent school pages and school news coverage I was boasting about near the top of this column. In the meantime, you can help me help you by sending your president or person charged with publicity into the office to talk with me. He or she should bring such data as names, telephone numbers and addresses of officers, a listing of events planned for the school year and an open mind.

Our little chat will probably be brief but I have reams of ideas that will help you. If you can't come in person write me a letter with the information requested in the above paragraph. Don't be surprised if your letter appears in the paper. After all, the fact that you have taken time to write such a letter is proof of our common interest in the education of our children. And that subject, my friends, is probably the most important problem in our nation today — preparing citizens to protect our American way of life!

Fate is unpenetrated causes.—Emerson

STOP SAFETY IS NO ACCIDENT

When an epidemic strikes it takes its sudden and deadly count of the young . . . it tears at our heart strings for there is so little that we can do about it. Such tragedies may occur once in a year or two. But the highway toll of young innocents produces a casualty list every day, year after year. There is much we can do about it, for we are responsible. School safety patrols are holding down the casualties of children going to or from school. Two out of three are killed while outside of school supervision. That is the big reason why it's up to you, Mr. and Mrs. Driver, to protect little children. Be alert for the unpredictable actions of youngsters at play, crossing streets, chasing balls and riding bikes.

Marion-Twp. Sidelights

EDITOR'S NOTE: Despite the story on annexation on this page written by Joel Snyder, the popular Leader columnist is still on vacation. Today's column was prepared by Loretta Meuser.

When Joel asked me to write his column, I was told I could write on any subject I desired—a very dangerous statement indeed. So here goes.

First of all I would like to thank all those Marion Township citizens who gave so generously to the emergency polio drive on Aug. 26. A total of $1377.45 was raised in the township. Key workers in the drive were Mrs. Katie Slyh, Mrs. Marian Keckley, Mrs. Norma DiGiola, Mrs. Jeanette Foreman, Mrs. Marie Welch, Mrs. Florence Althen and yours truly. These ladies recruited 85 willing workers among the mothers and nine enthusiastic youngsters were drafted.

The kids did so well that we would like to "sign them up." These highly successful solicitors are Harold and Margaret Fielder, Rose Ann DiGiola, Kay Welch, Bonnie Sue Althen, Judy and Raymond Miklos, Carol VanGundy, Gary West and Phyllis Vance. The last five youngsters took care of Valley Crossing for me. Thanks again to all of you.

Gladys Wimer received red roses from Ray in celebration of their 19th wedding anniversary. Chuck and Ruth Rehl had quite a celebration on their 17th anniversary.

I hear that Ricky Batteiger, one of our Cub Scouts in Pack 105, is quite a seasoned flier by now. Ricky flew to Miami, Fla., and then went on to West Palm Beach where he spent 11 glorious weeks with his grandparents. Mama was quite worried about her young Scout going so far without his family, but he had the time of his life. Flew back too, in time for school of course! Ricky will have to compare notes with two other boys in the pack—Larry and Terry Hansley. They flew back from their vacation at Virginia Beach, if my memory is correct

HELP, PULLEASE!!! Leaders in youth organizations all over the country are searching desperately for PARENTS who are INTERESTED IN CHILDREN, especially their own. I am afraid that this rare species of parent is becoming extinct.

Now that school has started, parents everywhere are making plans for the fall and winter season in the various fields of recreation — bowling, fishing, hunting, swimming, golfing for example. Football is in the air, and in the blood. This is also the time of year when youth groups are in the process of organization. We all know what wonderful character building institutions the Boy Scouts, Girl Scouts, Camp Fire Girls and similar organizations are IF they have the PROPER LEADERSHIP. Yet all too often parents are too busy with their own pleasures to know or care what their children do with their spare time. Boys are less fortunate in this respect than girls. Somehow you always seem to find a mother willing to devote her spare time to the girls' clubs mentioned above. Their organizational setup is such that two or three mothers can do a grand job of leadership in the various phases of Scout and Campfire work.

But not so with Cub Scouts. Cubbing would be a cinch, if only MOTHERS were needed, but each pack requires at least eight men to serve as the active officers of the organization. If these men would perform their duties, as outlined in the scouting books, then the den mothers could devote all of their time to active participation in the monthly program and the weekly projects. Den Dads are needed to show boys how to hammer and saw and also how to play football and baseball.

Adult leaders in each pack are institutional representative, pack committee chairman, Cubmaster, assistant Cubmaster, treasurer and three other pack committee members, den mothers and den dads. Each den consists of from four to eight neighborhood boys in the age group 8-10. At the end of the month all of the dens get together for a big pack meeting where, with fun and fellowship, they show their parents what they have accomplished.

Fellowship with the family and fun with dad are the basic aims of Cubbing. Another unique feature of Cubbing is that all achievements earned by the Cub are judged and passed by his parents. I have never heard of a Cub Scout Pack folding up because of a dearth of materials; most of them fail due to a shortage of adult leadership. Cubbing can be a rich experience for all, if only BOTH parents enter into it with the same enthusiasm as their son. End of sermon No. 1.

There has been quite a cake-baking spree these past few weeks, according to all of the birthday reports. Joanne Higgins passed her eighth birthday on Aug. 21. Nicky Markos is in line for a Bear book as of Aug. 17, while Tommy Nippert was eligible for his on Aug. 19. Jack Koetz also became nine on Aug. 30, but had quite a surprise when he found that he was guest of honor at a birthday party on the 31st. Joyce Weisberg took all of her playmates for an outing at Blacklick Woods on her birthday, Aug. 31. There were about 22 youngsters in the party. Michael Straub and Michael Holliday, Den pals, both became nine recently. Mike S. celebrated Aug. 23 while Mike H. waited until Sept. 3. Little Rosa Anne DiGiola wanted a bird, so she will remember her seventh birthday, Sept. 13, as the day she received her parakeet. I heard through the grapevine that Miss

'Confederate' Jackpot Reaches New High Of $120 With Todays S. S. Leader

SEWER-WATER PETITIONS ARE BEING CIRCULATED

Solicitors in Marion and Hamilton Townships are in the process of obtaining signatures on a petition at the present time, directed to the County Commissioners, requesting the establishment of a separate water and sewage system for the southern part of Marion Township and the northern portion of Hamilton Township.

At a meeting Sept. 8, at the Marion-Franklin High School, about 50 of the solicitors were briefed with the information they would need to proceed with the solicitation. Desso T. Mitchell, Franklin County Sanitary Engineer, gave the answers to the questions he thought the solicitors would encounter.

Brochures concerning and explaining the proposed system have been mailed and will arrrive at the home of each resident in the involved area, prior to the actual solicitation, scheduled to begin Sept. 15.

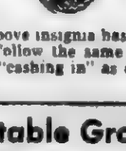
The proposed system will include a sewage disposal plant and a water treatment plant and will cover the area bounded on the north by Knebel-rd, south by Rathmell-rd, east by Alum Creek-dr., and west by S. High-st.

Lucky And Observant Reader Can Use Eyes To 'Cash In Big'

It is absolutely phenomenal the way the great big $5 jackpot, which is crammed with $120 worth of "Confederate" greenbacks this week, seems to elude our most osbervant readers. Of course, there is only one $5 insignia stamped in just one issue of the Leader each week, but we hope it falls into the hands of someone who has been looking for an insignia in their advertisements right along.

However, if you haven't heard about this wonderful way to pick up a pocketful of "long green" real quick, we hope you'll get into the game. Maybe you'll be the lucky one.

Here's all you do. Scan the ads for either a $5 or $1 insignia which will be stamped in blue ink in one of the ads. The insignia look just like those shown in the box. There is one $5 insignia and five $1 insignia at large this week and every week



Read the simple directions in the box on how to exchange the insignia you find for "Confederate" bills, which in turn may be redeemed for the full value of U. S. silver certificates at any of the business establishments advertising in the Leader this week or the week you find your insignia. There is a definite way you must go about it, though, so be sure to read the directions.

An observant reader, Mrs. Mary Mann, Apt. A, 670 Woodrow-av, picked up one "Confederate" dollar this week when she discovered a $1 insignia in an advertisement in her copy of the Leader. Will you be the next winner?

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $120 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above

Contact Rev. Paul Kaefer, 221 E. Gates-st, or call HI. 4-2758. James F. Kraner is Cubmaster.

HAS ANYBODY FOUND PETIE?

Murle Farrell of 577½ W. Chapel-st has lost her pet parakeet, "Petie". This situation is slightly different in that Petie can speak at least 75 words, including his name upon request. Murle is 71 years old and Petie is her only pet. It was reported to this paper that she is quite broken up about this and it is requested that if anyone knows of the whereabouts of the bird, they contact Mrs. Farrel.

Annexation Meeting Proves Really Interesting

By 'oel Snyder"

Last Thursday's Marion Township Citizens Association meeting at Marion-Franklin High School presented both sides of the annexation question that is to be settled by vote in November. The entire session left little to be desired for interest and topical comments. As a matter of fact, if there was any disappointment, it was because the principals in the discussion didn't have their respective managers hold their coats while they settled the question in the established manner of the squared circle.

The two principals were Prof. Gary Brazier, defending the position taken by the county-wide Metropolitan Columbus Annexation Association, and William R. Fornof, Marion Township trustee and staunch champion of the existing form of government. Seated in the young professor's corner were Julio Suarez, president of the MCAA, Mrs. Saurez, and Harrison W. Smith, Jr., the legal advisor for the organization.

Fornof had retained amiable Art Becker, the capable township clerk as his second for the occasion. At 8:15 John E. Nippert, MTCA prexy, gave the principals their instructions and then retired to an inconspicuous position in the background.

Prof. Bazier, who teaches political science as a member of the OSU staff, began with an admission that he had a poor memory and consequently would not tell any funny stories as a prelude to his dissertation. He hastened to add, however, that ordinarily this was no handicap on his various speaking engagements, as the mere introduction of his name (which is pronounced just like you tried to pronounce it in the first place) was usually sufficient to produce the laughter considered so necessary at the beginning of a discourse. As it turned out, Prof. Brazier was right. He made no further humorous remarks and proceeded to lend his support to his association.

In the true pattern of his profession, Prof. Brazier chose his thoughts carefully, and eloquently presented his stand. He said that because Columbus could provide many competent professional services which are not available in the area as a township, he advised the residents of Marion Township to annex to the city. And, he added, these services are included under the present city tax rate.

Not only that, the youthful professor continued, with the appropriate gestures of a genuine scholar, but on his own observation, the City of Columbus is enjoying not only an honest and righteous government, but as he put it, a dynamic, active and progressive administration that knows only constitutional bounds

After all, he said, when it's all said and done, it's only a matter of personal prejudice that would prevent the people from accepting a good thing when the opportunity is offered.

When his time was up, he dismissed his class, and Fornof took his turn at bat. In the first place, Fornof stated that the township form of government is by far the least expensive, although he emphasized he was not declaring it necessarily the best. But he just couldn't understand what services the learned professor was referring to, that the township's citizenry would gain if they annexed to the city

Fornof contended that there is enough local talent in the area that they don't have to call on highly specialized, high-priced experts, to operate Marion Township

The township has a wonderful fire department, he said, one of the best. He couldn't understand what more the people could want from the fire department. There were plans for another engine house, too, he promised. The fire department picture to Fornof looked as rosy as the fire engines

"And," he said, "we have a police department. Why, with the per capita wealth in the township compared to the per capita wealth of Columbus residents, these people would have everything to lose", he went on.

According to Fornof, Columbus is near bankruptcy right now. You hear talk all the time that fire and police protection may have to be curtailed because they're so far in the red, he said. Their bond limit has been reached, too, he declared, while Marion Township is operating completely in the black. He even produced the tax rates for several years back, of the township and of the city and made it a matter of public record that city rate, during the period that the township rates were an average of four or five dollars less than city rates, during the period between 1945 and 1953.

Schools? They've already got the best. The system at the present time includes cafeterias, even in the lower grades and fine transportation to and from the halls of learning. He admitted that the schools were asking for another bond issue to expand their building program but so was Columbus.

"We'd just be a drop in the bucket," Fornof went on. "If we went into the city, we'd lose our identity, and that's pretty important to a lot of us down here."

When the questions from the audience were allowed, one gentleman asked Fornof what happened to the money that was collected by the city by their one-half cent city income tax.

"I don't know" he confessed. "But I'll tell you one thing, they are sorry now that they didn't make it a full one cent tax when they had the chance."

The gentleman in the audience was apparently disappointed that he hadn't answered his question, and bluntly told Fornof that he would excuse him Then he asked the professor the same question. When the reply got off to a slow start, the gentleman threw in a few words of his own

"I was not trying to avoid the question," the professor retorted. "If you'll give me a chance I'll tell you where the money goes. He went on to say that the capital collected was put into the general fund and was used to pay for such services as fire and police protection.

It was not evident how this answer struck the first gentleman, but another man in the rear who had come with the annexation party, stood to say that he was perfectly willing to pay the small percentage to the city for the use of the streets that he drove on every day in going about his business. He got no argument from the rest of those in attendance. Apparently they all felt that this was the last they could do for the poor city in the midst of all those horrible townships.

When the meeting came to a close, a very discerning and intelligent observer noted that from the questions asked that the humorous, printed sign that is owned by John Nippert must have been hung in front of the room. The sign was given to Nippert by one of his employees. In plain, bold type the sign advises

DON'T CONFUSE ME WITH FACTS, MY MIND'S ALREADY MADE UP.

Vegetable Growers Win Top Premium

The Columbus Vegetable Growers' Association, Inc., won the first premium at the Ohio State Fair for the best display of vegetables amid some challenging competition. The committee was headed by Carl A Fischer, chairman, Howard Hahn, Leo V. Gaffin, Bill Fornof, Robert Cuthbert, and Howard Reeb.

A cash prize in addition to a banner and silver trophy which was presented by the Kroger Co., was awarded for their display which represented a Horn of Plenty, arranged with an abundance of fresh vegetables pouring out of, and surrounding it.

As the group has made relatively few attempts at an award of this kind, their outstanding achievement has been a noteworthy occasion throughout Marion Township.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

Antiques take the lead this week. There is a certain lady locateu at the rear of 1200 S. High that has on display various items of antiques that would delight the eye of any one desiring to furnish their home in the old time motif. Each and every week an ad appears in the Leader with several of the items and lines carried by this enterprising lady. Drop in and shop around and see what there is that you might want.

A contest is on. Dave Woods Marathon station is offering free tickets to the world series and five free lubrications to some lucky winners Drop in at Parsons and Whittier and find out about this contest.

Swan Bowling Alleys has changed hands. The new owners have stated that the only change in policy is that meals will be served on Sundays. Stop in and bowl a few games and say the Bell Ringer sent you.

Wilson Drugs at Parsons and Stewart is now the only drug store in Columbus to carry a complete line of hearing aids, according to Owner Wilson. An ad in this issue of the Leader gives both the name of the hearing aid and also a little more information concerning the services provided by Wilson Drugs. Look for it.

Martin's Paint and Body Shop has taken on a new department. International trucks, sales and service is now another big new feature provided by this up and coming South Side firm. Also they are now doing complete mechanical jobs on any type of auto so stop in and see this new truck and also have an estimate cheerfully given on repairs to your family car.

A little week with news copy this week but comments or complaints are invited.

If you have a job that needs doing and want some help, feel free to call on the Bell Ringer. As far as publicity is concerned, for South Siders the South Side Leader is your best medium to advise the public about your affairs.

TAKES NAVY OATH

Seventeen-year-old James Edward Reed, 701 S. Sixth-st, had plenty of moral support as he signed up for weekly training at the Naval Reserve Training Center at Spring and Sandusky-sts last Saturday. His father, Albert Henry Reed, 44, who retired in 1950 after 20 years in the navy, was standing right alongside him.

MAIN PLANT of First National Cleaners, Hosack and Washington-avs. (South Side Leader photo)

The Nichols', Owners Of First National Cleaners, Mark 25th Yr.

Gary Nichols and wife, Oma, co-owners of the First National Cleaners with their main plant at Hosack and Washington-avs, are celebrating their 25th year of service to Columbusites this year.

The Nichols, who reside at 4040 Dublin-rd, are a great combination, for he is originally from Texas and she is a dyed-in-the-wool Buckeye. They have also proved a great combination in the cleaning business. To date they have 48 stores throughout the city, in addition to the main plant, offering fast, quality service, managed by friendly, courteous clerks whose main aim is to make the best service in town also the fastest, making First National customers First National's friends.

As a silver anniversary present to their patrons, the Nichols have spent $4,000 in renovating the main plant on the South Side, which employs 80 persons daily, making sure of the quality and speedy service of such things as hat cleaning and blocking, and regular dry cleaning in the form of dresses, suits, coats, blankets and dozens of other articles.

In addition to the renovation, $30,000 worth of new equipment has been installed in the plant, promoting cleaner, faster service to keep satisfied customers coming back for more of the same.

The Nichols are now working on a theory that customers will save as much as 40 per cent in time and money by taking their cleaning directly to the plant. This is an offer which should be very well received among South Siders for it means the finest cleaning and service in town at a minimum price.

SYMPHONY ASSOCIATES MEET

The Young Associates of the Columbus Little Symphony met on Sept. 15, at 7:45 p. m. at the home of Mrs. William Kientz, 1640 Barrington-rd. Mrs. Lela Hardy and Mrs. Bert Thomas will present a harpsichord duet.

Marion Twp.

(Continued from Page 1)

Mary Jane Erckert has the same birthday as my son, Kenny, who will be 10 on Sept. 15. (I'm writing this on the 13th). Another good scout, but definitely not in the Cub Scout era, who celebrated his birthday on Sept. 12 is Heap Big Good Scout Lee Traphagen, genial salesman for Teeters Packing Co.

We have quite a few of our more popular citizens on the sick list Let's all say (or sneeze) a sincere "Geshundheit!" to them, and all others I've missed, Mary Christ, one of our most loyal and ardent workers in the various drives for as long as I remember, is still in serious condition in Mt. Carmel Hospital. Mr. Gus Weber, Marion Twp. trustee for many, many years, is on the sick list. Mrs. Bea Rollins is convalescing nicely. Howard Hahn, president of the Columbus Vegetable Growers Assn., is on the sick list with an injured leg. I am very sorry to report that two of our citizens were seriously injured this past week. Dick Kuhninhoff, 16, suffered a fractured skull when hit by a school bus in front of Marion-Franklin High School Sept. 8. Mr. Grundey, 79, had both legs broken when struck by a car in front of his home on Refugee-rd last Saturday. Please, Mr. and Mrs. Motorist, watch out for pedestrians, no matter where you may be driving. End of sermon No. 2.

Tony DiGioia, S. Parsons-av nurseryman, was one of those lucky men who had the supreme satisfaction of seeing the Indians nose out the Yankees in both games at Cleveland last Sunday. Hope they get the pennant. I almost forgot to mention that my brother and family, the Frank J. Schmitts of Indianapolis were here over the holiday weekend. (That is why I couldn't get this column ready last week) The Allen Moore family of Champion-av visited relatives in Indianapolis at the same time. The Leroy Gerbigs and the Benny Weisbergs drove to Niagara Falls over the holiday; enjoyed themselves but didn't like all of the traffic in Canada

The Marion Township Schools Booster Club meets next Monday at 8 p.m. with the new president, Joe Davis, presiding. It is this group who deserve the credit for our splendidly equipped football team and band Marion-Franklin is playing Reynoldsburg this Friday night at Reynoldsburg. I hear we have quite a team again this year. Hope to see you at the game! The band will make its first appearance in its new uniforms tomorrow night (again, remember I'm writing this on the 13th) when it will present a short concert for the benefit of all those interested in playing band instruments.

In conclusion I would like to express my sincere appreciation to Joel, to Priscilla Dicke, and to Dorothy Whitacre for writing such interesting and witty columns each and every week. I enjoy them all, and I know that all who read the paper will echo my sentiments.

Thanks to you, Mr. Hartley, for a wonderful publication. I don't like your "for rent" column. The apartments are always rented by the time I get my paper. I guess Mom will just have to find her own apartment by some other means. And do you know, I'm still searching for those confederate dollars!!

Thanks, Joel, for letting me spout off. 'Bye now.

Brr . . . who dislikes cool weather as much as I? The hot weather suits me much better, I'm afraid.

A mother-daughter birthday is the first item on the agenda, so the usual greetings to Mrs. Frank Worth, as of Sept. 7, and to Mrs. Angelo Felice, when Sept. 21 stands revealed on the calendar.

In the years to come, the new little son of Jim and Marianne Whalen will celebrate his birthday on Sept. 4. Congratulations to the Whalen family on the fourth addition to the clan. Whalens, Inc., are to be found at 224 Frebis-av.

Thought you might be interested in reading what our section of Columbus did in the recent emergency polio drive, and Lillian Ryan was real obliging in informing us that $3675 was collected. Once again, heartfelt thanks are given by Mrs. August Husse and Mrs. Don Ryan, the co-colonels of this area, for the splendid cooperation on everyone's part.

A young lad home on a navy leave is anxious to hear from former school friends, so we'll pass along his name and phone number, hoping we can be of some help. Ronnie Steele, 580 Mithoff-st, is Uncle Sam's sailor, and the phone is HI. 3-1138. Ronnie has a 30-day leave from the Leray Wilson, stationed in San Diego.

New additions to the Columbus population should include the boy born to Mr. and Mrs. Bob Kauppila on Sept. 10, and the daughter who is now part of the Richard Hale family.

S.O.S., S.O.S.! One more bowler is needed in the Wednesday Afternoon League at the Swan Bowling Alley. Anyone interested may contact June Bethards at HI. 4-4167.

The Wishon men certainly cling together on the birthday business, for three of them have birthdays in a little over a two week period. These residents of 1436 S. Fourth-st celebrated on these dates: Carl, on Aug. 31; Don, a Barrett student, became 13 on Sept. 7, and pappy Justin, the fishin' mailman, must wait until the 17th of this month. I'm "wishon" a happy birthday to all of them, naturally. The eldest son, Berbl, is in New York studying further in his chosen field, incidentally.

The South Methodist Church will be having its annual lawn fete this Saturday, Sept. 18, from 5 p. m. on, so try to look in on it, won't you?

We're certainly glad to welcome Mr. and Mrs. Gene Sabo "back home." This young couple lived in the north end after their marriage, but recently purchased a home at 1168 Frebis-av and have lived there since Aug. 28. Mrs. Sabo is the former Margaret Karch, 272 Southwood-av.

The lodges and clubs are once more swinging into action and we welcome news of their activities. You publicity chairmen keep us in mind, won't you, when meeting time rolls around? Better yet, send us your calendars. It will help you and help us too. One of the meetings we heard about is to be held tonight in the home of Mrs. Don Ryan, 816 S. 17th-st. Mrs. D. Lahey will assist Mrs. Ryan when the Job's Daughters, Bethel No. 5, Mothers' Club, holds their September meeting.

Florence Lehner was one flabbergasted gal when the R. T. King Eastern Star Chapter had a surprise birthday party for her last Sunday, Sept. 12. Florence is the worthy matron of the group and the chapter wanted to honor her. The worthy patron, Robert Mullins, also had his birthday honored, although a little belatedly, as his natal day is a December event The affair was held at Balcony Hall. The actual birth date for this S. Fourth-st resident was Sept. 15, so one-day-late greetings, Florence.

The South Side should be singularly quiet today and lots of telephones will be idle. How does ye Gadabout know? It's because the Franklin County Council of PTA is holding the school of instruction at the Union at Ohio State University and many of the women interested in PTA work will be there. Me too, come to think of it!

Eagerly planning for the day when they will be Mr. and Mrs. are Joan Ball and Tom Passen. Joan lives at 167 E. Jenkins-av and Tom's address is 401 Zimpfer-st.

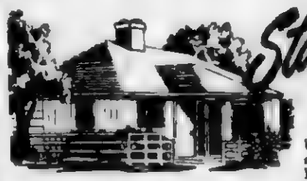
Mrs. Anna Paul, 300 Hinman-av, had two thrills recently: she flew for the first time and she saw her new grandson. Needless to say, the flight was for the purpose of seeing the new addition to the family, who helped to augment the Florida statistics.

Mary Paul, a South High student, celebrated her birthday on Sept. 7, the day before school started.

Another South High student wants to thank all her friends who remembered her so wonderfully when she had an appendectomy and was hospitalized in Mercy Hospital. The coed was Joyce Ryan, 816 S. 17th-st

A long-time friend, Gus Weber, is hospitalized in Mt. Carmel Hospital and we hope his many friends will remember him at this time. His home address is 3286 Groveport-pk.

When Ernestine Bibler returned to her teaching duties at Barrett Junior High, it was with fresh memories of her vacation, spent in California. Miss Bibler is the vocal teacher at the Deshler Avenue "dispensary of education."



Here's our chuckle for the day, a "what kids will say" type. A father, who is an accountant, tried to explain to his young son just what his job was all about, finally telling him he worked with numbers. Imagine his consternation when Sonny Boy came home from school one day and gave out with this: "We told what our daddies did, and I told them you were a numbers man."

On that item, we'll end our week's chat, and don't forget the "number" to call is HI. 4-1051. Till next edition, then, this has been—

Approach To Delinquency

It seems to us that one of the true essentials in the raising of a younger generation that is law-abiding, god fearing, and intelligent is being overlooked by many of today's panacea spreaders.

The idea came to us when we read a short story about several hundred local youngsters receiving certificates of achievement for having read a dozen or more books of their own choice at the Branch Library during the summer months.

Statistics are not available, but we're willing to bet a potful of printer's lead on the truth of a statement to the effect that not one of these "Rocket Readers" was involved in any sort of juvenile delinquency during the summer period.

Not only that, but we'll bet that these kids who have developed the reading habit will end up better citizens, happier wives and husbands, and better-rounded adults for their interest in books.

Often overlooked in this TV age, by adults and children alike, is the pleasure to be derived from reading a book. Sure, you can be entertained by going to the movies or watching television, but your imagination is chained by just what the "visualizers" had in mind when they wrote the script.

We sincerely recommend the "library habit" to all localites as one to cultivate — for enjoyment, for profit (lots of business tips are available), hobbies, and for understanding of current world events.

The South Side is fortunate in having a well-stocked, modern library, staffed with helpful personnel who are genuinely fond of books and people.

EARTH VISIT PARTICIPANTS: Those in the photograph, reading from left to right are Bob Ogilvie, Katherine Bennett, Harriet Hyle, Curt Dunkin and Dick Wagner. The head of the Parsons Avenue Branch is Miss Margaret Bausch. She is not in the photograph, which was taken when "General Universe" presented certificates of achievement recently to 126 Rocket Reader Club members of the Parsons Avenue Branch Library who read 12 or more books during the summer.

"Faith is a priceless gift that everyone can possess . . . a source of love, comfort and strength which is sorely needed in these troubled times. Only you and I, as parents, can give this gift of Faith to our children. If we want them to know the joy of Faith tomorrow . . . we must give our children the gift of Faith *today*."

MARCHING BAND PLANS
By Janice Eisnaugle and Cathy Wynd

Members of the South High School marching band have been getting up at crack of dawn, preparing for this season's heavy schedule. The band will march at all of South's home and away games including one out-of-town game at Lima Central.

All members of the band were personally auditioned by Randell Near, band director, making it a smaller but more selective band.

Leading the 70-piece band down the field is drum major Jerry Tope. Following him are majorettes Barbara McDonald, Kathy Davenport, Marilyn Metzger, Sherry Colby, and Shirley Smith. Right behind them are flagswingers Suzy Webster, Kay Schaefer, Janis Reese, Cathy Wynd, and Caryl Coverdale.

Working with Mr. Near is Clarence McBroom, a junior at Ohio State as part of Mr. McBroom's September field experience program.

SOUTH ENROLLMENT
By Phyllis Myers

On Sept. 8, South High opened its doors to one of the largest student bodies in the school's history. South welcomed over 200 new 9th graders and about 400 10B's to bring the school's total enrollment to 1604, an increase of 312 over last year's enrollment.

Ten new students were added to the 12A senior class of South High this semester. They are Rita Katz, Goldie Berman, Elanor Bordie, Beverly Rigney, Kathleen Fuller, Annette Collins, Fred Young, Gerald Szames, and Larry Troutman. If all goes well these new members will make a total of 76 to graduate in January.

SOUTH HOST IN PREVIEW
By Jerry Dover and Clifton Latham

The South Bulldogs were hosts to the Bexley, East and St Charles football teams in a preview last Friday night. Bexley won both quarters over South and East and South and East each split a game.

East 19—St. Charles 0

Phil Robinson starred in East's 19 to 0 win over St. Charles by scoring two touchdowns, one on a 65 yard run and the other from 5 yards out. Roy Houne also scored for East on a 55 yard run.

Bexley 13—South 0

Bexley showed plenty of power in beating South 13 to 0, highlighted by Ronnie Cline's 53 yard run. South was crippled when their speedster Peyton Black came up with a bum knee.

Marion-Twp. Sidelights

By Joel Snyder
HI. 4-6886

Ho-hum. Only 50 more weeks and vacation time again. Until then, I'll be like a six-year-old in November waiting for Christmas.

First, I'd like to express my sincere appreciation to Loretta Meuser and John Nippert for their generous columns during my absence. Their fine job gave me the idea that it would be a good thing if from time to time other community leaders were to jot their thoughts down on paper and give the readers the benefit of their meditations. The only disappointment came in the realization that I was not indispensable.

Our vacation consisted of nothing romantic like a trip to South America or an ocean voyage. As a matter of fact, it didn't consist of travel at all. Instead of a mountain excursion, I did nothing more exciting than make a journey to the top of an extension ladder, as my project for vacation time was to paint the house.

With such an enjoyable diversion, I very cleverly stretched the chore into the entire three weeks, putting on the finishing touches the day before I went back to the grind. Therefore, except for the rainy days, this left little time to waste away swimming, golfing, or motorcycling. These pastimes create moral havoc with the most steadfast individuals anyway, and I was fortunate not to have been exposed to such common amusement which would threaten my natural stony character and encourage the less becoming devil-may-care characteristics latent in even fellows of my caliber.

Not exactly to my complete surprise, township business continues to make progress while I was more or less indisposed with paint in my hair and running down my elbows. The sewer and water petitions are taking root in the southern portion of Marion Township, and at this time, the promotion appears to be coming along very successfully.

A clear-cut success will mean the end to the stigma attached to that area because they do not have the advantage of water and sewage. The expected development after the installation will contribute to the general welfare of the entire township.

The proposed school bond issue and operating levy are under justifiable scrutiny by all who are interested in the youth of the community. The school board is preparing material to support the request for the increase in school funds. The need for additional school buildings is apparent to any observer interested enough to investigate, and additional personnel will be needed to handle the swollen enrollment within the local school district. These are facts which cannot be denied and only the extent of the expansion is being questioned, by some occasionally nondescript forces within the community. Before November, residents can be certain they will hear two versions of the proposal, and it is the duty of each and every citizen to check the source and validity of each rumor and opinion.

On Oct. 14, the Citizens Association is going to sponsor a wide open meeting that everyone should attend. In addition to the association membership, school officials will see that all of the parents of their students in the Marion local district receive an invitation. The meeting will deal with the school problems exclusively and should prove enlightening to each resident in attendance, regarding the much discussed school issues to be placed on the ballot this November.

Research Associates, an organization of industrial consultants, has been making an extensive survey throughout the township with an eye toward the will and knowledge of the people. The three-page questionnaire is being distributed to answer such inquiries as whether or not the people are satisfied with the fire and police protection, the sewer and water facilities, and whether the individual prefers annexation, incorporation or township government. The several questions pertaining to how the citizens feel about the industrial and busi-

FALL ACTIVITIES TO START AT SCHILLER TODAY

Starting today, all youngsters who are interested in taking part in the many recreational activities at Schiller Recreation Center, will be able to register. When the youngsters register, they will receive a membership card which will entitle them to participate in the program and will be used also as equipment check-out cards. This registration will continue throughout the season and there is no charge for any of the center activities, conducted by the Columbus Recreation Department.

The popular tumbling classes, which were formerly conducted by Leonard Fauver, will be continued under the leadership of Mrs. Wilma Hoch, who has had varied experience in gymnastic work. Arts and crafts, dancing, club work, badminton, paddle tennis, football, movies and bowling will also be offered this fall.

The complete fall schedule of the program activities will be outlined in a later issue of the Leader.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

The page to look for this week is the one on the football team. Many community-minded merchants have cooperated to wish the South Side favorite football team loads of luck in their first home game of the current season. On this page is also listed the Bulldogs' schedule for the remainder of the season. Clip this schedule and keep it. Then go to all of the games and root your team on to a winning season!

Many things are happening this week. A new dance studio is being opened by Jack Sherick in which dancing of all kinds from ballroom to ballet will be taught!

Also in the dance field. A barn dance will be held every Friday night. Look for the advertisement in this issue as to the time, place and cost.

Hoermle's has a television set now that everyone should take the time to look at. Priced right and with many features that will interest everyone.

Miller-Jones of 1865 Parsonsa-v, has a "real gone" shoe advertisement this week — Elsewhere in this issue you'll see a shoe that should interest all of you "cats."

Gatterdam & Son celebrate its 34th year in business this week, with many prizes given away for shopping there. Gifts go to kiddies who attend with their parents. Forty four inches of advertising are used to bring to the public many buys to help the pocketbook and many gifts that will be attractive to everyone.

A look into the future shows that some of the merchants are playing with ideas that might bear looking into. Once again, if you live on the South Side, shop in the South Side and read the South Side Leader.

Arlington Crushes South As Bulldogs' Gamble Backfires

By Jerry Dover

Once again a jinx held true as Arlington dumped South 13-6 at the Arlington stadium. South has never won a game on the host field. Last Friday night they came mighty close to tying them and perhaps even beating them, but South's gamble backfired.

South had the ball on their own 41-yard line with two minutes and 10 seconds remaining. It was fourth down with eight yards to go for a first down. South's Clarence Pointer went back into punt formation but instead of punting he ran the ball around right end where a whole host of Arlington tacklers met him and brought him down short of the necessary yardage.

Arlington took over, and on the first play, Quarterback Ed Mead tossed a 30-yard pass to Preston Harris who was stopped by South's Peyton Black on the one foot line. South's defenses held on the first play, but on the second play from the line, Chuck Green bucked over left guard for the winning touchdown. Quarterback Eddie Mead split the uprights to give Arlington an insurance point.

Arlington's first touchdown came in the second quarter on a beautiful play in which Ed Mead pitched out to Chuck Green and ran around right end for 38 yards and the score. The try for extra point was blocked by South's Roo Fruiss and Dick Shirey.

South's only score came in the third quarter when halfback Peyton Black received a punt and ran it back 62 yards to the Arlington 11-yard line. On the next play Fullback Ron Wilkey ran around right end for the touchdown. South missed its extra point when Jack Prior and Dave Selby of Arlington stopped Wilkey on a line plunge. Peyton Black also had a 59 yard punt return but South failed to capitalize on it.

South's Dick Shirey received rib injuries late in the fourth quarter and was taken to University Hospital where he was treated and released. The penalties were high on both teams, with South being charged with 80 yards against them and Arlington 75 yards. Arlington gained 200 yards on the ground and through the air, but South could only gain a net total of 82 yards.

Leader Confederate Money Rises To A Total Jackpot Of $130

Do you regard the number 13 as a lucky one? Many people do, believe it or not. If ever the point was proved this should be the day for it, for our jackpot sum this week has reached the total of exactly 10 times the lucky number 13.

If you're a real fast mathematician you'll gasp at the sum. We had to use paper and pencil to find that our jackpot this week is stuffed with our own brand of "Confederate" bills amounting to $130! Does your answer check?

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $130 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue.

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

From somewhere—The sense of humor is the oil of life's engine. Without it the machinery creaks and groans. No lot is so hard, no aspect of things so grim, but it relaxes before a hearty laugh . . .

For our new readers who, possibly, are not familiar with our "Confederate" money game and for the old fans who would like to brush up on the rules, we have printed the necessary details and requirements in the box shown here.

Each week six insignia, like those shown in the box, are individually stamped in six separate copies of the Leader. Those six readers who happen to receive the lucky copies that week, and discover the insignia stamped somewhere on one of the advertisements, will soon receive "cash on the line." The amount they are entitled to depends on whether the insignia found was one of the five $1 insignia or the big $5 jackpot insignia, worth $130 this week!

That's all there is to this popular game. You don't have to send in a single nickel or boxtop to enter and you don't have to be a star athlete or wizzard to win. You can't lose, for even if you don't find an insignia, you'll discover a wealth of good reading in the South Side Leader.

MEET YOUR UA CAPTAINS

Mrs. Virginia Lupfer Typical Of Busy Women Who Serve Cause

By Joel Snyder

Mrs. Virginia Lupfer is one of the many busy volunteers in Franklin County who are giving their time for the express purpose of raising funds to help support the numerous agencies in the United Appeals campaign. As one of the captains in Marion-twp, she is mapping plans for the campaign in her section of the township which will be a part of the county campaign scheduled for October.

The team of workers who will help Mrs. Lupfer conduct the door-to-door solicitation in their particular area will have as their captain a wonderful personality who can get a job well done. A resident of long standing in the township, she has won the friendship of her neighbors from one side of the community to the other.

Since she was 11 years old, Mrs. Lupfer has lived in Marion-twp, and has contributed to her community's betterment whenever she had the opportunity. The services rendered by the United Appeals agencies are considered a community necessity by Mrs. Lupfer and she is frank in expressing her hope that the public will rise to the occasion and contribute all they can in the coming campaign. The campaigns of all the agencies have been combined into one, annual plea, and Mrs. Lupfer realizes that each year presents a "do or die," ultimatum for all concerned.

Early in the year 1951, quite some time after the campaign organization had been completed for the purpose of raising funds for the Community Chest of Columbus, it became increasingly evident that the public in general, and the business and industrial organizations and their employees in particular, were dissatisfied with the multiplicity of fund raising campaigns which were not only plaguing Columbus and Franklin County but most other metropolitan centers throughout the country.

Mrs. Virginia Lupfer

An outgrowth of this satisfaction was the present organization and was the result of tedious study by a Citizen's Committee which had been appointed to find a solution to the problem. The United Appeals way is a direct response to the demands of the various giving groups, who filed their suggestions in the form of resolutions with the Citizens' Committee.

The "new look" in fund raising drives has proven itself in many

Miss Kurucz, Richard Meyer Are Wed In August Rites

MRS. RICHARD A. MEYER, JR.

A green and white decor of palms and white gladioli decorated St. Leo's church for the wedding of Miss Donna Louise Kurucz and Mr. Richard A. Meyer, Jr.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. Louis J. Kurucz, 310 E. Gates-st. Mr. Meyer is the son of Mr. Richard Meyer, 304 Deshler-av, and the late Mrs. Meyer.

The double-ring ceremony was performed by Rev. Francis J. Schwendemon, at 10 a. m., Aug. 9.

Miss Kurucz selected a gown fashioned of imported chantilly lace and sheer nylon tulle over satin. The strapless waltz length gown had a draped tulle bodice with a shrug jacket of the matching lace and the sleeves tapered to points over her wrists. Her bouffant skirt, worn over skirts of crinoline and a hoop, had a lavish panel of scalloped chantilly lace appliqued over it.

Her finger-tip veil of French illusion fell from a backless bonnett of nylon tulle and tiny seed pearls and she carried a white prayer book topped with her maternal grandmother's white lace handkerchief and two purple-throated white orchids.

The reception was held at the home of the bride's parents. Mrs. Kurucz received guests in a gown of charcoal gray with mauve pink accessories. Mrs. Paul Meyer, aunt of the bridegroom, chose a gown of navy blue with white accessories. Both wore shoulder corsages of pink sweetheart roses.

Assistant hostesses were Mrs. Warren Crawford, sister of the bridegroom; Mrs. Rodney Diebert, aunt of the bride and Miss Judith Ann Diebert, cousin of the bride.

Both Mr. and Mrs. Meyer attended South High School. Mr. Meyer is an associate of the D. A. Bennett Co.

Following a wedding trip to the Great Lakes the couple will reside in Columbus.

The Gadabout

By Priscilla LaRue Dicke
HI. 4-1051

Darryl Wright, 406 E. Morrill-av, had a fifth birthday last Thursday, Sept. 16. Darryl shares this date with an uncle who also added a year — E. G. Swartzwalder, on Moler-rd in the Anchor Trailer Park.

Mr. and Mrs. J. C. Skinner, 688 Frebis-av, have had an interesting September this year. They attended the 332nd Field Hospital convention in Toledo (This group dates back to World War I.). After leaving the Sea Court Hotel in Toledo, the couple motored on to Michigan and spent the remainder of their vacation in that state, enjoying the recreations offered.

Jackie Castle, a South High coed, added to her teen years on Sept. 11.

Get-well cards would help to brighten the convalescing days of Mary Katharine Knapp, who is just home from the hospital. Address them to Mrs. Knapp at 496 E. Morrill-av.

Two bright young lads share Sept. 22 as a common birth date. They are Kenny Yunker, grandson of Mr. and Mrs. Charles Yunker, 74 E. Gates-st, and Danny O'Hara, son of Mr. and Mrs. Clair O'Hara, 3098 Lewis-rd.

George Black isn't thinking kindly of hit-skip drivers these days, and little wonder. On Sept. 13 in broad daylight on Parsons he was the victim of one of these cowardly souls, and has consequently missed work due to the injuries sustained at that time. The hit-skip driver should have a dent in his right fender, and here's hoping George succeeds in tracking him down. The Blacks reside at 1387 City Park-av.

September brings two special days to the Sforts household at 713 E. Jenkins-av. Daughter Sharon celebrated a birthday this past Tuesday, and Mommy and Daddy, better known as Sarah and Wendell, will celebrate a 13th wedding anniversary on Sept. 27.

The PTA meeting at the Ohio Union last Thursday brought forth one chuckle. Ye Gadabout was all ready at the appointed time, waiting for Mary Eichel to pick her up as planned. We waited and waited, till it reached the time we were due at the magnificent building. Finally the car came and we discovered the gals had gone clear uptown before remembering the Gadabout wasn't along! Guess I know how I rate with Mrs. H. S. Eichel!

Marie Long and Helen Swadley, beauty operators at Kurlylock, 1540 Parsons-av, have returned from a two week vacation

A Sept. 15 birthday was celebrated by Dot Minnear of 472 Morrill-av.

Geneva Thompson has every right to view an automobile as a dangerous weapon, for she lost her grandfather last week, when he stepped into the path of one. Mr. Danner was the second one of his family to meet this fate, for Geneva's father also had this happen to him a few years ago. Further news about the young Thompson couple is that they now live at 3082 Bellwood Court in Beverly Manor.

John Thomas Wuichner, 315 Stewart-av, will have no trouble remembering his first grade teacher at St. Aloysius School, for it is his mother, Mrs. John Wuichner. John is finding school lots of fun in his first year and here's hoping he always has smooth sailing.

It doesn't seem possible that Darrel Itskin will be 14 years old next week, Sept. 27 These kids keep right on getting a year older, and is it possible we are, too?

A proud mom and dad in Birmingham, Ala., would be surprised and pleased to hear from Columbus friends, we're sure. They are Mr. and Mrs. Paul Riddle, formerly of Stewart-av and now residents of the southern state. Their little girl, Beth Ellen, was an Aug. 26 arrival. Cards of congratulations to the former OSU graduate and his wife should be addressed 644 Beverly Drive, Birmingham, Ala.

We're saving our pennies to go to the Trudeau Guild dance at Valley Dale, Oct. 1. Chuck Selby's orchestra will do the musicianly chores.

This actually happened last week and it put us in stitches. Hope you find it funny too. A Hills Cab driver picked up three fares from a church and the three women were still imbued with the church's atmosphere. They started intoning such expressions as "Lord, she's a sinner, but we know you'll take her through," etc. This went on for 10 minutes when (to quote the driver) one of the women "threw up both hands and grabbed a handful of heaven" and roared "Lord, how are we gonna get to Heaven?", whereupon our cab-driving friend turned around in his seat and told her, "Lady, a Hills cab will take you ANYwhere!"

Don't forget the spaghetti dinner to be served at St. Ladislaus School hall, 277 Reeb-av, Sunday, Sept. 26, from 11 a.m. to 9 p.m.

Fresh out of items to be checked, so this will have to do for the nonce. Till next week then, 'tis

CIVIL AIR PATROL

This Air Force Auxiliary Offers Youth Excellent Chance To Learn Service Lore

EDITOR'S NOTE: This is the first part of a two part article outlining the advantages to the nation and to the individual of the Civil Air Patrol. This feature was prepared exclusively for the Hartley Printing and Publishing Co. by Lt. L. E. Hall of the local CAP headquarters.

Civil Air Patrol, an auxiliary of the U.S. Air Force, is enlarging its squadron here in Columbus. Anyone 15 or over should not overlook this excellent opportunity to learn more about aircraft, navigation, and related subjects it was pointed out this week by Lt. L. E. Hall of the local C.A.P.

Of the young men now in the age bracket of 15-18, about 70 per cent will eventually be required to enter the armed services. Civil Air Patrol can give a tremendous head start toward a career, in whichever branch of the service you might choose.

Civil Air Patrol members have a comprehensive military drill and military courtesy background. They will have been schooled in the study of aircraft, navigation, meteorology, communications, first aid, flight training, and administration.

Many an air force officer and non-com has written to his CAP unit to say that he would still be in the ranks or would not have his stripes had it not been for his Civil Air Patrol training

Not only young men but young women also find CAP a fascinating and valuable way to spend hours that might otherwise have been wasted. They receive the same training as do the men

Among our members are such men as Lt. Governor John W. Brown, airplane enthusiast, on the advisory staff; John K. Fob, Lt. Col., group commander, with Travelers Insurance Co.; Dr. H. E. Clybourne, major, group medical officer, associated with Doctors Hospital; J. B. Nein, major, squadron commander, with K. N. J. Lithographers; Paul Roush, captain, executive officer, engineer with Ohio Bell Telephone Co.; George Barr, chief warrant officer, fire insurance rating with Ohio Inspection Bureau.

The CAP squadron staff is manned by qualified personnel who donate their time and energies much the same as scoutmasters and leaders with the Boy Scouts of America. It is their desire to further the aim of CAP. They have the welfare of the cadet at heart and are eager to help him develop physically and mentally.

Senior personnel are responsible for the cadets, now 40-50 in number, but the cadets have their own staff officers and the majority of the problems that may arise in the ranks are handled by them. Such a structure is conducive to expanding abilities in leadership and also results in the realization of the equal importance of cooperation with others toward a common goal.

St. Paul's Lutheran To Observe Annual Harvest Festival, Sunday

The chancel of the church will be decorated with corn shocks and various autumn flowers, vegetables and fruits as the congregation of St. Paul's Lutheran Church, 322 Stewart-av, observes its annual harvest festival, Sept. 26, giving thanks for the fruits of the field.

Each worshipper is requested to bring either a can of food or some non-perishable food item such as rice, macaroni, flour or suga, for the Lutheran Welfare Center at 106 S. Gift-st.

Rally Day and the rearrangement of Sunday School classes for the 1954-55 season will take place at 9:15 a. m. Rev. George S. Schultz, Jr., will speak.

St Paul's now has 425 enrolled pupils and 25 teachers and officers in its Sunday School

Hello:
This first day of Fall has brought us typical autumn weather, but it is the kind I love — "sweater weather." It's almost time to bring in our plants from outdoors, and to once more make our houses gay with green plants. In our greenhouse is new philodendron, ivy, sansieveria and other plants, priced at 25 and 35 cents per pot — we have freshly planted dish gardens at $3.00, $3.50 and $4.50.

Our best wishes to the new Mr. and Mrs. Charles Sampson (Leola Nicholson) . . . a happy birthday to Mrs. Helen Shepard, Florence Lehner, Mrs. Elizabeth Freibis, Mrs. Mary Stump . . . anniversary greetings to Mr. and Mrs. Bau; Mr. and Mrs. Martin, Mr. and Mrs. Joe Faurus.

Proud new parents are Mr and Mrs. Malcolm Parsons, who have a baby girl . . . Mr. and Mrs. Peters, the Robert Wachtels and the Leo Kraus' who have baby boys. Congratulations to all. On our "please get well soon" list are Mrs. Attree McClish, Emily Hamilton, Marie Deible, Mrs. James Schein, Price Olney and Mrs. C. P. Smith.

What's Wrong with this picture?

Suppose you heard this orchestra broadcasting over your radio. Would you stay "tuned in" very long?

The chances are you wouldn't—because something's mighty wrong with this picture. Look at it again.

This orchestra only contains violins!

Ninety violinists—no matter how good they are—*don't* make an orchestra. This group needs other instruments: horns, woodwinds, drums—to make it a worthwhile combination. With them, this might be one of the finest orchestras on the air.

Now, let's look at a church that has only one type of person in its membership. What kind of a church would it be?. You have the answer without it being given here.

Your church is a good church because there is a variety of membership from all walks and stations of life. This diversified membership gives your church a broad outlook, a tolerance, and a practical viewpoint that makes it one of the most valuable institutions in the community. You are important to your church just as your church is important to you: by taking part in the life of your church, you can increase its effectiveness in making the word of God come true in our time.

How amiable are thy tabernacles, O Lord of hosts!—Ps. 84:1.

ways during the three years it has been in operation. For one, combined effort raises more money to meet the current needs. One of the ways it makes better use of the money donated, is by the thousands of dollars saved in campaign costs by uniting the 58, separate, annual drives. By the same token ,the one campaign conserves the time and energy of busy volunteers like Mrs. Lupfer, making possible the best selection of leaders available. In this way, agency personnel is freed to do the job for which they are trained.

The most important point that must be put over is that the United Appeals is a community affair, and one that touches practically everyone, sometimes where and when they least expect it. The various member agencies included such health and welfare groups as the Boy Scouts, Columbus Cancer Clinic, Catholic Welfare Bureau, and the Family and Childrens' Bureau. By actual records, the organizations just mentioned served over 200 individuals in Marion-twp last year, yet they are but four of the 58 groups dedicated to public service. One of the 58 agencies is the Red Cross. Besides the blood that the Red Cross provides all the Columbus hospitals (where most township residents receive care), there are two hospitals located in Marion-twp. that receive the benefit of Red Cross blood, namely, Alum Crest and Benjamin Franklin. All blood used in these hospitals is Red Cross blood for which there is NEVER a charge.

All Marion-twp firemen and policemen have been trained in Red Cross first aid, as are their counterparts in the City of Columbus. The Marion-twp. Fire Department houses one of the Highway emergency first aid stations, in Franklin County, all of which are operated by trained personnel and all supplies used are furnished by the Franklin County Chapter of the Red Cross.

As president of the Firemen's Ladies Auxiliary, Mrs. Lupfer has indicated that the women of the auxiliary have already announced plans to make a donation, as a group, to the United Appeals.

Mrs. Lupfer has five children, Patty, a senior at South High School, Larry, a ninth grader at Marion-Franklin, Bonnie Sue, sixth grade at Smith-rd. Sandra Kaye, third grade at Smith-rd and William Earl, age four. Wilbur, her husband has lived in Mario-twp all his life and attended the first grade at Smith-rd School. The Lupfers reside at 2558 Lockbourne-rd.

Before the interview came to a close, Mrs. Lupfer made the request that another of her interests be mentioned. As a Band Mother, at Marion-Franklin, she is anxious to have the readers save their sales tax stamps, to help buy the uniforms for the high school band. Stamps can be forwarded directly to the high school, but she cautioned that in that event, the envelope should be plainly marked that the stamps are for the band. So eager is she to increase their stamp total, that she emphasized she would even come and get the stamps if the person would call her.

That's the kind of a person she is.

POULTRY EXPERTS: Above are the three men who constitute the backbone of the Gatterdam & Sons Co., well known South Side grocers, poultry specialists, furnishers of poultry supplies such as feeds and pen materials, and eggs. Left to right are Ronald Bolts, Joseph Gatterdam, and James Gatterdam, who has been a partner in the firm for seven years. Located on the South Side for 15 years and at the present site for 10 years, Gatterdam is known as the oldest poultry dealer in town. Currently, in connection with the 34th anniversary of service to the Columbus public, Gatterdam & Son is offering some 700 prizes as detailed elsewhere in this edition.

ness interests and opinions may be a lead as to how the poll is being financed, although the person who came to our door stated she didn't know who was sponsoring the survey and added that it was just as well, since if the poll-takers knew the answer, it wouldn't remain a secret very long.

One of the poll-takers answered the obvious question by explaining that the project was being financed by "advertising." Nevertheless, it was only the more curious who received even these vague answers.

Except for the fact that open support would lend more credibility to the venture, possibly the survey, if and when revealed, will render a real service. At least we hope that some good can be realized by the some 3800 persons who, one poll-taker advised, would be asked to take their time to complete the questionnaire.

A group called the Citizens Committee, a county-wide organization dedicated to the support of the TB tax levy, with J. Richard Argo, chairman, forwarded a fact sheet to this columnist giving the reasons why they are asking the voters to renew the fund-provoking levy to support the only tax-supported hospital for Franklin County tuberculosis patients.

The Citizens Committee is informing the public that if the tax levy fails, approximately half of the facilities will be cut. This would mean closing of several of the 39-bed wards, closing all or part of the much-needed children's ward, possible cutting of the services rendered by the Ben Franklin Clinic, which last year provided 33,830 free screening and diagnostic chest X-rays, as well as 1,218 out-patient treatments for the tubercular.

It was pointed out that it definitely would mean that patients would be necessarily discharged sooner than it is wise, resulting in the possible spread of the disease and reinfection of the patient. It was their contention that it would mean a sharp rise in the number of TB cases with a sharp increase of cost to the taxpayer. Estimated cost for each case of TB is approximately $15,000 (including hospitalization, aid to the family, and rehabilitation), a cost borne for the most part by the taxpayer. It was the opinion of the Citizens Committee that a few pennies spent now would provide the ounce of prevention against needless suffering and expenditures.

In spite of the so-phrased renewal plus increase of the 1950 levy, the same amount of millage voted in 1950 will be provided by the proposed levy this year. Because of a reappraisal of property values, however, Ohio law requires that the TB tax levy ballot be phrased as a renewal of the fifty one-hundredths of a mill, plus an increase of fifteen one-hundredths of a mill.

The first meeting of the Smith Road Parent Teachers Association for the school year 1954-55 will be held at 8 p.m. at the school. The meeting will be preceded by open house at 7:30 p.m., at which time parents and teachers will have an opportunity to become acquainted.

All parents are cordially invited to attend and join the membership.

There are many activities planned for the forthcoming year and all are asked to participate.

Buckeye Steel Stamping Employes To Get X-Rays

Two hundred employees at Buckeye Stamping Co. and Bell Sound Systems, Inc., both located at 555 Marion-rd, will be given free Christmas seal chest X-rays by the Tuberculosis Society of Columbus and Franklin County on Friday.

The Christmas Seal X-Ray cruiser will locate at the plant so that everyone may be included with a minimum of lost time and effort.

Refreshments will be served by the social committee.

Around the township we find that the past-president of the Civic Association (not to be confused with the Citizens Association) and volunteer fireman, Price Olney, has been on the sick list . . . Keith Powell, sixth grade teacher at Smith Rd., was unablet o start the fall term on schedule due to allergy complications . . . Mary Christ, although home from the hospital, is still convalescing at home.

Mrs. Sue Allton of Linwood Ave. has returned home from a two weeks' vacation in Kansas, according to our little bird . . . Likewise we learned that Mrs. Helen Koetz will be celebrating her birthday Sept. 20.

And that's all for this week.

CHEERLEADERS
By Alice Roland and Irene Bajus

Bev Weakley, head cheerleader; Marty Greeno, Marty DeCaminada, Nancy Johnson, Maud Pennington, Carol Weber, and Irene Bajus—these are the girls who make up the 1954-55 varsity cheerleading squad of South High School. Their main job is to arouse the pep and enthusiasm of the fans during the football and basketball games.

The six girls that compose the reserve squad and who assist the varsity cheerleaders are Toni Calhoun, Carol Danison, Joyce England, Judy Maxwell, Shirley Santo, and Marilyn Wilson.

Wood shingles that have been treated with a creosote stain can be painted but it is necessary first to give them a coat of aluminum paint. This will set as a seal and prevent the creosote from bleeding through the oil paint

SOUTH PTA MEMBERSHIP
By Retha Burris

The membership drive for the South High School PTA will start soon. All parents and teachers are invited to join. This association was organized in January, 1921, with Rev. T. O. Lehman as its first president.

The association meets four times during the school year, the dates to be decided by the executive board. The enthusiastic interest and help of the PTA are very valuable to the school.

FIRST ASSEMBLY
By Arlene Rausch

South High School had its first assembly of the semester Friday. There were about 1,650 pupils and teachers present.

Lila Babbert, president of student council, welcomed new pupils and teachers and explained the new form of the Pledge of Allegiance. Kenny Webb, vice-president, then led the school in the pledge and in singing the National Anthem. V. C. Smith, head of the history department at South, explained the history and importance of the United States Constitution. Principal L. W. Huber introduced the new teachers.

As there were not enough seats in the auditorium, several hundred pupils were seated in the gym. This may be the only assembly this semester that all the pupils will attend at one time.

Lincoln Park Garden Club Active in Summer

Many boys and girls from Lincoln Park School spent a busy time this summer working in their gardens. The garden club members had several meetings and exhibits during the summer. These meetings were called by the officers of the garden club, Roland Trein, Lynne Gill, James Buehl and Terry Inscho.

Friday, Sept. 17, Lincoln Park School had a garden exhibit in the lower hall. Forty children exhibited. Among the vegetables exhibited were cabbage, squash, pumpkins.

TOWN MEETING TO AIR 4-YEAR TERMS FOR OFFICIALS

Four-year terms for state officials—a question the voters will decide in the November election—will be discussed on Columbus Town Meeting at 1 p. m. Sunday.

Two of the state's most colorful debaters, Paul Herbert, former lieutenant governor, and Kenneth B. Johnston, former assistant attorney general, will appear on the simulcast program over WBNS and WBNS-TV.

On the November ballots voters will decide whether the state constitution should be amended to allow four-year terms for governor, lieutenant governor, secretary of state, treasurer of state, attorney general, state senators and state representatives.

Herbert will take the position that longer terms will allow state officials more time to devote to public business without having to take time out to campaign for re-election.

Johnston will oppose the longer term proposal on the ground that such would make the elected officials less responsive to the will of the voters.

Moderator for Sunday's forum will be Earl Morris, Columbus attorney. Director Grace Hare Frye asks the public to attend the program at the studio at 495 Olentangy River-rd or to telephone questions to speakers through CA. 8-3881.

TEACHER TOURS EUROPE

"Rome is not only a treasure house of ancient ruins, thrilling in their antiquity, but also a glamorous modern capital, a style center second to none. It is a city of contrast old and new, poor and rich," enthusiastically reported Mrrs. Kirven, head of the English Department at South High School, who spent seven weeks abroad this summer.

Mrs. Kirven went to Europe on the Queen Mary, which she says is just like a floating hotel; she was especially impressed to find tennis courts and a swimming pool on board ship.

One of the items which especially interested her was that Germany is becoming very industrious although Cologne, one of the larger cities still shows the ravages of World War II bombings. While in Germany she took a trip up the Rhine River.

In Italy Mrs. Kirven visited Florence, the city of art, and also went to Assisi where Saint Francis

MRS. MARIE PITZ, 1132½ S. Parsons-av, has retired from her position as treasurer of the Sunday School at St. Paul's Evangelical Church. She served in this capacity for 25 years, taking the position shortly after the arrival of Rev. Paul C. Keefer as pastor. Mrs. Pitz, known as 'Pitzie' to her many friends, has been in charge of the church quilting ladies for much longer than 25 years. Forced to relinquish her church work at St. Paul's due to ill health, an operation performed during the summer was successful and she is now at home. A visit from her friends at this time would be more than welcome.

Marion-Twp. Sidelights

By Joel Snyder

There are so many ponderous problems to be solved and so many weighty decisions to be made by the citizens of Marion Township, that just the thought of it gives me the heebee-geebies. And, I can report with some comfort, I am not alone under my cloud of annoying concern.

Undoubtedly the first and foremost choice that we as citizens must make is the annexation question. While we have a few problems to be met under our present system of township government, the tremendous implications suggested by the annexation of Marion Township, which is for the most part a rural community, are enough to drive a man to coffee without cream and sugar. And as a big milk drinker, I say that advisedly. Although the city of Columbus has not sent a salesman to our door as yet, he, or an equivalent, is a certainty in the near future

I'll bet my last pair of darned socks that a propaganda program is about to break out soon, like poison ivy in a nudist camp. Plans will be unfolded, hopes will be advertised and promises will be made, and all in good faith. The big push is about to begin and I don't want to throw any sand in the machinery. All I'm saying is we'll have to decide whether or not Columbus can get her country children off to school on time with her budget book under one arm.

What really scares me is the tremendous industrial potential in our midst. With a tax duplicate of about 40 million dollars right now, we're looked upon with envy by many of our less prosperous neighboring townships. And with the promise of water and sewers on the southern horizon, a figure considerably larger does not seem an unlikely prospect. It's this gigantic potential that makes me nervous. Are we really prepared and equipped to handle it? Are we interested enough to make the inevitable decisions with wisdom? Are we community minded enough to come to bat ready to hit a home run or are we out before the first pitch?

There is a lot of truth in the old adage that if you're not big enough to fight something, then join it. Frankly, if we can't convince ourselves that we want our "just duer", let alone exhibit enough guts to fight for it, we should tie into another political subdivision to be mothered. And I don't mean Shadeville.

Without a strong community spirit and a will to make our own way, we won't last long as a township, even if that would happen to be the best thing for the next half dozen years. And without a strong urge to acquire for ourselves the best services possible, I would think that incorporation would be the least advisable of any of the choices we could make.

'Confederate Money' Contest Jackpot Now Worth Impressive $139 Total

There was a great deal of excitement in the household of Mr. and Mrs. George Hessenauer, 556 Thurman-av, this week when their 10-year-old daughter, Virginia, discovered a $1 insignia in their copy of the South Side Leader.

Virginia's mother tells us that she loves to enter contests and has been an avid fan of this one ever since it started. As Mrs. Hessenauer puts it, "She always beats the rest of the family to the paper when it comes on Thursday morning and always checks the ads very carefully. Last week she ran and got the paper and just turned it over and there was a $1 insignia on the back page, stamped plain as day on the National Dry Cleaners ad. She couldn't have been more excited if she'd won that big $130 jackpot! She's looked through all the ads in the paper and is still deciding where to spend the "confederate" dollar she got in exchange for the insignia."

That's the whole story of Virginia's lucky find and you can be a winner just as easily.

For full information on how this wonderful contest works, read the details printed in the box along with the replicas of the insignia exactly as they appear in the ads.

The big money got away again last week, so our bulging jackpot which goes with the $5 insignia is worth $139 this week. In addition, five $1 insignia will be tucked somewhere in the ads of five separate copies of the South Side Leader, to be discovered by watchful readers.

Why don't you join in the fun? It won't cost you a single boxtop and you might find yourself $139 richer before the week is out!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $139 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

HAMILTON TOWNSHIP SCHOOL NOTES

Schedule Conflict Provides Full Week Of Action For Ranger Squad

Because of a schedule conflict, Hamilton Township's football team had a very busy period last week. Two games were on tap: one with New Albany Tuesday, Sept. 21 at 5 p. m. and the other with Westerville Friday, Sept. 24 at 8 p. m.

The Rangers will attempt to continue on from where they left off last year with a 7-0 league record. This is a pretty tall order with the loss of veterans; RT Dick Trott, LH Jerry Weber, RE Bill Myers, LT John Bryant, C Dick German, LT Ronnie Wilson; and QB George Becker.

Hamilton will attempt to fill this order with returning lettermen: Carl Mercer, Bill Bond, Dayle Roof, Jim Hoon, Bob Wiseman, Gene Chapman, Ken Syx, Fred Chappelear, Bob Cramer, Bob Shuler. Along with the newcomers are Ed Tucker, Wayne Sharron, Charles Juliano, Keith Johnston and Bob Maier up from the reserve squad.

The remaining schedule: Oct. 1, at Reynoldsburg; Oct. 8, Marion Franklin; Oct. 15, at Groveport; Oct. 22, Mifflin; Oct. 29, Coldwater; Nov. 4, Gahanna; and Nov. 12, at Dublin.

SOUTH HI NOTES

Bulldogs Bow, 24-6, To Good Playing Of Grandview Bobcats

By Jerry Dover

Sparked by the all around fine play of Bill Brown, the Grandview Bobcats dumped South 24 to 6 last Friday night at Mahaffey Stadium.

The two teams battled to a standstill in the first quarter without either team scoring. Grandview broke the ice early in the second quarter when Dick Sutterfield intercepted Bob Hart's pass and returned it to the 36 yard line of South. After two complete passes and a two yard run by Dave Zuhars, Sutterfield dived over the right Bulldog line from the one yard line for Grandview's score. The extra point attempt by Roger Lee was wide.

South was unable to move the ball so they punted out to their own 40 yard line. Bill Brown raced around left end for 19 yards and a first down on the south 21 yard line. Two lays later Dick Anderson cut back over tackle for the second Grandview score.

The Grandview kickoff was taken by Payton Black who ran the ball back to the South 32-yard line. South moved the ball to their own 49 yard line. Hart passed to Pointer to the 36 of Grandview. After a couple of unsuccessful plays, Black zipped off tackle for 36 yards and South's only score. The extra point attempt by Dick Shirley was wide and the score at the half was Grandview 12 and South 6.

Grandview took over where they left off in the third quarter. They recovered a fumble on the South 12 yard line and four plays later Brown passed to Lee for the touchdown which made the score 18 to 6 in favor of Grandview.

The final Grandview score was set up when Hart fumbled on his own 33 yard line. After two runs which tallied 6 and 12 yards respectively, Bill Brown raced around end on the split T option play and made the final score in favor of Grandview 24 to 6.

Civic And Business Leaders Discuss Role Of UA Locally

Leaders in business, industry and civic affairs in the entire metropolitan area discussed the most vital health, welfare and recreation needs of the people of their community at a "Dutch" dinner meeting on Wednesday, Sept. 22, at the Marion-Franklin High School.

Part of the program centered around "case history" stories by Franklin County residents who recently have benefited directly from the services of one or more of the United Appeal agencies. A new 15-minute locally made sound film, "Lifeline," shows how the human needs of our people are being met.

UA's major objective in holding the event was to enlist the aid of civic leaders who understand the problems within their local community and are capable of interpreting to their associates the importance of participation in this united effort to make Franklin County a better place in which to live.

Among business and industrial leaders participating in the discussion were Edmund W. Hillman, treasurer of the Federal Glass Co., Marion Township; Edward J. O'Connor, controller, Ternstedt Division of General Motors Corp., Franklin Township; and Livingston L. Taylor, attorney.

Petition Filed To Annex Rich Area In Township

A petition was filed with county commissioners last Friday asking annexation to Columbus of one of the richest tax districts in Franklin County, located in Marion Township. Tax valuation of the industrial section is estimated at several million dollars.

The 168-acre heavy industrial area lies southeast of Columbus. County commissioners set no hearing date for the petition but it was referred along with a description of the tract to the county engineer's office for checking.

Mr. and Mrs. Valentine Schneider, 1901 S. Champion-av, appeared as the sole agent and property owner of the petition.

The tract is roughly bounded by the Columbus corporation line on the west, the New York Central Railroad on the south, Woodrow-av on the north, and a line running along Lockbourne-rd and cutting across to Champion-av on the east.

The area involved includes such firms and industries as the Federal Glass Co., the Bonney-Floyd Co., American Blower Corp., the Brown Steel Co., the Union Carbide Co., the Buckeye Stamping Co., National Cylinder Gas Co., the Brightman Manufacturing Co., and the Lattimer-Stevens Co.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

As I sit here and muse over the problems of the day and try and decide how I will start out to meet prospective customers there comes to mind an incident that I think rates highly in the sales and advertising field

I don't know too much about hearing aids, and, being able to hear, I have never thought too much about the great need for hearing aids and equipment. But Mr Wilson of Wilson Drugs ran an ad with us two weeks ago announcing the fact that hearing aids and batteries were now on sale at his store

After talking with Wilson this week I learned that the ad brought tremendous results and that quite a few of our South Side people have a need for the hearing aids.

Wilson is now a permanent fixture in our paper. This only goes to show that if you offer the public something that they need at a price they can afford, your South Side Leader can provide you with the readers

Something else of interest is the new Mohawk Grill which is now advertising with us. The new owner has stated that every Friday night fried turtle is to be the featured item on the menu. Formerly this club was operated under the name of the Elks Grill. Now, with new owners and a face lifting in several departments, it is open and anxious to serve any and all. If you like turtle, here is the place to try it. Dew drop inn'

Several South Side merchants are getting together soon to cook up a scheme whereby they will be offering you many values and prizes with nothing for you to do but to shop on the South Side . . . where, according to me (even though I am no valid authority) you should always shop! Be a South Sider, true blue. Shop at home and save, too. Poor poetry, but with a very good idea in mind.

From time to time if you should think of something that should be mentioned in this column, write in and let us hear about it.

South High School had its first assembly of the semester Friday. There were about 1,650 pupils and teachers present.

Lita Babbert, president of student council, welcomed new pupils and teachers and explained the new form of the Pledge of Allegiance. Kenny Webb, vice-president, then led the school in the pledge and in singing the National Anthem. V. C. Smith, head of the history department at South, explained the history and importance of the United States Constitution. Principal L. W. Huber introduced the new teachers.

As there were not enough seats in the auditorium, several hundred pupils were seated in the gym. This may be the only assembly this semester that all the pupils will attend at one time.

TOWN MEETING TO AIR 4-YEAR TERMS FOR OFFICIALS

Four-year terms for state officials—a question the voters will decide in the November election—will be discussed on Columbus Town Meeting at 1 p. m. Sunday.

Two of the state's most colorful debaters, Paul Herbert, former lieutenant governor, and Kenneth B. Johnston, former assistant attorney general, will appear on the simulcast program over WBNS and WBNS-TV.

On the November ballots voters will decide whether the state constitution should be amended to allow four-year terms for governor, lieutenant governor, secretary of state, treasurer of state, attorney general, state senators and state representatives.

Herbert will take the position that longer terms will allow state officials more time to devote to public business without having to take time out to campaign for re-election.

Johnston will oppose the longer term proposal on the ground that such would make the elected officials less responsive to the will of the voters.

Moderator for Sunday's forum will be Earl Morris, Columbus attorney. Director Grace Hare Frye asks the public to attend the program at the studio at 495 Olentangy River-rd or to telephone questions to speakers through CA. 8-3881.

TEACHER TOURS EUROPE

"Rome is not only a treasure house of ancient ruins, thrilling in their antiquity, but also a glamorous modern capital, a style center second to none. It is a city of contrast old and new, poor and rich," enthusiastically reported Mrrs. Kirven, head of the English Department at South High School, who spent seven weeks abroad this summer.

Mrs. Kirven went to Europe on the Queen Mary, which she says is just like a floating hotel; she was especially impressed to find tennis courts and a swimming pool on board ship.

One of the items which especially interested her was that Germany is becoming very industrious although Cologne, one of the larger cities still shows the ravages of World War II bombings. While in Germany she took a trip up the Rhine River.

In Italy Mrs. Kirven visited Florence, the city of art, and also went to Assisi where Saint Francis worked and was buried.

And then Paris, France, which reminded Mrs. Kirven of the King Arthur stories.

Mrs. Kirven plans to conduct her own tour through Europe next summer.

Marion-Twp. Sidelights

By Joel Snyder

There are so many ponderous problems to be solved and so many weighty decisions to be made by the citizens of Marion Township, that just the thought of it gives me the heebee-geebies. And, I can report with some comfort, I am not alone under my cloud of annoying concern.

Undoubtedly the first and foremost choice that we as citizens must make is the annexation question. While we have a few problems to be met under our present system of township government, the tremendous implications suggested by the annexation of Marion Township, which is for the most part a rural community, are enough to drive a man to coffee without cream and sugar. And as a big milk drinker, I say that advisedly. Although the city of Columbus has not sent a salesman to our door as yet, he, or an equivalent, is a certainty in the near future

I'll bet my last pair of darned socks that a propaganda program is about to break out soon, like poison ivy in a nudist camp. Plans will be unfolded, hopes will be advertised and promises will be made, and all in good faith. The big push is about to begin and I don't want to throw any sand in the machinery. All I'm saying is we'll have to decide whether or not Columbus can get her country children off to school on time with her budget book under one arm.

What really scares me is the tremendous industrial potential in our midst With a tax duplicate of about 40 million dollars right now, we're looked upon with envy by many of our less prosperous neighboring townships. And with the promise of water and sewers on the southern horizon, a figure considerably larger does not seem an unlikely prospect. It's this gigantic potential that makes me nervous. Are we really prepared and equipped to handle it? Are we interested enough to make the inevitable decisions with wisdom? Are we community minded enough to come to bat ready to hit a home run or are we out before the first pitch?

There is a lot of truth in the old adage that if you're not big enough to fight something, then join it. Frankly, if we can't convince ourselves that we want our "just dues", let alone exhibit enough guts to fight for it, we should tie into another political subdivision to be mothered. And I don't mean Shadeville.

Without a strong community spirit and a will to make our own way, we won't last long as a township, even if that would happen to be the best thing for the next half dozen years. And without a strong urge to acquire for ourselves the best services possible, I would think that incorporation would be the least advisable of any of the choices we could make.

'Confederate Money' Contest Jackpot Now Worth Impressive $139 Total

There was a great deal of excitement in the household of Mr. and Mrs. George Hessenauer, 556 Thurman-av, this week when their 10-year-old daughter, Virginia, discovered a $1 insignia in their copy of the South Side Leader.

Virginia's mother tells us that she loves to enter contests and has been an avid fan of this one ever since it started. As Mrs. Hessenauer puts it, "She always beats the rest of the family to the paper when it comes on Thursday morning and always checks the ads very carefully. Last week she ran and got the paper and just turned it over and there was a $1 insignia on the back page, stamped plain as day on the National Dry Cleaners ad. She couldn't have been more excited if she'd won that big $130 jackpot! She's looked through all the ads in the paper and is still deciding where to spend the "confederate" dollar she got in exchange for the insignia."

That's the whole story of Virginia's lucky find and you can be a winner just as easily.

For full information on how this wonderful contest works, read the details printed in the box along with the replicas of the insignia exactly as they appear in the ads.

The big money got away again last week, so our bulging jackpot which goes with the $5 insignia is worth $139 this week. In addition, five $1 insignia will be tucked somewhere in the ads of five separate copies of the South Side Leader, to be discovered by watchful readers.

Why don't you join in the fun? It won't cost you a single boxtop and you might find yourself $139 richer before the week is out!

Here's What To Look For

If you find the above insignia stamped in an advertisement in this copy of this newspaper, take it at once to the office of the South Side Leader, 1542 Parsons-av (before Friday at 5 p. m.). It will be redeemed for $139 in "Confederate" currency, which can be used to make purchases at any South Side business establishment advertising in this issue

The above insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

SOUTH HI NOTES

Bulldogs Bow, 24-6, To Good Playing Of Grandview Bobcats

By Jerry Dever

Sparked by the all around fine play of Bill Brown, the Grandview Bobcats dumped South 24 to 6 last Friday night at Mahaffey Stadium.

The two teams battled to a standstill in the first quarter without either team scoring. Grandview broke the ice early in the second quarter when Dick Sutterfield intercepted Bob Hart's pass and returned it to the 36 yard line of South. After two complete passes and a two yard run by Dave Zuhars, Sutterfield dived over the right Bulldog line from the one yard line for Grandview's score. The extra point attempt by Roger Lee was wide.

South was unable to move the ball so they punted out to their own 40 yard line. Bill Brown raced around left end for 19 yards and a first down on the south 21 yard line. Two lays later Dick Anderson cut back over tackle for the second Grandview score

The Grandview kickoff was taken by Payton Black who ran the ball back to the South 32-yard line. South moved the ball to their own 49 yard line. Hart passed to Pointer to the 36 of Grandview. After a couple of unsuccessful plays Black ripped off tackle for 36 yards and South's only score. The extra point attempt by Dick Shirley was wide and the score at the half was Grandview 12 and South 6.

Grandview took over where they left off in the third quarter. They recovered a fumble on the South 12 yard line and four plays later Brown passed to Lee for the touchdown which made the score 18 to 6 in favor of Grandview

The final Grandview score was set up when Hart fumbled on his own 33 yard line. After two runs which tallied 6 and 12 yards respectively, Bill Brown raced around end on the split T option play and made the final score in favor of Grandview 24 to 6.

Civic And Business Leaders Discuss Role Of UA Locally

Leaders in business, industry and civic affairs in the entire metropolitan area discussed the most vital health, welfare and recreation needs of the people of their community at a "Dutch" dinner meeting on Wednesday, Sept. 22, at the Marion-Franklin High School.

Part of the program centered around "case history" stories by Franklin County residents who recently have benefited directly from the services of one or more of the United Appeal agencies. A new 18-minute locally made sound film, "Lifeline," shows how the human needs of our people are being met.

UA's major objective in holding the event was to enlist the aid of civic leaders who understand the problems within their local community and are capable of interpreting to their associates the importance of participation in this united effort to make Franklin County a better place in which to live.

Among business and industrial leaders participating in the discussion were Edmund W. Hillman, treasurer of the Federal Glass Co., Marion Township; Edward J. O'Connor, controller, Ternstedt Division of General Motors Corp., Franklin Township; and Livingston L. Taylor, attorney.

Petition Filed To Annex Rich Area In Township

A petition was filed with county commissioners last Friday asking annexation to Columbus of one of the richest tax districts in Franklin County, located in Marion Township. Tax valuation of the industrial section is estimated at several million dollars.

The 168-acre heavy industrial area lies southeast of Columbus. County commissioners set no hearing date for the petition but it was referred along with a description of the tract to the county engineer's office for checking.

Mr. and Mrs. Valentine Schneider, 1901 S. Champion-av, appeared as the sole agent and property owner of the petition.

The tract is roughly bounded by the Columbus corporation line on the west, the New York Central Railroad on the south, Woodrow-av on the north, and a line running along Lockbourne-rd and cutting across to Champion-av on the east.

The area involved includes such firms and industries ast he Federal Glass Co., the Bonney-Floyd Co., American Blower Corp., the Brown Steel Co., the Union Carbide Co., the Buckeye Stamping Co., National Cylinder Gas Co., the Brightman Manufacturing Co., and the Lattimer-Stevens Co.

South Side Bell Ringer

"For Whom The Bell Tolls"

By Tom Sharp

As I sit here and muse over the problems of the day and try and decide how I will start out to meet prospective customers there comes to mind an incident that I think rates highly in the sales and advertising field.

I don't know too much about hearing aids, and, being able to hear, I have never thought too much about the great need for hearing aids and equipment. But Mr. Wilson of Wilson Drugs ran an ad with us two weeks ago announcing the fact that hearing aids and batteries were now on sale at his store.

After talking with Wilson this week I learned that the ad brought tremendous results and that quite a few of our South Side people have a need for the hearing aids.

Wilson is now a permanent fixture in our paper. This only goes to show that if you offer the public something that they need at a price they can afford, your South Side Leader can provide you with the readers

Something else of interest is the new Mohawk Grill which is now advertising with us. The new owner has stated that every Friday night fried turtle is to be the featured item on the menu. Formerly this club was operated under the name of the Elks Grill. Now, with new owners and a face lifting in several departments, it is open and anxious to serve any and all. If you like turtle, here is the place to try it. Dew drop inn'

Several South Side merchants are getting together soon to cook up a scheme whereby they will be offering you many values and prizes with nothing for you to do but to shop on the South Side . . . where, according to me (even though I am no valid authority) you should always shop! Be a South Sider, true blue. Shop at home and save, too. Poor poetry, but with a very good idea in mind.

From time to time if you should think of something that should be mentioned in this column, write in and let us hear about it.

The Gadabout

One of the happiest "moms" around the South Side these days is Ruth Karch, and little wonder. Yesterday she got to pin the wings on her aviator son, Jack, as he was commissioned at the Williams Air Force Base, Chandler, Ariz. The Karches are hoping that Jack will be able to come home on a furlough after the big event. "Home" is 272 Southwood-av.

Silver anniversaries deserve special recognition, so belated greetings to Mr. and Mrs. Edward Bellman, 480 Siebert-st, as of Sept. 24. The Bellmans' daughter, Mary Ann, and her spouse, Dick Kane, also have an anniversary that should be noted. The young couple reached their second year of wedlock on the 20th of the month. The Kanes make their home at 991 Seymour-av.

Two male members of the South Side populace celebrated birthdays earlier in the month. The date was Sept. 19, and the celebrants were Bill Ford and George Siebert.

Anyone with outmoded clothing they're wanting to get rid of? The Job's Daughter Mothers' Club is having a rummage sale Oct. 2 and they'd be very happy to have the unwanted articles of clothing. Mrs. Lillian Ryan is the person to call.

The baptism ceremony for little Sarah Ann Oberkonts served as a family reunion for all the immediate relatives were present. The event took place in the Livingston Methodist Church. The sponsors for the daughter of A 1/c and Mrs. George Oberkowa were Mrs. Howard Henry and E. E. Liddle. While here in Columbus, George and his little family are staying with George's parents, Mr. and Mrs. Otto Oberkonz, 60 E. Jenkins-av. The airman is home on a 30 day furlough from Ellsworth Air Base, Rapid City, S. D. The evening of the baptism found the entire group of relatives enjoying an old-fashioned supper and get-together.

The baby's maternal grandparents, Mr. and Mrs. C. C. Liddle, came from West Virginia to witness the event, and other relatives were Mr. and Mrs. E. E. Liddle of Linworth, O., Mr. and Mrs. Otto Oberkonz, Mr. and Mrs. Edward Oberkons and son, Ralph, Mr. and Mrs. Dale Baum with their children, Dick, Carol Ann, Janet, Tommy and Diane, Mr. and Mrs. J. Youngman and kiddies, Robert, Toni and Jimmy, and Mr. and Mrs. Howard Henry and Howard, Jr.

Peggy Sue Kunkler is now old enough to think that having a birthday is lots of fun. The little Miss became three years old on Sept. 17, and four of her friends gathered at her home to help her celebrate. Attending the party at 264 Southwood-av were Joey Dempster, Diane Kruckeberg, Jackie Burke and Susie Ashburton.

Received a very clever postal card in last week's mail and will pass the information on. The postal looked like this:

The Baldwins have moved.

Kathryn
Jane
Frank (Grand-dad)
Eric (our dachshund)
Pary (our parakeet)
837 S. Remington Rd.
EX. 7035.

Clever, eh?

Ethel Burkey had a pleasant birthday this year and is grateful to all her friends for the many cards and well-wishes she received on Sept. 18. To further add to Mrs. Burkey's pleasure, she spent the day as the honor guest in the home of Marie Long, 891 Genevaav. Other guests were Pauline Ruh and Helen Swadley. Mrs. Burkey is a resident of 1427 Parsons-av, Merion Court.

Trudeau Guilds 25 and 10 are scheduled for October meetings very shortly. Guild 25 will meet Oct. 6 in the home of Mrs. Wendell Storts, 713 E. Jenkins-av. Guild 10 will convene in the Morrill-av home of Mrs. Russell Canter.

A pretty little girl became 13 last week, so "happy teens" to Jill Dean, 33 E. Jenkins-av.

Joyce Brown didn't change her initials when she exchanged wedding vows with Jack Balogh on Sept. 11 in South Methodist Church. Joyce had been a South Side resident for years, having lived at 1374 S. Fourth-st before moving to 470 Wyandot-av last year. Jack's home is at 1646 S. High-st. The young couple took a honeymoon trip to Lake Erie. Joyce celebrated a birthday on Sept. 25, so we want to extend double greetings to our former young neighbor.

Anyone wanting tickets to the Trudeau Guild dance, scheduled for tomorrow night, may have same by calling Louise Fulton at HI. 3-2044.

Would Mr. Castle call me again, anent playing at Benjamin Franklin Hospital? His phone number came up missing, and we'd like to set a date for his group to perform at the San. Are there any other groups willing to make personal appearances at the hospital, incidentally? We'd like to see the patients there have "live" entertainment at least once a month. Keep us in mind, please.

A young South Sider now residing in Dayton would enjoy hearing from Columbus friends and acquaintances, so we'll pass along his mailing address. Ed Cherryholmes, 614 E. Markison-av, is the man, and he's well-known through his association with the South Side Y as associate-secretary. He is now attending the United Theological Seminary in Dayton. Address all mail to him in care of the seminary and it will reach him. Much happiness in your new career, Ed.

Two young lads deserve a special pat on the back for a charitable deed they did recently. Jimmy Kramer and Jimmy Hammond of Champion-av built a booth in front of the Hammond home and sold their used comic books. The profit, $1.20, was donated to the Polio Fund, and the boys are very proud of the letter of thanks they received from the Polio Chapter. Makes a person feel real warm to even read about such goodness, doesn't it?

Averly Siebert of Parsons-av feels a little wobbly these days, after a "surgical" visit to Mt. Carmel Hospital.

Enjoyed a fine chat with Miss Esther Ziegfeld (the excellent piano teacher) last week and she asked that folks be reminded that her new address is 1395 Oakwood-av. Folks are still trying to contact her at 696 E. Whittier-st.

Ruby Pratt, 1344 S. Pearl-st, would enjoy get-well cards at this time, as she is a patient in Mercy Hospital. Ruby fell and broke her ankle.

Methinks we'll be having the Christmas Gift Drive for Orient State Hospital again this year, gentle readers, so keep us in mind when your organizations plan Christmas charities, won't you?

Sue Turner, our little friend undergoing extensive treatment at White Cross Hospital, is enjoying herself in spite of her hospitalization. She is a "walking patient," and she and the other young ladies in her room take full advantage of the fact. Recently they got into the nurses' lecture room at the hospital and discovered "Mr. Bones," the skeleton. When Sue's mother visited that evening, she found the girls had fixed the gruesome object thusly: asters in the eye sockets, half of an apple in the mouth, a diaper in the strategic place and yellow socks on the grisly feet!

Guess we're fresh out of items, so we'll steal away till next week.
